County Attorney  
LEEANN WALTON  
Clerk to the Board

January 27, 2025

To Board of Commissioners  
Currituck County, North Carolina

We are pleased to present the Annual Comprehensive Financial Report (ACFR) of Currituck County for the fiscal year ended June 30, 2024. The financial statements and supplemental schedules contained herein have been audited by the independent, certified public accounting firm of Carr, Riggs & Ingram, P.L.L.C., and that firm's unmodified opinion is included in the Financial Section of this report. The report itself, however, is presented by the County, which is responsible for the accuracy of the data and for the completeness and fairness of its presentation including all disclosures. We believe the data presented is accurate in all material respects; that it is presented in a manner designed to set forth fairly the financial position and results of operations of the County as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain the maximum understanding of the County's financial affairs have been included.

This report consists of management's representations concerning the finances of Currituck County. To provide a reasonable basis for making these representations, management of Currituck County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of Currituck County's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, Currituck County's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Generally accepted accounting principles (GAAP) require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The County of Currituck's MD&A can be found immediately following the report of the independent auditors.

### **DESCRIPTION OF THE COUNTY**

Founded in 1668, Currituck (Indian for "land of the wild goose") is the most northeastern county in North Carolina. Currituck County is one of the state's four original counties. In addition to

the more than 22 miles of beaches along the Atlantic Ocean, the County has numerous sounds, rivers, and creeks that provide some of the most memorable game fishing, waterfowl hunting, and other recreational activities that can be experienced. The County has a permanent population of 30,381 although, the strong tourism industry produces a large seasonal population that results in an average daily population from mid-April through September estimated to be approximately 45,000 to 55,000. There are no incorporated areas located within Currituck County.

The County has a Commissioner-Manager form of government. The Board of Commissioners consists of seven members that serve staggered four-year terms. Members are elected County-wide on a partisan basis in even numbered years. The Commissioners hold policy-making and legislative authority. They also annually adopt a balanced budget and establish a tax rate for the support of County operations. The Commissioners appoint the county manager whose responsibility it is to implement policies, manage daily operations, and appoint department heads.

The County provides its citizens with a wide range of services that include public safety, transportation, environmental protection, economic and physical development, human services, cultural and recreational services, and others. This report includes all the County's activities in maintaining these services. The County also extends financial support to certain boards, agencies, and commissions to assist their efforts in serving citizens. Among these are the Currituck County Board of Education, Albemarle Regional Health Services, Albemarle Commission, Albemarle Regional Solid Waste Authority, East Albemarle Regional Library and others.

## **ECONOMIC CONDITIONS AND OUTLOOK**

Currituck County's leading "industry" is travel and tourism and related services. The Currituck Outer Banks is a major destination for tourists and more vacationers are visiting the Outer Banks during the non-peak months of March through May and September through November. The longer tourist season is stabilizing rental income and other economic benefits to local businesses. Development continues to grow throughout the County's Outer Banks and along the mainland.

Currituck County is in the Hampton Roads Metropolitan Statistical Area (MSA). Currituck, located within sixteen miles of Interstate 64 and the Chesapeake Expressway, makes the county convenient to the Norfolk International Airport and to the deep-water ports in Hampton Roads. This favorable location continues to attract residents and the population has increased 33.50 percent from 2014 to 2024.

Not surprisingly, the largest businesses in Currituck County are intimately related to governmental activities and Travel and Tourism: retail trade, real estate and accommodation/services. The largest employers in Currituck County are Currituck County Board of Education, the County of Currituck Government followed by real estate, grocery stores and professional and technical services.

During the past year, the ad valorem tax base increased from \$8,431,576,957 to \$8,661,393,036 an increase of 2.73 percent, which reflects an increase in construction within the County. The octennial revaluation as required by the North Carolina General Statutes became effective on January 1, 2022. The county-wide tax rate for the fiscal year ending June 30, 2024 was \$0.56 per \$100, an increase of \$0.10 from June 30, 2023, which is still favorable for new residents and businesses. This tax increase is the first increase in more than ten years and is contributed to increased needs in public education for the Tulls Creek Elementary School and for public safety

operations. Currituck County still ranks as the 27<sup>th</sup> lowest County-wide tax rate of the 100 counties in North Carolina.

Currituck County continues its commitment to expand the Parks and Recreation facilities within the County. The County has updated the recreation master plan. Current recreation projects in process include upgrades to beach walkovers in Corolla, bulkhead repairs and replacement at Sound Park, and Maple Park expansion phase III.

To summarize, the County's very favorable tax rate, mild climate, location and overall quality of life ensure that its economic outlook is bright.

## **MAJOR INITIATIVES**

During the year the County was involved in a number of major projects, some of which will not be completed until future years. Highlights of these projects are discussed in the following paragraphs.

The Board of Commissioners and the Currituck County Board of Education continue their joint commitment of providing adequate school facilities. Both boards are working together to meet the needs to maintain quality education for the children of our County. There are several major public school capital projects in progress, which include construction of the Tulls Creek elementary school that will be for students in Moyock and major capital repairs to all of the existing schools. These repairs will be spread over the next four years. Limited Obligation Bonds were issued in October 2023 to fund construction of this elementary school. (The Currituck County Board of Education is a separate reporting entity apart from the County; a detailed discussion of their activities and initiatives can be found in their Annual Comprehensive Financial Report.)

The County also had several initiatives in process throughout this year. The major projects in process are replacement of the fuel facilities at both the Currituck County Regional Airport and the County vehicle site; completion of the ABC Store in Corolla; renovations to the Historic Courthouse; renovations to the former Sheriff's office in Grandy to house Emergency Medical Services in Lower Currituck; continued replacement of beach walkovers in Corolla; historic preservation of the Jarvisburg Colored School, Historic Currituck Jail and the facilities at Historic Corolla Park.

## **Factors Affecting Financial Condition**

In government, much more than in business, the budget is an integral part of a unit's accounting system and daily operations. An annual or projected budget ordinance, as amended by the governing body, creates a legal limit on spending authorizations. For Currituck County, annual budgets are adopted for the General, Special Revenues (except the Multi-Year Grant, Local Assistance and Tribal Consistency Grant, and the Opioid Settlement Funds), Tourism Development Authority Fund, Capital Projects (except the County Governmental Facilities, School Facilities and the Airport State Directed Grant Funds) and Proprietary Operating Funds. Multi-year project budgets are adopted for the Multi-Year Grant Fund, the Local and Tribal Consistency Grant Fund, the CARES Grant Fund, the ARPA Grant Fund, the County Governmental Facilities Fund, the School Facilities Fund, the Ocean Sands Water and Sewer District Construction Fund, the Mainland Water Construction Fund, Southern Outer Banks Water Construction Fund, and the Mainland Central Sewer Construction Fund. Appropriations in the General Fund and the Special Revenue Funds are made at the departmental level; Capital

Projects appropriations are made at the project level; and Proprietary Fund appropriations are made at the function level. However, for internal accounting purposes, budgetary control is generally maintained by object class (line item account). Purchase orders that would create an over encumbrance at that level are not written until appropriations are made available either through budget amendments or intradepartmental transfers approved by the county manager. The county manager may transfer amounts within a department up to \$10,000 or between departments within the same fund up to \$1,000 providing an official report on such transfers at the next regular meeting of the Board of Commissioners or make interfund loans for a period of not more than sixty days. However, the county manager may not transfer any amounts between funds or from any contingency line items within any funds.

In accordance with State law, the County's budget is prepared on the modified accrual basis, and its accounting records also are maintained on that basis. Under modified accrual accounting, revenues are recorded when they are both measurable and available. Expenditures are recorded when a fund liability is incurred, except for unmatured principal and interest on long-term debt and certain compensated absences. Governmental Fund types, such as the County's General Fund, Special Revenue Funds, and Capital Projects Funds are reported on the modified accrual basis in the financial statements. The County's Proprietary and Custodial Funds are reported on the full accrual basis in the financial statements, under which revenues are recorded when earned and expenses are recorded when incurred.

County management is responsible for the accounting system and for establishing and maintaining an internal control structure. The internal control structure is designed to provide reasonable, but not absolute, assurance regarding (1) the safeguarding of assets against loss from unauthorized use or disposition; (2) the reliability of financial records for preparing financial statements in conformity with generally accepted accounting principles and maintaining accountability for assets; and (3) compliance with applicable laws and regulations related to federal and State financial assistance programs. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived and (2) the evaluation of costs and benefits require estimates and judgments by management.

All internal control evaluations occur within the above framework. We believe that the County's internal accounting controls adequately protect assets and provide reasonable assurance of the proper recording of financial transactions. As part of the County's single audit (discussed in more detail in a later paragraph), the independent auditor performed a review of the County's internal control structure. This review was not an audit and no opinion was issued on the County's internal control structure.

**Local Economy.** Currituck County enjoys a favorable economic environment due to the tourism industry. The County recognizes the importance of tourism to our economy and in an effort to assist potential visitors to have more access to information on the area, the County established a Visitor's Center in Corolla and a Welcome Center, located on the North Carolina and Virginia state lines.

Other priorities include priming the mainland for future development around the Mid-Currituck Bridge; encouraging business growth throughout the County; and working to identify and stimulate new industry clusters within the county that have the most potential for spurring job growth and investment.

Also worth noting are the continued development of the Maple Commerce Park, which will have expansion of Aviation education in the upcoming year. Elizabeth City State University will be building classrooms for Aviation education in conjunction with the Currituck Regional Airport.

**Long-term Financial Planning.** The governing board has developed a long-term construction plan for County governmental facilities, education facilities and proprietary facilities for solid waste and utilities. Education construction is funded by the County even though the completed project becomes an asset of the school. Proprietary fund construction is funded through user fees, but may also be supplemented by other funds that are available for capital construction. In addition, within the next five years, the County anticipates continued demands for additional law enforcement, recreational, emergency response facilities, utility expansion and schools.

**Cash management policies and practices.** Cash temporarily idle during the year was invested in savings accounts, certificates of deposit, obligations of the U. S. Treasury, commercial paper and the North Carolina Cash Management Trust throughout the year. The maturities range from 98 days to 5 years. The average yield on investments was 2.50% for savings accounts, 5.4734% for commercial paper, 0.9039% for federal securities, and 5.22% for the NCCMT.

**Risk management.** The County participates in the North Carolina Association of County Commissioners (NCACC) property and general liability, worker's compensation. The pools provide coverage for property, general liability, vehicle, crime, professional liability, environmental impairment, and worker's compensation benefits. The County contracts with NCHIP to provide health insurance benefits to full-time employees. The County also maintains flood insurance on structures located in flood prone areas. As of June 30, 2024 the Whalehead Club, Bridal suite restroom facility at Historic Corolla Park, the Maritime Museum and the Moyock Library were covered by flood insurance.

## **OTHER INFORMATION**

Currituck County is required by State law (G.S. 159-34) to have an annual independent financial audit. A compliance audit on federal and State financial assistance programs is also required under the federal Single Audit Act of 1996 and the State Single Audit Implementation Act. The County's auditors, Carr, Riggs and Ingram, P.L.L.C., were selected through a formal request for proposals process. The Auditor's report on the General Purpose Financial Statements which can be found in the Financial Section of this report. The auditor's reports required as a part of the single audit are found in the Compliance Section of this report. The findings and questioned costs reported in the Compliance Section are subject to a subsequent review by the appropriate grantor agencies. This review could result in reimbursements to grantor agencies if some expenditures are deemed inappropriate. However, every effort has been made to ensure that all disbursements are made in compliance with the applicable financial assistance program provisions. Required refunds, if any, should be immaterial.

This is the twenty-second Annual Comprehensive Financial Report prepared by Currituck County. It is the County's intention to submit this year's report to the Government Finance Officers Association (GFOA) for its Certificate of Achievement for Excellence in Financial Reporting Program. This program recognizes governmental units that publish easily read and efficiently organized Annual Comprehensive Financial Reports that conform to program standards. A Certificate of Achievement is the highest form of recognition awarded in the field of governmental financial reporting.

**AWARDS AND ACKNOWLEDGEMENTS**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the County of Currituck for its annual comprehensive financial report for the fiscal year ended June 30, 2022. The County of Currituck was not able to submit their June 30, 2023 Annual Comprehensive Financial Report for consideration for the award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

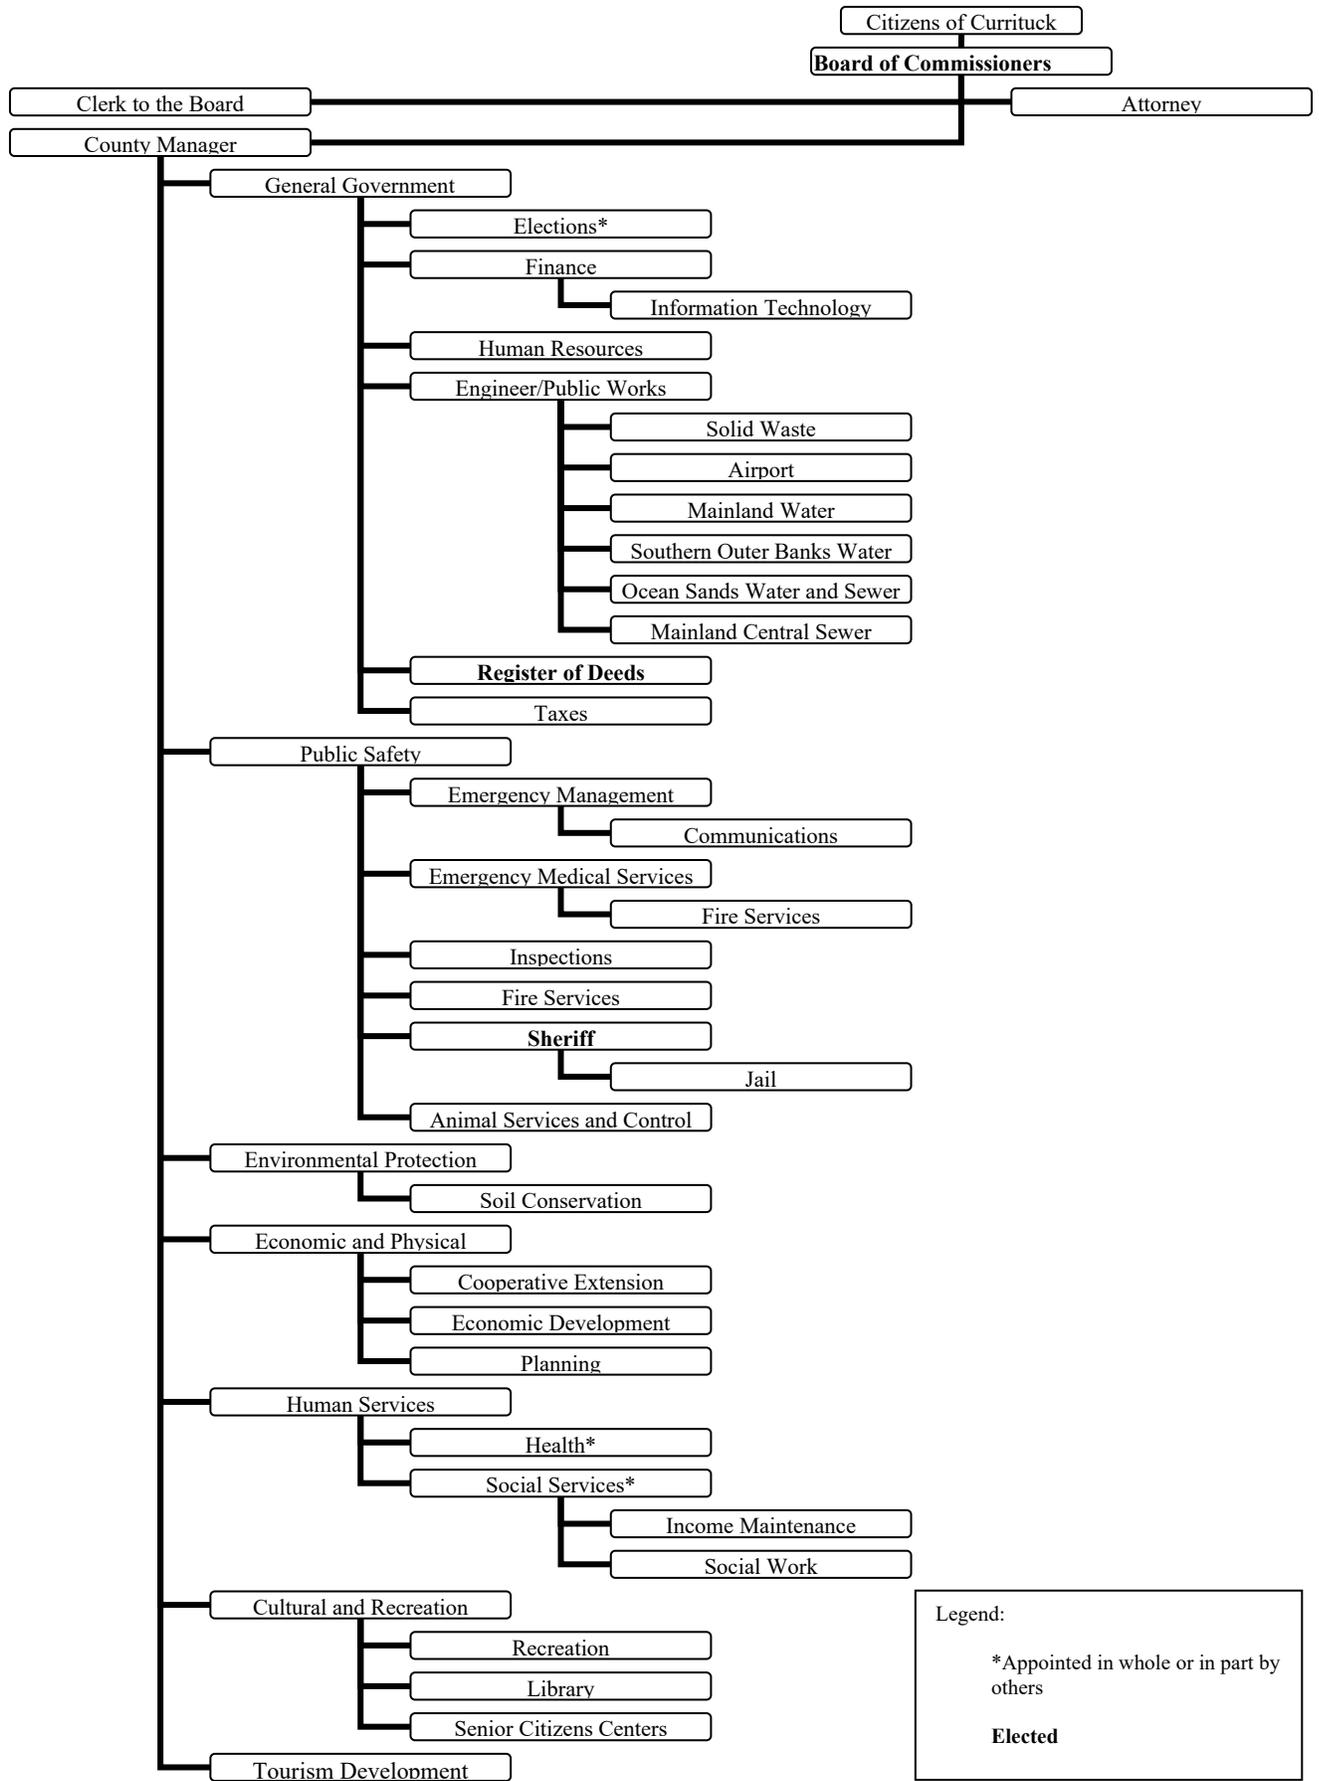

A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program’s requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Preparation of this report would not have been possible without the dedicated efforts of the entire staff of the Finance Department and support from the Administrative, Human Resources and Tax Departments. Credit must also be given to the governing board for their support for maintaining the highest standards of professionalism in the management of the Currituck County finances.

