5	Definitely back down the requirements for new small businesses. The regulations now are out of reach for many "normal" business people and in many cases that I have heard about pushing people to build out of the county. Keep regulations to help them do it proper and mostly to help them succeed not get down in fees, long lead times, and normally no help from the county.	8/24/2016 10:33 AM
6	Help bring under served communities into the 21st Century with improved infrastructure.	8/21/2016 10:48 PM
7	We live in a unique and beautiful area, we have the best of all worlds when it comes to our water ways and the Ocean, I believe we should do everything in our reach to preserve its beauty. I would like to see that existing Commercial Business locations be enforced upon to keep their properties in good condition, visibly and structural. There are several Commercial properties that are unsightly which is a bad reflection to our area.	8/18/2016 3:21 PM

13	Protect our natural environment that attracts people to our county.	7/7/2016 5:55 PM
14	I thinkost people that have been here for most of or all their lives, want currituck to some what remain the same. I just don't like that all of the county changes seem to cater to visitors. The locals needs and opinions are starting to be ushered aside for the benefit of our commissioners and guests. The local blue collar feel is fading away.	6/29/2016 3:56 AM
15	Currituck has the potential to develop really tasteful commercial areas and tourist attractions that would allow our area to gain more exposure and bring more revenue.	6/24/2016 4:38 PM

13	use of chemicals; demand for mosquito spray	6/29/2016 9:01 AM
14	I understand that out county is growing and along with growth comes people and the need for housing. But let's not forget why people come here. To get away from city life. Many people reside here and work elsewhere. The people we are "getting" are city people with their city ways. I want to preserve old curritucker ways. Many landowners have leased land for farmers to grow crops for years. The more "currituck landings" we have the less farmland we will have. This is unacceptable. We need farmers and farmland not only for obviously feeding Americans, but to preserve that life and way of thinking.	6/29/2016 4:04 AM
15	I moved to Currituck from Florida after a vacation to the area. I did so because of the nature and wildlife, if you destroy it in the name of "growth" this county will lose its natural beauty that many of us love, if the county is full of businesses and housing I may as well live in VA.	6/28/2016 1:43 PM
16	I expect the government to assure all these are protected	6/24/2016 8:55 AM
17	So much of the already wet areas of the County are not developable - they don't require additional protection! The county really needs to use their eminent domain powers to better serve the people regarding utilities, especially drainage	6/22/2016 2:06 PM
18	these are all concerns that must be taken into consideration for all growth without exclusion.	6/20/2016 8:55 AM
19	None of the above should be a concern of the county government.	6/20/2016 8:52 AM
20	I think that when an area is developed there should be a percentage of the land left undeveloped and left as a natural habitat for wildlife -- similar to the way farmers used to leave fence rows and hedges around fields.	6/17/2016 5:22 AM
21	Having enough food for a rapidly expanding nation is a priority. Support farmers and homeowner's small food production.	6/16/2016 9:57 PM

1	Other counties have add pedestrian/bike lanes. Due to the foot and bike especially on Poplar Branch Rd, Grandy Rd and Jarvisburg Rd it is need to get these folks off the road. 10	The county ignores their own corridor plan when it suits them or someone they owe a favor to. We are supposed to connect roads into other neighborhoods and time and time again I see the county commissioners ignore this due to the last name of the opposition against it.	8/12/2016 9:27 AM

13	On Carotoke Hwy in Moyock there has got to be something done about the lines on the roads. The reflectors that pop off every year from snow plows don't hack it. I used to commute at night thru Moyock and just rain its dark and dangerous! Maybe invest in glow in dark paint that will last and you can see. New pavement is great but lines will fade and reflectors will pop off when snow plow comes.	8/5/2016 11:40 AM

28	Mainland Currituck improvement is often ignored in favor of Corolla but full time residents are also deserving of attention - we need bike/walking paths and a few traffic lights to ease the summer traffic burden -- some of us can't even get out of our homes on Saturday!	6/21/2016 10:50 AM

1	Keeping properties clean of debris, junk and nicely manicured.	8/18/2016 3:33 PM

2	I house to 5 won't solve the housing issues in Currituck. We need more affordable options. Mixed use housing existing in the same neighborhood allows a single mom to live in a nicer neighborhood in say an apartment but still surrounds by nice SF homes. We have very little options for the low income, families just starting out etc.	8/12/2016 9:30 AM
3	going along with sparce development but an interconnected sparce development	8/11/2016 3:31 PM

5	Peaceful retreats into nature.	7/8/2016 7:04 AM
6	Wildlife habitat is important for wildlife's sake.	7/7/2016 8:47 PM
7	The wonderful variety of bird population is like no other, during all seasons.	7/1/2016 8:41 AM
8	I want to see all of things remain in the landscape of currituck. This should be a safe haven from overly commercialized chesapeake, EC, and the beach. We are smack dab in the middle and have to defend against expansive growth from all sides	6/29/2016 4:11 AM
9	Wildlife Habitat WITHOUT hunting and/or fishing. A little less killing would make this county muxh more appealing.	6/28/2016 1:48 PM
10	This is a moving target and a farce. You cant please everyone or protect what isnt definable. Its a bit of a fools errand, to be honest, to 'protect a rural character' when it resists a pure definition. This can lead to poor public policy decisions.	6/22/2016 2:09 PM
11	I do not believe Currituck will remain rural, Currituck lost its rural character with five lane highway.	6/20/2016 8:56 AM
12	I cannot choose only three.	6/17/2016 5:28 AM

Q12 The County's housing stock is approximately 85% Single Family Homes, 12.7% Manufactured Homes and 2.2% Multi-family. In the next 30 years, Currituck is projected to grow by 17,000 new residents requiring 7,400 new dwelling units. What do you think the County's priority should be for encouraging the types of housing listed below?

