-----------------	-----

VISION STATEMENT

A sustainable, economically diverse environment that preserves natural resources and strengthens livelihoods.

MISSION STATEMENT

Currituck County is committed to preserving our heritage and providing quality services while maintaining a safe, healthy and thriving community for all.

Board of Commissioners

Currituck County is governed by a seven-member Board of Commissioners. Each member is elected by a county-wide vote to a four-year term, with no term limits.

The Board of Commissioners determines county policy and is responsible for hiring the County Manager, County Attorney, and Clerk to the Board of Commissioners.

There are five residency districts from each of which one commissioner is elected. There are also two at-large commissioner seats that do not have a residency requirement.

The Board of Commissioners meets on the first and third Monday of each month in the Historic Courthouse. Special meetings and work sessions are scheduled as needed.

County Administration

- Rebecca L. Gay, County Manager
- Melissa J. Futrell, Assistant County Manager
- Megan E. Morgan, County Attorney
- Leeann Walton, Clerk to the Board of Commissioners

The County Manager directs the daily operations of county government and carries out policies set by the Board of Commissioners. The County Manager is responsible for hiring the Assistant County Manager and department heads, with oversight and final approval of hiring department staff.

The County Manager is the official budget officer for Currituck County government and is charged with presenting a balanced budget proposal to the Board of Commissioners.

Currituck County maintains a copy of the budget available for viewing at www.CurrituckCountyNC.gov.

Advisory Boards

Advisory boards and committees are comprised of citizens who volunteer to participate and contribute their time, knowledge, and experience for the betterment of the county. Members of advisory boards are appointed by the Board of Commissioners.

Each advisory board operates as a supportive body to the Board of Commissioners to provide information and offer suggestions to commissioners on a wide range of topics.

Currituck County residents who are at least 18 years old may apply to serve on the following advisory boards:

- Alcoholic Beverage Control Board
- Animal Services and Control Advisory Board
- Board of Adjustment
- Fire Advisory Board
- Historic Preservation Commission
- Jury Commission
- Land Transfer Tax Appeals Board
- Library Board
- Nursing Home Advisory Board
- Opioid Advisory Board

County Facts

Currituck County is in the northeastern corner of North Carolina, with its northern border on the state line of Virginia and its eastern border at the Atlantic Ocean. It was formed in 1668 as one of the original North Carolina counties.

The county encompasses 261.91 square land miles and has an estimated population of 33,670 year-round residents, according to the North Carolina State Demographer's office. Currituck is a growing county that experienced a 36.5% increase in population from July 2014 to 2024.

Currituck's geography is widespread and includes a long north-to-south mainland section that is bordered by Virginia (north), Camden County (west), Dare County (south) and the Currituck Sound (east). More than 26,000 of the county's residents live in the mainland area.

The community of Knotts Island is located across the Currituck Sound from the mainland and is connected to Virginia. To travel to Knotts Island, one must take the Currituck-Knotts Island Ferry or drive through Virginia. Approximately 2,000 county residents live in Knotts Island.

The Outer Banks community of Corolla is located at the northern end of North Carolina's barrier islands. To reach Corolla, one must travel through Dare County and back north into Currituck County. Corolla includes a paved road section of neighborhoods and, to the north, an off-road four-wheel drive area that is only accessible by driving on the beach.

Consisting mainly of Swan Beach, North Swan Beach, and Carova Beach subdivisions, it contains no paved roads and features secluded neighborhoods behind the dune line of the beach. Approximately 1,600 residents live year-round in Corolla and Carova.

Currituck County is one of only two counties in North Carolina that does not have any cities or towns within its borders.

Tourism is a major economic asset of Currituck County. Visitors come from all over the world to enjoy Currituck

County's beaches and historical attractions. During the summer months, the population in Corolla can increase by approximately 50,000 people per week. Important attractions include the historic Whalehead house, Maritime Museum, Outer Banks Center for Wildlife Education, Historic Jarvisburg Colored School, Historic Courthouse and Old Jail, and the Currituck Beach Lighthouse.

The county has many tourism-related businesses that hire large numbers of local employees. Due to the successful tourism industry, Currituck County enjoys significant revenue gains through occupancy tax and sales tax.

Currituck County Schools consists of one high school, one early college high school, two middle schools, and six elementary schools. The seventh elementary school, in Moyock, will open in August 2026. A five-member Board of Education is elected to serve four-year terms. Higher educational opportunities are available through College of The Albemarle, a community college that offers courses at two county-owned facilities in Community Park: The Regional Aviation and Technology Training Center and the Public Safety Center. Adjacent to these facilities is the Currituck Regional Airport which features a 5,000-foot runway, full-length parallel taxiway, hangars, and tie-down space.

The Currituck Sound, Atlantic Ocean, Intracoastal Waterway, and numerous other bodies of water provide abundant areas for fishing, kayaking, and boating activities. The county's rural environment also attracts many hunters.

Eight public parks provide playgrounds, boat launches, tennis courts, pickleball courts, volleyball courts, skate parks, dog parks, trails, waterfront boardwalks, fishing, and picnic pavilions. In addition, the Currituck County Rural Center includes outdoor equestrian areas and an indoor pavilion.

Budget Message

May 18, 2026

Honorable Board of Commissioners,

I am pleased to submit Currituck County's Fiscal Year 2027 Proposed Budget. The proposed budget is prepared in accordance with the North Carolina Local Government Budget and Fiscal Control Act.

This proposed budget includes services that the county must provide, as well as those services that the community values. Community values are expressed through your policies, goals, and investments. This budget is a financially sound proposal addressing the important needs in this community and within the county's governing organization. As this budget is transmitted from the county manager to you, it now becomes your budget as the governing body to review, debate, modify and adopt.

State of the County

Many of our conversations in the past few years have centered on growth, and we continue to be one of the fastest growing counties in North Carolina. We have also discussed the unique challenges and opportunities the county faces due to our geography and standing as the only form of government in the county.

In November 2025, Currituck County was again named the least distressed county in North Carolina, receiving a Tier 3 designation for 2026 under the N.C. Department of Commerce Development Tier Designations. The impacts of this seemingly positive designation are significant. The tier system does not account for the cost of managing growth, seasonal population impacts, or infrastructure strain, limiting access to funding even when legitimate needs exist. Tier 3 counties often face higher local match requirements, reduced competitiveness, or ineligibility for certain state funding programs. You all have identified tier system reform as a top legislative priority. We will continue to advocate for legislation to modify the tier ranking criteria and to work with stakeholders to seek tier system reform.

In the face of these issues, we continue to do more with less because county government is, at its core, a service provider and our team is setting great expectations. Every day, residents rely on county services that protect public safety, support education, maintain public health, assist vulnerable populations, guide growth, and preserve quality of life.

In the past year:

- Senior Services offered 312 special programs and events
- Parks and Recreation served nearly 3,400 children in youth athletic programs
- Currituck farmers realized net income gains of a combined \$2,565,638 by following best management practices provided by Extension
- Zoning staff conducted 1,360 plan reviews (zoning, stormwater, flood, etc.)
- Currituck Library system hosted 461 public programs, attended by 8,422 participants
- Register of Deeds office issued 447 marriage licenses
- Sheriff's Office answered approximately 39,000 calls for service
- The animal shelter had 572 adoptions
- Over 17,000 emergency calls were answered by 9-1-1
- Conservation efforts prevented an estimated 1,500 tons of soil from eroding off agricultural fields.

These statistics are only a snapshot of the work that goes on in Currituck County government every day as we focus on delivering services that citizens need, value, and depend upon.

General Fund

The General Fund is the principal operating fund for Currituck County. The major operating activities include general government, public safety, education, human services, and other governmental service functions.

What's New?

The Currituck County Library System, comprised of three branches, officially becomes a county department on July 1 following the dissolution of the East Albemarle Regional Library System. Migration to the NC Cardinal Catalog system is effective June 22, 2026.

We will migrate to new phone system in FY 2027 and anticipate cost savings of \$600,000 in following fiscal year.

Currituck Alert, the county's public alert and warning system, will migrate to another platform. The new platform will provide improved functionality at a lower cost.

This budget proposes implementation of a pre-hospital blood administration program for Fire-EMS. Shift supervisors will carry cold-stored whole blood or components for field transfusion for patients in hemorrhagic shock.

This budget also proposes a feasibility use study for the Satellite Office located in Corolla.

General Government

The proposed budget includes an appropriation of \$12,463,320 or 14% of the General Fund appropriation to General Government operations. This proposed budget includes an appropriation of \$60,000 for lighting upgrades at the COA Aviation building, \$75,000 for Historic Courthouse Board Meeting Room and Conference Room and \$50,000 for carpet replacement for the Tax Office.

Public Safety

Keeping residents safe is of primary importance. Because of its importance and the costs associated with personnel, vehicles, and facility maintenance, this budget proposes an allocation of 38% of the General Fund to departments associated with public safety. The departments are Currituck County Sheriff's Office, Fire-Emergency Medical Services, Emergency Management, 911 Communications, Inspections, Animal Services and Control and Detention Center.

This proposed budget continues the commitment to invest significant funding into vehicle replacement programs for the Sheriff's Office and Fire-Emergency Medical Services. This proposed budget allocates \$693,000 for ten (10) patrol vehicles and \$346,500 for five (5) trucks for the Sheriff's Office and \$750,000 for two (2) new ambulances for Fire-Emergency Medical Services. Three years ago, the board committed to incrementally purchase fire apparatus to replace the aging fleet. This proposed budget continues the replacement program with the allocation of \$550,000 for the purchase of fire apparatus.

Reliable communication is essential to safe and efficient public safety response. The county's cache of portable hand-held and vehicle mobile radios is reaching end-of-life. This proposed budget includes an appropriation of \$600,000 for the replacement of a combination of 100 portable and mobile radios. FY 2027 is identified as the third year of a five-year commitment to replacing these radios.

Education

Historically, Currituck County has strongly supported education and the Currituck County School System. This recommended budget proposes an allocation of 22% of the General Fund to Education.

Currituck County School System Local Current Expense

This proposed budget allocates \$17,958,809 as Local Current Expense funding which is a 12.73% increase over the current fiscal year Local Current Expense funding. A portion of the funding, \$1,847,531, is recommended to fund operational costs associated with the opening of Tulls Creek Elementary School in August 2026.

Currituck County Schools Capital Outlay

The FY 2027 budget includes an appropriation of \$1,535,000 for school capital outlay.

Three years ago, the board committed to funding improvements identified in the school system's five-year capital improvement plan. This proposed budget allocates \$2,700,000 from the School Capital Reserve Fund to School Capital Construction projects.

The total proposed capital outlay allocation for FY 2027 is \$4,23,000. It is also anticipated that the school system will apply for state lottery funds and state Public Schools Repair and Renovation Funds.

Commitment to Higher Education

For some time, Currituck County and the regional community college, College of The Albemarle, have partnered to ensure county citizens have access to quality educational opportunities from trades to general college level courses. The partnership resulted in the establishment of the COA-Currituck campus providing aviation systems technology, computer-aided drafting technology and computer-integrated machining programs. At the county's Public Safety Center, COA-Currituck offers basic law enforcement, nursing aide and general education programs. Continuing the partnership, this proposed budget allocates \$293,025 to College

of The Albemarle. This proposed budget also includes capital outlay funding in the amount of \$100,000 for building and grounds improvements at COA-Currituck.

Team Currituck

Salary Study

This proposed budget includes full implementation of the salary study recommendations initiated in FY 2026. Three examples are provided to illustrate the meaning of full implementation:

- An employee who has worked for the county for 8 years and has been in the same position for 8 years will be at the midpoint of the salary grade range
- A new hire will see a 2.5% increase annually through year 8 of employment at which time the salary will be the midpoint of the salary grade range
- An employee serving more than 8 years who has held the same position will see a slight salary increase over the midpoint

While not included in the budget, the board may wish to consider a mid-year cost of living adjustment to maintain market competitiveness.

Health Insurance Benefit

The county joined the North Carolina Health Insurance Pool (NCHIP) on July 1, 2023 to offer our team greater health coverage at much less cost to the county. Our first three years with NCHIP have been very successful, building a fund surplus which we strategically elected to use for the upcoming year to reduce premiums. The outlook continues to be positive and NCHIP will continue investing the pool's total reserve balance, returning dividends to members. This proposed budget includes a 5.5% increase to our renewal rate.