Respectfully submitted,

*Rebecca Gay*

## **INDEPENDENT AUDITOR’S REPORT**

To the Board of County Commissioners  
Currituck County, North Carolina

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of Currituck County, North Carolina as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise Currituck County’s basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of Currituck County, North Carolina as of June 30, 2024 and the respective changes in financial position and where applicable, cash flows, thereof and the respective budgetary comparison for the General Fund and the Currituck County Tourism Development Authority for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Currituck County ABC Board, which represents 100 percent of the assets, net position, and revenues of the aggregate discretely presented component unit as of June 30, 2024, and the respective changes in financial position, and where applicable, cash flows thereof for the year then ended. Those financial statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Currituck County ABC Board is based solely on the report of the other auditors.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government*

*Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Currituck County and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions. The financial statements of Currituck County ABC Board were not audited in accordance with *Government Auditing Standards*.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Currituck County’s ability to continue as a going concern for the twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor’s Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free of material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgement and maintained professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of

expressing an opinion on the effectiveness of Currituck County's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Currituck County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 23 through 35, the Local Government Employees' Retirement System Schedules of the County's Proportionate Share of Net Pension Liability and County Contributions, page 128, the Register of Deeds' Supplemental Pension Fund Schedules of the County's Proportionate Share of the Net Pension Asset and County Contributions on page 129, the Firefighters' and Rescue Squad Workers' Pension Fund Schedules of the County's Proportionate Share of the Net Pension Liability and County Contributions on page 132, the Law Enforcement Officers' Special Separation Allowance Schedules of Changes in Net Pension Liability, Schedule of the Net Pension Liability as a Percentage of Covered-Employee Payroll, and Schedule of Employer Contributions, pages 130 and 131, the Other Postemployment Benefits' Schedules of Changes in the Net OPEB Liability and Related Ratios, County Contributions, and Investment Returns, pages 126 and 127, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements of Currituck County, North Carolina. The accompanying combining and individual fund statements, budgetary schedules, other schedules, and the Schedule of Expenditures of Federal and State Awards, as required by *Title 2 U.S. Code*

of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and the State Single Audit Implementation Act, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the report of the other auditors, the combining and individual fund statements, budgetary schedules, other schedules, and the Schedule of Expenditures of Federal and State Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form or assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the other basic financial statements or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated January 27, 2025 on our consideration of Currituck County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Currituck County's internal control over financial reporting and compliance.

## **Management’s Discussion and Analysis**

### **For the Year Ended June 30, 2024**

As management of Currituck County, we offer readers of Currituck County’s financial statements this narrative overview and analysis of the financial activities of Currituck County for the fiscal year ended June 30, 2024. We encourage readers to read the information presented here in conjunction with additional information presented here in conjunction with additional information that we have furnished in the County’s financial statements which follow this narrative.

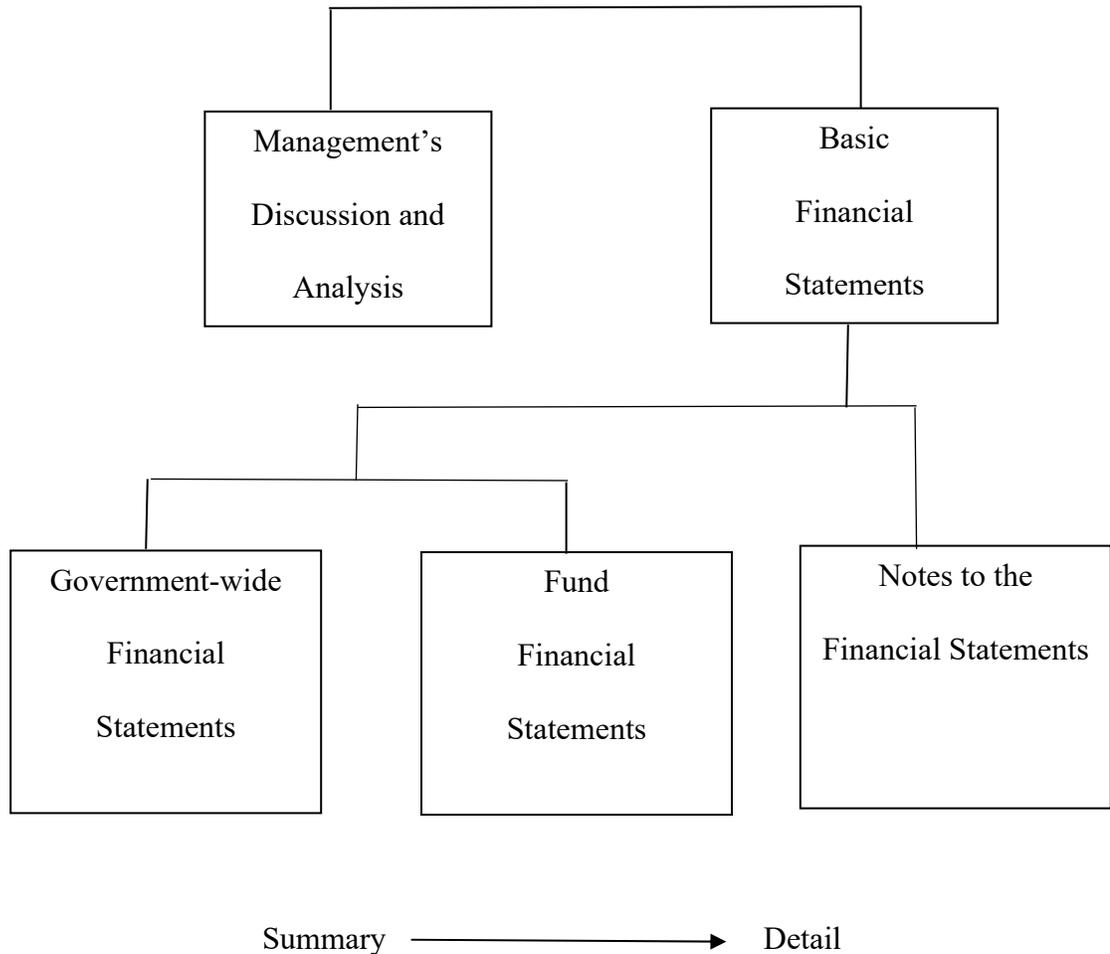

#### **Financial Highlights**

- The assets and deferred outflows of resources of Currituck County exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$313,898,035 (*net position*).
- The government’s total net position increased by \$37,723,151 primarily due to increases in the completion of capital projects funded in prior years, increases in tax collections and unspent debt proceeds from the Tulls Creek Elementary School.
- As of the close of the current fiscal year, Currituck County’s governmental funds reported combined ending fund balances of \$215,545,180 after a net increase in fund balance of \$70,832,175. Approximately 72.33% of this total amount, or \$155,910,227 is restricted or nonspendable.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$41,704,819 or 59.90% of total general fund expenditures for the fiscal year.
- Currituck County’s governmental funds debt increased by \$52,854,422 for scheduled payments related to a public safety facility and new limited obligation bonds issued for the construction of the Tulls Creek Elementary School.
- Currituck County’s proprietary funds debt decreased by \$1,830,000 or 4.70%, which is attributed to making scheduled payments for previous outstanding debt.
- S&P Global Ratings assigned its “AA” long-term rating to Currituck County, NC’s approximately \$53.565 million series 2023 limited obligation bonds (LOBs).

#### **Overview of the Financial Statements**

This discussion and analysis are intended to serve as an introduction to Currituck County’s basic financial statements. The County’s basic financial statements consist of three components; 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the County through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader’s understanding of the financial condition of Currituck County.

**Required Components of Annual Financial Report  
Figure 1**

**Basic Financial Statements**

The first two statements (Exhibits 1 and 2) in the basic financial statements are the **Government-wide Financial Statements**. They provide both short and long-term information about the County's financial status.

The next statements (Exhibits 3 through 11) are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the County's government. These statements provide more detail than the government-wide statements. There are four parts to the Fund Financial Statements: 1) the governmental funds statements; 2) the budgetary comparison statements; 3) the proprietary fund statements; and 4) the fiduciary fund statements.

The next section of the basic financial statements is the **notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, supplemental information is provided to show details about the County's non-major governmental funds, all of which are added together in one column on the basic financial statements. Budgetary information required by the General Statutes also can be found in this part of the statements.

Following the notes is the required supplemental information. This section contains funding information about the County's pension plans.

### **Government-wide Financial Statements**

The government-wide financial statements are designed to provide the reader with a broad overview of the County's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the County's financial status as a whole.

The two government-wide statements report the County's net position and how it has changed. Net position is the difference between the County's total assets and deferred outflows of resources and total liabilities and deferred inflows of resources. Measuring net position is one way to gauge the County's financial condition.

The government-wide statements are divided into three categories: 1) governmental activities; 2) business-type activities; and 3) component units. The governmental activities include most of the County's basic services such as public safety, parks and recreation, and general administration. Property taxes and State and federal grant funds finance most of these activities. The business-type activities are those that the County charges customers to provide. These include the water and sewer and solid waste services offered by Currituck County. The final category is the component unit. Although legally separate from the County, the ABC Board is important to the County because the County is financially accountable for the Board by appointing its members and because the ABC Board is required to distribute its profits to the County.

The government-wide financial statements are on Exhibits 1 and 2 of this report.

### **Fund Financial Statements**

The fund financial statements provide a more detailed look at the County's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Currituck County, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the County's budget ordinance. All of the funds of Currituck County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental Funds** – Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the County's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting*. This method also has a current financial resources focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are more or fewer financial resources available to finance the County's programs. The relationship between government activities (reported in the Statement of

Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

Currituck County adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the County, the management of the County, and the decisions of the Board about which services to provide and how to pay for them. It also authorizes the County to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the County complied with the budget ordinance and whether or not the County succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the board; 2) the final budget as amended by the board; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges. To account for the difference between the budgetary basis of accounting and the modified accrual basis, a reconciliation showing the differences in the reported activities is shown at the end of the budgetary statement.

**Proprietary Funds** – Currituck County has one kind of proprietary fund. *Enterprise Funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. Currituck County uses enterprise funds to account for its water and sewer activity and for its solid waste operations. These funds are the same as those separate activities shown in the business-type activities in the Statement of Net Position and the Statement of Activities.

**Fiduciary Funds** – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Currituck County has two fiduciary funds: the OPEB Trust Fund to account for restricted funds for retirement health insurance and the LEOSA Trust Fund to account for Law Enforcement Special Separation Allowance funding. Custodial funds are used to account for resources held for the benefit of parties outside the government. Currituck County has one custodial fund to account for inmate funds, which holds cash deposits made to inmates as payment for work performed while incarcerated as well as cash collections for the benefit of inmates' friends and families.

**Notes to the Financial Statements** – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements start on page 55 of this report.

**Other Information** – In addition to the basic financial statements and accompanying notes, this report includes certain required supplementary information concerning Currituck County's progress in funding its obligation to provide pension and other benefits to its employees. Required supplementary information can be found beginning on page 126 of this report.

## Government-Wide Financial Analysis

As noted earlier, net position may serve over time as one useful indicator of a government's financial condition. The County's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$313,898,035 as of June 30, 2024. The County's net position increased by \$37,723,151 for the fiscal year ended June 30, 2024. One of the largest portions \$162,663,482 (51.82%) reflects the County's net investment in capital assets (e.g. land, buildings, machinery, and equipment). As of June 30, 2024, long-term debt in governmental activities was for construction of a public safety building and the Tulls Creek Elementary School. Currituck County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although Currituck County's investment in its capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities. An additional portion of Currituck County's net position \$114,363,277 (36.43%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of \$36,871,276 (11.75%) is unrestricted.

**Figure 2**

Net position:						
Net investment in capital assets	114,898,465	107,902,642	47,765,017	40,506,345	162,663,482	148,408,987
Restricted	114,363,277	73,594,668	-	2,082,184	114,363,277	75,676,852
Unrestricted	11,613,319	25,132,464	25,257,957	26,956,581	36,871,276	52,089,045
Total net position	<u>\$ 240,875,061</u>	<u>\$ 206,629,774</u>	<u>\$ 73,022,974</u>	<u>\$ 69,545,110</u>	<u>\$ 313,898,035</u>	<u>\$ 276,174,884</u>

Several particular aspects of the County's financial operations influenced the total unrestricted governmental net position:

- Continued diligence in the collection of property taxes by maintaining a collection percentage of 99.14%, in-line with the statewide average of 99.10%.
- Increased property values resulting from the revaluation that became effective January 1, 2022 and tax rate increase during the current fiscal year.
- Increased charges for services revenue due to growth in the use of County facilities.
- Accounting for the Opioid Settlement resources as exchange/exchange-like transactions.

- Continued low cost of debt due to the County’s history of capital planning and high bond rating.
- Management’s proactive stance on monitoring spending across County departments to ensure compliance with the budget.

Net position, beginning	<u>206,629,774</u>	<u>195,065,660</u>	<u>69,545,110</u>	<u>61,485,726</u>	<u>276,174,884</u>	<u>256,551,386</u>
Net position, ending	<u>\$ 240,875,061</u>	<u>\$ 206,629,774</u>	<u>\$ 73,022,974</u>	<u>\$ 69,545,110</u>	<u>\$ 313,898,035</u>	<u>\$ 276,174,884</u>

**Governmental activities.** Governmental activities increased the County’s net position by \$34,245,287. Key elements of this increase are as follows:

- Increased revenues from property taxes
- Increased revenues from investment earnings
- Increased revenues from capital grants
- Debt proceeds from the Tulls Creek Elementary School construction project

**Business-type activities:** Business-type activities increased Currituck County’s net position by \$3,477,864. The main element of this increase is from increased consumption revenue in public utility systems, transfers for capital projects, and retirement of debt due to scheduled annual payments.

The cumulative effect of all activities increased Currituck County’s net position by \$37,723,151.

### **Financial Analysis of the County’s Funds**

As noted earlier, Currituck County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds.** The focus of Currituck County’s governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing Currituck County’s financing requirements. Specifically, fund balance available for appropriation can be a useful measure of a government’s net resources available for spending at the end of the fiscal year.

The General Fund is the chief operating fund of Currituck County. At the end of the current fiscal year, Currituck County’s unassigned fund balance available in the General Fund was \$41,704,819, while total fund balance reached \$50,098,719. The County currently has an available fund balance of 59.90% of general fund expenditures, while total fund balance represents 71.95% of that same amount.

Figure 4 below illustrates the changes in fund balances for the County’s governmental funds as compared to the prior year.

**Figure 4  
Changes in Fund Balances for Governmental Funds**

	2024 Total	2023 Total	Change in Fund Balances
General	\$ 50,098,719	\$ 39,640,077	\$ 10,458,642
County Governmental Facilities	14,493,538	17,865,197	(3,371,659)
School Facilities	62,963,834	14,271,281	48,692,553
Tourism Development Authority	39,233,213	31,053,477	8,179,736
Transfer Tax Capital Fund	22,035,710	17,288,328	4,747,382
Other Governmental	26,720,166	24,594,645	2,125,521
	\$ 215,545,180	\$ 144,713,005	\$ 70,832,175

Increased revenues from property and other taxes, as well as debt retirement account for the increased fund balance in the General fund. The total fund balance for the School Facilities reflects an increase due to unspent debt proceeds and funding of projects in the prior year that were completed this year. These projects were in progress at the close of the year and should be completed in the next fiscal year. Fund balances in the Tourism Development Authority Fund, which increased due to most rental properties continuous occupancy throughout the season.

At June 30, 2024, the governmental funds of Currituck County reported a combined fund balance of \$215,545,180, a 48.95% increase over last year. This increase is primarily due to increases in revenues from property taxes and other taxes and the various projects as mentioned previously.

**General Fund Budgetary Highlights:** During the fiscal year, the County revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as Federal and State grants; and 3) increases in appropriations that become necessary to maintain services. Highlights of the budgetary variances for the General Fund are shown in Figure 5.

**Figure 5

Revenues, appropriated fund balance, and other financing sources over expenditures and other financing uses	<u>\$ -</u>	<u>\$ 10,153,771</u>	<u>\$ 10,153,771</u>

Total amendments to the General Fund increased budgeted revenues by \$2,619,696. General fund revenues recognized increased over the prior year, with a total revenue increase of \$10,569,817. The overall actual General fund revenues were \$3,469,747 greater than budget, primarily due to increased property tax collections and other tax revenues. The final budget for expenditures was \$76,770,747, which was a \$4,250,616 increase over the original budget. The increase from the original budget is primarily due to the carry-forward of funds from the prior year for projects that were not completed by year end.

**Proprietary Funds.** Currituck County’s proprietary funds provide the same type of information found in the government-wide statements but in more detail. At the end of the fiscal year, unrestricted net position of the Solid Waste Fund amounted to \$4,166,229, and those for the Water and Sewer Districts totaled \$21,091,728. The total change in net position for the proprietary funds is shown in Figure 6.

### Capital Asset and Debt Administration

**Capital assets.** Currituck County’s capital assets for its governmental and business – type activities as of June 30, 2024, totaled \$199,839,079, net of depreciation and amortization. These assets include buildings, land, machinery and equipment, park facilities, right of use assets, water and sewer distribution systems and vehicles.

Major capital asset transactions during the year include:

- Airport fuel facility replacement
- Design and construction of County fuel facility replacement
- Design and construction of beach walkovers
- Construction of an ABC Store in Corolla
- Construction of a new public works maintenance building
- Public Safety radio system upgrades and microwave replacement
- Historic Corolla Park playground construction
- Bulkhead repairs and replacement at Sound Park

Additional information on the County's capital assets can be found in note II.A. 5, beginning on page 81 of the Basic Financial Statements.

**Long-term Debt.** As of June 30, 2024, Currituck County had total revenue bonded debt outstanding of \$5,885,000, which is backed by certain revenues of the Mainland Water System. In addition, the County has \$51,770,000 outstanding in Limited Obligation Bonds (LOBs) and \$3,224,422 in premiums on the LOBs for the Tulls Creek Elementary School. The County also had installment purchase agreements for Ocean Sands Water and Sewer District for replacement of the wastewater plant and in the General Fund for the Public Safety facility, with outstanding balances \$4,250,000, and \$11,770,000 respectively. These debt instruments are backed by their respective assets.

Net pension liability (LEOSSA)	3,012,423	2,858,890	-	-	3,012,423	2,858,890
Net OPEB liability	29,711,787	30,099,484	2,657,615	2,495,524	32,369,402	32,595,008
Total debt	\$ 120,656,865	\$ 65,070,684	\$ 14,350,616	\$ 15,847,737	\$ 135,007,481	\$ 80,918,421

Currituck County’s total debt increased by \$54,089,060 during the past fiscal year. This change in total debt is attributable to \$54,994,422 increase from net of additional LOBs debt from scheduled debt payments, increase of \$489,244 related to leases, increase of \$432,371 related to IT subscription liabilities, increase of \$8,121 from compensated absences, a reduction of \$225,606 from OPEB liabilities and the remaining increase of \$2,360,508 from pension liabilities.

As mentioned in the financial highlights section of this document, S & P Global Ratings assigned its ‘AA’ long-term rating to Currituck County, NC’s approximately \$53.565 million series 2023 limited obligation bonds (LOBs).

The State of North Carolina limits the amount of general obligation debt that a unit of government can issue to 8 percent of the total assessed value of taxable property located within that government’s boundaries. The legal debt margin for Currituck County is \$625,121,443, see Schedule 10, page 215. The County has no bonds authorized but un-issued at June 30, 2024.

Additional information regarding Currituck County’s long-term debt can be found in note II.B.7 of this audited financial report.

**Economic Factors and Next Year End 2025 Budgets and Rates**

The following key economic indicator reflects the economy of the County.

- As of June 30, 2024, Currituck County had one of the lowest unemployment rates in the State with a rate of 3.1%, compared to the State average of 3.6%.