1	Affordable housing, but not near me.	10/5/2016 8:39 AM
2	Single family homes on small lots in high development commercial areas and single family homes on large lots in more rural areas. Allow for character and charm that compliments county, not just large developers building tract homes.	8/21/2016 10:57 PM
3	There are a large part of Currituck's population that are retired that will need retirement facility homes.	8/21/2016 8:32 PM
4	Development of small house community	8/21/2016 6:42 AM
5	You have to keep in mind the local "work force" as well, we have properties that they can afford.	8/18/2016 3:37 PM
6	Manufactured homes are hard to finance right now. They are not an investment...the depreciate. There is a place for this but we could achieve the same thing through mixed use. Small flats, one bedroom apts etc.	8/12/2016 9:32 AM
7	Balanced combination of different types of housing	8/11/2016 7:37 PM
8	to create walkable communities, I believe that a mixed use apartments/condos and commercial are a wonderful way to create interaction	8/11/2016 3:35 PM
9	Again balance.. More businesses mean the need for more affordable housing. Not so consented with the amount of rentals increasing	8/9/2016 1:13 PM
10	Before I bought my home, I wanted to rent an apt. They were next to none for a decent apartment for a reasonable price. There was nothing but broken down trailers with landlords charging ridiculous prices. I like the fact that Currituck is rural but a decent apartment building or two would be good.	8/5/2016 11:42 AM
11	Consider encouraging density in some areas while encouraging open space and farming,ecotourism in other zones.The different drivers in the different zones seems more appealing than the typical spam for money rezonings you see as urban areas continue to sprawl	7/23/2016 8:35 PM
12	Housing for eldercare. None exist. They are needed in lower Currituck for our aging population	7/8/2016 7:05 AM
13	People like to live close together. The cost of providing services to large lots may be prohibitive.	7/7/2016 8:51 PM
14	There is a need for affordable housing for county/state employees. I envision attractive, affordable housing for our teachers and county workers based on their salaries.	7/1/2016 8:44 AM
15	Once again let's keep the country in the county. We need more affordable housing for younger people that chose to stay home and join the workforce instead of college. Apartments and town houses would help with that. I definitely do not want to see an entire retirement community. Most seniors no longer "give back" to there communities. They don't have jobs, can't drive, and we don't anymore leaches. The young generation is sucking us dry already.	6/29/2016 4:16 AM
16	One story housing in senior development	6/28/2016 10:06 AM
17	I think most of these should be a priority, but feel that attracting businesses to the area should be a main focus that then allows for differential housing to be developed around it (similar to Edinburgh development up in Chesapeake)	6/24/2016 4:52 PM
18	Housing options define the local workforce and related job/ED opportunities. If you dont have a workforce or customer base, you will NOT have successful ED. We currently do not have a 'sustainable' housing model if past is prologue.	6/22/2016 2:10 PM
19	While I am a homeowner so this does not apply to me, there is huge deficit in affordable housing opportunities for younger people such as apartments, condos, etc. It's hard to entice people to come live work here if they can't find housing and/or need 4 roommates just to afford a place.	6/21/2016 10:55 AM
20	Retirement communities do not work look at Waterside. If people want to retire they do not want a big house, they want something small and low maintenance.	6/18/2016 7:45 AM
21	Low income housing for a work force that supports tourism industry.	6/16/2016 1:27 PM

1	To add, to question number one. It would be nice to have a large park with trails, walking paths, and play grounds north (Moyock) middle (Maple) and south (Grandy)	10/26/2016 2:33 PM
2	We need more adult sports leagues (Outdoor soccer, indoor soccer, basketball, softball, etc)	10/20/2016 2:11 PM
3	Need park in Grandy	8/25/2016 3:39 PM
4	With the amazing new development going on by maple airport really all I feel we lack is taking advantage of the amazing water we have for more then just boat access	8/24/2016 10:42 AM
5	Need for more public access for ocean in Corolla.	8/21/2016 10:59 PM
6	An "Eco" Park with Environmentally safe Camping would be wonderful!	8/18/2016 3:38 PM
7	Bike paths side walks etc are a must inside communities. I have on Reggie Owens and I can ride or walk in a loop because the commissioners didn't require connectivity to other area roads like rose owns to Owens Beac (of course it was the Owens that complained the most) and there was not connectivity in Albematle Estates.	8/12/2016 9:35 AM

8	since we live in a somewhat linear community having a greenways with oportunites for pocket parks/exercise stations/dog parks/nature trails sounds very appealing to me.	8/11/2016 3:38 PM
9	On the main land!	8/5/2016 11:42 AM
10	We have lots Eco assets but limited access	7/23/2016 8:36 PM
11	I am opposed to the proposed water park in lower Currituck County ~ too commercialized for our area (my opinion, of course!).	7/16/2016 8:29 AM
12	Build outdoor exercise equipment for seniors and regular adults, not the "buff" type of equipment	7/7/2016 10:05 AM
13	Centrally located public swimming pools on mainland	7/3/2016 8:27 PM
14	when development of new neighborhood, the developer should incorporate a park for the residents.	7/3/2016 10:36 AM
15	I support more access for residents, but not any body with a kayak from Oregon.	6/29/2016 4:18 AM
16	Small neighborhood parks can cause problems with kids, crime ,drugs and sharing space with older residents.	6/25/2016 7:18 PM
17	Can we do something on the Mainland, and not so much priority in Corolla?	6/24/2016 8:59 AM
18	It is amazing the lack of bicycle, hiking, or other opportunities on the mainland. I have to go to Dare County or Hampton Roads to safely enjoy a walk or bike ride?	6/22/2016 2:11 PM
19	This is more than just location, its the county parks and rec dept as well. Infrastructure, ease of access to information, calendars, registration (again easily found-website is cumbersome) unless you are well connected with coaches and the community through word of mouth, the support for envolvment and engagement is minimum. The YMCA does a better job at communicating, this is SAD! No email communication, no60-90 day out calendar for important registration dates, etc. the whole process is broke! I have kids and I am retired military. Every county, city, and state I have lived in which is over 6 in 20 years, this is by far worst!	6/20/2016 9:04 AM
20	Sports fields should be free of sand spurs and located in areas of lower CURRITUCK, middle CURRITUCK and Northern not in one location since the fields the kids practice on in lower CURRITUCK are deplorable. If they are owned by the school systems then Parks and Rec should work out an agreement to bring them up to par.	6/18/2016 7:48 AM
21	A sound beach in lower currituck would be ide	6/17/2016 3:11 PM
22	It's a long county with basically only one road, so Anything "centrally located" in Currituck requires sometimes inconvenient travel, especially weekends in summer.	6/17/2016 5:34 AM

4	I think it would be very beneficial to have 1-2 nice mid sized hotels mid county that could accommodate visitors and allow parks and rec to host tournaments at their nice new facilities, keeping the visitors dollars here instead of having to stay in Elizabeth city or at the beach.	6/29/2016 6:19 AM
5	We are a county of good ole boys. Blue collar. I have no problem with logging, concrete manufacturing, nurseries for landscapers etc. We have so many resources we could quite literally support our current businesses with the proper new business.	6/29/2016 4:45 AM

8	This is a difficult way to obtain preference from the public - because the choice options are limited and frankly, these are not 'real world' scenarios. Businesses need a solid product, workforce, customer base and regulatory environment to be successful. Moreover, location/access, size of community, and lack of some other key elements to business success may prelude any of these things from happening. Finally, since this question doesnt really engage how business recruitment really happens, will it lead to faulty policy statements in the LUP that aren't based in real-life business growth and recruiting strategies? A community can 'want' anything.....but if it isn't based reality, why bother?	6/22/2016 2:50 PM