Personnel Changes

The following personnel changes are proposed in this budget:

General Fund

1. Sheriff's Office – Add one School Resource Officer position
2. Sheriff's Office – Add new position of Major at Grade 81
3. Sheriff's Office – Reclassify position of Certified Deputy from Grade 65 to Grade 66
4. Social Services – Reclassify position of vacant Processing Asst V (Grade 58) to Staff Development Specialist II (Grade 67)
5. Human Resources – Reclassify position of HR Assistant to HR Specialist – title change only
6. Human Resources – Reclassify position of HR Clerk to HR Coordinator – title change only
7. Communications – Reclassify position of Telecommunicator II to Communications Supervisor – title change only
8. Communications – Reclassify position of Training Officer to Training and Quality Assurance Manager – title change only
9. Cooperative Extension – Increase hourly rate for Part-time Admin Support from \$15.60 to \$16.20

Solid Waste Fund

1. Solid Waste – Increase one (1) Scale Operator position from .80 Full Time Equivalent (FTE) to 1.0 FTE

Mainland Water Fund

1. Mainland Water - Add one (1) Water Treatment Plant Operator position

Enterprise Funds

Generally, enterprise funds account for operations that are financed and operate much like a private business. The county maintains nine (9) enterprise funds. In enterprise funds that are water, sewer or solid waste related there are capital projects planned to begin or continue in FY 2027.

Those projects include:

- RO membrane replacement at Mainland Water Treatment Plant
- Booster Pump Stations project for Mainland Water
- Design of plant expansion with brine discharge pump for Mainland Water
- Second high service pump for Mainland Water Treatment Plant
- Barco Convenience Site entrance improvements
- Moyock Convenience Site expansion
- Construction of distribution building for Southern Outer Banks Water System
- Waterside Villages pump station repairs

- Waterside Villages WWTP expansion of third train to 120,000 gallons per day
- Meter replacement project for Ocean Sands Water and SOBWS
- Generator replacements of Ocean Sands Sewer
- Groundwater lowering pump station improvements for Ocean Sands Sewer

Fleet Program

The county began participating in a vehicle lease program in FY 2026. Twenty (20) vehicles were purchased through the lease program in FY 2026 at an annual cost of \$185,178. This budget proposes the lease of twenty (20) vehicles across all funds at a projected cost of \$259,667.

Capital Improvement Plan

Capital facilities and adequate infrastructure are critical for Currituck County's provision of services and facilities. A plan is critical to determine the need and funding for capital facilities and infrastructure. In a deliberate process, county departments were asked to identify capital needs from FY 2027 through FY 2031. The result is the FY 2027-2031 Capital Improvement Program that is recommended to you for adoption with the FY 2027 budget. The FY 2027 capital budget represents projects recommended for funding in the proposed budget. The remaining projects shown in FY 2028 through FY 2031 represent planned projects that will be continually vetted and subject to change.

FY 2027 and Beyond

This proposed budget maintains a property tax of \$0.62 per \$100 valuation. The proposed budget includes a fund balance appropriation of \$2,679,101. I believe this \$92,186,308 General Fund operating budget is responsible for addressing community needs and expectations. This proposed budget addresses challenges and recognizes good stewardship of county resources and facilities.

Consideration of alternative sources of revenue will be required in the future, particularly in light of the General Assembly's interest in modifying county government property tax authority. The November 2026 General Election ballot will include a referendum to levy an additional one-quarter cent sales tax under Article 46 of local option sales tax. Revenue is not restricted or earmarked and can therefore be used for any allowed use by counties. Article 46 sales tax does not apply to unprepared food (i.e. groceries) or gas purchases. The quarter cent sales tax will generate approximately \$2.3 million annually, based on current sales tax collections. By comparison, one penny of Currituck County property tax generates \$901,376.

Coming Soon

Now that the budget is yours, we want citizens to have the opportunity to review the budget, to ask questions and provide feedback. Comments can be made to commissioners@currituckcountync.gov. The proposed budget will also be posted on the county's website and hard copies will be located at the office of the Clerk to the Board in the Historic Courthouse, 153 Courthouse Road, Currituck, North Carolina, 27929.

A public hearing on the budget will be held at your regular meeting on June 1, 2026 at 6:00 p.m. at the Historic Currituck Courthouse. You may choose to hold a budget work session prior to the public hearing, and you may adopt the budget anytime following the public hearing but before July 1, 2026.

In closing, I thank department heads for their dedicated work preparing their budget submissions. I also thank the budget team: Finance Director Caron Crouse, Accountant Olivia Luks, Assistant County Manager Melissa Futrell, Human Resources Director Emily Beasley, and Public Information Officer Randall Edwards for their efforts.

Thank you for your attention, deliberation, and consideration of this proposed budget.

There is hereby levied an annual solid waste collection and disposal availability fee pursuant to Section 11-5(b) of the Solid Waste Ordinance of five hundred dollars (\$500) for all units on the Southern Outer Banks with door-to-door service and two hundred seventy-four dollars (\$274) for all units located elsewhere within the County of Currituck.

SECTION 38. EMPLOYEE COMPENSATION

Employee compensation is included in summary form. Individual employee salaries and benefits are hereby approved and set as presented in the supporting documents presented as part of the budget deliberation process and officially filed with the Human Resources Director.

SECTION 39. OTHER FEES

The County of Currituck charges various fees. These fees are detailed in the Master Fee schedule that is presented in the appendix of the budget document.

SECTION 40. DISBURSEMENT OF SCHOOL APPROPRIATIONS

The amount here within appropriated as School Local Current Expense shall be disbursed to the school finance officer in twelve (12) equal monthly installments. The amount here within appropriated as School Capital Outlay shall be disbursed to the school finance officer according to a mutually agreed disbursing schedule. A quarterly progress report shall be furnished by the Board of Education to the Board of Commissioners detailing the extent to which all school capital outlay and school capital construction monies have been expended.

SECTION 41. SPECIAL APPROPRIATIONS AND RESTRICTIONS

The Budget Officer is hereby authorized to transfer appropriations within the funds as contained herein under the following conditions:

1. They may transfer amounts within the same department within the same fund up to ten thousand dollars (\$10,000), providing an official report on such transfers at a regular meeting of the Board of Commissioners.
2. They may transfer amounts between departments within the same fund up to one thousand dollars (\$1,000), providing an official report on such transfers at a regular meeting of the Board of Commissioners.
3. They may appropriate fund balance to salaries and benefits in order to increase salaries of employees who have met requirements to increase certifications required by the county providing an official report on such appropriations at a regular meeting of the Board of Commissioners.
4. They may make inter-fund loans for a period of not more than sixty (60) days.
5. They may not transfer any amounts between funds or from any contingency line items within any funds.

SECTION 42. CONTRACTUAL OBLIGATIONS

The County Manager and the Assistant County Manager are hereby authorized to execute contractual documents under the following conditions:

1. They may execute contracts for construction or repair projects which do not require formal competitive bid procedures.
2. They may award contracts, reject bids, re-advertise for bids, waive bid bonds or bid deposit requirements, and waive performance and payment bond requirements for all formal bids of apparatus, supplies, materials and equipment as stated in G. S. §143-129.
3. They may execute contracts for (1) purchases of apparatus, supplies, and materials, or equipment which are within the budgeted departmental appropriations; (2) leases of personal property for a duration of one year or less and within budgeted departmental appropriations; and (3) services which are within budgeted departmental appropriations.
4. They may execute grant agreements to and from public and non-profit organizations which are within budgeted appropriations, unless a grantor organization requires execution by the Board of Commissioners.
5. They may execute contracts, as the lessor or lessee of real property, which are of duration of one year or less, which are within the budgeted departmental appropriations.
6. Notwithstanding the authority granted in paragraphs a, b, c, d and e of this section, they may execute contracts with an elected official representing the county only after the contract with an elected official representing the county, and the amount to be paid under the contract, is approved by the Board of Commissioners in the manner provided by G. S. §14-234.

SECTION 43. MICRO-PURCHASE THRESHOLD SELF-CERTIFICATION

In accordance with 2 C.F.R. § 200.320(a)(1)(iv) and the applicable provisions of North Carolina law, the county hereby self-certifies the following micro-purchase thresholds, each of which is a “higher threshold consistent with State law” under 2 C.F.R. § 200.320(a)(1)(iv) (C):

1. \$30,000, for the purchase of “apparatus, supplies, materials, or equipment”; and
2. \$30,000, for the purchase of “construction or repair work”; and
3. \$50,000, for the purchase of services not subject to competitive bidding under North Carolina law;
4. \$50,000, for the purchase of services subject to the qualifications-based selection process in the Mini-Brooks Act; provided that such threshold shall apply to a contract only if the county has exercised an exemption to the Mini-Brooks Act, in writing, for a particular project pursuant to N.C Gen. Stat. § 143-64.32. If the exemption is not authorized, the micro-purchase threshold shall be \$0.

The self-certification made herein shall be effective as of the date hereof and shall be applicable until the end of the current fiscal year but shall not be applicable to Federal financial assistance awards issued prior to November 12, 2020, including financial assistance awards issued prior to that date under the Coronavirus Aid, Relief, and Economic Support (CARES) Act of 2020 (Pub. L. 116-136). In the event that the county receives funding from a federal grantor agency that adopts a threshold more restrictive than those contained herein, the county shall comply with the more restrictive threshold when expending such funds.

The county shall maintain documentation to be made available to a Federal awarding agency, any pass-through entity, and auditors in accordance with 2 C.F.R. § 200.334.

The county shall maintain documentation to be made available to a Federal awarding agency, any pass-through entity, and auditors in accordance with 2 C.F.R. § 200.334.

The Purchasing and Contracting Policy shall be revised to reflect the increased micro-purchase thresholds specified herein, and to take all such actions, individually and collectively, to carry into effect the purpose and intent of this Section.

Introduction & Reader's Guide

Introduction & Process

The purpose of the annual budget process is to prepare a financial plan for the upcoming fiscal year. The plan should be consistent with, and a reference for, the goals and objectives of the Board of Commissioners. The plan should also provide for professional efficiency and effectiveness in goal accomplishment and utilization of valuable county resources.

The budget document is the annual financial plan for county operations during the fiscal period beginning July 1, 2026, and ending June 30, 2027. The plan describes the anticipated sources of revenues and the intended usage of resources during the upcoming fiscal year. The budget document, along with the audited annual comprehensive financial report are the two key documents that describe the county's financial plans and the county's financial status each year. The budget document presents a look ahead while the audited annual comprehensive financial report provides a look back at the county's financial condition.

County funds are budgeted and accounted for during the year on the modified accrual basis of accounting in accordance with North Carolina General Statutes. Under the modified accrual basis, revenues are recognized in the accounting period in which they become both measurable and available to pay liabilities of the current period. Expenditures are recognized in the accounting period in which the revenues or services are received, except for interest expense that has not matured which is recognized when due. The county's accounting records for general governmental operations are reported on the modified accrual basis. Enterprise and pension trust fund operations are reported on the accrual basis. Under this basis, revenues are recognized in the accounting period when earned and expenses are recognized in the period incurred.

The North Carolina General Statutes also provide for balanced project ordinances adopted for the life of projects which are expected to extend beyond the end of the fiscal year. The budget appropriations for project ordinances do not lapse until the completion of the project, while the appropriations for funds that adopt annual budgets lapse at the end of the fiscal year. The county adopts project ordinances for the County Governmental Facilities Fund, the School Facilities Fund, the Multi-year Grant fund, and construction funds associated with various enterprise construction projects. Therefore, the activities of these funds are not included in the Annual Budget.

Reader's Guide

The Budget Overview section describes fund structure and financial policies that guide the Board of Commissioners and County Manager as they make decisions concerning resource allocations.

The Revenue Overview section presents an analysis of the major revenue sources of the operating budget as well as a summary of all anticipated revenue collections during the fiscal year.

The information presented in the Expenditure Overview section of this budget document is primarily at a summary level to give the reader an overview of the budget from several different perspectives. Most of the summary tables in this section reflect both total appropriations by fund, as well as appropriations net of transfers. Appropriations to other funds, also referred to as transfers, involve the movement of money from one fund to another to support all or a part of the functions to be carried out by the receiving fund or represents payment for services provided, items purchased, or contributions to debt service. When reviewing the budget as a whole, it is more accurate to utilize the figures net of transfers because this will eliminate the double accounting for amounts transferred.

The county's operations are grouped into different funds as a means of reporting and accounting for all financial transactions. The various types of funds described more fully in the "Appropriations by Funds" section of the budget document. Within each fund are one or more county departments, with a department being an organizational unit which provides a major type of public service. Each section has a departmental or agency sheets showing total expenditures by type. The more detailed line-item departmental budget documents are provided in the appendix.

In this document, organizational charts are included to display the staffing of each department. Some of the organizational charts include lighter ovals. These lighter ovals depict a position that is supervised by the department head but is specifically funded by another budget. An example of this is the Sheriff's Office organizational chart, which includes the Detention Center. The Detention Center falls under the Sheriff's supervision but is funded by its own budget.

The number beside the job title is the number of employees that fall under that description within the specified department.