## **Budget Highlights for the Fiscal Year Ending June 30, 2025**

**Governmental Activities:** Currituck County's tax rate will increase from \$0.56 to \$0.62, along with a 4.02% expected increase in property valuation. This increased revenue will cover the debt associated with the Tulls Creek Elementary School. Due to growth in the County and increased costs of services, the Currituck County Schools will receive \$1,655,453 for local current expense over the prior year, which is a 12.70% increase. Also budgeted are several repairs and renovation projects to the other existing school facilities. Human Services and Public Safety also have necessary funding increases of 10.24% and 7.53% respectively.

Budgeted expenditures in the General Fund for Fiscal Year 2025 are anticipated to be approximately \$72,689,293, a 0.25% increase over the prior year expenditures.

**Business – type Activities:** For the upcoming fiscal year, the County will continue to evaluate the operations of all business-type activities. The County is in the process of considering options for sewer expansion in Moyock as well as expansion of solid waste facilities in the Moyock area.

### **Requests for Information**

This report is designed to provide an overview of the County's finances for those with an interest in this area. This document is also available online at [www.currituckgovernment.com](http://www.currituckgovernment.com) under the Finance Department. Questions concerning any of the information found in this report or requests for additional information should be directed to the Currituck County Finance Director, Currituck County Finance Department, 153 Courthouse Road, Suite 102, Currituck, North Carolina 27929 or e-mail [Sandra.Hill@CurrituckCountyNC.gov](mailto:Sandra.Hill@CurrituckCountyNC.gov).

**County of Currituck, North Carolina**  
**Reconciliation of the Governmental Funds Balance Sheet**  
**to the Statement of Net Position**  
**June 30, 2024**

Amounts reported for governmental activities in the statement of net position (Exhibit 1) are different because:

Total Fund Balance, Governmental Funds	\$	215,545,180
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.		140,224,009
Right to use assets used in governmental activities are not financial resources and therefore are not reported in the funds.		1,123,181
IT subscription assets used in governmental activities are not financial resources and therefore are not reported in the funds.		521,980
Net pension asset - Register of Deeds		46,183
Contributions to pension plans in the current fiscal year are deferred outflows of resources on the Statement of Net Position		3,081,624
Benefit payment and pension administration costs for LEOSSA are deferred outflows of resources on the Statement of Net Position		112,323
Net pension liability - LGERS		(18,327,147)
Net pension liability - LEOSSA		(3,012,423)
Net OPEB liability		(29,711,787)
Deferred inflows of resources for taxes and special assessments receivable		650,619
Pension related deferrals		7,604,238
OPEB related deferrals		(6,655,034)
Some liabilities, including bonds payable and other postemployment benefits, are not due and payable in the current period and therefore are not reported in the funds.		<u>(70,327,885)</u>
Net position of governmental activities	\$	<u><u>240,875,061</u></u>

The notes to the financial statements are an integral part of this statement.

**County of Currituck, North Carolina**  
**Reconciliation of the Statement of Revenues, Expenditures, and Changes**  
**in Fund Balances of Governmental Funds to the Statement of Activities**  
**For the Fiscal Year Ended June 30, 2024**

Amounts reported for governmental activities in the statement of activities are different because:

Net changes in fund balances - total governmental funds	\$	70,832,175
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeded depreciation in the current period.		18,518,795
Cost of capital asset disposed of during the year, not recognized on modified accrual basis.		(132,216)
Right of use leased asset capital outlay expenditures which were capitalized		641,160
IT subscription assets capital outlay expenditures which were capitalized		601,465
Amortization expense for intangible assets		(296,557)
Benefit payments and pension administration costs for LEOSA are deferred outflows of resources on the Statement of Net Position.		112,323
Contributions to the pension plan in the current fiscal year are not included on the Statement of Activities.		3,081,624
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		165,828
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. This amount is the net effect of these differences in the treatment of long-term debt and related items.		(53,792,372)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.		<u>(5,486,938)</u>
Total changes in net position of governmental activities	\$	<u><u>34,245,287</u></u>

The notes to the financial statements are an integral part of this statement.

**Notes to the Financial Statements**  
**For the Fiscal Year Ended June 30, 2024**

**I. Summary of Significant Accounting Policies**

The accounting policies of Currituck County and its component units conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

**A. Reporting Entity**

Founded in 1668, Currituck (Indian for "land of the wild goose") is the most northeastern county in North Carolina. Of the 100 counties established under North Carolina General Statute 153A-10, Currituck County is one of the State's four original counties. A seven-member Board of Commissioners govern the County.

As required by generally accepted accounting principles, these financial statements present the County and its component units; legally separate entities for which the County is financially accountable. The two blended component units, although legally separate entities, are, in substance, part of the County's operations. The discretely presented component unit is reported in a separate column in the County's combined financial statements in order to emphasize that they are legally separate from the County.

Component Unit	Reporting Method	Criteria for Inclusion	Separate Financial Statements
Ocean Sands Water and Sewer District	Blended	Ocean Sands Water and Sewer District (Ocean Sands) is part of the Ocean Sands planned unit development on the North Carolina Outer Banks. North Carolina law authorizes counties to create water and sewer districts, such as Ocean Sands, to facilitate the construction, operations and financing of water and sewer utility improvements in defined areas. The County management and staff supervise and operate the Ocean Sands Water and Sewer system. Under North Carolina General Statute 162A-89, the County Board of Commissioners also serves as the governing board of Ocean Sands.	None issued.
Tourism Development Authority	Blended	The Currituck County Tourism Development Authority is a public authority established to expend the net proceeds of the tax levied for a room occupancy tax and shall promote travel, tourism and conventions in the County, sponsor tourist-related events and activities in the county, and finance tourist-related capital projects in the county. It is composed of nine members: seven voting members and two ex officio nonvoting members. The ex officio nonvoting member shall be the County's designated travel and tourism representative and the voting members are the County Commissioners of Currituck County. County management oversees all operations of the Tourism Development Authority.	None issued.

Component Unit	Reporting Method	Criteria for Inclusion	Separate Financial Statements
Currituck County Alcoholic Beverage Control Board	Discrete	The Currituck County Alcoholic Beverage Control Board (ABC Board) is a corporate body with powers outlined by North Carolina General Statute 18B-701. The County Board of Commissioners appoints the members of the ABC Board's governing board. The ABC Board is required by state statute to distribute its surpluses, after other required distributions, to the General Fund of the County. The ABC Board, which has a June 30 year-end, is presented as a proprietary fund.	Currituck County ABC Board 6664 Caratoke Highway Grandy, NC 27939

## **B. Basis of Presentation, Basis of Accounting**

### **Basis of Presentation, Measurement Focus – Basis of Accounting**

*Government-wide Statements:* The statement of net position and the statement of activities display information about the primary government (the County) and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. Interfund services provided and used are not eliminated in the consolidation process. These statements distinguish between the *governmental* and *business-type activities* of the County. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the County and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

*Fund Financial Statements:* The fund financial statements provide information about the County's funds, including its fiduciary funds and blended component units. Separate statements for each fund category – *governmental, proprietary, and fiduciary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities.

The County reports the following major governmental funds:

*General Fund.* This is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The Revaluation Fund and the Land Banking Fund are legally budgeted funds under North Carolina General Statutes; however, for statement presentation in accordance with GASB Statement No. 54 they are consolidated in the General Fund.

*Tourism Development Authority Fund (TDA).* This fund accounts for all financial resources associated with Occupancy Tax. House Bill 555, ratified on May 18, 1987, established an Occupancy Tax for the County. There have been amendments throughout the years and the latest amendment to this legislation was House Bill 1721, ratified July 13, 2004. This legislation names the sitting Board of Commissioners as the Tourism Development Authority Board with the Director of Travel and Tourism and the County Finance Director as ex officio members and is also presented as a blended component unit. The Carova Beach Service District is a legally budgeted fund under North Carolina General Statutes. In prior years, this fund was shown consolidated with the TDA. The presentation of the fund is now shown as a non-major special revenue fund.

*Airport Directed Grant.* This is a multi-year fund that accounts for the transactions related to the Airport Directed Grant.

*County Governmental Facilities Fund.* This is a multi-year fund that accumulates resources and accounts for financial resources for construction of governmental facilities that will span more than one fiscal year.

*School Facilities Fund.* This is a multi-year fund that accumulates resources and accounts for financial resources for construction of school facilities that will span more than one fiscal year.

*Transfer Tax Capital Fund.* This fund accounts for financial resources accumulated from the excise tax on instruments conveying real property in Currituck County, approved by the General Assembly in September 1985, to be used by the county only for capital expenditures for solid waste and county-operated buildings and related equipment or to retire any indebtedness incurred by the county for these purposes.

The County reports the following major enterprise funds:

*Solid Waste Fund.* This fund accounts for the operation, maintenance, and development of the Maple transfer station, various convenience centers throughout the County and residential collection on the Currituck Outer Banks.

*Ocean Sands Water and Sewer District Fund.* This fund is used to account for financial resources accumulated through a district tax and users fees for the operations of the water and sewer district within the Ocean Sands Water and Sewer District in Corolla.

*Mainland Water Fund.* This fund is used to account for the operations of the water system on the Currituck mainland.

*Southern Outer Banks Water System Fund.* This fund is used to account for the operations of the water system on the Currituck beach.

*Mainland Central Sewer Fund.* This fund is used to account for the operations of the sewer systems on the Currituck mainland, which currently runs from the Moyock Welcome Center in Moyock to the Walnut Island Sewer Plant in Grandy.

The County reports the following fiduciary fund types:

*Trust Funds.* Trust funds are used to report resources that are required to be held in trust for the members and beneficiaries of defined benefit pension plans, defined contribution plans, or other postemployment benefit plans. The Other Postemployment Benefit Trust Fund accounts for the County's contributions for healthcare coverage provided to qualified retirees. The Law Enforcement Officer's Special Separation Allowance Trust accounts for the County's contributions for retirement benefits to qualified law enforcement retirees.

*Custodial Funds.* Custodial funds use the economic resources measurement focus to report fiduciary activities that are not required to be reported in pension (and other employee benefit) trust plans, investment trust funds, or private purpose trust funds. Custodial funds are used to account for assets the County holds on behalf of others that meet certain criteria. The County maintains the Jail Inmate Pay Fund, which holds cash deposits made to inmates as payment for work performed while incarcerated as well as cash collections for the benefit of inmates' friends and families.

*Non-major Funds.* The County maintains twenty-one legally budgeted funds. The Multi-year Grant Fund, Emergency Telephone System Fund; Corolla Fire District Fund; Guinea Mill Watershed Improvement Fund; Hog Bridge Ditch Watershed Improvement Fund; Moyock Watershed Improvement Fund; Northwest Watershed Improvement Fund; Ocean Sands North/Crowne Pointe Watershed Improvement Fund; Whalehead Watershed Improvement Fund; Whalehead Beach Solid Waste Service District Fund; Knotts Island Fire District Fund; CARES Act COVID-19 Fund; Opioid Settlement Fund; Carova Beach Service District; Local Assistance and Tribal Consistency Fund; Social Services Payee Fund; Fines and Forfeitures Fund; and the Deed of Trust Fees Fund are reported as non-major special revenue funds. Fire Equipment Replacement Fund, Capital Improvements Fund, and School Capital Fund are reported as non-major capital projects funds. Mainland Water System Developmental Fees Fund, Mainland Sewer System Developmental Fees Fund, Ocean Sands Water and Sewer System Developmental Fees Fund and Southern Outer Banks Water System Developmental Fees Fund are reported as non-major proprietary funds.

In accordance with North Carolina General Statutes, all funds of the County are maintained during the year using the modified accrual basis of accounting.

*Government-wide, Proprietary, and Fiduciary Fund Financial Statements.* The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus. The government-wide, proprietary fund, and fiduciary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County enterprise funds are charges to customers for sales and services. The County also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the water and sewer system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation/amortization on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

*Governmental Fund Financial Statements.* Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available.

Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Issuances of general long-term debt, leases initiated during the year, and new IT subscriptions are reported as other financing sources.

The County considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem property taxes are not accrued as revenue because the amount is not susceptible to accrual. At June 30, taxes receivable for property other than motor vehicles are materially past due and are not considered to be an available resource to finance the operations of the current year. As of September 1, 2013, State law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, the State of North Carolina is responsible for billing and

collecting the property taxes on registered motor vehicles on behalf of all municipalities and special tax districts. These property taxes are due when vehicles are registered. Motor vehicle property tax revenues are applicable to the fiscal year in which they are received. Uncollected taxes that were billed in periods prior to September 1, 2013, or those for limited registration plates are shown as a receivable in these financial statements and are offset by deferred inflows of resources.

Sales taxes and certain intergovernmental revenues, such as the utilities franchise tax, collected and held by the State at year-end on behalf of the County, are recognized as revenue. Intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. All taxes, including those dedicated for specific purposes, are reported as general revenues rather than program revenues. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been satisfied.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus when program expenses are incurred, there is both restricted and unrestricted net position available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then general revenues.

### **C. Budgetary Data**

The County's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the General Fund, Revaluation, Land Banking, Corolla Fire District, Tourism Development Authority, Emergency Telephone System, Whalehead Beach Solid Waste, six Watershed Special Revenue Funds, Knotts Island Fire District, CARES Act – COVID-19 Fund, Carova Beach Service District, Local Assistance and Tribal Consistency Fund, Social Services Payee Fund, Fines and Forfeitures Fund, the Deed of Trust Fees Fund, Fire Equipment Replacement, Capital Improvements, School Capital, Transfer Tax Capital and the Enterprise operating funds. All annual appropriations lapse at the fiscal year-end. Project ordinances are adopted for the Multi-year Grant Special Revenue Fund, Airport Directed Grant, County Governmental Construction, School Facilities Construction, and Enterprise Construction Funds. The Enterprise Construction Funds are consolidated with the enterprise operating funds for reporting purposes.

All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the departmental level for all annually budgeted funds and at the project level for the multi-year funds. Amendments are required for any revisions that alter total expenditures of any fund or that change functional appropriations. The County Manager is authorized by the budget ordinance to transfer appropriations within the funds under the following conditions:

1. She may transfer amounts between departments within the same fund up to ten thousand dollars, providing an official report on such transfers to the Board of Commissioners at their next regularly scheduled meeting.

2. She may make interfund loans for a period of not more than sixty days (60).
3. She may not transfer any amounts between funds or from any contingency line items within any funds.

The governing board must approve all amendments. During the year, several amendments to the original budget were necessary. The budget ordinance must be adopted by July 1 of the fiscal year or the governing board must adopt an interim budget that covers that time until the annual ordinance can be adopted.

#### **D. Assets, Liabilities, Deferred Inflows and Outflows of Resources, and Fund Equity**

##### **1. Deposits and Investments**

All deposits of the County and the Currituck County ABC Board are made in board-designated official depositories and are secured as required by G.S. 159-31. The County and the ABC Board may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the County and the ABC Board may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

State law G.S. 159-30(c) authorizes the County and the ABC Board to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances and the North Carolina Capital Management Trust (NCCMT).

General Statute 159-30.1 allows the County to establish and fund irrevocable trusts for the purpose of paying post-employment benefits (OPEB) and the Law Enforcement Officers Separation Allowance Plan (LEOSSA) for which the County is liable. The County's OPEB and LEOSSA Trusts are managed by the staff of the Department of the State Treasurer and operated in accordance with state laws and regulations. The Trusts are not registered with the SEC. G.S. 159-30(g) allows the County to make contributions to the Trusts. The State Treasurer in his discretion may invest the proceeds in equities of certain publicly held companies and long or short-term fixed income investments as detailed in G.S. 147-69.2(b) (1-6) and (8). Funds submitted are managed in three different sub-funds, the State Treasurer's Short Term Investment Fund (STIF) consisting of short to intermediate treasuries, agencies and corporate issues authorized by G.S. 147-69.1, the Bond Index Fund (BIF) consisting of high-quality debt securities eligible under G.S. 147-69.2(b)(1)-(6), and the Equity Index Fund (EIF) authorized under G.S. 147-69.2(b)(8).

The majority of the County and the ABC Board's investments are carried at fair value. Non-participating interest-earning investment contracts are accounted for at cost.

- The North Carolina Capital Management Trust (NCCMT), which consists of an SEC-registered fund (the Government Portfolio), is authorized by G.S. 159-30(c)(8) and the North Carolina Administrative Code. The Government Portfolio is a 2a7 fund that invests in

treasuries, government agencies and repurchase agreements collateralized by treasuries. It is rated AAAM by S&P and AAA-mf by Moody's Investor Services and reported at fair value.

- Ownership of the STIF is determined on a fair market valuation basis as of fiscal year-end in accordance with the STIF operating procedures. STIF investments are valued by the custodian using Level 2 inputs. The STIF portfolio is unrated and had a weighted average maturity at June 30, 2024, of 1.4 years. Level 2 inputs in this case involves inputs – other than quoted prices – included within Level 1 that are either directly or indirectly observable for the asset or liability. The STIF is valued at \$1 per share.
- Ownership of the BIF is determined monthly at fair value using the same Level 2 inputs as the STIF and is based upon units of participation. Units of participation are calculated monthly based upon inflows and outflows as well as allocations of net earnings. The BIF, which does not have a credit rating, was valued at \$1 per unit, and had an average maturity of 8.38 years on June 30, 2024.
- The EIF, authorized under G.S. 147-69.2(b)(8), is a common trust fund considered to be commingled in nature. The Fund's fair value is the number of shares times the net asset value as determined by a third party. At June 30, 2024, the fair value of the fund was \$38.06557 per share. Fair value for this fund is determined using Level 1 inputs which are directly observable, quoted prices (unadjusted) in active markets for identical assets or liabilities.

## **2. Cash and Cash Equivalents**

The County pools money from several funds to facilitate disbursement and investment and to maximize investment income. Therefore, all cash and investments are essentially demand deposits and are considered cash and cash equivalents. The Currituck ABC Board considers demand deposits and investments purchased with an original maturity of three months or less, which are not limited as to use, to be cash and cash equivalents.

## **3. Restricted Assets**

Customer deposits held by the County before any services are supplied are restricted to the service for which the deposit was collected. Money in the Tax Revaluation Fund is classified as restricted per North Carolina General Statute 153A-150. Money in the School Facilities Fund is classified as restricted in accordance with North Carolina General Statute 159-18 through 22. Money held in the Opioid Settlement Fund is classified as restricted assets because its use is restricted per the memorandum agreement. Airport Directed Grant, and Local Assistance and Tribal Consistency funds are classified as restricted based on the grant requirements. Unspent bond proceeds of the School Facilities Fund are classified as restricted because their use is completely restricted to the purpose for which the bonds were originally issued. Money in the Mainland Water Fund, Mainland Central Sewer Fund and Southern Outer Banks Water Fund are customer deposits. Money in the Mainland Water System Developmental Fees Fund, Mainland Sewer System Developmental Fees Fund, Ocean Sands Water and Sewer System Developmental Fees Fund, and

Southern Outer Banks Water System Developmental Fees Fund are restricted per North Carolina General Statute 162A-211(a)-(e).

**Currituck County Restricted Cash**

Governmental Activities

**Currituck County Restricted Investments**

<u>School Facilities Fund</u>	<u>Unexpended Debt Proceeds</u>	<u>\$ 41,455,548</u>
-------------------------------	---------------------------------	----------------------

**4. Ad Valorem Taxes Receivable**

In accordance with State law G.S. 105-347 and G.S. 159-13(a), the County levies ad valorem taxes on property other than motor vehicles on July 1, the beginning of the fiscal year. The taxes are due on September 1 (lien date); however, penalties and interest do not accrue until the following January 6. These taxes are based on the assessed values as of January 1, 2023. As allowed by State law, the County has established a schedule of discounts that apply to taxes that are paid prior to the due date. In the County's General Fund, ad valorem tax revenues are reported net of such discounts.

## **5. Lease Receivable**

The County's lease receivable is measured at the present value of lease payments expected to be received during the lease terms. There are no variable components under the lease agreements. A deferred inflow of resources is recorded for the leases. The deferred inflow of resources is recorded at the initiation of the leases in an amount equal to the initial recording of the lease receivable. The deferred inflow of resources is amortized on a straight-line basis over the term of the leases.