1	These areas are unique to Currituck and should be strongly preserved.	9/15/2016 5:18 PM
2	The 4WD and protected northern beach areas are very unique to our area and house the wild horses, which have nowhere else to go and are already living in restricted spaces. Currituck needs to actively protect these areas from overgrowth and development to avoid losing such a unique and valuable area and part of our heritage forever.	9/15/2016 12:49 PM

3	I don't live there, have worked there. it was somewhat difficult getting there. But the people who live and work, vacation there know what they need.	9/9/2016 10:49 AM
4	No Roads or Commercial Stores should be allowed in Corova Beach area!	9/5/2016 11:06 AM
5	The White Family Heir tract should be turned over to the County and preserved if the family can't get it all together.	8/18/2016 4:19 PM
6	Shutting the barn door after the horses are free has to stop in this county. The land up there has already been played and subdivided. We can't take people land away from them by restricting its use. There needs to be a balance up there. Max amount of bedrooms? Strict occupancy rules per house along with parking. Maybe a video on the county website that requires all tourist to watch before they are granted a occupancy in a rental house. State parks do this when honking and elevations are severe.	8/12/2016 9:54 AM
7	Corolla is beautiful! Sick of tourist getting near the horses along with hitting the horses with vehicles!	8/5/2016 11:47 AM
8	Need place for horses to be safe	7/13/2016 9:41 AM
9	Please don't change the character of the 4wheel drive area. The people who live/ built there should have known what type of area they were moving into.	6/29/2016 6:19 AM
10	Carova needs to stay remote. Nobody living there wants a road. They want less traffic. No horse tours. Their exploitation is disgusting.	6/29/2016 4:45 AM
11	I don't believe that having conservation groups come in and cut off areas from the public is the answer and could in fact hurt the county's tourism (as it did in Hatteras). The area is often sought out for its 4WD and other characteristics that make it attractive to a certain group of tourist, so maybe it should stay that way.	6/24/2016 5:20 PM
12	The Government owns too much property already!	6/24/2016 9:15 AM
13	Good luck! It's simple: is the 4WD area special enough in itself to be left alone? Or is it special enough to be restricted? On the other side - is it too good a development opportunity to pass up? If the mainland remains quasi-agricultural and dormant commercially, is this the only real source of County revenue growth? Heady questions for elected officials!	6/22/2016 2:50 PM
14	Can we please leave ONE area untouched by commercialization? Please.	6/21/2016 11:20 AM

1	Again, this area needs to be protected. There are over populated beach towns along the entire coast. Corolla is unique and should be protected as such.	9/15/2016 12:49 PM
2	Let the residents and owners decide.	8/24/2016 12:51 PM
3	Size of homes needs to be carefully considered so we don't get sued again. Again the barn door has been opened for years. But the extreme....25 bedrooms etc has to stop. Maybe create a semi-commercial code/district where only these homes can be built.	8/12/2016 9:54 AM

9	I don't have a problem with large houses but they should be expected to be built to a more stringent code requiring things like sprinklers. Seems like large houses make Corolla different/ desirable to tourists but they need to be safe and built in locations EMS/Firetrucks can get to.	6/28/2016 8:54 PM

A perfect addition to the concrete areas of the beautiful Soundside Park.	7/8/2016 7:23 AM

56	Lower Currituck. Senior center, library,pool, medical	7/7/2016 9:19 PM
57	Mid - mainland	7/7/2016 8:47 PM
58	Lower Currituck. Very limited facilities and not close to other metropolitan area's to use theirs	7/7/2016 2:14 PM
59	Living in Point Harbor, we have very little around us. Everything is a good drive North or South. THis is a good middle point but we seem overlooked	7/7/2016 10:14 AM
60	Grandy. It is one of the few higher population areas with nothing in the immediate area.	7/7/2016 8:11 AM
61	Grandy area	7/6/2016 11:56 AM
62	Lower Currituck	7/1/2016 11:26 AM
63	If the Mid-County Bridge becomes a reality, a park in Aydlett near the bridge, with a pedestrian/bicycle path along the sound	7/1/2016 9:19 AM

64	We desperately need bikepaths and sidewalks in Poplar Branch (especially Poplar Branch Rd, and some of the roads connecting it to the highway). The lack of space to be shared between traffic and the increasing number of pedestrians/cyclists in our area is more than an inconvenience, as it has been a safety issue for some time, and is getting worse every year. I'd love to see something done in this area before there are any more accidents or fatalities.	7/1/2016 9:14 AM
65	Lower Currituck	7/1/2016 7:07 AM
66	I believe we should create a large park for entire county.	6/30/2016 8:43 PM
67	Moyock would likely benefit from additional county resources	6/29/2016 10:56 AM
68	parks everywhere	6/29/2016 9:36 AM
69	I like the central location of the current facilities in barco	6/29/2016 6:19 AM
70	I'd say if we build more parks we should limit use to only residents. We need a place to get away from these tourists. It is sometimes very difficult to get anything done let alone relax around here in the summer.	6/29/2016 4:45 AM
71	The Soundside Park in Point Harbor is in deplorable condition. When it first opened it was very nice. Over the years it has begun to fall apart and in some instances is a safety hazard.	6/28/2016 9:24 PM
72	lower currituck library would be nice. Grandy has population density and lots of children/ families who would benefit from a more accessible library.	6/28/2016 8:54 PM
73	Having things spread out through out the entire county allows more people to enjoy it.	6/28/2016 11:22 AM
74	Moyock township, where the majority of development is occurring.	6/28/2016 9:31 AM
75	Grandy	6/26/2016 1:13 PM
76	A YMCA annex in Jarvisburg area.	6/25/2016 7:31 PM
77	Senior center in Moyock would be nice and allow elderly to have access to VA for medical needs. A park right next door to the high school would be nice for county youth, sport events, etc..	6/24/2016 5:20 PM
78	Grandy needs attention to multi use paths. The senior centers need much attention, other than the one in Barco. Go visit them and look at improvement highly needed.	6/24/2016 9:15 AM
79	No	6/23/2016 7:22 AM
80	Southern Currituck, Grandy, Moyock and smaller facilities more spread throughout county. As a Southern mainland resident, I would like a place with walking paths (dog friendly as Sound Park prohibits!), even a dog park would be nice!	6/22/2016 9:07 PM
81	invest in a county-long bike and ped path near the Caratoke Highway corridor. Work with Dominion and their easement to run it along the power line. Or do it when Caratoke Highway gets its next facelift and loses the paved center lane. If you're going to be defined by a highway (sadly, we are), then make it the best damn highway show-piece in the world.	6/22/2016 2:50 PM
82	add walking trails to the sound front park in the wooded area beside it	6/22/2016 9:27 AM
83	Centrally located in the county	6/21/2016 8:51 PM
84	I think the new parks I've seen in the last few years are all well done. Maybe one directly next door to the high school would be nice for kids. I think Moyock is a good place for a senior area since it is closer to VA for medical needs.	6/21/2016 7:10 PM
85	There should be a park at the northern end of the county. There should more opportunities/transportation for children to get there. Land developers should pay fees for school buildings and budgets.	6/21/2016 6:59 PM
86	Sound access for little ones to swim	6/21/2016 6:25 PM
87	Grandy needs more public facilities	6/21/2016 11:43 AM
88	A library, Middle and/or High School in Lower Currituck would be nice. A YMCA or similar public pool/rec center would also be nice for local kids -- Nags Head and Barco are simply NOT convenient -- preferably with walking/bike path access.	6/21/2016 11:20 AM
89	No	6/21/2016 10:55 AM