Fund Structure

Accounts are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts comprised of assets, liabilities, fund equity, revenues, and expenditures or expenses as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

The presentation of the annual budget is organized into various related types of fund categories including the two major headings: operations and capital projects. Each type of fund is explained in the sections below, including the various revenue sources that support each fund and the services provided by the expenditures from each fund.

Operations

Operations is comprised of four separate fund types that provide for the basic operations of county government: General Fund, Special Revenue Funds, Enterprise Funds, and Pension Funds.

General Fund

The General Fund is the principal operating fund for Currituck County. It is established to account for all financial resources except those required by State law, local ordinance, and generally accepted accounting principles to be accounted for in another fund. The county uses five funds internally to make up the general fund; the Operating Fund; the Payment in Lieu of Open Space Fund; the Fire Services Fund; the Revaluation Fund and the Land Banking Fund.

The Operating Fund revenues primarily consist of ad valorem taxes, Federal and State shared revenues, the local option sales taxes, licenses, permits and fees. The major operating activities include general government administration, public safety, education, human services, and other governmental service functions. The Payment in Lieu of Open Space Fund accounts for funds collected from land developers to accumulate resources to provide parks and recreational facilities in areas where there will be residential development. The Fire Services Fund revenues primarily consist of transfers from the Operating Fund, which are used to provide fire protection throughout the county. The Revaluation Fund revenues also consist of transfers from the Operating Fund to accumulate resources required by the North Carolina General Statutes to fund the octennial revaluation.

Debt Service Fund

The Debt Service Fund accounts for principal interest payments for the debt associated with capital projects for the county and public school system. Enterprise fund debt is

funded within each respective enterprise fund.

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes. The county currently maintains fifteen Special Revenue Funds: the Tourism Development Authority Fund; Carova Beach Road Service District; Emergency Telephone System Fund; Corolla Fire Fund; Knotts Island Fire Fund; Guinea Mill Watershed Improvement Fund (combined with Moyock during 2022); Hog Bridge Ditch Watershed Improvement Fund; Moyock Watershed Improvement Fund; Northwest Watershed Improvement Fund; Ocean Sands North and Crown Point Watershed Improvement Fund; Whalehead Watershed Improvement Fund; Whalehead Beach Solid Waste Collection and Disposal Fund; Department of Social Services (DSS) Client Accounts Fund; Fines and Forfeitures Fund; and Deeds of Trust Fees Fund.

The Tourism Development Authority Fund revenues primarily consist of the lodging occupancy tax, currently 6%, which by authorizing legislation is largely restricted to promote tourism and tourism related activities. The Carova Beach Road Service District Fund revenues consist of ad valorem taxes, revenues received from horse tour operator permits and occupancy taxes. The Emergency Telephone System Fund is funded by a surcharge assessed on each telephone line and cell phone utilized within the county. The county also shares in the surcharge assessed on wireless services within the State. The proceeds of these surcharges are restricted for the operations and maintenance of the 911 system.

The watershed improvement funds are funded by special district taxes levied within the boundaries of the service district to be used for drainage improvements within each specific service district. The Whalehead Beach Solid Waste Collection and Disposal District is funded by a special district tax levied within the boundaries of the service district to be used for maintenance of solid waste collection and disposal within the service district. The Corolla Fire Protection Fund provides funding for paid fire protection services in the Corolla Fire Protection District. The Knotts Island Fire Protection Fund provides funding for paid and volunteer fire protection services in the Knotts Island Fire Protection District. The DSS Client Accounts, the Fines and Forfeitures and the Deeds of Trust Fees Funds were considered fiduciary funds in past years but are now required to be shown as special revenue funds. These funds track receipts from various parties and the remittance of those receipts to the appropriate entity.

Enterprise Funds

Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises—where the intent of the governing body is that the costs of providing goods and services to the general public on a continuing basis will be financed or recovered primarily through use charges; or (b) where the governing body has decided that the periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other useful purposes.

The county currently maintains several enterprise funds: Ocean Sands Water and Sewer Fund; Mainland Water Fund; Solid Waste Fund; Southern Outer Banks Water Fund; and the Mainland Sewer Fund. The proposed budget also includes Ocean Sands Water and Sewer Developmental Fee Fund; Mainland Water Developmental Fee Fund; Southern Outer Banks Water Developmental Fee Fund; and Mainland Sewer Developmental Fee Fund. These developmental fee funds were created in the fiscal year ending June 30, 2019, during implementation of Session Law 2018-34.

Pension Funds

Pension Funds are used to accumulate and account for assets held by the county as trustee or agent for individuals, private organizations, other governmental units, and/or other funds. The county maintains one Pension Trust Fund for a Post Employment Benefits Fund, which provides a health care benefits plan extended to certain qualified retired employees as defined in the Personnel Policy. A second Pension Fund is the Law Enforcement Officers' Special Separation Allowance, a single employer public employee retirement system. The Board of Commissioners approved a resolution on April 19, 2021, creating two trusts for these retirement related benefits. The trusts were funded for the first time in July 2021.

Capital Projects

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities. The county maintains four funds that qualify as Capital Projects Funds: Capital Improvements Fund; Emergency Equipment Replacement Fund; School Capital Reserve; and Transfer Tax Capital Reserve.

Capital Improvement Fund

The Capital Improvements Fund's primary revenue source is the restricted portion of the additional supplemental one-half of one percent local government sales and use tax and the unrestricted portion of the supplemental one-half of one percent local government sales and use tax. This fund is utilized to meet county capital project needs.

Emergency Equipment Replacement Fund

The Emergency Equipment Replacement Fund's primary revenue source is a transfer from the General Fund. This fund is used to accumulate funding for major equipment needs of the volunteer fire departments.

School Capital Reserve Fund

The School Capital Reserve Fund's primary revenue source is the restricted portion of the additional supplemental one-half of one percent local government sales and use tax and the restricted portion of the supplemental one-half of one percent local government sales and use tax. This fund is utilized to meet the public school system's capital project needs.

Transfer Tax Capital Reserve Fund

The Transfer Tax Capital Fund's primary revenue source is the tax imposed, currently 1%, on all instruments conveying an interest in real property and is to be used for any lawful capital purpose.

Multi-Year Project And Grant Ordinances

Currituck County maintains ten multi-year funds that are not annually budgeted, which are authorized by project ordinance that run through the life of the project. Project and grant ordinances are utilized to budget for capital projects or federal and state grants that are reasonably expected to exist for more than a single year.

Financial Policies

Currituck County's financial policies guide the Board of Commissioners and County Manager as they make decisions concerning resource allocations. The financial condition of the county must be accurately maintained to ensure resources are available to meet the community's priorities. The following policies are related to the adoption and implementation of the annual budget.

Operating Budget

The county shall operate under an annual balanced budget ordinance whereby the sum of net revenues and appropriated fund balances equals the expenditure appropriations. The Local Government Budget and Fiscal Control Act (NCGS 159-8) requires a balanced budget ordinance from all local governments. The county's annual budget shall be adopted by July 1 and shall be effective for a fiscal period beginning July 1 and ending June 30.

All departments share the responsibility of meeting policy goals and ensuring the county's long-term financial health of the county. Balanced revenue and expenditure forecasts model the county's ability to absorb operating costs from changes in the economy, service demands, debt service, and capital improvements.

The annual budget process weighs all competing requests for county resources, within expected fiscal constraints. Appropriations requested after the original budget is adopted require Board of Commissioners' approval and must identify expenditure reductions or revenue increases to offset.

Grant funding supplements county funds when it complements county programs and services. Inconsistent or fluctuating grants are not used to fund ongoing programs. In the event of reduced grant funding, county resources will be substituted only after all program priorities and alternatives are considered during the budget process.

Revenues

Revenue projections shall be set at realistic and attainable levels, sufficiently conservative to avoid shortfalls, yet accurate enough to avoid a regular pattern of setting tax rates that produce significantly more revenue than is necessary to meet expenditure requirements. The county reviews certain programs and services as areas for potential funding through user fees.

User Fees

North Carolina General Statutes (NCGS) authorize the setting of fees by counties in Chapter 153A - 102. The purpose of the User Fee Policy is to establish guidelines, in accordance with G.S. 153A-102, which shall be used by the County Manager to determine fees and commissions that are not statutorily

restricted. Furthermore, this policy also establishes guidelines for the county government regarding the institution of fees for performing services or duties permitted or required by law.

User fees are an allowable manner of paying for services that generate direct benefits to people who receive the service. Fees shall be developed based on the cost of providing services and county-wide goals and objectives as set by the Board of Commissioners. All user fees shall be evaluated annually, and updates shall be presented to the Board of Commissioners during the annual budget process.

Examples of fees include building permits, inspection fees, facility rentals, park rentals, sports registrations, airport hangar fees, deed recording, marriage licenses, noise permits, solid waste tipping fees, utilities, maps, and event registrations. A complete master fee list is available on the county website at www.currituckcountync.gov and in the appendix of this document.

Fund Balance

In accordance with state statute, appropriated fund balance in any fund shall not exceed the sum of cash and investments minus the sum arising from liabilities, encumbrances, and deferred revenues arising from cash receipts at the close of the prior fiscal year.

The County will maintain an undesignated fund balance that exceeds eight percent (8%) in accordance with the North Carolina Local Government Commission's recommendation. Fund balance should be maintained for purposes such as avoiding cash-flow interruptions, generating interest income, eliminating the need for short-term borrowing, assisting in maintaining an investment grade bond rating, and sustaining operation during unanticipated emergencies and disasters. As a goal, the county will seek to establish a general fund operating reserve of 25% to 35%. This level will provide operational funding to help address emergency situations which may occur as a result of a significant financial downturn or natural disaster.

Financial Reporting

The county's Annual Comprehensive Financial Report (ACFR) is annually submitted to the GFOA Certification of Achievement for Excellence in Financial Reporting Program. Currituck has achieved the GFOA's highest rating in 16 of the past 17 fiscal years. Each annual financial report is maintained on the county website, available for public viewing, at www.currituckcountync.gov.

Fiscal Monitoring

Monthly interim financial statements present actual revenues and expenditures versus budget for the fiscal year to date. These summary interim financial statements are presented to county management and the Board of Commissioners and will identify major variances that require investigation to preserve the county's financial position.

Capital Improvement Plan

The county adopts a five-year Capital Improvement Plan to be revised and approved annually. Typically, capital expenditures included as a project in the Capital Improvement Plan cost at least \$10,000. If a capital project is to be debt funded, the county adheres to a risk-averse guideline whereby it appropriates the debt funding source for the capital project only after the designated debt funding source has been officially secured.

Capital and Debt

Capital Funds are utilized by the county. Revenues deposited into the county's capital project funds are used to pay capital project expenditures. Investment income from the county's general fund, federal interest subsidies authorized by ARPA, state lottery funds, and bond issue premiums are other sources of revenue used to pay debt as it becomes due. These funds are usually multi-year funds and not budgeted.

Public Engagement

County residents have multiple opportunities to learn about the proposed budget through public hearings, work sessions, county website, videos, and telephone calls and emails to commissioners. Citizens may provide comments to the Board of Commissioners regarding concerns they have with the county budget prior to its adoption.

Overview of Revenues

An analysis of the major revenue sources of the General Fund follows. This analysis provides information on those sources which represent most of the total operating revenues of the General Fund.

The revenue estimates for the annual operating budget have been made carefully in accordance with county practices. It is necessary to prudently estimate revenues because of the need to be assured that resources will be available to meet operating, debt, and capital needs pursuant to the balanced budget requirements imposed by state statutes.

Property Tax Base

Property tax values have undergone changes over the past several years. State legislated changes, as well as the increase of the overall assessed valuation of the county during the most recent revaluation, have positively impacted the budgetable assessed valuation.

Fiscal Year	Assessed Value	Tax Rate	
2013	\$ 8,188,541,638	\$ 0.320	
2014	5,565,624,903	0.485	Revaluation
2015	5,864,064,156	0.480	
2016	5,995,996,462	0.480	
2017	6,111,443,899	0.480	
2018	6,246,566,250	0.480	
2019	6,403,894,792	0.480	
2020	6,592,164,374	0.480	
2021	6,778,769,583	0.480	
2022	8,143,596,305	0.460	Revaluation
2023	8,228,991,925	0.460	
2024	8,474,418,384	0.560	
2025	8,815,310,395	0.620	
2026	8,963,124,047	0.620	
2027	9,409,089,867	0.600	

Revaluation

North Carolina General Statutes require that real property values for ad valorem purposes be revalued not less than each eighth year. The most recent revaluation by the county became effective for the fiscal year ended June 30, 2023.