## **6. Allowances for Doubtful Accounts**

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables that were written off in prior years.

## **7. Inventories and Prepaid Items**

The inventories of the County and the ABC Board are valued at cost (first-in, first-out), which approximates market. Inventory of the County's General Fund consists of expendable supplies that are recorded as expenditures when consumed (consumption method). The inventory of the County's Tourism Development Authority Fund (TDA) as well as those of the ABC Board consists of materials and supplies held for consumption or resale. The cost of the inventory carried in the County's TDA and that of the ABC Board is recorded as an expense as it is consumed or sold and is carried at cost.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Prepaid items for the County's governmental funds are treated using the consumption method.

## **8. Capital Assets**

Capital assets are defined by the government as assets with an initial, individual cost of more than a certain cost and an estimated useful life in excess of two years. The capitalization threshold for County assets is \$5,000. Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets received prior to July 1, 2015 are recorded at their estimated fair value at the date of donation. Donated capital assets, donated works of art and similar items, and capital assets received after July 1, 2015 are recorded at acquisition cost rather than fair value. Certain items acquired before July 1, 1980 are recorded at an estimated historical cost. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

The County's capital assets also include certain right to use assets. These right to use assets arise in association with agreements where the County reports a lease (only applies when the County is the lessee) or agreements where the County reports an Information Technology (IT) Subscription in accordance with the requirements of GASB 87 and GASB 96, respectively.

The right to use lease assets are initially measured at an amount equal to the initial measurement of the related lease liability plus any lease payments made at or prior to the start of the lease term, less lease incentives received from the lessor at or prior to the start of the lease term, and plus ancillary charges necessary to place the lease asset into service. The right to use lease assets are amortized on a straight-line basis over the life of the related lease.

The right to use IT subscription assets are initially measured at an amount equal to the initial measurement of the subscription liability plus any subscription payments made at the start of the subscription term, if applicable, plus capitalizable initial implementation costs at the start of the subscription term, less any incentives received from the IT subscription vendor at the start of the subscription term. Subscription payments, as well as payments for capitalizable implementation costs made before the start of the subscription term should be reported as a prepayment (asset). Such prepayments should be reduced by any incentives received from the same vendor before the start of the subscription term if a right of offset exists. The net amount of the prepayments and incentives should be reported as an asset or liability, as appropriate, before the start of the subscription term at which time the amount should be included in the initial measurement of the subscription asset. The right to use subscription assets should be amortized on a straight-line basis over the subscription term.

The County holds title to certain Currituck County Board of Education properties that have not been included in capital assets. The properties have been deeded to the County to permit installment purchase financing of acquisition and construction costs and to permit the County to receive refunds of sales tax paid for construction costs. Agreements between the County and the Board of Education give the Board of Education full use of the facilities, full responsibility for maintenance of the facilities, and provide that the County will convey title to the property back to the Board of Education after all restrictions of the financing agreements and all sales tax reimbursement requests have been met. The properties are reflected as capital assets in the financial statements of the Currituck County Board of Education.

Capital assets of the County are depreciated on a straight-line basis over the following estimated useful lives:

	<u>Years</u>
Buildings	40
Furniture and equipment	5-7
Vehicles	5-7

Capital assets of the ABC Board are depreciated over their useful lives on a straight-line basis as follows:

	<u>Years</u>
Buildings	30
Other equipment	5-10
Office furniture and equipment	5
Vehicles	5
Leasehold improvements	7-10

## **9. Deferred outflows/inflows of resources**

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflow of resources. This separate financial statement element, *Deferred Outflows of Resources*, represent a consumption of net assets that applies to future periods and so will not be recognized as an expense or expenditure until then. The County has several items that meet this criterion - pension related deferrals, and contributions made to the pension plans in the current fiscal year. In addition to liabilities, the statement of net position can also report a separate section for deferred inflows of resources. This separate financial statement element, *Deferred Inflows of Resources*, represent acquisition of net assets that applies to future periods and so will not be recognized as revenue until then. The County has four items that meet the criterion for this category - prepaid taxes, special assessments receivable, leases, OPEB and other pension related deferrals.

## **10. Long-term Obligations**

In the government-wide financial statements and in the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities on the statement of net position.

In the fund financial statements for governmental funds, the face amount of the debt issued is represented as other financing sources.

## **11. Compensated Absences**

The vacation policy of the County provides for the accumulation of up to Two Hundred Forty (240) hours of earned vacation leave with such leave being fully vested when earned. For the County's governmental funds, the current portion of the accumulated vacation pay was \$589,625 and the long-term portion was \$589,630. For the Business-Type activities, the current portion was \$56,000 and the long-term portion was \$62,725. An expense and a liability for compensated absences and the salary-related payments are recorded as the leave is earned. The ABC Board employees earn one week of vacation in the first year, two weeks per year at completion of one year until fifteen years of service are completed and three weeks per year for additional years of service. Employees may choose to take the vacation time or be compensated for it. Accumulated earned vacation at June 30, 2024 amounted to \$12,187 and is considered current.

The sick leave policies of the County and the ABC Board provide for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since none of the entities have any obligation for accumulated sick leave until it is taken, no accrual for sick leave has been made.

## **12. Opioid Settlement Funds**

In April 2022, drug manufacturer Johnson & Johnson and three drug distributors, McKesson, AmerisourceBergen, and Cardinal Health, finalized a \$26 billion-dollar nationwide settlement related to multiple opioid lawsuits. These funds will be disbursed to each participating state over an 18-year period according to an allocation agreement reached with all participating states. The majority of these funds are intended for opioid abatement and the distribution of the funds is front loaded.

North Carolina’s Memorandum of Agreement (MOA) between the state and local governments for the settlement funds allocates the funds as follows:

- 15% directly to the State (“State Abatement Fund”)
- 80% to abatement funds established by Local Governments (“Local Abatement Funds”)
- 5% to a County Incentive Fund.

The County received \$46,214 as part of this settlement in Fiscal Year 2022, \$109,733 in Fiscal Year 2023, and \$330,201 in Fiscal Year 2024. Per the terms of the MOA, the County created a special revenue fund, the Opioid Settlement Fund, to account for these funds. All funds are to be used for opioid abatement and remediation activities. Funds are restricted until expended. No funds have been expended as of June 30, 2024. The MOA offered the County two options of expending the funds. Option A allows the County to fund one or more high-impact strategies from a list of evidence-based strategies and Option B allows the County a wider array of strategies to address the impact of the opioid epidemic. The County is still evaluating its options and has not determined a spending plan.

## **13. Net Position/Fund Balances**

### **Net Position**

Net position in government-wide and proprietary fund financial statements is classified as net investment in capital assets, restricted, and unrestricted. Restricted net position represents constraints on resources that are either a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or b) imposed by law through State statute.

### **Fund Balances**

In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

**Nonspendable Fund Balance** – This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Inventories – portion of fund balance that is not an available resource because it represents the year-end balance of ending inventories, which are not spendable resources.

Leases – portion of fund balance that is not an available resource because it is not spendable form. The reported amount is calculated by reducing the lease receivable by the related deferred inflow of resources.

Restricted Fund Balance – This classification includes revenue sources that are restricted to specific purposes externally imposed by creditors or imposed by law.

Restricted Stabilization of State Statute – North Carolina G.S. 159-8 prohibits units of government from budgeting or spending a portion of their fund balance. This is one of several statutes enacted by the North Carolina State Legislature in the 1930's that were designed to improve and maintain the fiscal health of local government units. Restricted by State statute (RSS), is calculated at the end of each fiscal year for all annually budgeted funds. The calculation in G.S.159-8(a) provides a formula for determining what portion of fund balance is available for appropriation. The amount of fund balance not available for appropriation is what is known as “restricted by State statute”. *Appropriated fund balance in any fund shall not exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts, as those figures stand at the close of the fiscal year next preceding the budget.* Per GASB guidance, RSS is considered a resource upon which a restriction is “imposed by law through constitutional provisions or enabling legislation.” RSS is reduced by inventories and prepaids as they are classified as nonspendable. Outstanding Encumbrances are included within RSS. RSS is included as a component of Restricted Net position and Restricted fund balance on the face of the balance sheet.

Restricted for Emergency Telephone System – portion of fund balance this is restricted by revenue source to pay for 911 services.

Restricted for County Governmental Assets – portion of fund balance that is restricted by revenue source for construction or purchase of governmental assets.

Restricted for School Capital Assets – portion of fund balance that can only be used for School Capital per G.S. 159-18-22.

Restricted for Tourism – portion of fund balance than can only be used for Tourism promotion or Tourism related expenditures.

Restricted for Public Safety – portion of fund balance that is restricted by revenue sources for public safety expenditures.

Restricted for Carova Beach Service District – portion of fund balance that can only be used in the Carova Beach service district.

Restricted for Watershed Improvements – portion of fund balance that can only be used for watershed improvements in certain special revenue districts.

Restricted for Whalehead Beach Solid Waste – portion of fund balance that can only be used for solid waste activities in the Whalehead Beach service district.

Restricted for Human Services – portion of fund balance that can only be used to benefit beneficiaries under the Social Security Representatives Payee Program.

Committed Fund Balance – Portion of fund balance that can only be used for specific purpose imposed by majority vote of the Currituck County’s governing body (highest level of decision making authority). The governing body approves the appropriation through the annual budget ordinance; any changes of specific purposes require majority action by the governing body.

Committed to Fire Equipment Replacement – portion of fund balance that can only be used for purchase or replacement of capital assets for fire protection.

Committed to County Governmental Assets – portion of fund balance that can only be used for County Governmental assets.

Committed for Tax Revaluation – portion of fund balance that can only be used for Tax Revaluation.

Committed for Post-Employment Benefit Plans – fund balance that can only be used for post- employment health insurance and the Law Enforcement Officers’ Special Separation Allowance expenses.

Assigned Fund Balance – portion of fund balance that the Currituck County governing board has approved for specific purpose as stated below.

Subsequent year’s expenditures – portion of fund balance that is appropriated in the next year’s budget that is not already classified in restricted or committed.

Unassigned Fund Balance – Portion of fund balance that has not been restricted, committed or assigned to specific purposes or other funds.

Currituck County has a revenue spending policy that provides guidance for programs with multiple revenue sources. The Finance Director will use resources in the following hierarchy: bond proceeds, federal funds, State funds, local non-county funds and County funds. For purposes of fund balance classification, expenditures are to be spent from restricted fund balance first, followed in order by committed fund balance, assigned fund balance and lastly unassigned fund balance. The Finance Director has the authority to deviate from this policy if it is in the best interest of the County.

#### **14. Defined Benefit Pension Plans**

The County participates in three cost-sharing, multiple-employer, defined benefit pension plans that are administered by the State; the Local Governmental Employees' Retirement System (LGERS), the Registers of Deeds' Supplemental Pension Fund (RODSPF), and the Law Enforcement Officers' Special Separation Allowance (LEOSSA) (collectively, the "state-administered defined benefit pension plans). For purposes of measuring the net pension asset or liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net positions of the state-administered defined benefit pension plans and additions to/deductions from the state-administered defined benefit pension plans' fiduciary net positions have been determined on the same basis as they are reported by the state-administered defined benefit pension plans. For this purpose, plan member contributions are recognized in the period in which the contributions are due. The County's employer contributions are recognized when due and the County have a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the state-administered defined benefit pension plans.

For purposes of measuring the net pension expense, information about the fiduciary net position of the Firefighters' and Rescue Squad Workers' Pension Fund (FRSWPF) and additions to/deductions from FRSWPF's fiduciary net position have been determined on the same basis as they are reported by FRSWPF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### **15. Other Postemployment Benefits**

The net position of the County's Healthcare Benefits Plan has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the Net OPEB liability, deferred outflows of resources, and deferred inflows of resources related to other postemployment benefits, OPEB expense, and information about the fiduciary net position of the HCB and additions to/deductions from the HCB's fiduciary net position have been determined on the same basis as they are reported by the HCB. Benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### **E. Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

## **F. Recently Implemented Accounting Pronouncements**

GASB Statement No. 100, *Accounting Changes and Error Corrections*. This Statement establishes accounting and financial reporting requirements for (a) accounting changes and (b) the correction of an error in previously issued financial statements (error correction). This Statement defines accounting changes as changes in accounting principles, changes in accounting estimates, and changes to or within the financial reporting entity and describes the transactions or other events that constitute those changes. This Statement prescribes the accounting and financial reporting for (1) each type of accounting change and (2) error corrections. This Statement requires that (a) changes in accounting principles and error corrections be reported retroactively by restating prior periods, (b) changes to or within the financial reporting entity be reported by adjusting beginning balances of the current period, and (c) changes in accounting estimates be reported prospectively by recognizing the change in the current period. This Statement requires disclosure in notes to financial statements of descriptive information about accounting changes and error corrections, such as their nature. In addition, information about the quantitative effects on beginning balances of each accounting change and error correction should be disclosed by reporting unit in a tabular format to reconcile beginning balances as previously reported to beginning balances as restated. Furthermore, this Statement addresses how information that is affected by a change in accounting principle or error correction should be presented in required supplementary information (RSI) and supplementary information (SI). There were no significant impacts of implementing this Statement.

## **G. Future Accounting Pronouncements**

The Governmental Accounting Standards Board has issued statements that will become effective in future years. These statements are as follows:

GASB Statement No. 101, *Compensated Absences*. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The requirements of this Statement are effective for fiscal years beginning after December 15, 2023, and all reporting periods thereafter.

GASB Statement No. 102, *Certain Risk Disclosures*. The requirements of this Statement will improve financial reporting by providing users of financial statements with essential information that currently is not often provided. The disclosures will provide users with timely information regarding certain concentrations or constraints and related events that have occurred or have begun to occur that make a government vulnerable to a substantial impact. As a result, users will have better information with which to understand and anticipate certain risks to a government's financial condition. The requirements of this Statement are effective for fiscal years beginning after June 15, 2024, and all reporting periods thereafter. Earlier application is encouraged.

GASB Statement No. 103, *Financial Reporting Model Improvements*. The objective of this Statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. This Statement also addresses certain application issues.

This Statement continues the requirement that the basic financial statements be preceded by management's discussion and analysis (MD&A), which is presented as required supplementary information (RSI). MD&A provides an objective and easily readable analysis of the government's financial activities based on currently known facts, decisions, or conditions and presents comparisons between the current year and the prior year. This Statement requires that the information presented in MD&A be limited to the related topics discussed in five sections: (1) Overview of the Financial Statements, (2) Financial Summary, (3) Detailed Analyses, (4) Significant Capital Asset and Long-Term Financing Activity, and (5) Currently Known Facts, Decisions, or Conditions. Furthermore, this Statement stresses that the detailed analyses should explain why balances and results of operations changed rather than simply presenting the amounts or percentages by which they changed. This Statement emphasizes that the analysis provided in MD&A should avoid unnecessary duplication by not repeating explanations that may be relevant to multiple sections and that "boilerplate" discussions should be avoided by presenting only the most relevant information, focused on the primary government. In addition, this Statement continues the requirement that information included in MD&A distinguish between that of the primary government and its discretely presented component units.

This Statement describes unusual or infrequent items as transactions and other events that are either unusual in nature or infrequent in occurrence. Furthermore, governments are required to display the inflows and outflows related to each unusual or infrequent item separately as the last presented flow(s) of resources prior to the net change in resource flows in the government-wide, governmental fund, and proprietary fund statements of resource flows.

This Statement requires that the proprietary fund statement of revenues, expenses, and changes in fund net position continue to distinguish between operating and nonoperating revenues and expenses. Operating revenues and expenses are defined as revenues and expenses other than nonoperating revenues and expenses. Nonoperating revenues and expenses are defined as (1) subsidies received and provided, (2) contributions to permanent and term endowments, (3) revenues and expenses related to financing, (4) resources from the disposal of capital assets and inventory, and (5) investment income and expenses.

In addition to the subtotals currently required in a proprietary fund statement of revenues, expenses, and changes in fund net position, this Statement requires that a subtotal for *operating income (loss) and noncapital subsidies* be presented before reporting other nonoperating revenues and expenses. Subsidies are defined as (1) resources received from another party or fund (a) for which the proprietary fund does not provide goods and services to the other party or fund and (b) that directly or indirectly keep the proprietary fund's current or future fees and charges lower than they would be otherwise, (2) resources provided to another party or fund (a) for which the other party or fund does not provide goods and services to the proprietary fund and (b) that are recoverable through the proprietary fund's current or future pricing policies, and (3) all other transfers.

This Statement requires governments to present each major component unit separately in the reporting entity's statement of net position and statement of activities if it does not reduce the readability of the statements. If the readability of those statements would be reduced, combining statements of major component units should be presented after the fund financial statements.

This Statement requires governments to present budgetary comparison information using a single method of communication—RSI. Governments also are required to present (1) variances between original and final budget amounts and (2) variances between final budget and actual amounts. An explanation of significant variances is required to be presented in notes to RSI. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter. Earlier application is encouraged.

The County is evaluating the requirements of the above statements and the impact on reporting.

## H. Reconciliation of Government-wide and Fund Financial Statements

### 1. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position.

The governmental fund balance sheet includes a reconciliation between total fund balance for the governmental funds and net position for governmental activities as reported in the government-wide statement of net position. The net adjustment of \$25,329,881 consists of the following:

<u>Description</u>	<u>Amount</u>
Capital assets used in governmental activities are not financial resources and are therefore not reported in the funds	\$ 242,297,018
Less accumulated depreciation	<u>(102,073,009)</u>
Net capital assets	<u>140,224,009</u>
Right to use assets used in governmental activities are not financial resources and are therefore not reported in the funds	1,425,643
Less accumulated amortization	<u>(302,462)</u>
Net right to use assets	<u>1,123,181</u>
IT subscription assets used in governmental activities are not financial resources and are therefore not reported in the funds	705,690
Less accumulated amortization	<u>(183,710)</u>
Net IT subscription asset	<u>521,980</u>
Net pension asset	46,183
Contributions to the pension plan in the current fiscal year	3,081,624
Benefit payments and pension administration costs for LEOSSA	112,323
Deferred inflows of resources for taxes and special assessments	650,619
Pension related deferrals	7,604,238
OPEB related deferrals	(6,655,034)
Liabilities that, because they are not due and payable in the current period, do not require current resources to pay and are therefore not reported in the fund statements:	
Bonds, leases, subscription and installment financing	(68,426,253)
Compensated absences	(1,179,255)
Net OPEB liability	(29,711,787)
Net pension liability -LGERS	(18,327,147)
Net pension liability - LEOSSA	(3,012,423)
Accrued interest payable	<u>(722,377)</u>
Total adjustments	<u>\$ 25,329,881</u>

**2. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balance and the government-wide statement of activities**

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances – total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. There are several elements of that total adjustment of (\$36,586,888) as follows:

Description	Amount
Capital outlay expenditures recorded in the fund statements but capitalized as assets in the statement of activities	\$ 26,901,030
Cost of disposed capital asset not recorded on fund statement	(132,216)
Depreciation expense, the allocation of those assets over their useful lives, that is recorded on the statement of activities but not in the fund statements	(8,382,235)
Right of use leased assets capital outlay expenditures which were capitalized	641,160
Amortization expense for right of use assets	(148,901)
IT subscription assets capital outlay expenditures which were capitalized	601,465
Amortization expense for IT subscription assets	(147,656)
New debt issued during the year is recorded as a source of funds on the fund statements; it has no effect on the statement of activities - it affects only the government-wide statement of net position	(55,470,000)
Premium on limited obligation bonds issued	(3,547,682)
Amortization of bond premium	323,260
New lease liability issued during the year is recorded as a source of funds on the fund statements; it has no effect on the statement of activities - it affects only the government-wide statement of net position	(641,160)
New IT subscription liability issued during the year is recorded as a source of funds on the fund statements; it has no effect on the statement of activities - it affects only the government-wide statement of net position	(601,465)
Principal payments on debt owed are recorded as a use of funds on the fund statements but again affect only the statement of net position in the government-wide statements	6,144,675
Contributions to the pension plan in the current fiscal year are not included on the Statement of Activities	3,081,624
Benefit payments and administration costs for LEOSSA are deferred outflows of resources on the Statement of Net Position	112,323
Expenses reported in the statement of activities that do not require the use of current resources to pay are not recorded as expenditures in the fund statements	
Compensated absences	2,803
Accrued interest payable	(721,036)
OPEB expense	722,473
Pension expense	(5,491,178)
Revenues reported in the statement of activities that do not provide current resources are not recorded as revenues in the fund statements	
Decrease in deferred inflows of resources - taxes receivable - at end of year	
Reversal of deferred tax revenue recorded at 7/1/2023	(484,791)
Recording of tax receipts deferred in the fund statements as of 6/30/2024	650,619
Total adjustment	<u>\$ (36,586,888)</u>

## **II. Detail Notes on All Funds**

### **A. Assets**

#### **1. Deposits**

All of the County's and the ABC Board's deposits are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits exceeding the federal depository insurance coverage level are collateralized with securities held by the County's, or the ABC Board's agents in these units' names. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the County, and the ABC Board, these deposits are considered to be held by their agents in the entities' names. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the County or the ABC Board or with the escrow agent. Because of the inability to measure the exact amount of collateral pledged for the County, or the ABC Board under the Pooling Method, the potential exists for under-collateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method.