93	A new park in the Moyock area Expand YMCA in the county especially Moyock area.	6/20/2016 7:48 AM

94	In the grandy area	6/19/2016 3:48 PM
95	Sidewalks or bike paths in high density residential areas. There are a lot of pedestrians and bicycles on 158.	6/17/2016 5:59 AM

97	Mainland specifically LOver CURRITUCK	6/16/2016 3:00 PM
98	A dog area at Sound Park.	6/16/2016 2:27 PM
99	I believe that there is inadequate facilities for our teen-age youth. I would love to see some kind of a teen center where youth could congregate with amenities that they want, not what we think they want. This we be a safe area where they could hang out.	6/16/2016 11:59 AM
100	Libraries for southern end of county	6/16/2016 10:52 AM
101	Grandy and Sligo could each use a small park. Could have a small park with satellite buildings that are mini community/senior centers that have some library style services.	6/16/2016 10:25 AM

1	I came here because I could live in the woods, without close neighbors and still be within a reasonable distance from the beach. I would like to see it stay rural and undeveloped. I am 74. In 20 years, I probably won't care.	11/15/2016 7:28 PM
2	would like to see some retail development but not so much that it feels like we live in a major city -food delivery options in the area would be nice , Walmart that's closer than we currently have (Elizabeth City or Across the bridge)	11/12/2016 12:25 PM
3	I love the openness of the county and the beautiful water and beaches. I wish that people would clean up their yards and their houses. Also, the extreme amount of burning needs to stop. It's sad when people say that they know they're in Currituck County because of all the smoke.	10/31/2016 4:18 PM
4	I think we need to embrace that more folks are outside using the roads in our county for walking, running and biking. This is only going to increase over the next few years. It is very dangerous watching this folks out there with no were to go but in the high grass or stay in the road if a car comes. A bike lane would help out a lot. I would like for you to just ride through Poplar Branch rd and see the people out using the roadway.	10/26/2016 2:46 PM
5	Lack of life guards in private developments.We pay public taxes,but no life guards because of no public access.	10/17/2016 2:38 PM
6	I see a mish-mash of businesses along 158 that are visually unappealing. I see businesses that are here today and gone tomorrow. I see businesses that change their hours on a whim without notice. All of these items are disturbing to local residents. With the approved Water Park and purchase of Sting Rays by the owner of Wings has a lot of folks upset at the vision for the strip of land on the Currituck mainland. It seems that there is a lack of vision for this beautiful strip of land that is being blighted by an inconsistent development plan. The same thing has happened in Calabash, driving property values so low that it is impossible for folks to sell their homes. As for the development on the 4-wheel drive beaches...why? The reason folks moved out there was for the undeveloped beauty. They chose that way of life. These beaches should remain as they are. What would happen to the horses if it was developed? It is sad enough to see the horse tours driving through those beaches. They are legendary and it will all be ruined with development. Especially with the type of development that has been proposed, specifically the "single family" mansions meant for commercial purposes. It's all in the name of money and it needs to stop. Let's preserve the beauty we have and make better development decisions.	9/22/2016 10:06 AM
7	Like the water ways available but am concerned for the pollution that may be entering the sounds at this time. The Currituck Sound is not like it was in the 70's the water is not clear like it once was.	9/20/2016 10:06 PM
8	I think that it could possibly not be here anymore. But if it is than I think there would be more homes and possibly look like a little city.	9/20/2016 8:53 AM
9	it's mostly all good.	9/18/2016 3:44 PM
10	We need a concerted effort to remove the crumbling deserted buildings that litter the major roads of our County. It's not rural - it just looks poor. This is a tourist's introduction to the Outer Banks!	9/18/2016 8:28 AM
11	Lots of green space/usage. Large bike paths/small retail. Attractive small homes in with nor holds. Sidewalks. Businesses in business designated areas. Medical research hub	9/17/2016 7:31 AM
12	afraid of over growth.We moved here a year and a half ago because of the open spaces.	9/17/2016 2:19 AM
13	Mainland Currituck is very distinct from the rest of the Outer Banks. It's rural, peaceful, and friendly. It's full of good people making an honest living. It's the heartland of America. The rest of the Outer Banks is overdeveloped and touristy. Please don't let it become an extension of the tourism industry. A water park may work in Currituck, but it's very summer-centric. Entertainment should be year round, family friendly, educational facilities likes zoos, museums, aquariums, planetariums, etc. The proposed location of the water park is awful, though. Kilmarlic is an established residential community, and one where its residents probably paid a half million or so for their homes. A water park directly adjacent will destroy property values (which are already deflated) for its residents, also impacting current and future property tax income. There are huge open spaces of land in Currituck. Surely an entire community doesn't need to be upended.	9/15/2016 5:18 PM

