

The preparation of this map was financed in part through a grant provided by the North Carolina Coastal Management Program, through the funds provided by the North Carolina Coastal Management Act of 1972, as amended, which is administered by the Office of Ocean and Coastal Resource Management, National Oceanic and Atmospheric Administration.

**Map 3.2**  
**Soil Suitability for Septic Systems**  
**CAMA Land Use Plan Update**

- Slight Limitations
- Moderate Limitations
- Severe Limitations

Soil suitability ratings are for conventional septic systems. Soil suitability is not an issue in areas served by sewer.

No highly erodible soils were found in the Currituck County planning area.
