**CAMA Minor
Permit**

Step 1: Adjacent Property Owner Notification

As required by CAMA regulations, the applicant must notify the adjacent riparian property owners of the proposed development. The applicant must send the following to the adjacent riparian property owners by certified mail (return receipt requested):

- A letter detailing the proposed development (sample letter attached).
- One copy of the site plan showing all proposed development.
- One copy of the completed CAMA Minor Development Permit Application (attached).

Step 2: Application Submittal and Acceptance

After sending the above items to the adjacent property owners, the applicant must submit a complete application consisting of the following:

- Completed CAMA Minor Development Permit Application.
- Application Fee (\$119.00 check made payable to Currituck County).
- Site plan showing all proposed development.
- Copies of the letters mailed to the adjacent riparian property owners and certified mail receipts or signed letters of no objection from each adjacent riparian property owner.
- Albemarle Regional Health Department Site Evaluation or Approval (if applicable).
- Authorized Agent Form (if applicant is not the property owner, attached)
- AEC Hazard Notice (for Ocean Hazard AEC development only) – (This form must be filled out by the Local Permit Officer prior to being signed by the property owner.)
- Copy of House Plans (pdf) including total floor area of proposed structure. (for Ocean Hazard AEC development only)

Step 3: Staff Review and Action

After receiving a complete application, the CAMA Local Permit Officer will review it for compliance with all applicable CAMA regulations. A review period of 25 days is provided by law and an additional 25-day period can be imposed when such time is necessary to complete the review of the proposed project. After review, staff will either approve, conditionally approve, or deny the application.

APPLICATION FOR **CAMA MINOR DEVELOPMENT PERMIT**

In 1974, the North Carolina General Assembly passed the Coastal Area Management Act (CAMA) and set the stage for guiding development in fragile and productive areas that border the state's sounds and oceanfront. Along with requiring special care by those who build and develop, the General Assembly directed the Coastal Resources Commission (CRC) to implement clear regulations that minimize the burden on the applicant.

This application for a minor development permit under CAMA is part of the Commission's effort to meet the spirit and intent of the General Assembly. It has been designed to be straightforward and require no more time or effort than necessary from the applicant. Please go over this folder with the Local Permit Officer (LPO) for the locality in which you plan to build to be certain that you understand what information he or she needs before you apply.

Under CAMA regulations, the minor permit is to be issued within 25 days once a complete application is in hand. Often less time is needed if the project is simple. The process generally takes about 18 days. You can speed the approval process by making certain that your application is complete and signed, that your drawing meets the specifications given inside and that your application fee is attached.

Other permits are sometimes required for development in the coastal area. While these are not CAMA-related, we urge you to check with the Local Permit Officer to determine which of these you may need. A list is included on page two of this folder.

We appreciate your cooperation with the North Carolina Coastal Management Program and your willingness to build in a way that protects the resources of our beautiful and productive coast.