Ad Valorem Tax

The ad valorem tax revenue estimate represents a tax rate of \$0.60 per \$100 applied to the estimated tax base of \$9,409,089,867 with a collection rate of 99.18%. This yields a current tax estimate of \$56,454,539. North Carolina General Statutes limit the collection rate so that it cannot exceed the percentage of the levy realized in cash at the end of preceding fiscal year. While actual collections may exceed the budgeted collection percentage, it is desirable to allow

excess revenue to offset other potential shortages that may occur when other revenues do not meet expectations.

North Carolina Franchise Tax

Franchises are special privileges granted by local governments to certain types of business that either exhibit a strong public service characteristic or that utilize public rights-of-ways in the provision of their services. A franchise tax is assessed (normally expressed as a percentage of gross sales) in exchange for the special privileges being extended. The county receives a franchise tax from the State of North Carolina, which has been paid for by the cable service providers that operate within the county. It is estimated that proceeds for these taxes will be \$300,000 in FY 2027.

North Carolina Beer And Wine Tax

The North Carolina Beer and Wine tax is a state shared revenue distributed to local governments based on beer and wine sales within the governmental jurisdiction. The State levies excise taxes on beer and wine at the wholesale level. It is estimated that the county share will be \$150,000 in FY 2027.

Local Option Sales Tax

North Carolina counties rely heavily on local sales taxes as an important revenue source within the county general fund to support critical public services. Local sales taxes are the second largest county-levied revenue.

North Carolina counties are limited in the amount and type of local sales taxes to those specifically authorized by the General Assembly. The General Assembly authorized the first cent of local option sales tax in 1971 “to afford the counties and municipalities with opportunity to obtain an added source of revenue with which to meet their growing financial needs”.

While cited statutorily as a local government sales and use tax, the local sales tax levy is imposed solely by the Board of Commissioners by resolution following a favorable referendum, if required, or by board resolution. North Carolina’s Department of Revenue oversees local sales tax collections from retailers, in concert with state sales tax collections.

North Carolina maintains two distinct, and unique, inter-county allocation methods for sales taxes collected under the local levy. The point of delivery allocation method credits the county to which the goods are delivered, and all local sales tax levies save a ½ cent tax are allocated in this manner. Generally, point of delivery coincides with the point of sale, e.g. where the sales transaction occurs and the purchaser walks away with the goods in hand. Larger items such as

appliances and construction materials may be delivered to the purchaser's home or where the goods are to be used. It is the county area to which the goods are delivered that is credited for the sales tax collected.

The second inter-county allocation method is based on the county's population as a percent of the state's total population, according to the most recent state-certified population estimates. Local sales taxes allocated under the per capita method are collected in a statewide pool and then allocated to the county area based on the county's population percentage.

However, a statutory adjustment is made prior to the individual county area distribution that could increase, decrease or retain the actual per capita percentage. This adjustment factor, ranging from 1.49 in Dare County to 0.81 in Columbus County, is thought to correct for the 1987 sourcing change from destination to the retailer's location and was put in place in conjunction with legislative authority for the second ½ cent per capita local sales tax. Currituck County's adjustment factor is 0.94.

Several local option sales taxes have been authorized since the initial local sales tax in 1971. Below is a description of each local sales tax as referenced by its statutory citation in Chapter 105 of the North Carolina General Statutes. Largely, any local sales tax authorized prior to 2000 included unprepared food sales in the local sales tax base. After the state phased out food sales in the state sales tax base in 1998, the General Assembly has not permitted any new local sales tax levies to be applied to unprepared food.

In keeping with the Streamlined Sales Tax Agreement (see below) and following the state's phase out-of-state sales taxes on unprepared food, the two percent local sales tax on food—its administration and accounting—is now treated as if it is a state sales tax (beginning with fiscal year 2003 collections). For allocation purposes, one-half of the food sales tax is distributed on a per capita basis while the other half is distributed proportional to the 1997-98 Article 39 tax on food. Overall, food accounted for nearly \$140 million per penny in 2012-13, or 12.5 percent of the total.

Article 39 was the original local option sales tax and authorized in 1971. It was set at one percent of eligible sales, the highest individual levy authorized and is allocated on a point of delivery basis. All counties impose Article 39, which may be levied via a referendum or by board resolution. Since Article 39 was the original local sales tax, all subsequent local sales tax articles refer to Article 39 for administrative purposes. For example, Article 39 outlines the steps for repealing a local sales tax and allows for a petition of 15% of qualified voters to force a referendum on the levy's repeal. (Dare County's levy of a 1 percent sales tax for beach re-nourishment, as allowed under a local bill, was repealed in this manner).

Article 40 was authorized in 1983 to provide "an added source of revenue with which to meet their (counties and cities) growing financial needs, and to reduce their reliance on other revenues, such as the property tax". Set at one-half percent, Article 40 is allocated on a per capita basis. All counties impose Article 40, which may be levied similarly to Article 39.

Article 40's statutory language requires counties to set aside 30 percent of its proceeds for public school capital outlay purposes, including school indebtedness. When originally enacted, counties were required to set aside 40 percent for the first 5 years of the levy, and then 30 percent for the next 5 years. Cities sharing in the distribution had similar set aside requirements for water and sewer capital outlays. The General Assembly enacted legislation to extend the county-required set aside indefinitely while the city set aside was allowed to sunset.

A county may petition the Local Government Commission (LGC) to allow the county to use part or all of its required set aside for purposes other than school capital needs, if it can demonstrate that it is able to meet its public school capital needs without Article 40 proceeds. Informal discussions with the LGC indicate that the local board of education would need to sign off on the county's petition prior to the LGC approving the set aside release. Since the local sales tax on food was converted to a "state" sales tax and decoupled from Article 40, the school capital set-aside is not required for the food portion of proceeds.

Article 42, authorized in 1986 at one-half percent, was originally allocated like Article 40 on a per capita basis. It too was enacted as an added source of local revenue and to reduce reliance on other revenues such as the property tax but also for the loss of "federal revenue sharing". After its enactment, counties could levy a total of two percent in sales taxes, with 50% allocated on a point-of-sale basis and 50% allocated on a per capita basis. All counties levy Article 42, which may be imposed similarly to Article 39.

In 2009, and as a part of the historic county Medicaid Relief Swap of 2007, Article 42 was converted from a per capita to a point-of-delivery basis. This change was made to reduce the state's financial exposure to a state-funded hold harmless for those counties whose loss of Article 44 sales taxes as a part of the swap exceeded their gain from Medicaid relief. The food sales tax receipts originally levied under Article 42, now levied under Article 5, the state's sales tax legislation, remain distributed on a per capita basis.

Article 42, like Article 40, also has set aside requirements. Current law requires counties to use 60 percent of Article 42 receipts for public school capital outlay purposes. As originally enacted, the required set aside stepped down and phased out after 11 years, but subsequent legislation removed the step

down and mandated the 60 percent set aside indefinitely. The General Assembly further modified the set aside to require counties whose Article 42 receipts are less under the point of delivery allocation to earmark enough revenue to make up for the loss of school construction funding.

Article 44, set at one-half percent, was authorized in 2001 to replace state reimbursements for local tax base losses legislatively repealed in the 1980s. The state was facing a fiscal crisis at that time and chose to withhold and repeal the local reimbursement distribution of \$333 million. All counties immediately took action to impose Article 44, which permitted an accelerated levy and collections schedule to replace lost state reimbursements within the 2001-2002 fiscal year.

As a part of the 2007 Medicaid Relief Swap, Article 44 was ceded to the state to offset the state's increased Medicaid costs for assuming the county Medicaid cost share. Counties continue to see Article 44 adjustments as refund requests are processed and sales tax discoveries are made. As originally enacted, Article 44 followed the then established local sales tax allocation of 50% per capita and 50% point of delivery, the first levy to have a dual allocation method. Legislation authorizing Article 44 provided for a 10-year hold harmless provision for those local governments whose expected Article 44 receipts did not replace their repealed state reimbursements. After several extensions, the Article 44 hold harmless sunset in 2013.

Article 46, at one-quarter percent and allocated by point of delivery, was also authorized as a part of the 2007 Medicaid Relief swap, whereby legislators acknowledged the substantial infrastructure and operating demands facing county governments. Unlike the previous local sales tax options, the county's voters must approve its levy via an advisory referendum prior to board enactment. As of this writing, 48 counties have been successful in having Article 46 approved by their voters. The county has neither voted on or enacted Article 46.

Investment Earnings

The prudent investment of public funds is a key responsibility of local governments. Available funds are invested following the principles of the prudent person rule which states: Investments shall be made with judgment and care, under circumstances then prevailing, which person of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived. The long-term time span on significantly low earning rates combined with completion of several ongoing construction projects accounts for the lower projections for investment earnings. The county is projected to earn \$1,810,284 (\$4,765,636 total all funds) for FY 2027.

Excise Stamp Tax

The Excise Stamp Tax is a documentary stamp tax paid to the Register of Deeds for recording of deeds and mortgages whereby any interest in real property is conveyed to another. This tax is shared with the State. The county estimates collections at \$1,200,000 for FY 2027.

Building Permits

Reasonable fees sufficient to cover the costs of administration, inspections, publication of notices and similar matters are charged to applicants. The county estimates collections to be \$1,200,000 for FY 2027.

Transfers From Other Funds

Some services and projects provided through the General Fund are financially supported by revenues collected through other funds. Therefore, in an effort to match revenues with the corresponding expenditures, funds are transferred into the General Fund. Information for anticipated transfers into the General Fund for the upcoming budget year is provided in the Schedule of Transfers on page 49.

Special Revenue Funds

Special Revenue Funds address specific needs in the county and development strategies for addressing those needs. See the Appropriations by Fund – Special Revenue Funds section of this document for details regarding special revenue funds budgets.

Enterprise Funds

Enterprise funds supply water and sewer services to various sections of the county. There are four funds that provide water and sewer services. In addition, there are construction funds and developmental fee funds for each. There is also a solid waste fund that provides convenience center services to county residents. The fees charged for all the services can be viewed on the Master Fee Schedule.

The Enterprise Funds are managed to be self-sufficient. User fees are determined with the assistance of consultants and, in conjunction with developing detailed budgets, assist each fund to break even while planning for future capital needs.

Appropriated Fund Balance

In prior budget years, actual revenues may exceed amounts projected to be collected or actual expenditures may be under amounts proposed to be spent. This excess is accumulated over time in fund balance. The portion of fund balance that represents expendable available financial resources can be utilized in future years to assist in balancing the budget. The county appropriated fund balance in an effort to stabilize the ad valorem tax rate.

The appropriated fund balances for the upcoming year and for the preceding ten years is detailed below:

User Fee Change Summary

North Carolina General Statute authorizes counties to establish fees for performing services and duties permitted or required by law. For services not restricted by statute, the county, in accordance with its board adopted user fee policy, adopts a master fee schedule. The master fee schedule is included in the appendix to this document and is also available on the county website. Changes to the schedule are approved by the Board of Commissioners as needed during the year and revisions are posted on the county website.

A summary of user fee changes for the upcoming fiscal year is provided below.

Overview of Expenditures

Within the General Fund, the largest portion of funding supports public safety. Public safety accounts for 38% of General Fund expenditures. Departments associated with public safety include the Currituck County Sheriff's Office, Fire-Emergency Medical Services, Emergency Management, 911 Communications, Inspections, Animal Services and Control, and the Detention Center.

Currituck County designates 22% of the General Fund to support education. This funding is allocated to Currituck County Schools and College of The Albemarle.

General government operations accounts for 14% of the General Fund budget. This includes salary and benefits for county personnel.

The chart below depicts these and additionally highlighted areas that receive funding through the General Fund.

Governing Board

The seven-member Board of Commissioners receives a monthly stipend. The stipend is \$1,200.00 per month with the exception of the Chairman who receives a monthly stipend of \$1,300.00.

NOTE: Included in the Authorized Positions are fractions of a position. This illustrates a portion of a full-time position. For budgeting purposes, Currituck County utilizes FTE or Full-Time Equivalent, and it is essentially a count of “hours worked” rather than a number of employees. Forty hours (40) would equal 1.0 FTE, while nineteen hours (19) would equal .48 FTE.

Personnel Changes Summary

The following information explains staffing changes of Currituck County Government for the fiscal year ending June 30, 2027.

Mission

The County Manager’s Office is responsible for the executive leadership of Currituck County Government. The County Manager serves as chief administrator, appointed by and serving at the pleasure of the Board of Commissioners.

The County Manager carries out the day-to-day administration of county government and is responsible for implementing policies established by the Board of Commissioners, coordinating the work of all county departments, and representing the county in efforts with other governmental units and agencies.

The manager’s duties include preparing the annual budget, recommending new and revised policies and programs to the Board of Commissioners, and implementing county programs and services in a timely, efficient, and fiscally responsible manner.