14	Would like to see open spaces remain and develop town like areas. Get rid of signs from Powells market (yes those men) as they are an eyesore and should not be grandfathered under any conditions. Keep commercial buildings attractive and support the SMALL businesses.	9/15/2016 4:28 PM
15	I have lived in the Outer Banks area since 1989, except 5 years spent in Chicago. Moving back to the area was a high priority to raise my family in a friendly, rural, safe area. We chose Currituck to start and raise our family for these reasons. I imagine Currituck staying true to their roots of a farmland, rural, open space area that appeals a much different crowd than those looking for a busy "boardwalk" style beach town with overgrowth. I would hate to see Currituck harm the appeal of the area by building too many tourist based or seasonal attractions and business. These would increase noise and light pollution, as well as take away large areas of farm and rural land. The mainland Currituck area needs to keep the appeal of untouched expanse, which lends to a quiet and peaceful retreat, while celebrating the rich history of farming, hunting, and outdoor activities in the area. The 4WD area of Currituck/Corolla needs to protect from overgrowth and seize the one-of-a-kind uniqueness that area has above all other beach areas on the east coast.	9/15/2016 12:49 PM
16	I have a love hate relationship with the mid Currituck bridge. I love the distribution of traffic for tourism to Corolla and norther beaches and faster to get to work. Hate that Corolla a quaint village is going to be the outlet for said traffic. It's a tough decision with a lot of controversy with everyone thinking decisions through and questionnaires like these hopefully everyone can be satisfied that their voices were heard and accept that decisions were made for everyone involved, making Currituck a great place to live, raise a family and a great vacation area.	9/13/2016 7:43 AM
17	I'm worried that it will be come overpopulated & cater to tourists & less focus for local needs.	9/11/2016 8:39 PM
18	Would love curb side garbage and recycling by the county.	9/11/2016 8:30 PM
19	The traffic is the worst and many members of my family will not travel to see me in Grandy on weekends due to traffic.	9/9/2016 9:23 PM
20	Concerned about beach & mainland development once mid-county bridge is operational.	9/9/2016 8:42 PM
21	over population	9/9/2016 10:57 AM
22	I know that the 20+ years my family and I have lived here has been a true blessing.	9/9/2016 10:49 AM
23	like change and expanding. Do not want to see it grow to fast to quick.	9/9/2016 9:03 AM
24	Dislike the way development is heading, too many ugly unneeded businesses that are choking out our little businesses. Currituck used to be rural and pretty and it's becoming the place most came to escape from. VIRGINIA! No more development!	9/8/2016 6:27 PM
25	hope the water is still good and that we have good access to it and that the area will not die out due to regulations and over growth that the quality of the water for swimming is good and the quality of the sewer system is supported and is maintained	9/6/2016 7:09 PM
26	Mainland to service locals as well as tourist. More sound front communities with public assess and connections like board walks and connections to parks. Easy access	9/5/2016 5:06 PM
27	Traffic is the main problem for residents trying to go anywhere on Saturday or Sunday. I cant find a place to rent that is within my budge within the school district and accepts pets. I think senior housing or townhouses would be good.	9/2/2016 5:01 PM
28	Dont make it Myrtle Beach and leave some trees and land in Corolla.	8/31/2016 10:29 PM
29	Need easy access to water and alternative transportation bike paths and add more busses. Bowling alley Would be nice. Grandy needs more businesses.	8/28/2016 3:18 PM
30	My husband and I own property in Currituck mainland and in Carova. Something needs to be done in regards to the amount of people entering the beach in Corolla and Carova. It is unbelievable how many day trippers come from VA and spend the day on the beach with their trucks driving all over the back roads, destroying them, and not spending any money in our area, because they come with everything in their truck for the day. This area needs to be monitored, the police do a great job there, but they cant do it all. I love my county and only want the best for it!	8/26/2016 12:37 PM
31	Hopefully still a rural / agricultural area with wide open spaces, lotta' land green, relaxing to the eye as you travel down the corridor knowing soon the salt spray from the Atlantic Ocean is waiting for you 9 months out of the year. Quiet, serene, minimum 2-5 acre SF home sites with set backs that allow for peace and quiet, gardens, animals.	8/26/2016 12:33 PM
32	I feel as though there is not enough affordable housing in currituck for lower income families. What once was for lower income has been increased so much and looks as if it will continue to increase to the point us single parents and elderly can no longer afford it.	8/26/2016 11:51 AM
33	UDO goes unenforced. Banding HUD housing, low income housing in poorer areas and adapting policy for neighbor hood in for the above things "not in my area. I'm wealthy." Fairness in all housing, not dumping unacceptables in Pick and choose. Stop this "good enough for you , but not me", attitudes.	8/25/2016 4:51 PM
34	I the next 20 years I would like to imagine not being stuck in traffic on Caratoke Hwy on the weekends.	8/25/2016 4:00 PM

35	Currituck County is developing just fine. I would like to see the eyesores along the main routes such as Caratoke Highway disappear!	8/24/2016 12:51 PM
36	N/A	8/23/2016 3:48 PM
37	Dislikes traffic but the new corolla bridge will take care of most of it , I hope.	8/23/2016 12:00 PM
38	Like the coastal rural character. Dislike the long straight highway that is unmemorable for drivers passing thru. I imagine Currituck as a more diverse and growing county with growth hot spots near Moyock, Grandy and Harbinger/Point Harbor areas. Increasing year round residents, less hunting and fishing more bed room community and commuters in Moyock area with more Outer Banks influenced residents south of Grandy. Coastal areas of Corova and Corolla will continue to grow, becoming more exclusive to those that can only afford these areas and are allowed access to the beaches.	8/21/2016 11:33 PM
39	I hate the thought of Currituck County losing its rural charm and farm lands! However, this is already taking place. We need mile post markers on 158 just to be able to locate where we are...! We could use alternate roads besides 158 during traffic tie-up times. We need local jobs for residents and low income housing for the large number of homeless in this county!! I think the off-road areas above Corolla should never be developed into paved roads and housing should be kept at a premium! I worry about rising seas that may eventually erode our shores. And I worry about the condition of the Currituck Sound pollution of concrete culverts and tree stumps.	8/21/2016 9:03 PM
40	Since there is a 5 lane highway I would hope that corridor would be designated commercial. At the present time there are few places to shop (Target, Walmart), sleep (hotel) , eat (chains other than fast food) within the County mainland. I must spend my taxable dollars on line, another county or another state.	8/19/2016 10:41 AM
41	More cleanup is needed along the highway. There are still lots of buildboards, abandoned buildings, and overgrown lots. . Due to the proposed WaterPark, I am concerned about traffic in that area which has been the site of several fatal accidents in recent months.	8/19/2016 10:29 AM
42	I love Currituck, it's my home place, being raised on the NC/VA line I moved to the southern end 33 years ago; I've seen a lot change; we need to stay focused on our development plan and encourage it as well; tough to do but very necessary since we have a limited amount of are to develop at all. I would like to see open space neighborhoods as well as PUDs on the Mainland. I feel we are in desperate need of Multi Family complexes with Recreation facilities included.	8/18/2016 4:19 PM
43	Hopefully, the county will change their current community plans and steer away from allowing large industrial complexes that are ugly and eye sores along the Hwy 158 corridor. Hopefully, we will see nice planned communities with large lots and public parks/open spaces with supporting commercial/ retail facilities.	8/17/2016 8:28 PM
44	Traffic is a major concern for me in lower Currituck. Almost impossible to leave the house on summer weekends. I would like to see a traffic light to help alleviate weekend traffic. Currituck is a wonderful place to live and raise a family but I think there needs to be more job opportunities and housing options.	8/17/2016 11:10 AM
45	I'm a new resident/frequent tourist who fell in love with the county. I've never lived in a rural area and believe its natural beauty can and should be preserved. At the same time, the increased population must be served in a manner that is inclusive and innovative. I imagine Currituck County will accomplish both in the next 20 years.	8/16/2016 4:39 AM
46	County leaders are not consistent when applying their rules. I sat on planning board for a few years and I saw this first hand. Politics, cronisism etc has to stop. The rules have to apply across the board or Cutrituck will never be anything more that hoge poge of zoning that makes no sens. Stop allowing th ugly metal building. Start attracting some bigger retail companies. Different grocery stores etc. promote competition. But find some continuity and stick to it.	8/12/2016 9:54 AM
47	Hope to see mid-Currituck bridge alleviate some traffic. Hope to see more professional businesses, large ones, should housing be made available. Would like to see young professionals be able to return after college. Like Aydlett and other similar landscape-water views, open feel. Don't like any part of the corridor-ugly, unsafe, and heavy traffic in summer. Would like to see larger box stores so money can be spent in Currituck County	8/11/2016 7:57 PM
48	Generally, I do not like the traffic or lack of access to amenities. I would mind biking or walking a ways to these amenities since I enjoy the rural nature of the area. In fact, I love the rural nature of the area. I imagine a vision plan to incorporate both agriculture/hunting/fishing and tourism.	8/11/2016 4:11 PM
49	I dislike the fact that a lot of money is dumped into Corolla and not so much in the mainland for improvements visual and otherwise. I like the rural aspect, but Grandy could use some more restaurants and maybe one box store like a market walmart, smaller version of walmart	8/5/2016 11:47 AM
50	Not enough recreation for citizens; need movie theater, bowling alley, boys & girls clubs for teenagers	8/5/2016 11:16 AM
51	Would like to see Currituck monetize from the traffic already flowing through to Dare County. Make Currituck Mainland appealing to those who would be traveling to the beach, but want other options other than Dare County and the traffic associated with it.	7/27/2016 1:35 PM

