Minutes – Regular Meeting of the Board of Commissioners

5:00 PM WORK SESSION

1. Discussion of School Capacity for Tulls Creek Elementary

The Board of Commissioners met for a Work Session at 5:00 PM in the Board Meeting Room of the Historic Courthouse, 153 Courthouse Road, Currituck, North Carolina, to discuss school capacities for the new Tulls Creek Elementary School. Ike McRee, County Manager, provided an overview of documents distributed to Commissioners, which noted space profiles developed by the North Carolina Department of Public Instruction, related capacities and current elementary school construction costs of projects in progress in other areas of North Carolina. Mr. McRee explained the design proposal included on the agenda provides for 750 students.

Rebecca Gay, Assistant to the County Manager, presented residential growth projections and calculated student generation based on growth in an effort to determine whether an increased capacity is necessary for the Moyock area at this time. Mr. McRee and Ms. Gay responded to questions posed by Commissioners, and the Board asked staff to investigate whether school design prototype options are available through the Department of Public Instruction. Commissioners chose to move consideration of the Tulls Creek Elementary School design proposal to the June 20, 2022 Board meeting, and to hold a 5:00 PM Work Session prior to the meeting to receive and review updated information from staff. Dr. Mark Lutz, Currituck County Schools Superintendent, was present and responded to questions related to redistricting.

Ms Foreman read the nomination letter submitted on her behalf and Ms. Lowe read the Governor's Volunteer Award certificate.

Commissioners congratulated Ms. Newbern and thanked her for her service. There were no other speakers and the Public Comment period was closed.

COMMISSIONER'S REPORT

Commissioner Jarvis recognized Memorial Day, which had just passed, and took time to remember and honor those who served in the past and those currently serving in our military. She recalled the invasion of Normandy on D-Day as the turning point in World War II.

Commissioner Mary Etheridge said she and Commissioner J. Owen Etheridge attended the Communications open house recently held at the Public Safety Center and announced the new, non-emergency phone number, 252-453-3633. It was reported she and Commissioner Jarvis completed a tour of school facilities with school administration and Board of Education members. She discussed the ethics statement included on the agenda for Commissioner consideration.

Commissioner White honored our Veterans and discussed his grandfather's experience as one who stormed the beaches of Normandy during the D-Day invasion.

Chairman Payment acknowledged Commissioner Jarvis' comments and discussed his family member who was part of the D-Day invasion.

Commissioner Beaumont echoed the Memorial Day sentiments and recognized the holiday as a solemn occasion to honor those Veterans who went before us.

Commissioner McCord remembered our Veterans this Memorial Day and said service members were recognized at this year's Currituck County High School graduation ceremony. He reported on recent Public Safety department presentations to Citizens Academy participants and recognized retirements from the Sheriff's office. He encouraged everyone to drive safely.

Commissioner J. Owen Etheridge said he sees a country whose citizens are disgruntled and apathetic and encouraged people to persevere and remember those who sacrificed before us.

COUNTY MANAGER/ATTORNEY REPORTS

County Manager, Ike McRee, said the Citizens Academy is going well and announced the School of Government will attend the next session to facilitate a "budget game" for participants and County staff. He said Engineers are looking to the County to help fund a study to locate sand off the beaches of Corolla and Carova to use for continued beach nourishment projects in Dare County. He said Currituck County needs to stay on top of the issue, and the need begs the question of the viability of beach nourishment as a sustainable, long-term solution since the sand previously deposited on Dare County's beaches is already gone. Mr. McRee said the study will be a public record and available to the County at no cost.

Commissioner Beaumont said he had discussed this with North Carolina House Representative Bobby Hanig. Commissioner Beaumont suggested bringing the issue to the state for legislation to prohibit the ability of one County to take sand from the coast of another. He said we need to find better, more long-term fixes to address beach erosion. Commissioners Beaumont and White discussed the erosion from the recent five-day storm and noted a significant recovery already, with much of the lost sand making its way back in.

PUBLIC HEARINGS

A. Public Hearing on the Currituck County Annual Budget for the Fiscal Year Ending June 30, 2023.

County Manager, Ike McRee, recalled the May 16, 2022 budget presentation and provided a brief overview for Commissioners. Mr. McRee acknowledged the Board's intent to hold a Work Session to review and work through a few remaining budget items. The county budget must be adopted no later than June 30, 2022, per state statute.