Accomplishments In FY 2026

The county successfully hosted its fifth cohort of the Citizens Academy. Approximately 25 county residents attended 12 free, weekly sessions to learn about Currituck County government. Over eleven class sessions, the class met with

a total of 23 departments. The twelfth session featured a “Budgetopolis” activity facilitated by an official from the UNC School of Government.

The Assistant County Manager reinvigorated the county’s economic development program engaging with EDPNC, the NC East Alliance, NC Economic Development Association, Federal Economic Development Association, and Currituck County Chamber of Commerce. Staff is focused on positioning Maple Commerce Park as a hub for technology, logistics, and advanced manufacturing, leveraging workforce readiness and cost advantages to attract high-value employers.

The administrative team continued to facilitate development of the county strategic plan. Community meetings were held in the spring and summer to receive input on the four focus areas identified in the plan: housing, infrastructure, economic development, and quality of life.

The Assistant County Manager also served as Interim Library Director leading the transition of the Currituck County Library System from a member of the East Albemarle Regional Library System to a county department.

FY 2027 Goals And Discussion

The County Manager's Office will continue to advance the goals and policy directives of the governing board.

The administrative team will also engage in long-term planning efforts to ensure the county is prepared for future growth and infrastructure needs.

The office will work with state legislators to advance the legislative goals of the Board of Commissioners.

The county will utilize a variety of public information resources to maintain consistent lines of communication with citizens.

The Focus on Currituck printed newsletter, which is mailed to every address in Currituck County, will be produced and delivered on a quarterly basis. The county will continue its ongoing series of informational videos on various departments and topics of importance.

Mission

The County Attorney is appointed by and serves at the pleasure of the Board of Commissioners. The County Attorney represents the county's interests, including its county officials and employees, in litigation filed by or against them on a broad range of issues.

The Legal Department plays a critical role in ensuring compliance with laws and regulations, mitigating risks, and supporting the County's strategic initiatives. Our team provides legal guidance on contracts, employment matters, regulatory compliance, litigation, and county governance among other things.

Accomplishments In FY 2026

Successes of the Legal Department include:

- Updated county ordinances and policies to comply with new regulations, reducing legal exposure.
- Resolved several litigation cases through the courts and negotiations, saving the county in legal costs.
- Reduced turnaround time for contracts in the routing system and turnaround time for public records request.
- County Attorney is keeping up to date with changing laws, regulations, and ethics by attending the County Attorney Summer and Winter Conferences and the Essentials of County Government.
- Attorney Morgan serves on the Coastal Resource Advisory Council.

FY 2027 Goals And Discussion

During the next fiscal year, the Legal Department will:

- Continue to work on ways to improve effectiveness and efficiency of legal processes for the county.
- Effectively defend the county and Board of Commissioners in litigation cases to minimize costs and proactively address legal disputes before they escalate.
- Continue to support the County, Commissioners, County Manager and all departments to stay in compliance with legal requirements and issues.

Future Considerations

To achieve these goals, requests an increase in some budget line items, an increase from last year due to investments in technology, compliance initiatives, and professional development, but a decrease in others.

Key budget allocations include implementing legal management software (LexisNexis with AI) to improve efficiency and managing anticipated legal matters and outside counsel fees.

Mission

Currituck County Board of Elections is committed to conducting secure, accurate, and transparent elections. We are dedicated to serving the community by protecting voter rights, promoting participation, and upholding the integrity of the electoral process.

Accomplishments In FY 2026

The Board of Elections conducted the North Carolina Mid-Term Primary Election on March 3, 2026.

At the time of the election, there were 24,186 registered voters in Currituck County. Of the registered voters, 4,478 cast ballots in the Mid-Term Primary.

The Board of Elections achieved 100% reporting accuracy for the Mid-Term Primary Election.

FY 2027 Goals And Discussion

The Board of Elections will conduct the North Carolina Mid-Term General Election on November 3, 2026.

This election will include races for the following: U.S. Senate, US House, North Carolina State Senate, North Carolina State House, NC Supreme Court Associate Judge, NC Court of Appeals Judges, NC Superior Court Judge, NC District Court Judges and District Attorney.

Local races on the Mid-Term ballot will include the Board of Commissioners, Currituck County Sheriff, Clerk of Courts, Board of Education and Soil & Water Conservation District Supervisor. Candidate filing for Soil & Water Conservation District Supervisor will be June 8, 2026, at noon through July 6, 2026, at 5:00 pm.

The Board of Elections will aim to achieve 100% reporting accuracy for the 2026 General Election.

Mission

The Finance Department provides financial direction, accurate and timely accounting processes and reporting to internal and external stakeholders, compliance and oversight of procurement practice, and compliance with federal and North Carolina laws and best practices. To maintain optimal levels of support and fiscal accountability to county leadership and transparency to all stakeholders, the Finance Department works closely with all department leaders. The Finance Department's proactive approach to coordination and communication leads to more effective decisions and results throughout the county.

Accomplishments In FY 2026

The Finance Department assisted with the Tulls Creek Elementary School project. The funding for the school is the largest financing in the history of the county. Staff also assisted the school system with the purchase of technology and supplies for the school.

With the retirement of the long-term finance director as of June 30, 2025, the entire department helped to make the

transition successful. Duties and responsibilities have been evaluated and changes made to ensure segregation of duties and internal controls are effective.

FY 2027 Goals And Discussion

The primary focus of the Finance Department and the Customer Service Division of the Utilities Department is to continue efforts to cross-train staff who provide valuable services to our citizens.

Upcoming retirements of long-term employees will require the same evaluation of duties and responsibilities. Our average tenure has and will continue to decrease providing opportunities for growth.

Retirements provide opportunities for our employees to take on more responsibility and learn new skills. Procedure manuals have been created to assist new employees and the cross training of current employees.

To support staff, the department is also implementing more frequent performance evaluations.

Future Considerations

Department leadership is continuing to look for opportunities for efficiency through the use of software and simplifying routine processes. Effective use of each person's time means that more growth in the county will not necessarily result in the need for more employees.

As Currituck County continues to grow in population, the Finance Department will be instrumental in assisting with funding and possible financing for construction to keep up with the demand for services for fire protection, solid waste management, water and sewer expansion, and all other governmental services.

Mission

To provide reliable and available information technology systems in the most secure manner to promote efficient and secure network services for Currituck County.

Accomplishments In FY 2026

The IT Department made significant strides in modernizing the county's information technology infrastructure. Staff successfully completed the hardware refresh, replacing all outdated equipment and bringing the county's infrastructure up to modern standards. In parallel, the department laid critical foundational groundwork to prepare for a transition to a highly available and fault-tolerant infrastructure — positioning the county for greater reliability and reduced downtime in the years ahead.

These efforts were accomplished while achieving considerable cost savings, demonstrating the department's commitment to responsible stewardship of county resources.

FY 2027 Goals And Discussion

In the coming year, the IT Department will focus on continuing the migration of remaining infrastructure to the new cloud environment. Building on the foundation established in FY 2026, staff will work to bring all remaining systems onto the

modernized platform, further advancing the department's mission of high availability, fault tolerance, and security.

Consolidating services within the cloud infrastructure will reduce complexity, improve resilience, and maintain strong protections for county data and systems.

The department remains committed to delivering a secure, reliable technology environment that supports county operations and the services provided to the public.

Future Considerations

The department will continue to implement evolving cybersecurity strategies and provide a secure county network against constant cybersecurity threats to public agencies. Staff will continue to communicate regularly with state and federal agencies that provide information and guidance to local information technology departments in order to provide better services and improve security of systems.

The department will address all problems that county employees experience with information technology equipment and systems in a timely and effective manner. This will help county staff work more efficiently and provide better services to the public.

Total	\$ 440,656	\$ 455,882	\$ 464,223	\$ 480,353	\$ 480,353

Mission

To partner with county departments in supporting, developing, and growing the county's greatest asset: employees. Human Resources is focused on high-quality customer service and is committed to sound practices for recruitment, development, reward, and retention of the county's workforce.

Accomplishments In FY 2026

The Human Resources Department assisted with the implementation of a new compensation plan with pay grades and salary ranges effective at the beginning of the fiscal year. With the implementation of the new compensation plan, the Human Resources Department processed pay increases for a majority of the workforce. The new compensation plan adds additional flexibility and movement to the County's pay structure as compared to the previous step-based compensation model.

The Human Resources Department started facilitating annual meetings for retirees to promote ongoing communication and understanding regarding the benefits to which they are entitled; depending upon eligibility these can include benefits offered through the North Carolina Health Insurance Pool, Humana, Empower, and the North Carolina Local Governmental Employee Retirement System.

The Human Resources Department also implemented HR Huddle meetings on a quarterly basis beginning in the spring of 2026. These meetings, which are facilitated at various sites

throughout the County for ease of access to employees, are an opportunity for the Human Resources Department to share with our workforce any personnel-related information or important updates as well as help increase employees' understanding of their total compensation package to include their retirement plans and other benefits. These meetings are a great opportunity to break down any barriers that may exist with employee access to HR; this may include employees being unable to leave their workplaces to come to the Human Resources Department given the type of work that they perform and/or long travel times from their workplaces to the Human Resources Department. These meetings also help foster improved dialogue and connections between the HR department and the overall workforce.

The Human Resources Department also created a newly revised exit interview form to gather candid and specific feedback from departing employees regarding their reasons for separating service with the County. Gathering this targeted information will help the County improve workplace culture, retention, and overall organizational effectiveness.

In November 2025, the North Carolina Association of County Commissioners conducted its biennial Safety Credit Assessment of county government operations. The County again performed exceptionally well, achieving a near-perfect score of 83 out of 84. As a result, the County was awarded a 3% safety credit toward its property and liability insurance premiums for the next two fiscal years.

The County also achieved a Days Away, Restricted, or Transfer (DART) rate of 1.99 for 2025, which remains significantly below both the national average of 4.4 and the state average of 3.3 for state and local government entities, reflecting strong workplace safety performance.

The Risk Management Administrator earned the Manager of Environmental Safety and Health in Industrial Hygiene certificate through North Carolina State University and the North Carolina Department of Labor, enhancing the County's capacity to provide advanced occupational safety and health support, particularly in areas involving industrial hygiene compliance and risk mitigation across County departments and facilities.

The Human Resources Department continues to utilize the NEOGOV online learning management system to deliver a comprehensive range of safety and awareness training programs to County staff. These efforts are focused on protecting employees and reducing costs associated with workplace injuries and illnesses. Employee training participation and completion rates have continued to increase over the past year.

Additionally, the Risk Management Administrator conducted the County's first two North Carolina Department of Labor OSHA 10 certification courses, delivered internally for the Public Utilities and Public Works Departments. Offering these courses in-house eliminated traditional travel expenses and employee downtime, enabling greater staff participation while reducing overall training costs and maximizing taxpayer value.

FY 2027 Goals And Discussion

The Human Resources Department will continue to improve processes by exploring digital onboarding opportunities to streamline the hiring process and reduce printing costs.

The department will explore solutions for retirees to pay healthcare premiums electronically for added convenience.

The department will also explore the creation of electronic exit surveys to be able to track metrics and patterns related to employee separations.

Future Considerations

The Human Resources Department remains committed to supporting Currituck County employees with quality services, innovative solutions, and a continued focus on workplace wellbeing, safety, and employee retention. In the upcoming fiscal year, the Human Resources Department is also committed to exploring automation to streamline processes and tracking analytics to use data to make informed personnel related decisions.

Total	\$ 744,630	\$ 894,129	\$ 905,152	\$ 941,982	\$ 941,982

Mission

To provide fair and equitable appraisal, assessment, billing, and collection of taxes on real, business, and personal property in Currituck County. The Tax Department is committed to excellent customer service and to fair and timely tax administration as guided by the North Carolina General Statutes. The Tax Administration office works as a team to deliver excellent customer service and strives to maintain and improve upon the collection rate each year as it is a vital component in the county's budget process.

Accomplishments In FY 2026

The Tax Department is a consistent leader in county property tax collection within North Carolina. In the last fiscal year, the department achieved an overall collection rate of 99.18%, which is slightly above average among all North Carolina counties.

Currituck County has an overall tax base of \$9.2 billion and levies approximately \$61 billion in property taxes. There are 26,777 taxable real estate parcels in the county. This represented an increase of 0.8% from the previous fiscal year.

In addition, there were 2,401 taxable personal property accounts. This was an increase of 4.0% from the previous fiscal year.

FY 2027 Goals And Discussion

The department will be responsible for appraising, assessing, and listing all real estate and personal property within the county, including ten (10) special service districts.

The department will collect all current and delinquent taxes on such property excluding registered motor vehicles.