The State Treasurer enforces standards of minimum capitalization for all pooling method financial institutions. The County relies on the State Treasurer to monitor those financial institutions. The County analyzes the financial soundness of any other financial institution used by the County. The County complies with the provisions of G. S. 159-31 when designating official depositories and verifying that deposits are properly secured. The ABC Board has no formal policy regarding custodial credit risk for deposits.

At June 30, 2024, the County's deposits had a carrying amount of \$75,225,839 and a bank balance of \$76,449,840. Of the bank balance, \$500,000 was covered by federal depository insurance and \$75,949,840 in interest bearing deposits were covered by collateral held under the Pooling Method.

At June 30, 2024, the County had \$2,325 cash on hand.

At June 30, 2024, the carrying amount of deposits for Currituck County ABC Board was \$1,206,469 and the bank balance was \$1,914,851. Of this amount, \$250,000 was covered by federal depository insurance and the remainder was covered by collateral held under the Pooling Method.

At June 30, 2024, the ABC Board had \$7,300 cash on hand.

## 2. Investments

As of June 30, 2024, the County had the following investments and maturities:

Investment Type	Valuation Measurement Method	Fair Value	Less Than			More Than
			6 Months	6-12 Months	1-5 Years	5 Years
Commercial Paper	Fair Value - Level 2	\$ 17,550,761	\$ 13,664,169	\$ 3,886,592	\$ -	\$ -
Federal agencies	Fair Value - Level 1	48,796,619	19,369,722	13,546,570	15,880,327	-
North Carolina Investment Pool	Fair Value - Level 1	4,053,088	4,053,088	-	-	-
US Bank	Fair Value - Level 1	57,757,539	57,757,539	-	-	-
NC Capital Management Trust:						
Government Portfolio	Fair Value - Level 1	46,062,699	46,062,699	N/A	N/A	N/A
<b>Total Investments</b>		<b>\$ 174,220,706</b>	<b>\$ 140,907,217</b>	<b>\$ 17,433,162</b>	<b>\$ 15,880,327</b>	<b>-</b>

The NCIP and NCCMT Government Portfolio have weighted average maturities of less than 90 days, they are presented as investments with maturities of less than 6 months. The NCCMT Government Portfolio has an AAAM rating from S&P and by AAA-mf from Moody's Investor Services.

All investments are measured using the market approach: using prices and other relevant information generated by market transactions involving identical or comparable assets or a group of assets.

Level of fair value hierarchy: Level 1: Debt securities valued using directly observable, quoted prices (unadjusted) in active markets for identical assets. Level 2: Debt securities are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

*Interest Rate Risk.* Although the County does not have a formal policy of the length of maturities in the investment portfolio, the County staggers maturities and does not purchase investments with maturities greater than five years.

*Credit Risk.* The County limits investments to the provisions of G.S. 159-30 and restricts the purchase of securities to the highest possible ratings whenever particular types of securities are rated. State law limits investments in commercial paper to the top rating issued by nationally recognized statistical rating organizations (NRSROs); however, the County had no formal policy on managing credit risk. As of June 30, 2024, the County's investments in commercial paper were rated P1 by Standard & Poor's, F1 by Fitch Ratings, and A1 by Moody's Investors Service. The NCCMT Government Portfolio has an AAAM rating from Standard & Poor's and Aaa by Moody's Investors Service. The County's investment in US Agencies (Federal Home Loan Bank) are rated AAA by Standard & Poor's and Aaa by Moody's Investors Service.

*Custodial Credit Risk.* For an investment, custodial credit risk is the risk that in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. As of June 30, 2024, the County had no investments held by a counterparty that were not in the County's name. The County had no policy on custodial credit risk.

*Concentration of Credit Risk.* The County places no limit on the amount that the County may invest in any one issuer. As of June 30, 2024, 26.44% of the County's investments were in the North Carolina Capital Management Trust Government Portfolio, 33.15% was invested in US Bank, and 20.27% was invested in Federal Home Loan Banks. No other investments represented more than 5% of the County's total investments.

At June 30, 2024, the County of Currituck Other Post-Employment Benefits (OBEB) Trust had \$742,275 invested in the State Treasurer's Local Governmental OPEB Trust pursuant to G.S. 159-30.1. The Law Enforcement Officers Special Separation Allowance (LEOSSA) Trust invested \$637,980 into the NC STIF. The State Treasurer's NC STIF may invest in public equities and both long-term and short-term fixed income obligations as determined by the State Treasurer pursuant to the General Statutes. At year end, the State Treasurer's OPEB Trust and LEOSSA Trust were invested 100% in the State Treasurer's STIF.

*Interest Rate Risk:* The County does not have a formal investment interest rate policy that manages its exposure to fair value losses arising from increasing interest rates. The State Treasurer's STIF is unrated and had a weighted average maturity of 1.4 years at June 30, 2024.

*Credit Risk:* The County does not have a formal investment policy regarding credit risk. The NC STIF is unrated and authorized under NC General Statute 147-69.1. The State Treasurer's STIF is invested in highly liquid fixed income securities consisting primarily of short to intermediate term treasuries, agencies, and money market instruments.

At June 30, 2024, the ABC Board did not have any investments. The ABC Board has no policy on credit risk.

### **3. Property Tax – Use-Value Assessment on Certain Lands**

In accordance with the general statutes, agriculture, horticulture, and forestland may be taxed by the County at the present-use value as opposed to market value. When the property loses its eligibility for use-value taxation, the property tax is recomputed at market value for the current year and the three preceding fiscal years, along with the accrued interest from the original due date. This tax is immediately due and payable. The following are property taxes that could become due if present use-value eligibility is lost. These amounts have not been recorded in the financial statements.

<b>Year Levied</b>	<b>Tax</b>	<b>Interest</b>	<b>Total</b>
2021	\$ 985,644	\$ 322,798	\$ 1,308,442
2022	1,019,266	242,076	1,261,342
2023	1,041,628	153,640	1,195,268
2024	1,268,772	72,954	1,341,726
	<u>\$ 4,315,310</u>	<u>\$ 791,468</u>	<u>\$ 5,106,778</u>

#### 4. **Receivables**

Receivables at the government-wide level at June 30, 2024, were as follows:

	<b>Accounts</b>	<b>Taxes and Related Accrued Interest</b>	<b>Leases</b>	<b>Due from Other Governments</b>	<b>Total</b>
<b>Governmental Activities:</b>					
General	\$ 703,948	\$ 638,362	\$ 376,268	\$ 3,371,042	\$ 5,089,620
County Governmental Facilities	143,309	-	-	7,434	150,743
School Facilities	192,531	-	-	-	192,531
Tourism Development Authority	66,795	-	-	-	66,795
Other Governmental Funds	201,741	28,155	-	2,364,524	2,594,420
Total receivables	1,308,324	666,517	376,268	5,743,000	8,094,109
Allowance for doubtful accounts	-	(15,899)	-	-	(15,899)
Total-governmental activities	<u>\$ 1,308,324</u>	<u>\$ 650,618</u>	<u>\$ 376,268</u>	<u>\$ 5,743,000</u>	<u>\$ 8,078,210</u>
<b>Business-type Activities</b>					
Solid Waste	\$ 150,768	\$ -	\$ -	\$ -	\$ 150,768
Ocean Sands Water and Sewer	258,650	3,117	-	-	261,767
Mainland Water	985,265	-	-	-	985,265
Southern Outer Banks Water	432,551	-	634,109	-	1,066,660
Mainland Central Sewer	295,899	-	-	-	295,899
Other Proprietary Funds	40,986	-	-	-	40,986
Total receivables	2,164,119	3,117	634,109	-	2,801,345
Allowance for doubtful accounts	(64,203)	-	-	-	(64,203)
Total - business-type activities	<u>\$ 2,099,916</u>	<u>\$ 3,117</u>	<u>\$ 634,109</u>	<u>\$ -</u>	<u>\$ 2,737,142</u>

The due from other governments that is owed to the County consists of the following:

NC Department of Health and Human Services, DSS Support	\$ 184,826
NC Department of Revenue, Solid Waste, Scrap Tire	26,128
NC Department of Information Technology, E911 Fees	20,261
NC Department of Revenue, Sales and Use Tax Distribution	5,158,005
NC Department of Transportation, DMV Taxes	253,746
NC Department of Transportation, State Aid to Airports	7,434
NC Department of Insurance, MIPPA Grant	3,357
Albemarle Commission, Nutrition Site	6,390
Golden Leaf Foundation	50,000
Miscellaneous	<u>32,853</u>
Total	<u><u>\$ 5,743,000</u></u>

The Tourism Development Authority’s receivables consist of book sales of \$41,942 and sales tax refunds of \$24,853 due from the North Carolina Department of Revenue. Management expects all accounts receivable to be collected; therefore, no allowance for doubtful accounts has been recorded.

The County has entered into five agreements to lease buildings and land owned by the County to others. The lease contracts expire at various dates through 2042. There are no variable components in the lease agreements. The lease receivable is measured at the present value of the future minimum rent payments expected to be received during the lease term at a discount rate of 3%. During fiscal year 2024, the County recognized \$126,859 of lease revenue and \$32,287 of interest revenue under the lease agreements.

The following represents the future minimum lease revenue under the lease agreements as of June 30, 2024:

Year Ending June 30,	Governmental Activities		Business-type Activities	
	Principal	Interest	Principal	Interest
2025	\$ 69,567	\$ 10,339	\$ 65,050	\$ 18,142
2026	73,170	8,204	69,559	16,130
2027	68,058	5,968	59,778	14,032
2028	31,142	4,538	34,400	12,726
2029	32,089	3,591	36,880	11,660
2030-2034	102,242	4,797	150,015	43,191
2035-2039	-	-	161,966	21,371
2040-2042	-	-	<u>56,461</u>	<u>1,286</u>

### **2. Pension Plan and Other Post Employment Obligations**

#### **a. Local Governmental Employees' Retirement System**

*Plan Description.* The County and the ABC Board are participating employers in the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local governmental entities. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Local Governmental Employees' Retirement System is included in the Annual Comprehensive Financial Report (ACFR) for the State of North Carolina. The State's ACFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at [www.osc.nc.gov](http://www.osc.nc.gov).

*Benefits Provided.* LGERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service (age 55 for firefighters). Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age (15 years of creditable service for firefighters and rescue squad members who are killed in the line of duty) or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic post-retirement benefit increases. Increases are contingent upon actuarial gains of the plan.

LGERS plan members who are LEOs are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer, or at any age with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer. Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age or have completed 15 years of service as a LEO and have reached age 50, or have completed five years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO if killed in the line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions.

*Contributions.* Contribution provisions are established by General Statute 128-30 and may be amended only by the North Carolina General Assembly. County employees are required to contribute 6% of their compensation. Employer contributions are actuarially determined and set annually by the LGERS Board of Trustees. The County's contractually required contribution rate for the year ended June 30, 2024, was 14.04% of compensation for law enforcement officers and 12.14% for general employees and firefighters, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. Contributions to the pension plan from the County were \$3,308,455 and contributions to the pension plan from the ABC Board were \$44,093 for the year ended June 30, 2024.

*Refunds of Contributions* – County and ABC Board employees who have terminated service as a contributing member of LGERS, may file an application for a refund of their contributions. By state law, refunds to members with at least five years of service include 4% interest. State law requires a 60-day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions, or any other benefit provided by LGERS.

***Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions***

At June 30, 2024, the County reported a liability of \$19,696,531 for its proportionate share of the net pension liability. The ABC Board reported a liability of \$244,259 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2023. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2022. The total pension liability was then rolled forward to the measurement date of June 30, 2023 utilizing update procedures incorporating the actuarial assumptions. The County's proportion of the net pension liability was based on a projection of the County's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2024, the County's proportion was 0.297% (measured as of June 30, 2023), which was a decrease of 0.013% from its proportion measured as of June 30, 2023 (measured as of June 30, 2022). The ABC Board's proportion was .00369%, which was a decrease of 0.00044% from its proportion measured as of June 30, 2023 (measured as of June 30, 2022).

For the year ended June 30, 2024, the County recognized pension expense of \$5,581,341 and the ABC Board recognized pension expense of \$69,316. At June 30, 2024, the County and ABC Board reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	County		ABC Board	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 2,194,777	\$ 47,250	\$ 27,218	\$ 586
Changes of assumptions	836,989	-	10,380	-
Net difference between projected and actual earnings on pension plan investments	5,271,654	-	65,375	-
Changes in proportion and differences between County contributions and proportionate share County contributions subsequent to the measurement date	203,002	427,660	3,946	11,432
	3,308,455	-	44,093	-
Total	\$ 11,814,877	\$ 474,910	\$ 151,012	\$ 12,018

\$3,308,455 reported as deferred outflows of resources related to pensions resulting from County contributions and \$44,093 reported as deferred outflows of resources related to pensions resulting from ABC Board contributions subsequent to the measurement date will be recognized as an increase of the net pension liability in the year ended June 30, 2025.

Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ended June 30,</u>	<u>County</u>	<u>ABC Board</u>
2025	\$ 2,935,884	\$ 36,648
2026	1,470,095	15,241
2027	3,402,620	40,246
2028	222,913	2,766
2029	-	-
Thereafter	-	-
	<u>\$ 8,031,512</u>	<u>\$ 94,901</u>

*Actuarial Assumptions.* The total pension liability in the December 31, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50 percent
Salary increases	3.25 to 8.25 percent, including inflation and productivity factor
Investment rate of return	6.50 percent, net of pension plan investment expense, including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2022 valuation were based on the results of an actuarial experience study for the period January 1, 2015 through December 31, 2019.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2024 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Fixed Income	33.0%	0.9%
Global Equity	38.0%	6.5%
Real Estate	8.0%	5.9%
Alternatives	8.0%	8.2%
Credit	7.0%	5.0%
Inflation Protection	6.0%	2.7%
Total	100%	

The information above is based on 30-year expectations developed with the consulting actuary for the asset, liability, and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 2.50%. All rates of return and inflation are annualized.

*Discount rate.* The discount rate used to measure the total pension liability was 6.50%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

*Sensitivity of the County’s proportionate share of the net pension liability to changes in the discount rate.* The following presents the County’s proportionate share of the net pension liability calculated using the discount rate of 6.50 percent, as well as what the County’s proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.50 percent) or 1-percentage-point higher (7.50 percent) than the current rate:

	<u>1% Decrease (5.50%)</u>	<u>Discount Rate (6.50%)</u>	<u>1% Increase (7.50%)</u>
County's proportionate share of the net pension liability	\$ 34,123,466	\$ 19,696,531	\$ 7,818,926
ABC Board's proportionate share of the net pension liability	\$ 423,170	\$ 244,259	\$ 96,964

*Pension plan fiduciary net position.* Detailed information about the pension plan’s fiduciary net position is available in the separately issued Annual Comprehensive Financial Report (ACFR) for the State of North Carolina.

**b. Law Enforcement Officers' Special Separation Allowance**

***1. Plan Description.***

Currituck County administers a public employee retirement system (the *Separation Allowance*), a single-employer defined benefit pension plan that provides retirement benefits to the County’s qualified sworn law enforcement officers under the age of 62 who have completed at least 30 years of creditable service or have attained 55 years of age and have completed five or more years of creditable service. The Separation Allowance is equal to 0.85 percent of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly.

All full-time County law enforcement officers are covered by the Separation Allowance. At December 31, 2022, the Separation Allowance’s membership consisted of:

Retirees receiving benefits	17
Inactive Members Entitled To But Not Yet Receiving Benefits	0
Active plan members	<u>67</u>
Total	<u><u>84</u></u>

\*The number of Inactive Members Currently Receiving Benefits may differ from the number of inactive members provided by the employer due to the use of rounded ages as of the valuation date.

***2. Summary of Significant Accounting Policies.***

*Basis of Accounting.* The County has chosen to fund the Separation Allowance on a pay as you go basis by making a deposit to the Post-Employment Benefits Fund from the General fund in prior years and to a trust created and funded in July 2021. The amount of this contribution is based on the prior year actuarial study. Pension expenditures are made from the Post Employment Benefits Fund, which is maintained on the modified accrual basis of accounting. Employer contributions to the plan are recognized when due and when the County has made a formal commitment to provide the contributions. Benefits are recognized when due and payable in accordance with the terms of the plan.

The Separation Allowance has \$624,456 of assets accumulated in a trust that meets the following criteria which are outlined in GASB Statement 68 as of June 30, 2024. The initial deposit of \$500,000 to the trust was made in July 2021 and a subsequent deposit of \$100,000 was added to the trust in fiscal year 2023.

### 3. Actuarial Assumptions

The entry age actuarial cost method was used in the December 31, 2022 valuation. The net pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Projected salary increases	3.25% to 7.75%, including inflation and productivity factor
Discount rate	4.00%, net of pension plan investment inflation

The discount rate is based on the S&P Municipal Bond 20-year High Grade Rate Index.

The actuarial assumptions used in the December 31, 2022 valuation were based on the results of an experience study completed by the actuary for the Local Government Employees' Retirement System for the five year period ending December 31, 2019.

*Mortality Assumption:* All mortality rates use Pub-2010 amount-weighted tables.

*Mortality Projection:* All mortality rates are projected from 2010 using generational improvement with Scale MP-2019.

*Deaths Prior to Retirement:* Mortality rates are based on the Safety Mortality Table for Employees.

*Deaths After Retirement (Healthy):* Mortality rates are based on the Safety Mortality Table for Retirees. Rates for all members are multiplied by 97% and Set Forward by 1 year.

*Deaths After Retirement (Disabled):* Mortality rates are based on the Non-Safety Mortality Table for Disabled Retirees. Rates are Set Back 3 years for all ages.

*Deaths After Retirement (Beneficiary):* Mortality rates are based on the below-median Teachers Mortality Table for Contingent Survivors. Rates for male members are Set Forward 3 years. Rates for female members are Set Forward 1 year. Because the contingent survivor tables have no rates prior to age 45, the Below-median Teachers Mortality Table for Employees is used for ages less than 45.

### 4. Contributions.

The County is required by Article 12D of G.S. Chapter 143 to provide these retirement benefits and has chosen to fund the amounts necessary to cover the benefits earned on a pay as you go basis through appropriations made in the LEOSSA Trust. There were no contributions made by employees. The County's obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. Administration costs of the Separation Allowance are financed through investment earnings. The County paid \$208,664 as benefits came due for the reporting period.

***Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions***

At June 30, 2024, the County reported a net pension liability of \$3,012,423. The net pension liability was measured as of December 31, 2023 based on a December 31, 2022 actuarial valuation. The net pension liability was rolled forward to June 30, 2024 utilizing update procedures incorporating the actuarial assumptions. For the year ended June 30, 2023, the County recognized pension expense of \$402,728.