Chairman Payment opened the Public Hearing to receive comments on the County's proposed annual budget for Fiscal Year 2022-2023. There were no speakers and the Public Hearing was closed. Commissioners scheduled a Work Session for Wednesday, June 15, 2022, at 4:30 PM to provide for further review and discussion as needed..

NEW BUSINESS

A. Consideration for Approval of Design Proposal for Tulls Creek Elementary School and Authorize County Manager to Execute Contracts

The agenda was amended and this item was moved to the June 20, 2022 Board of Commissioners meeting.

B. Consideration of an Amendment to the Board of Commissioners Rules of Procedure to Provide for a Reading of a Code of Ethics Statement at Each Meeting

County Manager, Ike McRee, reviewed the proposed change to the Board's Rules of Procedure to add a reading of an Ethics statement prior to each meeting. The ethics statement was read for consideration and amendments to the ordinance were highlighted.

During discussion, Commissioner White commented on ethics training and oaths of office required for Commissioners and recalled instances when Commissioners have recused themselves from items with which they have a conflict. He believes he and Board members serve ethically and does not feel an ethics statement is needed. Commissioner Jarvis said an ethics statement is also about transparency and instilling public confidence and would be a win for both citizens and Commissioners. She noted ethics statements are required for other Boards on which she serves.

Board members discussed the appearance of conflict with Mr. McRee, and Mr. McRee reviewed when it is appropriate to provide disclosure or request recusal. Upon further review of the language in the proposed statement and discussion of a Commissioner's duty to vote, staff was asked to modify the last line of the statement to include "unless otherwise provided by law".

Discussion concluded and Commissioner White made a motion to allow the County Manager to modify the statement for presentation at the June 20, 2022, Board of Commissioners meeting. Commissioner McCord seconded the motion. The motion carried, 7-0.

Attn: Crystal Owens
Contract Purchasing Agent

Project: Tulls Creek Elementary School

Dear Crystal:

We respectfully submit our proposal for the design fees associated with the design-build services required for the referenced project, in the total amount of \$ 2,958,156.70. This project may be further defined as a new 750 student elementary school to be located on a 36-acre site on Tulls Creek Road in Currituck County, North Carolina.

The proposed fees allow for designing the school to align with the North Carolina Department of Public Instruction's Typical Space Profile for PreK to 5th grades. The project will also be designed to comply with the requirements of the 2018 North Carolina Building Code and other AHJ requirements. These fees are further clarified in the attached Design Fee Compilation spreadsheet, Fee Proposal Clarifications, and proposals from Boomerang Design, Timmons Group, and Terracon.

The attached fees are for design / preconstruction scope of work only. The total budget costs for this project have not yet been assembled and will be a first step once approved to move forward with design. Once assembled, the total project costs will be updated regularly as we move forward with the design process.

We sincerely appreciate the opportunity to be a part of this project and stand ready to engage immediately upon approval of this proposal.

Sincerely,

Harry L. Davis III
President

	ADMINISTRATIVE PROCEDURES		
	SUBJECT: Board of Commissioners Out of County Travel		
	EFFECTIVE DATE: September 4, 2018	SUPERSEDES: All previously issued Board of Commissioners Out of County Travel procedures.	APPROVED BY: Board of Commissioners

PURPOSE

Currituck County recognizes that its board of commissioners may at times receive value from attending workshops, conferences, and events. This policy establishes uniform guidelines to approve and reimburse commissioners for reasonable expenses incurred while traveling out of the County on official business for the benefit of the County.

GENERAL

Attending workshops, conferences, and events can be an important and valuable function of a commissioner. The commissioners may appropriate funds in the annual budget for registration and out of county travel, lodging, and meal costs incurred while traveling on official business for the benefit of the County. A commissioner traveling on official County business is expected to exercise the same care in incurring expenses that a prudent person would exercise if traveling on personal business and expending personal funds. Excess costs, circuitous routes, delays, or luxury accommodations and services unnecessary, unjustified, or for the convenience or personal preference of the commissioner in the performance of official County business are prohibited. Travel that would not directly benefit the County will not be reimbursable.