52	Sadly money and politics will probably shape it versus planning that would support a diverse community because the raw land rezonings driven by owner who has a contract.	7/23/2016 9:02 PM
53	As a lifetime resident I miss the farms, the woodland. At the same time it is convenient having places like Dollar General, Food Lion and local businesses. Especially love the Y. There needs to be a blend. All we see are more and more housing developments. There is no Arts Center just all sports fields. There are kids that are interested in music, visual arts, drama. Can't the county provide for them as well??? That is more important than houses. Keep light business for jobs for our youth and create an Arts Center where local artists can provide lessons.	7/21/2016 9:41 AM
54	We need slow, smart growth. Maintain wetlands and woodlands but add light commercial businesses with manageable regulatory restrictions.	7/20/2016 10:45 AM
55	Love this county. ,Very sad to see more storage units built,need to keep open spaces,farmland,woodlands,etc...	7/16/2016 10:54 AM
56	The reason why I love living here is that it is close to the beach area, yet has a "rural feel". I live 4 miles from the Wright Memorial Bridge, yet I see many so many different types of wildlife, horses, wetland flora and fauna ~ I feel extremely blessed to live here! The traffic is a concern during the summer months ~ we rarely leave our home on Saturdays during the peak tourist season due to traffic congestion. As mentioned earlier, I am against the building of a large water park in this area ~ I think it would distract from the farmland/rural culture that we have here. In 20 years I will be a "senior citizen" (if I'm not considered that now!), and hope that the changes incurred are not too drastic. I realize that things must change to move a community forward, but I also feel that our county government officials truly have our best interests at heart when they consider all of their options. Thank you for this questionnaire, too.....I hope that you get great feedback about what your citizens like/dislike/ and hope for our future!	7/16/2016 8:47 AM
57	I dislike the idea of every square inch being built upon. I do not want our highway to look like Battlefield Boulevard in Chesapeake. I also do not want to be inundated with more monster-sized subdivisions like Eagle Creek where there are houses upon houses. I would love to think that 20 years from now Corolla and Carova would still have their special secluded feel, but I know a mid-county bridge will end that feeling. I hope it is never built.	7/13/2016 3:40 PM
58	Most of the development is in northern part of the county. There is nothing in the southern part of county. I am extremely unhappy at where the Y was built. It is closer to more people in other counties than to anybody in this county. We need more smaller Y type facilities for the southern part of the county.	7/13/2016 3:15 PM
59	Like friendliness of People and relaxed atmosphere. Dislike summer traffic, no sidewalks.	7/13/2016 9:41 AM
60	Too much traffic	7/12/2016 9:21 PM
61	Need to develop along the highway we are letting tourist dollars escape to dare county and local shoppers go to Va or E city.	7/12/2016 1:56 AM
62	I just hope that the Grandy area starts to grow sometime soon with more businesses etc.	7/9/2016 4:42 PM
63	I want to maintain the farm land, the trees, Aydlett road, the large lot sizes. Restrict a lot of commercialization.	7/9/2016 1:31 PM
64	storage area for beach	7/8/2016 11:45 AM
65	I love living here where the ocean breezes wash our air and the sunshine is plentiful. I would love to continue to enjoy life here with better traffic management and more healthcare facilities.	7/8/2016 7:23 AM
66	Likes: one acre lot size minimum, rural mainland, free public boat launches. Dislikes: very far commute to big box stores (i.e. Target), traffic congestion in summertime	7/7/2016 10:45 PM
67	I dislike how the mainland has created rural blight. I like the trees and open greenness. BUT I recognize that we have a major hi way running down the center, we are a peninsula surrounded by water and on the one end of the bridge of the Outer Banks. So far we have received support businesses and storage sheds. We need to take the initiative and create our own resort/ retirement paradise.	7/7/2016 9:19 PM
68	The appearance of Hwy 158/168 gives Currituck County a bad reputation. Remove junk buildings; require more "greenway" from developers.	7/7/2016 6:19 PM
69	Increased population and tourism will strain roadways and other infrastructure. More businesses will bring commerce and jobs to the area, encouraging residents to shop locally.	7/7/2016 2:14 PM
70	More growth to create jobs and income.	7/7/2016 10:14 AM
71	Looking more towards preserving its natural state which has been the reason for its appeal to tourist in past years. Many out of area friends are loosing the desire to come due to the expanding development	7/7/2016 8:11 AM
72	I do not want to see commercial development in the 4 wheel drive area. Do not like high density housing developments. Do NOT want the Mid-Currituck Bridge!	7/6/2016 4:47 PM
73	Currituck I imagine will remain a beautiful waterfront community with outdoor activities and facilities supporting the growing communities.	7/6/2016 11:56 AM