	<b><u>Deferred Outflows of Resources</u></b>	<b><u>Deferred Inflows of Resources</u></b>
Differences between expected and actual experience	\$ 220,004	\$ -
Change in assumptions and inputs	390,932	441,280
Net difference between projected and actual earnings on pension plan investments	-	72,460
County contributions subsequent to the measurement date	112,323	-
Total	<b><u>\$ 723,259</u></b>	<b><u>\$ 513,740</u></b>

\$112,323 reported as deferred outflows of resources related to pensions resulting from benefit payments made and administrative expenses incurred subsequent to the measurement date will be recognized as a decrease of the net pension liability in the year ending June 30, 2025. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ended June 30,</u>	
2025	\$ 137,521
2026	69,352
2027	(88,362)
2028	(47,726)
2029	26,411
Thereafter	-
	<b><u>\$ 97,196</u></b>

*Sensitivity of the County's net pension liability to changes in the discount rate.* The following presents the County's net pension liability calculated using the discount rate of 4.00%, as well as what the County's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (3.00%) or 1-percentage-point higher (5.00% percent) than the current rate:

	<u>1% Decrease (3.00%)</u>	<u>Discount Rate (4.00%)</u>	<u>1% Increase (5.00%)</u>
Net pension liability	\$ 3,333,497	\$ 3,012,423	\$ 2,721,624

Schedule of Changes in Total Pension Liability  
Law Enforcement Officers' Special Separation Allowance

	<u>Pension Liability</u>	<u>Plan Net Position</u>	<u>Net Pension Liability</u>
Balance at December 31, 2022	\$3,363,634	\$ 504,744	\$ 2,858,890
Changes for the Year:			
Service Cost	136,582	-	136,582
Interest	140,476	-	140,476
Difference between expected and actual experience	117,687	-	117,687
Changes of assumptions or other inputs	87,164	-	87,164
Contributions - employer	-	208,664	(208,664)
Net investment income	-	119,712	(119,712)
Benefits paid	(208,664)	(208,664)	-
Net changes	<u>273,245</u>	<u>119,712</u>	<u>153,533</u>
Balance at December 31, 2023	<u>\$3,636,879</u>	<u>\$ 624,456</u>	<u>\$ 3,012,423</u>

*Changes of assumptions:*

- December 31, 2023 Measurement Date: The Municipal Bond Index Rate decreased from 4.31% to 4.00%.
- December 31, 2022 Measurement Date: The Municipal Bond Index Rate increased from 2.25% to 4.31%.
- December 31, 2021 Measurement Date: The Municipal Bond Index Rate increased from 1.93% to 2.25%.
- December 31, 2020 Measurement Date: The Municipal Bond Index Rate decreased from 3.26% to 1.93%. Based on the results of an experience study completed by the actuary for the Local Government Employees' Retirement System for the five-year period ending December 31, 2019, the following assumptions were updated: mortality rates, salary increase rates, service retirement rates, disability retirement rates, termination rates, real wage growth, and leave conversion service.
- December 31, 2019 Measurement Date: The Municipal Bond Index Rate decreased from 3.64% to 3.26%.
- December 31, 2018 Measurement Date: The Municipal Bond Index Rate increased from 3.16% to 3.64%.
- December 31, 2017 Measurement Date: The Municipal Bond Index Rate decreased from 3.86% to 3.16%. The assumed inflation rate was reduced from 3.00% to 2.50% and assumed wage inflations was increased from 0.05% to 1.00%.

- December 31, 2016 Measurement Date: The Municipal Bond Index Rate increased from 3.57% to 3.86%.

The plan currently uses mortality tables that vary by age, and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2022 valuation were based on the results of an actuarial experience study as of December 31, 2019.

### **c. Supplemental Retirement Income Plan for Law Enforcement Officers**

*Plan Description.* The County contributes to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to law enforcement officers employed by the County. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan for Law Enforcement Officers is included in the Annual Comprehensive Financial Report (ACFR) for the State of North Carolina. The State's ACFR includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan for Law Enforcement Officers. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

*Funding Policy.* Article 12E of G.S. Chapter 143 requires the County to contribute each month an amount equal to five percent of each officer's salary, and all amounts contributed are vested immediately. Also, the law enforcement officers may make voluntary contributions to the plan.

Contributions for the year ended June 30, 2024, were \$253,877 from the County. No amounts were forfeited.

### **d. Supplemental Retirement Income Plan for County Employees**

*Plan Description.* The County, by passage of a local resolution, has elected to contribute to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to County employees not engaged in law enforcement activities. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan for Non-Law Enforcement Officers is included in the Annual Comprehensive Financial Report (ACFR) for the State of North Carolina. The State's ACFR includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan for Non-Law Enforcement Officers. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

*Funding Policy.* The County established a contribution amount equal to 5.68% of each employee's salary, and all amounts contributed are vested immediately. Also, the employees may make voluntary contributions to the plan. Contributions for the year ended June 30, 2024 were \$1,247,385 from the County and \$595,183 from County employees. No amounts were forfeited.

**e. Registers of Deeds' Supplemental Pension Fund**

*Plan Description.* Currituck County also contributes to the Registers of Deeds' Supplemental Pension Fund (RODSPF), a noncontributory, defined benefit plan administered by the North Carolina Department of State Treasurer. RODSPF provides supplemental pension benefits to any eligible county register of deeds who is retired under the Local Government Employees' Retirement System (LGERS) or an equivalent locally sponsored plan. Article 3 of G.S. Chapter 161 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Registers of Deeds' Supplemental Pension Fund is included in the Annual Comprehensive Financial Report (ACFR) for the State of North Carolina. The State's ACFR includes financial statements and required supplementary information for the Registers of Deeds' Supplemental Pension Fund. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at [www.osc.nc.gov](http://www.osc.nc.gov).

*Benefits Provided.* An individual's benefits for the year are calculated as a share of accumulated contributions available for benefits for that year, subject to certain statutory limits. An individual's eligibility is based on at least 10 years of service as a register of deeds with the individual's share increasing with years of service. Because of the statutory limits noted above, not all contributions available for benefits are distributed.

*Contributions.* Benefits and administrative expenses are funded by investment income and 1.5% of the receipts collected by each County Commission under Article 1 of Chapter 161 of the North Carolina General Statutes. The statutory contribution currently has no relationship to the actuary's required contribution. The actuarially determined contribution this year and for the foreseeable future is zero. Registers of Deeds do not contribute. Contribution provisions are established by General Statute 161-50 and may be amended only by the North Carolina General Assembly. Contributions to the pension plan from the County were \$3,186 for the year ended June 30, 2024.

***Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions***

At June 30, 2024, the County reported an asset of \$46,183 for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2023. The total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of December 31, 2022. The total pension liability was then rolled forward to the measurement date of June 30, 2023 utilizing update procedures incorporating the actuarial assumptions.

The County's proportion of the net pension asset was based on the County's share of contributions to the pension plan, relative to contributions to the pension plan of all participating RODSPF employers. At June 30, 2023 (measurement date), the County's proportion was 0.384%, which was a decrease of 0.052% from its proportion measured as of June 30, 2022.

For the year ended June 30, 2024, the County recognized pension expense of \$12,344. At June 30, 2024, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ -	\$ 2,045
Change in assumptions	-	-
Net difference between projected and actual earnings on pension plan investments	23,458	-
Changes in proportion and differences between County contributions and proportionate share of contributions	12,511	-
County contributions subsequent to the measurement date	3,186	-
Total	<u>\$ 39,155</u>	<u>\$ 2,045</u>

\$3,186 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as an increase of the net pension asset in the year ended June 30, 2025. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2025	\$ 14,576
2026	11,059
2027	6,810
2028	1,479
2029	-
Thereafter	-
	<u>\$ 33,924</u>

*Actuarial Assumptions:* The total pension liability in the December 31, 2022 actuarial valuation was *determined* using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50 percent
Salary increases	3.25 to 8.25 percent, including inflation and productivity factor
Investment rate of return	3.00 percent, net of pension plan investment expense, including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements. The actuarial assumptions used in the December 31, 2022 valuation were based on the results of an actuarial experience study as of December 31, 2019.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The adopted asset allocation policy for the RODSPF is 100% in the fixed income asset class. The best estimate of arithmetic real rate of return for the fixed income asset class as of June 30, 2024 is 0.90%.

The information above is based on 30-year expectations developed with the consulting actuary for the 2023 asset, liability, and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 2.50%. All rates of return and inflation are annualized.

*Discount rate.* The discount rate used to measure the total pension liability was 3.00%. The projection of cash flows used to determine the discount rate assumed that contributions from employers will be made at statutorily required rates. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

*Sensitivity of the County's proportionate share of the net pension asset to changes in the discount rate.* The following presents the County's proportionate share of the net pension asset calculated using the discount rate of 3.00 percent, as well as what the County's proportionate share of the net pension asset would be if it were calculated using a discount rate that is 1-percentage-point lower (2.00 percent) or 1-percentage-point higher (4.00 percent) than the current rate:

	<b>1% Decrease (2.00%)</b>	<b>Discount Rate (3.00%)</b>	<b>1% Increase (4.00%)</b>
County's proportionate share of the net pension liability (asset)	\$ (31,525)	\$ (46,183)	\$ (58,542)

*Pension plan fiduciary net position.* Detailed information about the pension plan's fiduciary net position is available in the separately issued Annual Comprehensive Financial Report (ACFR) for the State of North Carolina.

**f. Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

The net pension liability (asset) for LGERS and ROD was measured as of June 30, 2023, and the total pension liability (asset) used to calculate the net pension liability (asset) was determined by an actuarial valuation as of December 31, 2022. The total pension liability for LEOSSA was measured as of December 31, 2023, with an actuarial valuation date of December 31, 2022. The County's proportion of the net pension liability (asset) was based on the County's share of contributions to the pension plan relative to the contribution of all participating entities. Following is information related to the proportionate share and pension expense:

	<u>LGERS</u>	<u>ROD</u>	<u>LEOSSA</u>	<u>Total</u>
Proportionate Share of Net Pension Liability (Asset)	\$ 19,696,531	\$ (46,183)	n/a	\$ 19,650,348
Proportion of the Net Pension Liability (Asset)	0.29739%	0.38431%	n/a	n/a
Total Pension Liability	-	-	\$3,012,423	\$ 3,012,423
Pension expense (benefit)	\$ 5,581,341	\$ 12,344	\$ 402,728	\$ 5,996,413

At June 30, 2024, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<b>Deferred Outflows of Resources</b>	<b>LGERS</b>	<b>ROD</b>	<b>LEOSSA</b>	<b>Total</b>
Differences between expected and actual experience	\$ 2,194,777	\$ -	\$ 220,004	\$ 2,414,781
Changes of assumptions	836,989	-	390,932	1,227,921
Changes in proportion and differences between County contributions and proportionate share of contributions	203,002	12,511	-	215,513
Net difference between projected and actual earnings on pension plan investments	5,271,654	23,458	-	5,295,112
County contributions (LGERS,ROD)/benefit payments and administration costs (LEOSSA) subsequent to the measurement date	3,308,455	3,186	112,323	3,423,964
<b>Deferred Inflows of Resources</b>				
Differences between expected and actual experience	47,250	2,045	-	49,295
Net difference between projected and actual earnings on pension plan investments	-	-	72,460	72,460
Changes of assumptions	-	-	441,280	441,280
Changes in proportion and differences between County contributions and proportionate share of contributions	427,660	-	-	427,660

**g. Firefighters’ and Rescue Squad Workers’ Pension Fund**

*Plan Description.* The State of North Carolina contributes, on behalf of the County of Currituck, to the Firefighters’ and Rescue Squad Workers’ Pension Fund (FRSWPF), a cost-sharing multiple-employer defined benefit pension plan with a special funding situation administered by the State of North Carolina. FRSWPF provides pension benefits for eligible fire and rescue squad workers who have elected to become members of the fund. Article 86 of G.S. Chapter 58 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Firefighters’ and Rescue Squad Workers’ Pension Fund is included in the Annual Comprehensive Financial Report (ACFR) for the State of North Carolina.

The State's ACFR includes financial statements and required supplementary information for the Firefighters' and Rescue Squad Workers' Pension Fund. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at [www.osc.nc.gov](http://www.osc.nc.gov).

*Benefits Provided.* FRSWPF provides retirement and survivor benefits. The present retirement benefit is \$170 per month. Plan members are eligible to receive the monthly benefit at age 55 with 20 years of creditable service as a firefighter or rescue squad worker and have terminated duties as a firefighter or rescue squad worker. Eligible beneficiaries of members who die before beginning to receive the benefit will receive the amount paid by the member and contributions paid on the member's behalf into the plan. Eligible beneficiaries of members who die after beginning to receive benefits will be paid the amount the member contributed minus the benefits collected.

*Contributions.* Plan members are required to contribute \$10 per month to the plan. The State, a non-employer contributor, funds the plan through appropriations. The County does not contribute to the plan. Contribution provisions are established by General Statute 58-86 and may be amended only by the North Carolina General Assembly. The State's contributions recognized for the fiscal year ending June 30, 2024 were \$19,702,208. The County's proportionate share of the State's contribution is \$22,768.

*Refunds of Contributions* – Plan members who are no longer eligible or choose not to participate in the plan may file an application for a refund of their contributions. Refunds include the member's contributions and contributions paid by others on the member's behalf. No interest will be paid on the amount of the refund. The acceptance of a refund payment cancels the individual's right to employer contributions, or any other benefit provided by FRSWPF.

***Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions***

At June 30, 2024, the County reported no liability for its proportionate share of the net pension liability, as the State provides 100% pension support to the County through its appropriations to the FRSWPF. The total portion of the net pension liability (asset) that was associated with the County and supported by the State was \$10,758. The net pension liability (asset) was measured as of June 30, 2023. The total pension liability (asset) used to calculate the net pension liability (asset) was determined by an actuarial valuation as of December 31, 2022. The total pension liability was then rolled forward to the measurement date of June 30, 2023 utilizing update procedures incorporating the actuarial assumptions. The County's proportion of the net pension liability (asset) was based on a projection of the County's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers. As the County is not projected to make any future contributions to the plan, its proportionate share at June 30, 2024 and at June 30, 2023 was 0%.

For the year ended June 30, 2024, the County recognized pension expense of \$11,156 and pension revenue of \$11,156 for support provided by the State. At June 30, 2024, the County reported no deferred outflows of resources and no deferred inflows of resources related to pensions.

*Actuarial Assumptions.* The total pension liability in the December 31, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3%
Salary increases	Not applicable
Investment rate of return	7.00%, net of pension plan investment expense, including inflation

For more information regarding actuarial assumptions, including mortality tables, the actuarial experience study, the consideration of future ad hoc COLA amounts, the development of the projected long-term investment returns, and the asset allocation policy, refer to the discussion of actuarial assumptions for the LGERS plan in Section a. of this note.

*Discount rate.* The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

*Pension plan fiduciary net position.* Detailed information about the pension plan’s fiduciary net position is available in the separately issued Annual Comprehensive Financial Report (ACFR) for the State of North Carolina.

**h. Deferred Compensation Plan**

The County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, which is available to all County employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or an unforeseeable emergency. All assets and income of the plan are held in trust by a third-party administrator for the exclusive benefit of the plan participants and their beneficiaries.

**i. Other Post Employment Benefits**

**Healthcare Benefits**

*Plan Description.* According to a County resolution, the County administers a single-employer defined benefit Healthcare Benefits Plan (the HCB Plan). The County Board has the authority to establish and amend the benefit terms and financing requirements. Funding of a trust occurred in July 2021 with an initial deposit of \$500,000. The trust meets the criteria in paragraph 4 of GASB Statement 75.

*Benefits Provided.* Prior to September 2, 2007, retirees qualified for pro-rated healthcare benefits beginning with ten years of active service. Employees hired on or after January 8, 2017 qualified for retiree healthcare benefits with 20 years of active service. Employees hired on or after January 8, 2017 do not qualify for retiree healthcare benefits. Retirees who are eligible for coverage receive the same coverage as active employees until the retiree is eligible for Medicare. Coverage for all retirees who are eligible for Medicare will be transferred to a Medicare Supplemental plan after qualifying for Medicare. The County governing board may amend the benefit provisions. A separate report was not issued for the plan.

Retired Employees' Years of Creditable Service	Prior to September 1, 2007	Date Hired	
		September 1, 2007 through January 7, 2017	On or after January 8, 2017
Less than 10 years	Not eligible for coverage	Not eligible for coverage	Not eligible for coverage
10 to less than 15 years	County pays 50%	Not eligible for coverage	Not eligible for coverage
15 to less than 20 years	County pays 75%	Not eligible for coverage	Not eligible for coverage
20+ years	County pays 100%	County pays 100%	Not eligible for coverage

Membership of the HCB Plan consisted of the following at June 30, 2022, the date of the latest actuarial valuation:

	<u>Employees</u>
Inactive Employees or Beneficiaries Currently Receiving Benefits	79
Inactive Members Entitled to but not yet receiving benefits	-
Active plan members	<u>216</u>
Total	<u>295</u>

**Investments**

*Investment Policy.* The HCB Plan’s policy regarding the allocation of invested assets is established and may be amended by the Board of Commissioners by a majority vote of its members. It is the policy of the Board to pursue an investment strategy that reduces risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes. The HCB Plan discourages the use of cash equivalents, except for liquidity purposes, and aims to refrain from dramatically shifting asset allocations over short time spans. Investments are valued at fair value. The following was the Board’s adopted asset allocation policy and best estimate of arithmetic real rates of return for each major asset class as of June 30, 2024:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash and Cash Equivalents	100.00%	3.00%

*Rate of Return.* For the year ended June 30, 2023, the long-term investment expected rate of return, net of OPEB plan investment expense, including price inflation was 3.00%.

The components of the net OPEB liability of the County at June 30, 2024 were as follows:

Total OPEB Liability	\$33,111,677
Plan fiduciary net position	742,275
County's net OPEB liability	<u>\$32,369,402</u>

Plan fiduciary net position as a percentage of the total OPEB liability	2.24%
---	-------

### Net OPEB Liability

The County's Net OPEB liability of \$32,369,402 was measured as of June 30, 2024 and was determined by an actuarial valuation as of June 30, 2022.

*Actuarial assumptions and other inputs.* The total OPEB liability in the actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

Inflation	2.50 %
Real wage growth	0.75 %
Wage inflation	3.25 %
Salary increases, including wage inflation	
General employees	3.25% - 8.41%
Firefighters	3.25% - 8.15%
Law Enforcement Officers	3.25% - 7.90%
Municipal Bond Index Rate	
Prior Measurement Date	3.65%
Measurement Date	3.93%
Health Care Cost Trends	
Pre-Medicare	7.00% for 2022 decreasing to an ultimate rate of 4.50% by 2032
Medicare	5.125% for 2022 decreasing to an ultimate rate of 4.50% by 2025
Dental	3.50%

The discount rate used to measure TOL was based on the Single Equivalent Interest Rate.

Mortality rates were based on the PUB-2010 mortality tables, with adjustments for LGERS experience and generational mortality improvements using Scale MP-2019.

The demographic actuarial assumptions for retirement, disability, incidence withdrawal, and salary increases used in the June 30, 2022 valuation were based on the results of an actuary study for the period January 1, 2015 through December 31, 2019, adopted by the LGERS Board.

The remaining actuarial assumptions (e.g., health care costs trends, rate of plan participation, rates of plan election, etc.) used in the June 30, 2022 valuation were based on a review of the recent plan experience performed concurrently with the June 2022 valuation.

Several factors should be considered in evaluating the long-term rate of return assumption, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) are developed by the investment consultant for each major asset class. These ranges should be combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The capital market assumptions developed by the investment consultant may cover a shorter investment horizon and may not be useful in setting the long-term rate of return for funding OPEB plans which are likely to cover a longer timeframe. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the market that alters expected returns in future years.