PROCEDURES

- A. Attendance at a workshop, conference or event shall be approved in advance by the Board at an open meeting for travel costs to qualify for reimbursement.
- B. Requests for attendance must include a statement of the official business, direct benefit of the County, and an estimated cost.
- C. No reimbursements will be made for attendance at events sponsored by, or affiliated with, political parties.
- D. The County may make payments in advance for airfare, lodging and registration if specifically approved by the Board. Otherwise all payments will be made as reimbursements to the commissioner.

Attachment: BOC Travel Policy (Approval of Commissioner Travel to NCACC Annual Conference)

- E. The County will reimburse for transportation, lodging, meals, registration, and incidental costs using the same procedures, limitations and guidelines outlined in the Currituck County Personnel Policy for County employees.
- F. A County vehicle may be available and should be secured in advance. Mileage will be reimbursed at the approved IRS rate. If two or more commissioners travel together by car, only the driver will receive reimbursement. The commissioner must use the most cost-efficient mode of travel available, taking into consideration reasonable time constraints. Airfare will be reimbursed at coach rate.
- G. Receipts are required for lodging and airfare and should accompany an expense report form. It is not necessary to have receipts for meals if being reimbursed on the per diem basis outlined in the Currituck County Personnel Policy. Receipts for group meals must be remitted and must be a detailed receipt including items purchased, tax, tip and total. All persons attending the group meal should be listed on the back of the receipt along with a brief description of the group meal purpose. The expense report form must be submitted to the County for payment.
- H. The County will not reimburse for alcoholic beverages, personal telephone calls, entertainment, costs associated with the attendance of a family member, rental of luxury vehicles, and meal expenses included in the cost of registration and/or hotel amenities, or recreational expenses such as golf or tennis.
- I. Limitations may be imposed on paying for expenses for a commissioner who has announced intention to resign, not to seek re-election, or who has been defeated in an election.
- J. The County may request an oral or written report from the commissioner on the results of the trip.
- K. The Commissioner must make available to the County or other commissioners material related to the workshops, conferences, and events so that it may be copied if desired.
- L. Requests for reimbursement shall be filed within 7 days after the travel period ends for which the reimbursement is being requested, except for an unforeseen cause.

PUBLIC COMMENT

Please limit comments to matters other than those appearing on this agenda as a Public Hearing. Public comments are limited to 3 minutes.

Chairman Payment opened the Public Comment period.

Susie Sullivan Rainwater of Jarvisburg discussed drainage issues she and a neighbor are having at their homes. She believes the flooding is the result of a culvert that was installed by the North Carolina Department of Transportation and asked what options are available to resolve the issue.

Paulette Harris of Edgewater Road, Harbinger, shared concerns with the intersection at Edgewater Road and North Carolina Highway 158. She said there are many accidents at the location and suggested installation of a street light to light the intersection as well as a traffic signal.

Morris Gray of Edgewater Road, Harbinger, discussed the heavy summer traffic and backups that occur at the intersection. He, too, would like to see a traffic signal installed.

Beverly Surman of Jarvisburg discussed stormwater flooding that occurs at her home.

There were no other speakers and the Public Comment period was closed.

COMMISSIONER'S REPORT

Commissioner J. Owen Etheridge encouraged everyone to get out and vote in the Primary Election. He announced Currituck County Communications staff will soon be relocating to the Public Safety Center.

Commissioner McCord said early voting in the primary has been light. He recognized first responders in honor of Police Week and Emergency Medical Services (EMS) Week. He discussed a recent storm and the resulting damage that occurred on the Outer Banks.

Commissioner Beaumont discussed the County Budget and budget presentation. He encouraged citizens to take time to review the budget, to question Commissioners about it, and to attend the budget public hearings.

Chairman Payment also addressed the upcoming budget presentation and budget public hearing. He asked citizens to support their local fire departments and to exercise their right to vote.