74	Code enforcement needs to increase. There are numerous vacated/dilapidated properties which need to be demolished. Not a good impression to visitors on their way to OBX. There are properties with trash, inoperable vehicles, all kinds of debris in yards. Have property owners clean it up, they are violating the codes you have adopted! County Councilman Hall gave his word he would address these concerns, nothing to date. Have pride and make our county attractive, a place not only to visit, but one where you would want to live.	7/3/2016 11:02 AM
75	The wildlife, views, and peacefulness makes where I live, the most beautiful place I can imagine. After the Mid-Currituck bridge is built, I imagine my neighborhood being similar to the shops along the waterfront in Manteo (or Duck). It would be a combination of small retail shops (perhaps selling homemade goodies and creations), restaurants and cafes along the Currituck Sound, and an open square/ park area (across the sound from the Currituck Lighthouse).	7/1/2016 9:19 AM
76	Our family loves living here. The beauty of Currituck is irresistible. Unfortunately, our schools are lacking the funding to properly care for the kids that call this place home. I would love to see class sizes go down, and our teachers not spread so thin. They are educating our future, and our schools should be our top priority, along side with conservation efforts for our beautiful area.	7/1/2016 9:14 AM
77	Mostly like it is but with some job development. We also need recreation for our children on the mainland.	7/1/2016 7:07 AM
78	I do not like seeing all the delapidated buildings off Caratoke Hwy. We need to have better control on retail commercial zoning.	6/30/2016 8:43 PM
79	Traffic in the summer is horrible. I don't leave the house on the weekends. Would like to have more grocery stores as the tourist have realized Grandy Food Lion is the last stop before the beach. Not to mention Food Lion could use some competition.	6/30/2016 7:46 PM
80	I dislike the idea of becoming southern Virginia. I think we need smart, controlled development that preserves our rural character, incentivizes farms and open spaces and invites and encourages businesses that fit with the rural nature of our existing community.	6/29/2016 10:56 AM
81	Love the natural beauty of the sound in all seasons. Life here requires too much time in the car. I would like to see a bridge to Corolla, a bridge to Knott's Island. I would like to see a pretty highway since we spend so much time on it. (That Coinjock sprouted a large ugly junkyard in full view is unforgivable.) We have boat traffic on the Intercoastal that is ignored. Let's build a park/walkway on the south side so these folks can safely walk. Public beach access is too limited. Without bridges and expanded highways I see little progress.	6/29/2016 9:36 AM
82	I see yankees getting our commissioner seats. I don't like that they are moving here to get away and then turning out home into the place that they left in the first place. Our county is rapidly becoming a big business and I would just like to protect the only home I've ever had. I love our county and landscape. I just want to see the growth slow down long enough for maybe my grandkids to have the awesome child hood I had right here in Little. Old. Currituck.	6/29/2016 4:45 AM
83	"Left over" business fronts should be required either to be removed or restored. Otherwise the appearance of the county becomes run-down and displeasing.	6/28/2016 9:53 PM
84	Unfortunately the county will eventually become over developed and kill off the "rural" charm people moved here for. Money talks and one cannot halt the overwhelming tide.	6/28/2016 9:24 PM
85	I worry a lot about the safety of 158 and hope that NCDOT and the county can start addressing human lives over the speed of pumping through the county. Currituck has many unique qualities and I hope it evolves to consciously take advantage of the qualities and set it apart from overbuilt destinations like Kitty Hawk, Kill Devil Hills and Nags Head. I think promoting agri-tourism and preservation is a good start.	6/28/2016 8:54 PM
86	There's a way to have your cake and eat it too. If done correctly, Currituck can keep it's rural feel while offering it's citizens everything that they need. This is how you keep people here and keep them spending here.	6/28/2016 11:22 AM
87	Currituck needs more shopping available so we can spend our money locally. Not all low priced stores.	6/28/2016 10:36 AM
88	I love Currituck. We must encourage but manage year-round residential growth while increasing other segments of development; such as: commercial and industrial.	6/28/2016 9:31 AM
89	Too much county investment in Barco where there are too few residences	6/26/2016 1:13 PM
90	I just hope we solve some of the weekend traffic problems. Expedite the bridge construction.	6/25/2016 7:31 PM
91	I always liked the natural beauty of the county, but found that the lack of businesses have always made it difficult to find employment. Also, I dislike the lack of taste with some of the commercial metal buildings and strip malls that have been built throughout the county. I imagine Lower Currituck to have more tourist attractions, eclectic buisness (breweries, restaurants, ect...), marinas, horse trails, higher end developments, etc... Grandy/Adylett would have more franchises that would allow tourist coming through could utilize. Moyock would have more big box stores, franchises, more affordable residential developments. Corolla would be a beach town with similar characteristics to what I listed for Lower Currituck.	6/24/2016 5:20 PM

92	I've lived here for 35 years, and like where I live. I enjoy not having someone within arms reach of my house. I would love more commercial businesses, for shopping needs as well as large manufactures for jobs.	6/24/2016 9:15 AM
93	I think that there needs to be a balance between development of residential and business in the county with keeping the county a rural atmosphere. Areas such as Moyock should be allowed to lobby for new businesses based on what the residents of that area agree, while keeping the southern areas of the county more rural. Most importantly, the county must do more to encourage and cultivate small business within the county.	6/23/2016 7:22 AM
94	My main complaint is the anxiety Saturday/Sunday brings in the summer time re: traffic. I hope that the mid-Currituck bridge becomes a reality so that it will relieve that. It is the main reason I would move back to the Dare County side due to my own and my family members work requirements requiring us to respond to work needs quickly.	6/22/2016 9:07 PM
95	Currituck County is the only thing holding Currituck County back.	6/22/2016 2:50 PM
96	The mainland needs trash service pick up to be free so that houses will clean up the trash in the yards and make the area more appealing. I would like to see additional wildlife parks added, independent businesses and restaurants focuses on food items from local farmers and marinas. I downtown area with a boardwalk to restaurants and shops in the point harbor area would help to attract visitors and residents. Additional traffic lights, schools, and hospital to be built into the planning.	6/22/2016 9:27 AM
97	The county is very long and a central location for services and commercial development would be nice. However it's very important to keep the rural atmosphere.	6/21/2016 8:51 PM
98	I imagine Currituck to have substantial growth in the Moyock area where it would allow more affordable housing and more franchises. I imagine lower Currituck to have more tourist attractions, higher end residential developments, marinas, boating communities, and more local, eclectic small businesses (cafes, breweries, art galleries). I imagine Grandy growing in a similar fashion to Moyock due to the mid-county bridge and would be a place for tourist to stop and get gas or food). I imagine Corolla to keep developing with beach houses and small businesses (similar to what I described for lower Currituck) and possibly even spreading into Carova area. I grew up in Currituck and always loved being on the water and enjoying the natural beauty it offered. One major dislike is the lack of tasteful development. Rather than metal buildings and warehouses or mismatched buildings, I feel we should be promoting whole contained commercial developments where the buildings all uphold certain architectural guidelines (as done in areas like Raleigh, VA Beach town center, etc...). I feel by doing this and containing it, we can still have open land and allow for the rural area atmosphere.	6/21/2016 7:10 PM
99	More jobs	6/21/2016 6:25 PM
100	I love Currituck, I grew up here, my family is from here and we all live, work and raise our families here...I'm all for growth, job creation and overall improvement though not at the expense losing what makes it great, open space, green space, beautiful, clean beaches and wildlife. I hope in 20 years it's not much different than it is now, maybe with a few more schools and better pedestrian routes/public transportation and better traffic management. :)	6/21/2016 11:20 AM
101	What I find so appealing about living in Currituck County is the peace and quiet. I don't mind having to travel far to get to a certain shopping area because I consider that a very small price to pay in comparison to living in such a lovely, restful, unspoiled area. If I wanted to be close to shopping areas, I would move back to Virginia Beach : No thank you !	6/21/2016 10:55 AM
102	Keep it rural	6/21/2016 9:46 AM
103	168/158 corridor from VA line is unattractive. the county should work with code enforcement and DOT for beautification. Need to increase CCSO coverage and enforcement. The current L/E presence is concerning.	6/20/2016 12:21 PM
104	I imagine Currituck as a tourist destination, surrounded by a verity of communities that thrive off the tourism industry.	6/20/2016 9:16 AM
105	Love it here. Gets better every year. Need an apartment complex and townhome area too. Better road system connecting Ranchland, Eagle Creek to Food Lion in Moyock	6/20/2016 7:48 AM
106	Develop areas along 158 to help bring in more tourism dollars. This will bring more residents to these towns and increase tax base for the county	6/19/2016 3:48 PM
107	I hope the county will consider creating "green areas" where development would be restricted. Other areas such as Moyock and grandy where there is already a larger population could continue to be developed. Those areas could have a more "city" feel where other areas could have that rural Currituck feel.	6/18/2016 9:03 AM
108	I think we need to be sure there is affordable housing for teachers, public service workers. Maybe some apartments or condos. I hate to see the northern beaches consumed by traffic. I think we should limit access to the northern beaches, keeps by some natural areas. Some urban communities with open space in between might be a solution for growth that doesn't consume natural areas and farmland.	6/17/2016 8:18 PM