As of the most recent adoption of the current long-term rate of return by the Plan, the target asset allocation for each major asset class, as provided by the Plan, are: Cash and Equity Index Fund with a target allocation of 100%.

*Discount Rate (SEIR).* The discount rate used to measure the TOL as of the Measurement Date was 3.93%. The projection of cash flows used to determine the discount rate was performed in accordance with GASB 74. The projection's basis was an actuarial valuation performed as of June 30, 2022. In addition to the actuarial methods and assumptions of the June 30, 2022 actuarial valuation, the following actuarial methods and assumptions were used in the projection of cash flows:

- Total payroll for the initial projection year consists of the payroll of the active membership present on the valuation date. In subsequent projection years, total payroll was assumed to increase annually using the payroll growth assumptions.
- Active employees do not explicitly contribute to the Plan.
- In all years, the employer is assumed to contribute the average of the last 5 years of contributions to the Plan through deposits to the Trust. The employer is assumed to have the ability and willingness to make benefit payments from its own resources for all periods in the projection.
- Projected assets do not include employer contributions that fund the estimated service costs of future employees.
- Cash flows occur mid-year.

Based on these assumptions, the Plan’s FNP was projected to be depleted in 2024 and, as a result, the Municipal Bond Index Rate was used in the determination of the SEIR. Here, the long-term expected rate of return of 3.00% on Plan investments was applied to periods through 2024 and the Municipal Bond Index Rate at the Measurement Date (3.93%) was applied to periods on and after 2024, resulting in an SEIR at the Measurement Date (3.93%). There was a change in the discount rate from 3.65% at the Prior Measurement Date to 3.93% at the Measurement Date.

The FNP projections are based upon the Plan’s financial status on the Measurement Date, the indicated set of methods and assumptions, and the requirements of GASB 74. As such, the FNP projections are not reflective of the cash flows and asset accumulations that would occur on an ongoing plan basis, reflecting the impact of future members. Therefore, the results of this test do not necessarily indicate whether or not the fund will actually run out of money, the financial condition of the Plan, or the Plan’s ability to make benefit payments in future years.

*Sensitivity of the net OPEB liability to changes in the discount rate.* At June 30, 2024, the following represents the net OPEB liability of the County, as well as what the County’s net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher 1% than the current discount rate:

	<u>1% Decrease</u> <u>(2.93%)</u>	<u>Discount Rate</u> <u>(3.93%)</u>	<u>1% Increase</u> <u>(4.93%)</u>
Net OPEB liability	\$ 38,074,953	\$ 32,369,402	\$ 27,841,526

*Sensitivity of the net OPEB liability to changes in the healthcare cost trend rates.* The following presents the net OPEB liability of the County, as well as what the County’s net OPEB liability would be determined using a different discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	<u>1% Decrease</u>	<u>Trend Rate</u>	<u>1% Increase</u>
Net OPEB liability	\$ 25,955,714	\$ 32,369,402	\$ 39,353,737

## Changes in the Net OPEB Liability

*Changes in Net OPEB Liability, OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB.*

At June 30, 2024, the County reported a net OPEB liability of \$32,369,402. The total OPEB liability was determined by an actuarial valuation as of June 30, 2022. The total OPEB liability was then rolled forward to the measurement date of June 30, 2024, utilizing update procedures incorporating the actuarial assumptions.

At June 30, 2024, the components of the net OPEB liability of the County, measured as of June 30, 2024 were as follows:

	Total OPEB Liability (a)	Plan Fiduciary Net Position (b)	Net OPEB Liability (a) - (b)
Balance at June 30, 2023	\$ 33,307,458	\$ 712,450	\$ 32,595,008
Changes for the Year:			
Service Cost at the End of the Year *	936,428	-	936,428
Interest on TOL and Cash Flows	1,205,291	-	1,205,291
Change in benefit terms	-	-	-
Difference between expected and actual experience	(296,830)	-	(296,830)
Changes of assumptions or other inputs	(1,463,796)	-	(1,463,796)
Contributions - employer **	-	587,144	(587,144)
Contributions - non-employer	-	-	-
Net investment income	-	29,825	(29,825)
Benefit payments **	(576,874)	(576,874)	-
Plan administrative expenses	-	(10,270)	10,270
Other changes	-	-	-
Net changes	<u>(195,781)</u>	<u>29,825</u>	<u>(225,606)</u>
Balance at June 30, 2024	<u>\$ 33,111,677</u>	<u>\$ 742,275</u>	<u>\$ 32,369,402</u>

\* The service cost includes interest for the year.

\*\* Employer contributions and benefit payments include benefit payment amounts paid outside of the Trust.

Changes in benefit terms since prior measurement date: None

Changes in assumptions or other inputs since prior measurement date:

- Change in discount rate
- Change in medical trend and dental trend

*OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources  
Related to OPEB*

**OPEB Expense  
For the Year Ended June 30, 2024**

Service Cost at the End of the Year *	\$ 936,428
Interest on TOL and Cash Flows	1,205,291
Current period benefit changes	-
Expensed portion of the current period difference between expected and actual experience	(49,804)
Expensed portion of the current period change of assumptions or other inputs	(245,603)
Active member contributions	-
Projected earnings on plan investments	(21,374)
Expensed portion of current-period differences between actual and projected earnings on plan investments	(1,690)
Administrative costs **	10,270
Other	-
Recognition of beginning Deferred Outflow of Resources as OPEB Expense	1,044,497
Recognition of beginning Deferred Inflows of Resources as OPEB Expense	<u>(2,835,504)</u>
OPEB Expense (Income)	<u><u>\$ 42,511</u></u>

\*The service cost includes interest for the year.

\*\* Administrative cost are based on the fees paid from the Trust and any additional cost paid as reported outside the Trust. Any costs paid outside of Trust may need to be included as an employer contribution.

For the year ended June 30, 2024, the County recognized OPEB expense of \$42,511. At June 30, 2024, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ 27,851	\$ 3,704,408
Change in assumptions and inputs	3,271,166	6,844,665
Net difference between projected and actual earnings on pension plan investments	-	247
Total	<u>\$ 3,299,017</u>	<u>\$ 10,549,320</u>

Amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2025	\$ (1,910,778)
2026	(1,631,808)
2027	(1,792,590)
2028	(1,631,536)
2029	(283,591)
Thereafter	-
	<u>\$ (7,250,303)</u>

#### **j. Other Employment Benefits**

##### **Death Benefits**

The County has elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Governmental Employees' Retirement System (Death Benefit Plan), a multiple-employer, State-administered, cost-sharing plan funded on a one-year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest months' salary in a row during the 24 months prior to the employee's death, but the benefit will be a minimum of \$25,000 and will not exceed \$50,000. Because all death benefit payments are made from the Death Benefit Plan and not by the County, the County does not determine the number of eligible participants. The County has no liability beyond the payment of monthly contributions. The contributions to the Death Benefit Plan cannot be separated between the post-employment benefit amount and the other benefit amount. Contributions are determined as a percentage of monthly payroll based upon rates established annually by the State. Separate rates are set for employees not engaged in law enforcement and for law enforcement officers. The County considers these contributions to be immaterial.

### **3. Closure and Postclosure Care Costs - Maple Landfill Facility**

The County closed its Maple landfill facility, Airport Road, on April 7, 1994, at which time its waste stream began to flow to a private, regional municipal solid waste landfill through the Albemarle Regional Solid Waste Authority. Federal and State laws required the County to place a final cover on the facility when it stopped accepting waste and to perform certain maintenance and monitoring functions at the site for five years after closure. Total estimated closure and postclosure care cost was \$512,949. As of June 30, 2002, this liability was paid in full. These amounts are based on what it would cost to perform all closure and postclosure care in fiscal year 2002. Actual costs may be higher due to inflation, changes in technology, or changes in the regulations. Since the County met the conditions of the extended closure date of April 9, 1994, it is subject to the financial assurance regulations. However, the County has accumulated resources for the payment of closure and postclosure care costs.

## **5. Risk Management**

The County is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County participates in three self-funded risk-financing pools administered by the North Carolina Association of County Commissioners. Through these pools, the County obtains property coverage equal to replacement cost values of owned property subject to a limit of \$125.5 million for any one occurrence, general, auto, professional, and employment practices liability coverage of \$2 million per occurrence, auto physical damage coverage for owned autos at actual cash value, crime coverage of \$250,000 per occurrence, workers' compensation coverage up to the statutory limits, and health and dental insurance for County employees. The pools are audited annually by certified public accountants, and the audited financial statements are available to the County upon request. Two of the pools are reinsured through a multi-state public entity captive for single occurrence losses in excess of \$500,000 up to a \$2 million limit for liability coverage, \$600,000 of aggregate annual losses in excess of \$50,000 per occurrence for property, auto physical damage, and crime coverage, and single occurrence losses of \$350,000 for workers' compensation. For health and dental insurance, the County is reinsured through the Pool for individual losses in excess of \$50,000 and aggregate annual losses in excess of 115% of expected claims. The pool is reinsured through commercial carrier for individual losses in excess of \$100,000.

The County carries flood insurance through the National Flood Insurance Plan (NFIP). Because the County is in an area of the State that has been mapped and designated an "A" area (an area close to a river, lake or stream) by the Federal Emergency Management Agency, the County is eligible to purchase coverage of \$500,000 per structure through NFIP. The County currently has this coverage on the Whalehead Hunt Club and Restrooms Historic Corolla Park and the Moyock Library.

In accordance with G. S. 159-29, the County's employees that have access to \$100 or more at any given time of the County's funds are performance bonded through a commercial surety bond. The Director of Finance is individually bonded for \$1,000,000 and the tax collector is individually bonded for \$50,000. The remaining employees that have access to funds are bonded under a blanket bond for \$25,000.

The County carries commercial coverage for all other risks of loss. There have been no significant reductions in insurance coverage from the previous year and settled claims have not exceeded coverage in any of the past three fiscal years.

The ABC Board is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The ABC Board has property, general liability, auto liability, workmen's compensation and employee health coverage. The ABC Board does not have liquor legal liability coverage. There have been no significant reductions in insurance coverage from the prior year and settled claims have not exceeded coverage in any of the past three fiscal years.

## 6. Contingent Liabilities

At June 30, 2024, the County was a defendant to various lawsuits. In the opinion of the County's management and the County attorney, the ultimate effect of these legal matters will not have a material adverse effect on the County's financial position.

## 7. Long-Term Obligations

### a. Direct Placement Installment Purchase

#### **Serviced by the County's General Fund:**

**\$21,400,000** 2020 Installment Purchase Agreement for construction of the Public Safety Building with semi-annual principal payments of \$1,070,000 plus interest of 2.52% due September 27th and March 27th through September 2029. \$ 11,770,000

**Totalled serviced by the General Fund** \$ 11,770,000

#### **Serviced by the Ocean Sands Water and Sewer District Fund:**

\$7,500,000 2017 Installment Purchase Agreement for replacement of the Ocean Sands Sewer, dated October 27, 2017 with semi-annual principal payments and interest payments due June 19th and December 19th, \$500,000 2020 through 2032; \$250,000 2033; interest at 2.45% 4,250,000

**Total serviced by the Enterprise Funds** 4,250,000

**Total Direct Placement Installment Purchase Debt** \$ 16,020,000

Annual debt service requirements to maturity for the County's and the Districts' installment purchase agreement debts are as follows:

Year Ending June 30	Governmental Activities		Business-type Activities	
	Principal	Interest	Principal	Interest
2025	\$ 2,140,000	\$ 283,122	\$ 500,000	\$ 101,063
2026	2,140,000	229,194	500,000	88,812
2027	2,140,000	175,266	500,000	76,562
2028	2,140,000	121,338	500,000	64,313
2029	2,140,000	67,410	500,000	52,062
2030-2034	1,070,000	13,482	1,750,000	85,750
	<u>\$ 11,770,000</u>	<u>\$ 889,812</u>	<u>\$ 4,250,000</u>	<u>\$ 468,562</u>

Debt Related to Capital Activities – Of the total Governmental Activities debt listed, all relates to assets the County holds title.

**b. General Obligation Indebtedness**

As of June 30, 2024, there is no general obligation debt serviced by the County's general fund or the County proprietary funds.

At June 30, 2024, Currituck County had no bonds authorized but un-issued and a legal debt margin of \$625,121,443.

**c. Revenue Bonds**

The County also issues bonds where the government pledges income derived from the acquired or constructed assets to pay debt service. No amounts outstanding at the end of the current fiscal year related to bonds issued in prior years. On March 20, 2008, \$19,000,000 of revenue bonds were issued to finance construction of a reverse osmosis water treatment facility and to expand the distribution system on the County mainland.

The rate covenant for this debt requires the County to fix service charges and from time to time to revise such charges in such manner that the net revenues for each fiscal year shall not be less than an amount necessary to provide debt service coverage of one hundred fifteen percent (115%) of the debt service requirement for all senior indebtedness for such fiscal year and one hundred percent (100%) of the debt service requirement for all subordinate debt for such fiscal year. If at the end of any fiscal year the County is not in compliance with the rate covenant, the County shall immediately notify the Local Government Commission and request an independent consulting engineer to submit a written report and recommendations with respect to increases in the County's rate, fees and other charges and improvements in the operations of and the services rendered by the Mainland Water System and the County's accounting and billing procedures necessary to bring the County into compliance with the rate covenant. The report and recommendations shall be filed with the Paying Agent, the County and the Commission within 120 days from the date of discovery of noncompliance with the rate covenant. The County shall promptly revise its rates, fees, charges, operations and services in conformity with the report and recommendations of the independent consulting engineer to the extent permitted by law. Currituck County is in compliance with the rate covenant at year end.

On October 15, 2014, \$9,500,000 of the outstanding debt was partially refunded, reducing the interest rate on that portion to 2.98%.

On February 1, 2015, the remaining \$6,415,000 of the outstanding debt was refunded reducing the interest rate on that portion to 2.71%.

Revenue bonds outstanding at year end are as follows:

**Revenue bonds serviced by the Mainland Water System Fund:**

**\$19,000,000** 2008 Revenue Bonds for Mainland Water reverse osmosis plant and distribution system expansion, dated March 20, 2008 with annual principal payments due March 1 and semi-annual interest payments due March 1 and September 1; interest at 2.98% and 2.71%.

	\$ 5,885,000
Total Revenue Bond debt	\$ 5,885,000

Annual debt service requirements to maturity for the revenue bonds are as follows:

Year Ending June 30	Business-type Activities	
	Principal	Interest
2025	\$ 1,385,000	\$ 168,969
2026	1,440,000	129,203
2027	1,500,000	87,858
2028	1,560,000	44,791
2029	-	-
Total	\$ 5,885,000	\$ 430,821

**d. Limited Obligation Bonds**

The County issued \$55,470,000 of Limited Obligation Bonds, Series 2023 bonds dated November 1, 2023, pursuant to Section 20 of Chapter 160A of the General Statutes of North Carolina. The bonds require annual principal payments due April 1 and semi-annual interest payments due April 1 and October 1 at a rate of 5%. Bonds mature April 1, 2038. The bonds are issued for the purpose of providing funds to the County to (i) pay the costs of acquiring, constructing, and equipping a new elementary school to be known as Tulls Creek Elementary School, to be located in Moyock, NC, and (ii) pay certain costs incurred in connection with the sale and issuance of the bonds. used to construct new school facilities in the County. The bonds are direct obligations and pledge the full faith and credit of the County.

Annual debt service requirements to maturity for the limited obligation bonds are as follows:

Year Ending June 30	Governmental Activities	
	Principal	Interest
2025	\$ 3,700,000	\$ 2,588,500
2026	3,700,000	2,403,500
2027	3,700,000	2,218,500
2028	3,700,000	2,033,500
2029	3,700,000	1,848,500
2030-2034	18,490,000	6,467,750
2035-2038	14,780,000	1,847,500
Total	\$ 51,770,000	\$ 19,407,750

**e. Leases**

The County has entered into thirteen agreements to lease certain equipment and office space. The lease agreements qualify as other than short-term leases under GASB 87 and, therefore, have been recorded at the present value of the future minimum lease payments as of the date of their inception. The lease agreements expire at various dates through 2043. The right to use assets are intangible assets and are recorded in the capital assets as noted in Note 2.A.5.

The following represents the future minimum lease payments for the governmental and business-type activities as of June 30, 2024:

Year Ending June 30	Governmental Activities		Business-type Activities	
	Principal	Interest	Principal	Interest
2025	\$ 164,367	\$ 31,270	\$ 16,779	\$ 1,821
2026	160,762	26,750	17,237	1,363
2027	165,119	22,263	17,706	891
2028	168,410	17,634	6,655	545
2029	59,560	14,064	6,855	345
2030-2034	123,582	58,908	4,660	140
2035-2039	174,813	36,742	-	-
2040-2043	151,271	5,238	-	-
	<u>\$ 1,167,884</u>	<u>\$ 212,869</u>	<u>\$ 69,892</u>	<u>\$ 5,105</u>

**f. IT Subscription Liabilities**

The County has entered into thirteen software subscription agreements that meet the reporting requirements of GASB 96. The contracts expire at various date through 2028. The right to use assets are intangible assets and are recorded in the capital assets as noted in Note 2.A.5.

The future minimum subscription obligations and the net present value of these minimum payments as of June 30, 2024, were as follows:

Year Ending June 30	Governmental Activities	
	Principal	Interest
2025	\$ 216,307	\$ 12,775
2026	108,434	7,658
2027	82,614	4,582
2028	86,592	2,321
Total	<u>\$ 493,947</u>	<u>\$ 27,336</u>

**g. Long-Term Obligation Activity**

The following is a summary of changes in the County's long-term obligations for the fiscal year ended June 30, 2024.

	Balance			Current	
	June 30, 2023	Increases	Decreases	Balance	Portion of
				June 30, 2024	Balance
Governmental activities:					
Direct placement installment purchase	\$ 13,910,000	\$ -	\$ 2,140,000	\$ 11,770,000	\$ 2,140,000
Limited obligation bonds	-	55,470,000	3,700,000	51,770,000	3,700,000
Premium on bonds	-	3,547,682	323,260	3,224,422	310,000
Lease liabilities	662,305	641,160	135,581	1,167,884	164,367
IT subscription liabilities	61,576	601,465	169,094	493,947	216,307
Compensated absences	1,182,058	-	2,803	1,179,255	589,625
Net pension liability (LGERS)	16,296,371	2,030,776	-	18,327,147	-
Net pension liability (LEOSSA)	2,858,890	153,533	-	3,012,423	-
Net OPEB liability	30,099,484	-	387,697	29,711,787	-
Total governmental activities	<u>\$ 65,070,684</u>	<u>\$ 62,444,616</u>	<u>\$ 6,858,435</u>	<u>\$ 120,656,865</u>	<u>\$ 7,120,299</u>
Business-type activities:					
Revenue bonded debt	\$ 7,215,000	\$ -	\$ 1,330,000	\$ 5,885,000	\$ 1,385,000
Direct placement installment purchase	4,750,000	-	500,000	4,250,000	500,000
Lease liabilities	86,227	-	16,335	69,892	16,779
Compensated absences	107,801	10,924	-	118,725	56,000
Net pension liability (LGERS)	1,193,185	176,199	-	1,369,384	-
Net OPEB liability	2,495,524	162,091	-	2,657,615	-
Total business-type activities	<u>\$ 15,847,737</u>	<u>\$ 349,214</u>	<u>\$ 1,846,335</u>	<u>\$ 14,350,616</u>	<u>\$ 1,957,779</u>
Discretely presented component units:					
Compensated absences - ABC Board	\$ 8,302	\$ 3,885	\$ -	\$ 12,187	\$ 12,187
Lease liabilities	-	189,500	18,500	171,000	36,000
Net pension liability	232,991	11,268	-	244,259	-
Total OPEB liability	193,297	10,690	-	203,987	-
Total discretely presented component units long-term liabilities	<u>\$ 434,590</u>	<u>\$ 215,343</u>	<u>\$ 18,500</u>	<u>\$ 631,433</u>	<u>\$ 48,187</u>

For the governmental funds, the unfunded pension liability and compensated absences are funded by the General fund.