Tax administration will oversee the billing and collection of the hotel/motel room occupancy tax, animal and solid waste fees, special assessments, and calculate the amount of Land Transfer Tax on real estate deeds and leases.

Future Considerations

In North Carolina, counties are required to conduct a countywide property revaluation, or reassessment, at least every eight years. Currituck County last conducted a revaluation in 2021 and is scheduled to perform its next revaluation in 2029.

- Register of Deeds carpet replacement
- Detention Center plumbing
- Historic Courthouse office painting and carpet replacement

Accomplishments In FY 2026

The Public Works Department is responsible for maintaining and repairing all county owned and operated facilities. This includes 60 county facilities with a total of more than 600,000 square feet. Staff also maintain over 11 miles of walkways, 13 dune walkovers, 5 beach access ramps, 10 solid waste facilities, more than 100 parking lots, county signage, exterior lighting, and the fuel farm for county vehicles.

Staff also oversees service contracts for landscaping, waste disposal, building maintenance, generator maintenance, HVAC maintenance, fire suppression, and pest control.

In 2025, staff completed 2,202 work orders.

Completed projects include:

- Whalehead geothermal line replacement
- Clerk of Court carpet replacement

Eight manned convenience centers served approximately 18,250 households. Corolla curbside collections served approximately 4,270 homes.

Last year 33,529 tons of trash were collected in Currituck County. Also collected 2,934.75 tons of recycling and 1,152.75 tons of yard waste.

Additional materials collected include: 1,200 lbs. lightbulbs; 2,100 lbs. household batteries; 27,075 lbs. cooking oil; 154,910 lbs. motor oil; 38,011 lbs. car batteries; 3,150 lbs. oil filters; and 6,340 lbs. household hazardous wastes

FY 2027 Goals And Discussion

The Public Works Department works towards completion of several projects in the next fiscal year. These include:

- Installing new carpet in the Tax Department
- Installing a new generator at the Knotts Island fire station

- Upgrading lighting at the Judicial Center
- Installing a new generator at the Judicial Center
- Upgrading the flooring at the Knotts Island and Waterlily fire stations
- Replacing HVAC units at several county buildings
- Design of a Moyock Convenience Center

Future Considerations

The department has identified several needs at county facilities that must be planned for in the near future. These needs should be discussed and prioritized during the county budget process.

The department's staffing needs should continue to be assessed to ensure that county facilities receive necessary preventive maintenance and department work orders are completed in a timely manner.

The office received \$6,687,973 in Land Transfer Tax.

FY 2027 Goals And Discussion

The Register of Deeds office will preserve five or more deed books.

Staff will attend educational conferences, workshops, and district meetings.

Future Considerations

The Register of Deeds office will work to preserve and digitize 60 additional deed books.

Staff will continue to attend educational conferences, workshops, and district meetings.

Court Facilities

North Carolina counties are responsible for providing adequate facilities for the state's courts. This responsibility includes courtrooms, provision of office and storage space, parking, and related spaces for judges, the clerk of superior court and staff, district attorneys and magistrates. A facilities fee is collected in each court case as part of the court costs paid by litigants. The fee is distributed to counties and must be used specifically for providing, maintaining and constructing court facilities for court and court-related officials.

Mission

To ensure the community receives law enforcement services that provide a safe community. The Sheriff's Office will work to maintain dedicated employees at proper levels to enforce the laws of the state and protect our community. The Sheriff's Office will obtain the tools, training, and technology to investigate and prevent crimes in the county, utilizing the most current technology and training.

Accomplishments In FY 2026

Staff maintained the Digital Forensics Lab located at the Sheriff's Office.

The Sheriff's Office:

- Answered approximately 39,000 calls of service and

made a mid-shift that added the need for extra patrol on high call volume times.

- Successfully established a multi-agency drug task force.
- Made 74 felony drug arrests along with 122 DWI arrests.
- A total of 82 lab cases were completed with positive results.
- Acknowledged by the GHSP as the most active agency in the region.
- Added in-service driving training as we had 12 vehicle pursuits this year.

The Criminal Investigative Division works with state and federal agencies.

The Sheriff's Office collaborated with Fire-EMS to hold a

successful Public Safety Camps for kids.

FY 2027 Goals And Discussion

Sheriff's Office personnel will continue high levels of training to include multi-agency hands-on training.

Deputies will use some of the most modern software, equipment and techniques to solve and prevent crime.

The Sheriff's Office will also maintain strong community relations, be transparent on news released to the media, and participate in community functions.

Future Considerations

Increasing the number of sworn deputies will be an important factor as Currituck County's residential population continues to increase. Increasing the law enforcement presence in remote areas such as Knotts Island to provide for community and officer safety.

Other considerations include:

- Growing the rank and structure to relief some stress and tasks from the office administrators.
- Expanding community outreach programs and the drunk and drug awareness program in the schools.
- Collaborating with other law enforcement agencies to offer better grant opportunities for advancements in technical and operational funding.
- Presenting quarterly stats and program progress to the Board of Commissioners.

Mission

The Detention Center will be professional in its duties, remaining the premier detention/correctional facility in North Carolina. The center's management philosophy is to hold inmates accountable for their behavior. This philosophy is the driving principle in keeping the inmate population low. The Detention Center will set an example for the entire detention field through hiring, retaining, and training superb personnel. The Detention Center will continue to invest in the professional development, growth, and success of its officers.

Accomplishments In FY 2026

The Currituck County Detention Center had both Bi-Annual inspections and both inspections found "No Deficiencies".

Tonya Capps was rehired by the Currituck County Detention

Center as the Training Sergeant. Officer Michelle Eden was promoted to the Court Security Unit of the Detention Center. Officer Nikolas Berger was promoted to the Court Security Unit of the Detention Center. Officer Shanieka Williams was promoted to Intake Officer Detention Officer Jesse Archambo was promoted and transferred to the Currituck County Sheriff's Office Patrol Division.

Four officers are newly certified by completing the Basic Detention Officer Certification Course. Two officers were certified with specialized training in the field of Inmate Transports.

Four Intake Officers were certified with specialized training in the field of First Line Supervision. Two officers are newly certified with specialized training as Field Training Officers.

Two Sergeants are completing specialized training to become General Instructors to instruct in various subjects for both the Detention Center and Patrol Division.

Currituck had four officers reach career milestones with the County of Currituck: Officer Terrence Roberson and Sergeant Michelle Gibbs reached 5 years of service; Officer Jon Dennis reached 15 years of service; and Sergeant Dana Sutton reached 20 years of service.

Staff implemented, with the help of a local chapter, an Alcoholics/Narcotics Anonymous program in the Detention Center to assist inmates dealing with various substance abuse issues and to try and reduce recidivism.

Staff provided knowledge and information relating to the Detention Center to Currituck County citizens through participation in the Citizens Academy and the Sheriff's Office Youth Summer Camp.

The Currituck County Detention Center generated revenue through Statewide Misdemeanant Confinement Program Housing of inmates, Inmate phone, commissary and Fresh-To-You meal programs.

With consent of the Sheriff, staff partnered with the Pitt County Detention Center to participate in the NC RISE (Restoring Individuals Safely and Effectively) program that aims to provide needed mental health and restoration services to ITP (Incapable to Proceed to Trial) inmates awaiting trial in our Detention Center.

FY 2027 Goals And Discussion

General goals for the Detention Center include:

- To protect the citizens of Currituck County.
- To provide for the safety and security of inmates.
- To discourage repeat offenders by managing inmate behavior in a professional, consistent, and authoritative manner.
- To present inmates to courts for scheduled court appearances.
- To expect accountability from both inmates and officers.

Five officers plan to complete their certifications by attending the Basic Detention Officer Certification Course.

Other goals include:

- Investing in officers by sending both new and veteran officers to specialized training courses to ensure the highest standards are being met.
- Replacing the 20+ year old generator that is responsible for backup power in the event of emergency.
- Replacing outdated cameras within the Detention Center with new IP cameras to ensure safety of officers, inmates and volunteers
- Implementing (Pre-TRIIP) pretrial inmate health coverage

to cover inmate medical charges. This will cut down on the medical cost paid for by Currituck County citizens.

- Upgrading safety/security checks monitoring device for documenting mandated security rounds with a mobile device to ensure real time security rounds, checks and activities to assist officers in their daily functions.

Future Considerations

The Detention Center will continue to make needed updates and repairs to the Detention Center and kitchen.

Mission

Animal Services and Control protects the rights of animals in the community to ensure proper care and accommodations are provided. The department operates the animal shelter and provides animal control services for citizens with domesticated animal safety and welfare concerns.

The Currituck County Animal Shelter is an open admission shelter and receives all stray, abandoned, and surrendered pets in Currituck County. Staff works with fosters, volunteers, and transfer rescue partners to treat and rehome more than 1,000 animals every year. Animal Control officers administer and enforce state laws and local ordinances related to animal care and welfare.

Accomplishments In FY 2026

The Animal Shelter assisted Pasquotank County as they were assuming operations of their shelter by transferring in 39 animals to Currituck and accepting 31 dogs via Animal Control.

Staff continued to develop new partnerships with rescue organizations and transfer animals to other organizations,

which improves the county's live release rate.

The tethering ordinance was amended to provide animals with a higher quality of life.

The use of social media to promote available pets has helped to decrease the length of stay in the shelter for many pets.

The animal shelter accepted a total of 1,353 pets during the year. This included 866 strays, 356 owner surrenders, 47 mutual aid safekeeping and quarantines, and 84 transfers from other facilities.

The shelter had 572 pets adopted, 151 animals returned to owners, and transferred 474 pets to other organizations. In addition, 168 animals were euthanized.

Animal Control officers responded to 1,971 calls for service. These included the following:

- 580 investigations or follow-up
- 126 patrol checks
- 130 animal bites or attacks
- 144 miscellaneous Animal Control calls

- 78 complaints of animal cruelty
- 47 injured animals
- 322 animal pick ups
- 72 requests for traps
- 343 stray or loose animals
- 75 vicious animals
- 17 calls for livestock on roads
- 338 animal noise complaints

FY 2027 Goals And Discussion

Staff will work to reduce the number of animals brought to the shelter. Community outreach programs will include spay/neuter education and low-cost veterinary clinics.

The county will expand the shelter's pet food pantry to include items other than food, such as leashes, collars, and various medical supplies.

Animal Control officers will carry supply kits and offer items to pet owners that may be needed by their pets. These kits will include food, leashes, and other necessities.

Staff will work with local resources to offer low-cost spay and neuter clinics for county residents. to citizens who need assistance. These, along with public education, help reduce the number of feral or unwanted pets being born.

The Community Cat Trap, Neuter, Return program will be offered to county residents who care or provide food for feral cat colonies. This will help to reduce the feral cat population over time.

Future Considerations

The county must continue addressing the problem of stray pets, which strains the department's resources. Staff will provide community education and programs to reduce the number of strays as Currituck County continues to increase its residential population.

Jury Commission

As required by North Carolina General Statute, at least every two years the three-person Jury Commission oversees the compilation of a master jury list of licensed drivers and/or registered voters. This funding supports the operations of the Jury Commission.

Mission

To serve Currituck County citizens and visitors with protection of life and property through professional fire, rescue, and emergency medical services.

Accomplishments In FY 2026

The Fire-Emergency Medical Services Department continued to enhance operational capabilities, improve patient care, and strengthen system reliability across the county.

The department successfully placed a new fire engine into service with the Lower Currituck Volunteer Fire Department, strengthening fire suppression capabilities and reinforcing the partnership between county and volunteer agencies.

Advancements in clinical care were achieved through the expansion of the advanced airway program, including upgrades to video laryngoscope systems. These improvements directly supported the Rapid Sequence Induction (RSI)

and Drug Assisted Intubation (DAI) program, resulting in improved airway management success rates and better patient outcomes.

The department also replaced all stair chairs used for patient movement in challenging environments, improving both patient safety and provider ergonomics.

Fleet replacement efforts began with the delivery of one new ambulance and placed it into service at Station 4. Additional units are expected to be received later in the fiscal cycle, continuing the department's strategy to address aging apparatus and rising maintenance costs.

FY 2027 Goals And Discussion

Fire-Emergency Medical Services Department will continue to evaluate its organizational structure to enhance operational efficiency and command effectiveness. This includes consideration of expanded command staff roles

and the potential development of a Fire Prevention Bureau, including a Fire Marshal and Inspectors, to strengthen code enforcement and community risk reduction initiatives.

Clinical capabilities will continue to expand through the implementation of prehospital ultrasound to improve diagnostic accuracy in the field. Additionally, the department will work toward the implementation of whole blood administration, a critical advancement that will significantly improve outcomes for trauma patients.

Fleet sustainability remains a priority, with continued efforts to replace aging ambulances to ensure reliability, reduce maintenance costs, and maintain consistent emergency response coverage.