Commissioner White thanked audience members for coming to the meeting, noting few citizens have been attending. He spoke of the recent, five-day storm and the resulting damage and asked citizens for patience as the County works to clean up and make repairs. He discussed the final phase of Currituck County's Shoreline Stability Study, currently in progress, that will determine whether there is a need for beach nourishment. He said the Board will make a decision when the report is completed.

Commissioner Mary Etheridge announced voting hours for the May 17, 2022, primary election and changes to some polling places in the County. To address a need to restore public trust in government, she recommended an ethics statement be read prior to each Board of Commissioners meeting. She shared the statement used at the start of each Alcoholic Beverage Control (ABC) Board meeting, on which she serves.

Commissioner Jarvis acknowledged National EMS Week and Police Week and thanked all first responders for the work they do. She agreed with Commissioner Mary Etheridge and shared the ethics statement used at the start of each meeting of the College of the Albemarle Board of Trustees, on which she serves.

There was no opposition from Commissioners when asked about requiring an ethics statement at the start of each meeting, and Chairman Payment asked the County Manager to compose a statement for Commissioner review.

COUNTY MANAGER/ATTORNEY REPORTS

County Manager, Ike McRee, said the completed phases of the Shoreline Stability Study are available online, and Phase III of the study is in progress. He said damage from the recent storm worsened the escarpment at the handicap accessible ramp at Corolla Village Road. He thanked staff who mobilized to evaluate county facilities, assessed debris management, and facilitated repairs at ramp areas. He said the cleanup will begin this week. There was discussion of how the sand cycle works.

ADMINISTRATIVE REPORTS

A. NCDOT Report to the Board

Members of the North Carolina Department of Transportation (NCDOT) District 1 staff attended to provide a transportation and project update for Commissioners. Win Bridgers, Deputy Division Engineer, introduced NCDOT staff and used a powerpoint for the report. The status of projects in the State Transportation Improvement Plan (STIP) were reviewed, including the Mid-Currituck Bridge. Secondary road paving projects were presented. Mr. Bridgers addressed stormwater and flooding and discussed NCDOT's drainage policy, the importance of property owners maintaining ditches, and ways in which NCDOT can contribute and participate in ditch cleaning in a watershed.

Mr. Bridgers and staff responded to questions from Commissioners. He addressed the dangerous intersection at Edgewater Road in Harbinger, discussed possible changes to the median at the location, and said he would notify the traffic unit to study the intersection. He responded to questions about the ongoing paving project on North Carolina 168 and explained that contractor availability resulted in the need to perform the milling far in advance of paving. NCDOT felt it best to move forward with the project rather than delay until fall due to many complaints received related to the road conditions.

When alerted about issues related to a collapsing and possibly undersized culvert in Shawboro, Mr. Bridgers said they will go out and assess the area. The use of NCDOT message boards along the highway and the need for better line markings on the roadway were discussed. Commissioners thanked NCDOT staff for their efforts.

Chairman Payment recessed the meeting at 7:14 PM. The meeting reconvened at 7:22 PM.

B. Annual Budget Presentation for FY 2022-2023

County Manager, Ike McRee, presented Currituck County's annual budget for fiscal year 2022-2023. He reviewed North Carolina's statutory budget requirements and used a powerpoint to display budget information. He presented a balanced budget with an ad valorem tax rate remaining at .46 cents per \$100. He discussed growth in the County, particularly in Moyock, and the costs associated with providing services in a county that has no municipalities. He reported total expenditures of \$126,914,856, with \$68,400,218 comprising the general fund. Mr. McRee reviewed property tax collections by region and noted the mainland and beach are now a 50/50 split. Funding sources for the General Fund budget and appropriations were reviewed, along with departmental requests for new employees and salary requests. A minimum wage of \$15 per hour and revisions to starting salaries for Sheriff's Deputies were recommended. Mr. McRee said there are twenty-eight open positions in general government, and he discussed changes to how the County will facilitate Economic Development. Utility rates were reviewed.

Mr. McRee responded to questions from Commissioners during presentation. He thanked staff who assisted with the budget preparation process. A Public Hearing on the proposed budget was set for June 6, 2022. He recommended Commissioners meet in a work session

to review the budget after the Public Hearing. The Board would adopt the budget at the June 20, 2022 Commissioners meeting for an effective date of July 1, 2022.