## 8. Inter-fund Balances and Activity

Transfers to/from other funds at June 30, 2024, consists of the following:

From the General Fund to the Tourism Development Authority Fund for administration of beach driving permits	\$ 50,000
From the General Fund to the Corolla Fire District Fund to supplement cost of fire services in the Corolla Fire District	409,494
From the General Fund to the Corolla Fire District Fund to supplement cost of emergency medical services in the Corolla Fire District	1,021,795
From the General Fund to Knotts Island Fire District to supplement cost of fire services in the Knotts Island Fire District	414,208
From the General Fund to Knotts Island Fire District to supplement cost of emergency medical services in the Knotts Island Fire District	1,112,799
From the General Fund to the Fire Equipment Replacement Fund for equipment replacement	375,000
From the General Fund to the Solid Waste Fund to supplement operations	1,200,000
From the General Fund to the County Government Facilities Fund for renovations to the plumbing at the Detention Center	65,000
From the General Fund to the County Government Facilities Fund for the County match for the aviation fuel pumps	55,785
From the General Fund to the County Government Facilities Fund for generator at the Judicial Building	100,000
From the General Fund to the School Facilities Fund for County funded school repairs	93,000
<b>Total transfers from the General Fund</b>	<u>4,897,081</u>
From the Tourism Developmental Authority to the General Fund for administration of Occupancy Tax collections	210,000
From the Tourism Developmental Authority to the General Fund for indirect costs to administer tourism promotions	43,689
From the Tourism Developmental Authority to the General Fund for indirect costs to administer tourism related expenditures	83,378
From the Tourism Developmental Authority to the General Fund for Currituck County Rural Center expenditures	276,681
From the Tourism Developmental Authority to the General Fund to support seasonal EMS operations	2,130,108

From the Tourism Developmental Authority to the General Fund to support seasonal Sheriff operations	2,693,483
From the Tourism Developmental Authority to the General Fund for recreation field maintenance necessary for baseball/softball tournaments	10,000
From the Tourism Developmental Authority to the Carova Beach Road Service District to supplement road maintenance	30,000
From the Tourism Developmental Authority Fund to the County Governmental Facilities Fund to replace the boathouse roof at Historic Corolla Park	200,000
<b>Total transfers from the Tourism Development Authority Fund</b>	<u>5,677,339</u>
From Hog Bridge Ditch Watershed District to the General Fund for administration of district	710
From Northwest Watershed District to the General Fund for administration of district	142
From Whalehead Subdivision Drainage District to the General Fund for administration of district	47,948
From Moyock Watershed Service District to the General Fund for administration of district	8,389
From the Carova Beach Road Service Fund to the General Fund for administration of district	1,859
From the CARES Fund to the General Fund to close out grant funds incurred in the General Fund	33,433
<b>Total transfers from special revenue funds</b>	<u>92,481</u>
From the Capital Improvements Fund to the General Fund for FY 2024 capital purchases	1,131,759
From the Capital Improvements Fund to the County Governmental Construction fund for the Historic Courthouse Window and renovation project	1,000,000
From the Capital Improvements Fund to the County Governmental Construction fund for matchings funds for the PSAP grant	500,000
From the Capital Improvements Fund to the County Governmental Construction fund for matching funds for the monopole for 911 communications	1,200,000
From the Transfer Tax Capital Fund to the General Fund for debt on the Public Safety building	2,477,050

From the Transfer Tax Capital Fund to the General Fund for public works capital	87,421
From the Transfer Tax Capital Fund to the Land Banking Fund for future land purchases	200,000
From the School Capital Fund to the General Fund for school capital outlay	1,900,000
From the School Capital Fund to the School Multi-year Construction fund to	2,585,000
<b>Total Transfers from capital funds</b>	<u>11,081,230</u>
	<u>\$ 21,748,131</u>

## 9. Net Investment in Capital Assets

	<u>Governmental Activities</u>	<u>Business-type Activities</u>
Land, improvements, non depreciable collections and construction in progress	\$ 38,762,182	\$ 9,846,200
Other capital assets	203,534,836	113,252,864
Total capital assets	<u>242,297,018</u>	<u>123,099,064</u>

Total capital assets, net of depreciation	<u>140,224,009</u>	<u>57,900,890</u>
Right to use asset	2,131,333	109,441
Amortization	<u>(486,172)</u>	<u>(40,422)</u>
Total right of use asset, net of amortization	<u>1,645,161</u>	<u>69,019</u>
Outstanding revenue bonded debt	-	(5,885,000)
Outstanding installment purchase debt	(11,770,000)	(4,250,000)
Outstanding limited obligation bond debt	(51,770,000)	-
Unexpended bond proceeds	41,455,548	-
Unamortized premium	(3,224,422)	-
IT subscription liabilities	(493,947)	-
Lease liabilities	<u>(1,167,884)</u>	<u>(69,892)</u>
Total outstanding debt	<u>(26,970,705)</u>	<u>(10,204,892)</u>
Total capital assets, net of depreciation and debt	<u>\$ 114,898,465</u>	<u>\$ 47,765,017</u>

## 10. Fund Balance

Currituck County has a revenue spending policy that provides policy for programs with multiple revenue sources. The Finance Director will use resources in the following hierarchy: bond proceeds, federal funds, State funds, local non-county funds, county funds. For purposes of fund balance classification expenditures are to be spent from restricted fund balance first, followed in order by committed fund balance, assigned fund balance and lastly unassigned fund balance. The Finance Director has the authority to deviate from this policy if it is in the best interest of the County.

The following schedule provides management and citizens with information on the portion of General fund balance that is available for appropriation:

Total fund balance - General Fund	\$	50,098,719
Less:		
Inventories		1,051
Leases		26,705
County Governmental Assets		3,021,542
Stabilization by State Statute		4,077,773
Appropriated Fund Balance in subsequent budget		180,918
Tax Revaluation		1,016,568
Post Employment Benefit plans		69,343
Remaining Fund Balance	\$	41,704,819

Currituck County has not adopted a minimum fund balance policy for the General Fund.

### **III. Joint Ventures**

#### **Albemarle Regional Health Services**

The Board of Commissioners voted to join an already existing joint venture that operates Albemarle Regional Health Services with the State of North Carolina and four other counties became effective July 1, 1999. The area Boards of Commissioners appoints the fifteen member governing board. The County has an ongoing financial responsibility for Albemarle Regional Health Services because the County is required by State statute to provide public health services either directly or jointly with other counties. The County contributed \$328,367 to Albemarle Regional Health Services during the fiscal year ended June 30, 2024, for administrative and program expenses. The participating governments do not have any equity interest in the joint venture, so no equity interest has been reflected in the financial statements at June 30, 2024. Complete financial statements may be obtained from the administrative offices at Albemarle Regional Health Services, Post Office Box 189, Elizabeth City, North Carolina 27909.

#### **Trillium Health Resources**

The County participates in a joint venture to operate Trillium Health Resources with 19 other local governments. Currituck County appoints one board member to the twenty-four member board of the Center. The County has an ongoing financial responsibility for the joint venture because the Center's continued existence depends on the participating governments' continued funding. None of the participating governments have any equity interest in the Center, so no equity interest has been reflected in the financial statements at June 30, 2024. In accordance with the intergovernmental agreement between the participating governments, the County appropriated \$54,289 to the Center to supplement its activities, in addition to the \$13,210 from ABC bottle taxes collected. Complete financial statements may be obtained from Joy Futrell, Vice President of Operations, Trillium Health Resources, 144 Community College Road, Ahoskie, North Carolina 29710.

### **Albemarle Regional Solid Waste Authority**

The County participates in a joint venture to operate the Albemarle Regional Solid Waste Authority (Authority) with seven other counties, each of which appoints one voting and one nonvoting member to the Authority's governing board. The Authority was created to serve the solid waste disposal needs of the member counties and has subsequently contracted with a private regional landfill for waste disposal. The County has an ongoing financial responsibility for the Authority because it is legally obligated under an intergovernmental agreement for a portion of the Authority's administrative expenses, determined on a per capita basis among the members. The County contributed \$86,748 to the Authority during the fiscal year ended June 30, 2024, for administrative expenses. The participating governments do not have any equity interest in the joint venture, so no equity interest has been reflected in the financial statements at June 30, 2024. Complete financial statements for the Authority may be obtained from the Authority's administrative offices at Albemarle Regional Solid Waste Authority, Post Office Box 189, Elizabeth City, North Carolina 27907.

### **East Albemarle Regional Library**

The County participates in a joint venture to operate the East Albemarle Regional Library (Library) with four other counties. The Library's nine member Board of Trustees is appointed by the area Boards of Commissioners as follows: Dare County (3), Currituck County (3), and Camden and Pasquotank Counties (3). Each county is responsible for the cost of its own facilities, the maintenance and operation of those facilities and the majority of the related personnel cost. The County has an ongoing financial responsibility for the joint venture because the Library's continued existence depends on the participating governments' continued funding. The County's annual appropriation is shown as a department in the General Fund and for the year ended June 30, 2024, expenditures were \$733,763. None of the participating governments have any equity interest in the Library, so no equity interest has been reflected the financial statement at June 30, 2024.

Complete financial statements for the Library may be obtained from the Library's administrative offices at East Albemarle Regional Library, 205 East Main Street, Elizabeth City, North Carolina 27909.

## **IV. Jointly Governed Organization**

### **Albemarle Commission**

The County, in conjunction with nine other counties and fourteen municipalities, established the Albemarle Commission (Commission) to coordinate funding received from various federal and State agencies. Each participating county appoints four members and each participating municipality appoints two members of the Commission's governing board. The County paid membership fees of \$22,279 to the Commission during the fiscal year ended June 30, 2024.

## **V. Benefit Payments Issued by the State**

The amounts listed below were paid directly to individual recipients by the State from federal and State moneys. County personnel are involved with certain functions, primarily eligibility determinations that cause benefit payments to be issued by the State. These amounts disclose this additional aid to County recipients that do not appear in the basic financial statements because they are not revenues and expenditures of the County.

	Assistance Listing Number	Federal	State
Special Supplemental Nutrition Program for Women, Infant and Children	10.557	\$ 242,984	\$ -
Supplemental Nutrition Assistance Program	10.561	3,379,545	-
Temporary Assistance for Needy Families	93.558	47,926	3,832
Adoption Assistance	93.659	91,478	22,528
Medical Assistance Program	93.778	24,201,458	9,622,284
Child Welfare Services Adoption		-	95,522
SC/SA Domiciliary Care		-	97,863
Total		<u>\$ 27,963,391</u>	<u>\$ 9,842,029</u>

## **VI. Summary Disclosure of Significant Commitments and Contingencies**

### **Federal and State Assisted Programs**

The County has received proceeds from several federal and State grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant moneys to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant moneys.

### **VII. Related Party Transactions**

The County made payments of \$5,443 to C T Mechanical Inc. from July 1, 2023 through June 30, 2024. Commissioner Michael Payment, sworn into office on December 1, 2014, is a principal owner of this business.

**VIII. Regulated Leases**

In July 2021, the County entered into a lease with a tenant for the use of land. Under the lease, the tenant pays the County an annual rate of \$504 per year for a period of ten years for use of the County’s land. The tenant has the option to renew the agreement for four additional five year periods. The rental rate increases 3% per annum for the duration of the lease. The terms of this agreement include annual revenue of \$504, paid in one installment. Future minimum lease payments are as follows:

<u>Year Ended June30,</u>		
2025	\$	504
2026		504
2027		504
2028		504
2029		504
2030-2034		2,613
2035-2039		3,012
2040-2044		3,491
2045-2049		4,047
2050-2052		2,732
<u>Total</u>	<u>\$</u>	<u>18,415</u>

Notes to Schedule:

\* The benefit payments shown above include the implicit subsidy, if any, for the year. Net benefit payments paid outside the trust are also included.

\*\* Employer contributions include benefit payments and administrative expenses paid outside the Trust.

\*\*\* For years following the valuation date (when no new valuation is performed), covered payroll has been set equal to the covered payroll from the most recent valuation.

The difference of \$7,425,053 between the 2021 ending TOL and the 2022 beginning TOL is due to the change in accounting principles that was adopted for measurement period ending June 30, 2022.

The schedule above is intended to show information for ten years. Additional years' information will be displayed as it becomes available.

**Schedule of County Contributions**  
For the Year Ended June 30, 2024

<u>Healthcare Benefits Plan</u>	2024	2023	2022
Actuarially Determined Contribution	\$ 2,873,248	\$ 2,798,184	\$ 2,798,184
Contributions in Relation to the Actuarially Determined Contribution	587,144	280,206	1,029,561
Annual contribution deficiency (excess)	2,286,104	2,517,978	1,768,623
Covered payroll *	12,048,874	12,048,874	13,510,330
Actual contributions as a percentage of covered payroll	4.87%	2.33%	7.62%

\* For years following the valuation date (when no new valuation is performed), covered payroll has been set equal to the covered payroll from the most recent valuation.

Assumptions used to calculate contribution rates:

Actuarial cost method	Entry age normal
Amortization method	30-year level pay
Amortization period	Decrease each year
Asset valuation method	Market valuation
Inflation	2.50%
Healthcare cost trend rates	7.00% initial, decreasing to 4.50% by 2032
Salary increases	3.25% to 8.41% including inflation and productivity factor
Discount rate as of the measurement date	3.93% per annum, compounded annually
Retirement age	Based on the results of an actuarial experience study for the period January 1, 2015 through December 31, 2019 adopted by the LGERS board
Mortality	Based on the Pub-2010 mortality tables, with adjustments for LGERS experience and generational mortality improvements using Scale MP-2019

**Schedule of Investment Returns**  
For the Year Ended June 30, 2024

<u>Healthcare Benefits Plan</u>	<u>2024</u>
Annual money-weighted rate of return, net of investment expense	3.00%

The schedule above is intended to show information for ten years. Additional years' information will be displayed as it becomes available.

Amounts reported on the Emergency Telephone System Fund budget to actual are different from the PSAP Revenue-Expenditure Report because:

Net Change in Fund Balance, reported on Budget to Actual	\$ 159,853
Less prior year disallowed expenses	(1,253)
Beginning Balance, PSAP Revenue-Expenditure Report	<u>240,763</u>
Ending Balance, PSAP Revenue-Expenditure Report	<u><u>\$ 399,363</u></u>

## Statistical Section

This part of the County of Currituck's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the county's overall financial health.

### **Financial Trends:**

These schedules contain trend information to help the reader understand how the county's financial performance and well-being have changed over time.

### **Revenue Capacity:**

These schedules contain information to help the reader assess the factors affecting the county's ability to generate its property and sales taxes.

### **Debt Capacity:**

These schedules present information to help the reader assess the affordability of the county's current levels of outstanding debt and the county's ability to issue additional debt in the future.

### **Demographic and Economic Information:**

These schedules offer demographic and economic indicators to help the reader understand the environment within which the county's financial activities take place and to help make comparisons over time and with other governments.

### **Operating Information:**

These schedules contain information about the county's operations and resources to help the reader understand how the county's financial information relates to the services the county provides and the activities it performs.

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of County Commissioners  
Currituck County, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of Currituck County, North Carolina, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprises Currituck County’s basic financial statements, and have issued our report thereon dated January 27, 2025. Our report includes a reference to other auditors who audited the financial statements of the Currituck County ABC Board as described in our report on Currituck County’s financial statements. This report does not include the results of the other auditor’s testing of internal control over financial reporting or compliance and other matters that are reported separately by those auditors. The financial statements of the Currituck County ABC Board were not audited in accordance with *Government Auditing Standards*.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Currituck County’s internal control over financial reporting internal control as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Currituck County’s internal control. Accordingly, we do not express an opinion on the effectiveness of Currituck County’s internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a

material misstatement of the entity’s financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Currituck County’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity’s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## **INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE WITH OMB UNIFORM GUIDANCE AND THE STATE SINGLE AUDIT IMPLEMENTATION ACT**

To the Board of County Commissioners  
Currituck County, North Carolina

### **Report on Compliance for Each Major Federal Program**

#### ***Opinion on Each Major Federal Program***

We have audited the Currituck County, North Carolina’s compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* and the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission, that could have a direct and material effect on each of Currituck County’s major federal programs for the year ended June 30, 2024. Currituck County’s major federal programs are identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

In our opinion, Currituck County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

#### ***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the State Single Audit Implementation Act. Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor’s Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Currituck County and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Currituck County’s compliance with the compliance requirements referred to above.

### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Currituck County's federal programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Currituck County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the County of Currituck's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Currituck County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of Currituck County's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Currituck County's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control Over Compliance**

A deficiency *in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in Auditor's Responsibilities for the Audit of Compliance section and above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies or material weaknesses in internal control over compliance. Given these limitations, during our audit, we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

## **INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE FOR EACH MAJOR STATE PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB UNIFORM GUIDANCE AND THE STATE SINGLE AUDIT IMPLEMENTATION ACT**

To the Board of County Commissioners  
Currituck County, North Carolina

### **Report on Compliance for Each Major State Program**

#### ***Opinion on Each Major State Program***

We have audited Currituck County, North Carolina’s compliance with the types of compliance requirements described in the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission, that could have a direct and material effect on each of Currituck County’s major state programs for the year ended June 30, 2024. Currituck County’s major state programs are identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

In our opinion, the County of Currituck complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major State programs for the year ended June 30, 2024.

#### ***Basis for Opinion on Each Major State Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the State Single Audit Implementation Act. Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor’s Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Currituck County and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a reasonable basis for our opinion on compliance for each major State program. Our audit does not provide a legal determination of Currituck County’s compliance with the compliance requirements referred to above.

### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Currituck County's State programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Currituck County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Currituck County's compliance with the requirements of each major State program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Currituck County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Currituck County's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the County of Currituck's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control Over Compliance**

A deficiency *in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a State program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a State program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a State program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in Auditor's Responsibilities for the Audit of Compliance section and above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies or material weaknesses in internal control over compliance. Given these limitations, during our audit, we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

The County did not provide federal funds to subrecipients for the fiscal year ended June 30, 2024.

Notes to the Schedule of Expenditures of Federal and State Financial Awards

Note 1: Basis of Presentation

The accompanying schedule of expenditures of federal and State awards (SEFSA) includes the federal and State grant activity of Currituck County under the program of the federal government and the State of North Carolina for the year ended June 30, 2024. The information in the SEFSA is presented in accordance with the requirements of Title 2 *US Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and the *State Single Audit Implementation Act*. Because the Schedule presents only a selected portion of the operations of Currituck County, it is not intended to and does not present the financial position, changes in net position or cash flows of Currituck County.

Note 2: Summary of Significant Accounting Policies

Expenditures reported in the SEFSA are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Note 3: Cluster of State Programs

The following are clustered by the NC Department of Health and Human Services and are treated separately for federal audit requirement purposes: Foster Care and Adoption

Note 4: Federal Pass-Through Funds

The County is also the sub-recipient of federal funds that have been subjected to testing and are reported as expenditures and listed as federal pass-through funds. Federal awards other than those indicated as pass-through are considered to be direct.

Note 5: Contingencies

Grant monies received and disbursed by the County are for specific purposes and are subject to review by the grantor agencies. Such audits may result in requests for reimbursement due to disallowed expenditures. Based upon experience, the County does not believe that such disallowance, if any, would have a material effect on the financial position of the County.

Note 6: Noncash Assistance

The County did not receive any federal noncash assistance for the fiscal year ended June 30, 2024.

Note 7: Indirect Cost Rate

The County has elected not to use the 10% de Minimis indirect cost rate.

Note 8: Loans and Loan Guarantees

The County did not have any loans or loan guarantee programs required to be reported on the SEFSA.

Note 9: Benefit Payments Issued by the State

The amounts listed below were paid directly to individual recipients by the State from federal and State moneys. County personnel are involved with certain functions, primarily eligibility determinations that cause benefit payments to be issued by the State. These amounts disclose this additional aid to County recipients.

Program Title	Assistance		
	Listing #	Federal	State