109	I love the rural atmosphere of this county. Understanding that there will be growth, I sincerely hope that the county plans that growth around town centers and protects as much of the rural feel of this beautiful county as possible. Limiting commercial growth to town centers but allowing the types of businesses that will bring year-round employment to the county will help all to prosper and perhaps lessen the off-season higher unemployment rates.	6/17/2016 3:18 PM
110	the lack of activities, shopping, restaurants and employment opportunities. one must travel to the beach of Chesapeake for all mentioned above	6/17/2016 2:59 PM
111	If things keep expanding like they are, I probably won't be living here 20 - or 10 - years from now.	6/17/2016 5:59 AM
112	Ideally, growing local food to help our state be sustainable in a nation growing too rapidly. Offering environmental and sustainable tours and housing. Supporting volunteers from fire fighters to those protecting the delicate environment with which we are blessed.	6/16/2016 10:19 PM
113	I love our wild Mustang area. I dislike the bridge hasn't been built between mid Currituck and Corolla.	6/16/2016 2:27 PM
114	The only feature I see truly lacking in Currituck County is an arts component. We have no regional theatre, dance, music, etc. - nor do we have the facilities for such. However, as the population grows, I see a demand for this. Multi-purpose convention/performance space?	6/16/2016 11:59 AM
115	I dislike the unoccupied homes left to ruin on Hwy 158. I dislike the commercial, billboard signs; too many, look bad, size. I love the parks. I wish we had pedestrian/biking/greenways on the mainland. I imagine better roads with access to Duck and Corolla further north Hwy 158. I imagine a mainland greenway encouraging people to walk, hike, bike more to decrease our problem with obesity.	6/16/2016 11:46 AM
116	Driving through CC via 158 is not appealing. All the signs and delapidated structures makes it seem unappealing and more of a thoroughfare than a real place to live. I would like to see improvement on how this county looks to outsiders and residents when driving through. Also would like to see developments that support community gardening for food consumption as well as aesthetics: things that support a sense of pride and neighborhood for the people who live there.	6/16/2016 10:52 AM
117	If it is not broken,... (which I don't think it is), then... maybe no fix is required. I like the county as is.	6/16/2016 10:25 AM

1	Currituck County does not have business to create the jobs needed by the residents. Everyone works "somewhere else". Just as for shopping, everything is "somewhere else". My \$\$\$ go to Chesapeake or Dare. Food Lion has no competition in the County. What kind of arrangement was made for that? From Grandy south there is no grocery store, nor from Grandy north. Everything cannot be just about the tourist. Yes, I realize because of them, the county has more income on the beaches of the county. My neighborhood has the same tax rate as the rest of the area, but we have no water or sewage lines. We have no street maintenance. All something we inherited because the County allowed the builder to operate that way. We have serious flooding in parts of the community. All because the County allowed the builder to not provide proper drainage.	11/1/2016 9:16 PM
2	I moved here to get away from development.	10/5/2016 8:42 AM
3	More permanent Home owners and more jobs.	9/21/2016 6:44 PM
4	Make it happen but don't make it impossible to do without and over abundance of money and time I'd love to see more people coming from the county to help u make it work better rather then tell you that you didn't use the right materials and need exit signs Make it more about success then meeting some rediculus "code"	8/24/2016 10:45 AM

6	I feel mainland Currituck suffers because of the higher priority in tourism for the coastal Currituck. "Buy Local" for the mainland means only farm markets. We only have Food Lion as a grocery choice. I spend my money in Dare or Chesapeake. Those tax dollars are not available to Currituck. Currituck has a great need for affordable housing for low income and the homeless. There is not a job market - other than seasonal on the beach. Mainland is simply a means to get to Currituck beaches or Dare beaches. Whoopee! We're getting a Water Park! More for the tourists and their tax dollars. The youth of the mainland do not have areas and activities for them to do anything but get in trouble. Getting to the Y or Rural Center or the park in Maple all means a need for them to have transportation. We have a terrible drug problem too! And it's all up and down the mainland. With the numbers you're posting for new arrivals in the County, I have to ask "Why?" Why would anyone move here, except to retire in a rural area - which it won't be after than many move in.	8/12/2016 8:08 AM
7	I think more jobs in the county are needed but I also like the rural "ruralness" of the are but feel a little growth is always good and needed	7/1/2016 8:33 AM
8	Good luck and thank you for your efforts!	6/29/2016 9:42 AM
9	Keep it agricultural as much as possible	6/21/2016 8:59 PM
10	The county traditionally has thwarted any commercial development that would employ our citizens, hence, 73% of residents leave Currituck to find work...this attitude needs to change.	6/21/2016 8:33 AM