Future Considerations

The Fire-Emergency Medical Services Department will continue to pursue opportunities to enhance staffing in the Knott's Island district to improve response capabilities in this critical access area. Consideration will also be given to the addition of a Quick Response Vehicle (QRV) on the mainland to provide enhanced field supervision and operational support to EMS units.

Further evaluation will include the potential development of a marine operations program to address increasing service demands within Currituck County's coastal and waterway environments.

These initiatives reflect a forward-looking approach to service delivery, ensuring the department remains adaptable to evolving community needs and emergency response challenges.

Emergency Management

Total	\$ 917,873	\$ 920,402	\$ 1,186,655	\$ 1,028,210	\$ 1,028,210

Mission

Emergency Management serves as a vital link between the public and emergency services providers. Our mission is to provide residents, visitors, and stakeholders with the education and operational support necessary to mitigate loss of life, minimize property damage, and protect environmentally vulnerable areas. This is achieved through a comprehensive, risk-based, all-hazard management program focused on community resilience.

Accomplishments In FY 2026

Search and Rescue support was provided to the Sheriff's Office during three missing person events by securing critical resources, managing command post logistics, and utilizing Facebook and Everbridge to provide real-time community updates.

Staff conducted two partial Emergency Operations Center (EOC) activations, one in response to Hurricane Erin and the other was the January 2026 winter storm.

Staff participated in Incident Management Team training with public safety professionals throughout North Carolina, and utilized those skills during two different mutual aid responses in Hertford County. The Deputy Coordinator completed the

FEMA Basic Academy and the Logistics Section Chief task book. Staff also participated in a high-level pre-air show exercise at Oceana Naval Air Station.

The department led a multi-departmental initiative to update the County Emergency Operations Plan, with a full-scale hurricane simulation exercise scheduled for the coming months.

Emergency Management provided safety planning and operational oversight for major county events, including the Independence Day fireworks at Whalehead, the Christmas Parade, Planes and Plows, Election Day, and Bulls & BBQ.

Preparedness education was provided at the Fire-EMS Kids Camp, Pilmoor United Methodist Church, and the Citizens Academy to strengthen community readiness.

FY 2027 Goals And Discussion

To maintain all requirements for Emergency Management Performance Grant (EMPG) funding to ensure continued operational support.

To facilitate EOC operations and resource coordination with regional, state, and federal partners during all-county response incidents and large-scale public safety events.

Launch a targeted hurricane safety campaign prior to the season and expand the “Currituck Alert” mass notification system through increased enrollment and staff training.

Continue with plan review, updates, and training for county personnel.

Future Considerations

Currituck County is one of the fastest growing counties in North Carolina. Staffing will need to expand in the near future to handle increased planning, outreach, and coordination needs to maintain public safety services.

Total	\$ 1,417,594	\$ 1,777,150	\$ 3,203,644	\$ 2,563,665	\$ 2,563,665

Mission

Currituck County Communications serves as a critical link between public safety agencies and citizens. The department strives to ensure the preservation of life and property by treating all callers with professionalism, courtesy, and compassion and by relaying accurate information in a timely and efficient manner.

Accomplishments In FY 2026

The 911 Communications Center handled 17,550 emergency calls for service in 2025. This includes 12,350 calls for law enforcement, 2,154 calls for fire services, and 3,046 calls for emergency medical services.

The center answered 55,834 administrative or non-emergency calls. Combined with the emergency calls, these totals average out to approximately 7,340 calls received per dispatcher during the year.

Staff implemented a Fire Priority Dispatch System for prioritizing responses to fire incidents. This system enables faster, more appropriate responses.

Currituck dispatchers maintained professional certifications through ongoing education to meet professional standards. Each dispatcher must complete 48 hours of continuing education every two years.

FY 2027 Goals And Discussion

The department will strengthen dispatch protocols, which are structured, step-by-step systems that guide dispatchers through emergency calls.

All dispatchers will maintain certifications in medical, fire, and law enforcement call handling and maintain compliance with state and national standards.

The department will address technology with regular maintenance, updates, and integration to function properly. This includes systems for Computer Aided Dispatch, voice recording, paging, and quality assurance.

Equipment replacement will be completed as necessary, including consoles, headsets, monitors, and servers.

The department will maintain emergency preparedness plans. This includes remaining operational during severe weather events, power outages, and large-scale emergencies.

Future Considerations

Department staffing must be assessed as Currituck County's population continues to grow. Increases in population lead to increases in emergency calls, so the county must be prepared with both personnel and equipment.

Appropriate budgeting in 911 is fundamentally about risk management and continuity of service. 911 operates 24 hours per day, 365 days per year, without seasonal closure, delayed service windows, or deferrable workload.

This is a highly skilled public safety profession that requires both advanced training and dependable technology. Underfunding training or technology increases the risk of errors, delays, and long-term costs.

Mission

The Planning and Inspections Department is committed to ensuring the safety, health, and welfare of our community by enforcing state laws, local ordinances, and regulations. The Permits and Inspections team focuses on building construction, installation of critical systems such as plumbing, electrical, heating, refrigeration, and air conditioning, and the ongoing maintenance of buildings to ensure they remain safe and sanitary. The team also enforces zoning requirements and the county's Code of Ordinances, supporting orderly development and overall community well-being.

Accomplishments In FY 2026

The Permits and Inspections team demonstrated exceptional dedication and efficiency in processing permits and inspecting construction activities throughout the county.

A total of 2,655 applications for building, fire, and zoning were reviewed and processed.

Staff issued 10,053 permits, covering a wide range of essential permits, including zoning, building, electrical, plumbing, mechanical, and fire-related permits.

The permits and inspections team conducted 10,240 inspections, ensuring compliance with safety standards and regulations across building, fire, and zoning categories.

The department facilitated 326 new residential construction permits and issued 387 Certificates of Occupancy for single-family dwellings, contributing to the county's growth and housing needs.

Currituck has five inspectors with Level 3 certification in all trades—a prestigious distinction held by fewer than 200 inspectors statewide—ensuring the highest standards of

inspection quality and professional expertise.

The Chief Building Inspector received the 2025 District Building Inspector of the Year award from the North Carolina Building Association, becoming the second building inspector from Currituck to earn this recognition in the last five years.

The restructuring of the senior leadership team has enhanced customer service and provides more efficient and effective guidance to staff.

Currituck County is recognized as a high-performing jurisdiction in North Carolina for timely inspection delivery, according to the NC Benchmarking Project conducted by the NC Office of State Fire Marshal, Office of Strategic Partnerships, and Office of State Budget and Management in partnership with the UNC School of Government.

FY 2027 Goals And Discussion

The Permits and Inspections Team are focused on several key initiatives aimed at enhancing service delivery, efficiency, and the overall development of the county.

In 2026, the department will transition to the Energov permit software system to streamline permit application and issuance processes and enhance overall operational efficiency.

To process permit applications efficiently, ensuring decisions are made promptly, inspections are conducted to the highest professional standards, certificates of compliance are issued accurately, and violations are addressed with clear, timely corrective actions, including judicial enforcement when necessary.

The department will maintain meticulous records and provide exemplary customer service to every resident, contractor and developer.

Future Considerations

The Planning and Inspections Department anticipates increased demand for services. This growth presents both opportunities and challenges.

With the surge in new development and construction activities, the department is poised to manage higher volumes of applications, permits, and inspections. We are committed to maintaining efficiency and responsiveness as this demand rises.

With the county's rapid growth, the number of properties and potential code violations is increasing. As a result, the department anticipates more complaints and investigation requests, requiring enhanced proactive enforcement and inspection efforts.

The department will continue to leverage cutting-edge technology to enhance efficiency and service quality. Planned upgrades to the permitting software will streamline workflows, while the use of video-based inspections and remote reviews will expedite processes without compromising regulatory standards. Additionally, the department will explore the application of artificial intelligence in building plan reviews to improve accuracy and reduce review times.

The Permits and Inspections Team remains committed to fostering a safe, healthy, and well-regulated environment for the residents and businesses of our growing community, ensuring that new development is built to the highest standards of safety and sustainability.

Public Safety Center

The Public Safety Center opened in August 2021 and serves as the home for administrative offices of the Sheriff's Office, Fire-Emergency Medical Services, and Emergency Management. It also houses the 911 Communications Center. Additional agencies with office space in the facility include the North Carolina Forest Service, North Carolina Highway Patrol, and the College of the Albemarle's Basic Law Enforcement Training program.

The College of the Albemarle also utilizes classrooms and office space to provide post-secondary educational opportunities for county residents.

Medical Examiner

North Carolina has a centralized, state administered medical examiner system for post death investigations. The system includes a network of county medical examiners who are responsible for investigating deaths within their jurisdiction. The county medical examiner must make a full report of investigations to the Chief Medical Examiner and receives a fee for each completed investigation. If the deceased was a county resident, the county must pay the medical examiner's fee.

Mission

Currituck County Regional Airport is a general aviation airport which is operated, maintained, and preserved for the benefit of the community and serving as the gateway to the Outer Banks.

Accomplishments In FY 2026

Currituck Regional Airport hosted 22,374 operations. This includes takeoffs, landings, and overflights.

Peak days for operations were January 20, 2026, which had 205 operations and June 20, 2025, with 203 operations.

Air operations continue to increase annually due to Currituck's welcoming environment for small general aviation aircraft. The airport provides clean facilities and affordable fuel and fees. The airport also participates in several flight planning apps used by pilots, such as Foreflight and Flight Plan Go.

Construction of a 10-unit T Hangar is complete. Ten new tenants moved into the hangar, beginning on April 1, 2026. These tenants will pay county property taxes on airplanes kept in the hangar.

Currituck received an increase in the amount of fees paid for the fiscal year.

Construction of the Elizabeth City State University Flight School in adjoining Maple Commerce Park is underway. This

will bring more aviation traffic and an increase in fuel sales to the airport.

Staff incorporated quarterly training and monthly safety training programs.

FY 2027 Goals and Discussion

Currituck will continue to provide outstanding customer service to all pilots and passengers who utilize Currituck Regional Airport. Currituck is the welcome center for pilots and passengers flying into the Northern Outer Banks.

The waiting list for hangar space has increased to 72 and continues to grow consistently.

Staff will seek funding to construct additional apron space. Staff is also seeking funds for design and construction of eight 60' x 60' box hangars. The site for this project has been identified on the airport property.

A grant has been approved for the runway rehabilitation analysis, which began in April. The county also received notice of funding from the FAA for the design and construction of the runway rehabilitation and lighting project. This funding should be received in 2027.

Future Considerations

The past year resulted in a slight decrease in fuel sales, particularly in jet fuel. This is the first year of an increase in

fees paid and a decrease in jet fuel sales. After discussion with the fuel vendor, staff will propose an increase in fees for Jet aircraft. This increase in fees will encourage jets to purchase more fuel rather than pay a large fee.

Staff will be working with Elizabeth City State University to coordinate the needs of the ECSU Flight School, which will have a taxiway connection to the airport. Staff will host a community meeting for local pilots, ECSU students and instructors, and staff to promote safety and a sense of friendship and cooperation between the flight school and hangar tenants.

There remains a significant need for hangar space. The county should continue to pursue funding for hangar construction.

Inter-County Public Transportation

Currituck County is a member of the Inter-County Public Transportation Authority. The authority, managed by Albemarle Regional Health Services, serves Pasquotank, Perquimans, Camden, Chowan, and Currituck counties. The Authority's intended services are to transport the public to nutrition sites, medical appointments, and other locations to access services or attend activities related to daily living.

Total	\$ 236,764	\$ 181,701	\$ 189,740	\$ 195,187	\$ 195,187

Mission

To assist agricultural producers and landowners with implementing best management practices for soil and water quality. To create a dynamic partnership between local and state government which is committed to excellent leadership and citizen service for the conservation of natural resources. To place value on community service, diversity, environmental compatibility, voluntary incentive-based participation, and education in conservation as an investment in the future.

This year, these conservation efforts prevented an estimated 1,500 tons of soil from eroding off agricultural fields. In addition, approximately 1,100 pounds of nutrients were kept out of nearby streams, canals, and sounds.

By keeping soil and nutrients where they belong, these practices help preserve productive farmland, improve water quality, and support the overall environmental health of Currituck County.

Accomplishments In FY 2026

The Soil and Water Conservation Department continues to make a meaningful impact on the long-term health of our farmland and waterways. Through conservation practices supported by \$28,235 dollars in cost-share funding, local farmers were able to reduce erosion and protect vital natural resources across the county.

FY 2027 Goals And Discussion

The Soil and Water Conservation Department remains committed to working hand in hand with landowners to promote responsible land stewardship and ensure that Currituck's natural resources remain strong for future generations.

