ID NO. 60-27-001 Southern Outer Banks Water System

System Pressure Advisory!

The water consumers in the areas of:

- Keepers Way
- Amory Court
- Parker Court
- Baum Court
- Beacon Hill Arch
- Miller Court
- 1066 Ocean Trail
- 1070 Ocean Trail

could experience a water outage in the distribution system due to a water line repair planned for **11/18/26** starting at 8 am. Periods of low or no pressure in the distribution system increase the potential for back siphonage and introduction of bacteria into the water system.

Therefore, the Currituck County Water Department advises that when water is restored consumers **boil all water** used for human consumption (including drinking, cooking, brushing teeth, making ice and washing hands) or use bottled water.

Vigorous boiling for one (1) minute should kill any disease-causing organisms that may be present in the water.

This advisory will remain in effect until: 4 pm 11/19/26

This advisory issued on: **11/17/26**