Mission

To provide stormwater management in special revenue districts created by the Board of Commissioners, including the following: Whalehead Watershed District, Ocean Sands North and Crown Point Improvement and Drainage District, Moyock Service District, and Hog Bridge Ditch Watershed District.

Accomplishments In FY 2026

The Whalehead Stormwater District includes more than 880 residential properties. In FY 2026, the Stormwater Technician:

- Maintained and operated 11 pumping stations. Maintenance included the replacement of one pump, one generator, one panel relay, and five surge protectors.
- Took three sets of samples tested for contamination taken from the outfall line and from two ponds in January, April, June, July, August and October.
- Installed a mag flow meter at Barracuda pump station.
- Worked through planning process of Dolphin and Coral portions of Phase VI.
- Conducted quarterly meetings with Stormwater Advisory Board.

The Ocean Sands North/Crown Point Stormwater District includes more than 900 residential properties. Efforts include:

- Installing outfall pipe across NC 12 to pump station in Crown Point.
- Inspecting emergency pumping standpipes weekly.

- Updating flood response plan.
- Maintaining pricing agreements and contracts with pump supply vendors.
- Quarterly maintenance of Ocean Sands ditches 1 and 2.
- Quarterly meetings with Stormwater Advisory Council.

In the Moyock Service District, the Stormwater Technician worked with residents on flooding issues, which included contracts for ditch maintenance and coordination with NCDOT.

Recent accomplishments include:

- Serviced 7 ditches within the Moyock Service District.
- Coordinated with 16 residents and NCDOT to address roadside flooding issues.

In the Hog Bridge Ditch Watershed District, staff worked with residents to address drainage concerns.

FY 2027 Goals And Discussion

Goals include:

- Planning for Phase VI of the Whalehead groundwater lowering system to be expanded onto Lighthouse Dr. and expansions at Coral and Dolphin streets.
- Planning for segment 8 of the Ocean Sands groundwater lowering system and for the Crown Point pump station
- Addressing Moyock ditches detailed in the Army Corps study.

- Planning for a faster and more-targeted emergency pumping response during storms.

Future Considerations

Staff will plan for the following future projects:

- Phase one segments 5-7 of the Ocean Sands ground water lowering system.
- Phase VI of the Whalehead ground water lowering system Lighthouse pumpstation.
- Replacement of generators at pumping stations in Whalehead: Marlin, Coral, Herring and Barracuda.
- Reconstruction of Barracuda pump station walls.
- Army Corps of Engineer report findings for ditch upgrades and maintenance in Moyock.

Mission

The North Carolina Cooperative Extension in Currituck exists to ensure that everyone has access to non-formal, research-based education that improves agriculture, our environment, human health and well-being, youth, and communities.

Goals of NC Cooperative Extension

North Carolina Cooperative Extension maintains goals that are standard for each Extension facility in North Carolina.

1. Improve plant production systems
2. Enhance consumer horticulture
3. Preserve natural resources and improve environmental systems
4. Enhance community and guide rural development strategies
5. Improve food safety and nutrition practices
6. Preserve family financial wellbeing
7. Develop competent, coping, contributing members of society through youth development programming.

Accomplishments In FY 2026

For every dollar of county budgeted funds invested, Currituck Extension returned \$3.81 in value to Currituck residents. The

total economic impact from Extension programming and resources was \$3,265,642.

Additional accomplishments include:

- Extension offered 568 educational classes and events for Currituck citizens in 2025, reaching over 13,000 individuals.
- Just under 5,700 hours of service were contributed by Extension Volunteers.
- Nearly 1,900 Currituck youth participated in 4-H Programs
- 104 Currituck County youth participated in state level competitions
- Eight Currituck County youth participated in national level competitions, with two being declared national champions.
- Medicare counseling offered through Cooperative Extension saved senior Currituck residents over \$130,000 in prescription drug costs.
- Participants in Currituck Extension agriculture programs successfully procured \$30,000 in grants to enhance their farming systems.
- Currituck farmers realized net income gains of a combined \$2,565,638 by following best management

practices provided by Extension. These include those practices related to nutrient management, conservation, production, cultivars, pest management (weeds, diseases, insects), business management, and marketing.

FY 2027 Goals And Discussion

Cooperative Extension will continue to provide programs to the community in several topics for adults and children.

Update on property demonstration sites including:

- Weeding and updating the demonstration garden in the courtyard.
- Replacement of aging greenhouse structure with a more educator-appropriate model.
- Enhancing area adjacent to the High Tunnel and planning for future demonstration trials.

Reinvigorate the Extension Master Foods Volunteer Program to expand the availability of nutrition programming for the community.

Future Considerations

Cooperative Extension will continue to address agricultural sustainability and profitability in the face of intense competition for farmland.

Currituck must anticipate and remediate consequences of federal funding cuts and state budget stagnation to alleviate any potential negative impacts on Currituck residents. Agent salaries are 25% dependent on federal dollars. The SHIP program has federal funding ties. More In My Basket and Steps to Health are tied to SNAP funding.

Currituck Extension must plan for the impending retirement of the Small Area Farms Specialist.

Currituck Extension will work to enhance organizational capacity and governance skills among community groups and Currituck County staff.

Mission

To provide solution-oriented services to the community through the application of professional planning and inspection skills, adopted plans, and standards which facilitate the growth of the local economy and enhance the quality of life and preserve the natural environment for current and future generations.

Accomplishments In FY 2026

In FY 2026, the Planning and Inspections Department advanced a range of planning and development initiatives while remaining focused on promoting sustainable growth and preserving natural resources.

In 2025, the Zoning staff conducted 1,360 plan reviews (zoning, stormwater, flood, etc.). These reviews are essential for ensuring that development projects align with the county's Unified Development Ordinance (UDO), promoting orderly growth and enhancing the built environment.

As of March 13, 2026, the Technical Review Committee reviewed 20 planning items (text amendments, rezonings, special use permits) and 23 rolling submittals (construction drawings, final plats, and major site plans).

The department presented 20 planning items to the Board of Commissioners for consideration, supporting the local decision-making process and helping inform actions that shape community development.

The Planning and Inspections Department successfully coordinated cost-share programs for dune grass planting and sand fence installation on the oceanfront, with the program receiving significantly increased funding. These initiatives underscore the importance of protecting and restoring oceanfront dunes.

Staff facilitated necessary updates to the Unified Development Ordinance based on BOC direction.

The county engaged a third-party reviewer for engineering services related to stormwater management, recognizing that stormwater is a critical component of our work and essential to ensuring the safety, effectiveness, and sustainability of local development projects.

Throughout the year, the department efficiently supported multiple boards, including the Board of Commissioners, Planning Board, Board of Adjustment, and Historic Preservation Commission—providing timely and accurate information. This ensured that stakeholders were well-informed and equipped to make decisions that advance the community's best interests.

Staff continued to coordinate a Developer and Design Professional Focus Group. This group works to bring a problem-solving approach through open communication between staff and the development community.

FY 2027 Goals And Discussion

A key goal for FY 2027 is to continue implementing technological upgrades that streamline the development application process while maintaining thorough review standards. By enhancing these processes, the department aims to reduce administrative delays and improve overall efficiency. We are especially looking forward to launching the Energov software, which will offer an improved user interface for customers, citizens, and developers.

The department will continue updating the UDO to align with current priorities and anticipate the community's future needs. These updates help ensure that planning decisions remain consistent with the county's long-term vision for sustainable growth and development.

The department is actively implementing Board of Commissioners-directed updates to the Stormwater Ordinance and Stormwater Manual. These updates are a critical step in mitigating environmental risks and ensuring that future developments are resilient to flooding and other stormwater challenges. Completion of the updated Ordinance and Manual is anticipated in late 2026. The revisions will address both upstream and downstream impacts and introduce additional mechanisms for managing stormwater on infill lots not covered by an approved subdivision drainage plan.

In cooperation with the National Flood Insurance Program, the department will continue work to improve the county's Community Rating System (CRS) rating. This will lead to better flood protection measures and increased opportunities for insurance discounts for county residents.

The dune grass and sand fence cost-share program will continue to be promoted, helping property owners protect the coastal environment.

The department will place increased emphasis on continuing education and professional certification for staff. By keeping staff up to date on the latest trends, tools, and best practices in planning, the department will be better prepared to address the evolving challenges of community development.

Future Considerations

To balance growth with adopted plans, ensuring that community growth aligns with adopted plans remains a top priority. This is accomplished through implementation of the goals, policies, and actions of the Imagine Currituck 2040 Vision Plan, as well as the purpose and intent of the Unified Development Ordinance (UDO). These guiding documents help direct appropriate development patterns, protect natural resources, and support the county's long-term vision for sustainable growth.

Promoting community engagement by actively involving residents, developers, and design professionals in planning decisions is essential. The department will continue to ensure meaningful dialogue and collaboration. Our team is here to help—not just to review permits and regulations, but to work alongside the community and industry professionals to explore practical, solution-oriented paths forward.

The department will continue to monitor legislative actions from the state's General Assembly and evaluate their potential impacts on local planning priorities. By staying informed and proactive, the department can ensure compliance while identifying practical, solution-oriented approaches to address new requirements and maintain effective community planning and development practices.

Prepare and train staff to communicate effectively, perform their roles efficiently, and advance in their careers will strengthen departmental capacity and service delivery.

Simplifying internal processes and public-facing applications will enhance efficiency, improve accessibility for residents, and support timely, effective decision-making.

FY 2027 will be a year of proactive, solution-focused planning, emphasizing alignment with adopted plans, streamlined processes, community engagement, and workforce development. By leveraging technology, monitoring legislative changes, and collaborating closely with residents, developers, and design professionals, the department will continue to support informed decision-making and effective implementation of the county's vision. The Planning and Inspections Department remains committed to fostering a sustainable, resilient, and thriving community for current and future generations.

Health Administration

Currituck County is a member of, and served by, Albemarle Regional Health Services that provides public health services to eight counties in Northeastern North Carolina.

Mental health services are provided to Currituck County by Trillium Health Resources, a local government agency that manages serious mental health, substance use, and intellectual/developmental disability services. Currituck County is represented on the Trillium Health Resources board by a member of the Board of Commissioners.

Mission

The Currituck County Department of Social Services fosters personal growth and responsibility while protecting the most vulnerable citizens of Currituck County through the implementation of essential social services.

Accomplishments In FY 2026

Social Services assisted over 310 children in December 2025 through Operation Santa, providing gifts to children of families in need.

Social Services successfully implemented the Path NC electronic case management system for child protective services. This program is no longer paper-based, which increases the efficiency of the program.

FY 2027 Goals And Discussion

Social Services will continue to recruit foster parents and advertise the need in Currituck County.

The recruitment and retention of Social Services employees is a local and statewide challenge due to the demands of the work. Currituck County must continue to address this issue and employ a fully staffed office to provide essential social services for county residents.

County and Public Assistance

In North Carolina, counties are the prime deliverers of public social services. Like other North Carolina counties, Currituck County is involved in providing a wide range of public assistance programs including Work First, Food and Nutrition Services, Medicaid, Child Care Subsidy, Low-Income Energy Assistance and Foster Care and Adoption Assistance.

Mission

The Veteran Services Officer (VSO) for Currituck and Camden counties is dedicated to honoring the service and sacrifice of local veterans and their families by providing compassionate support, accurate guidance, and personalized advocacy.

The VSO educates veterans on their benefits, assists with filing claims, and represents them in navigating the VA system. Through community outreach and tailored support, the VSO fosters trust, professionalism, and a deep respect for those who have served and ensure veterans and their families can access the resources they have earned.

Accomplishments In FY 2026

Veteran Services expanded its capacity to serve veterans and their families across Currituck and Camden Counties through professional development, strategic partnerships, and measurable service delivery outcomes. These efforts directly support the mission to improve access to benefits, resources, and overall quality of life for the veteran population.

The Veteran Services Officer completed several training courses, including:

- Mental Health First Aid
- Sequential Intercept Mapping and Taking Action for Change
- Veteran Support Specialist Certification
- Re-entry Simulation Training

- Virtual Dementia Training Tour
- National Veterans Legal Services Program

The Veteran Services Officer established key partnerships and connections with local, state, and federal organizations, including:

- Interfaith Community Outreach
- NC Serves
- NC Works
- Semper Fi Housing Assistance
- VA Emergency Care for Suicide
- Veterans Crisis Line
- Veterans Last Patrol
- Veteran Services of the Carolinas
- Code of Support Foundation
- Mission22
- El Futuro
- Hampton VA Suicide Prevention Outreach Program
- NC4Vets
- The Veteran's Farm

The Veteran Services Officer completed the following actions:

- Held 246 in-person appointments
- Uploaded 686 documents to VetPro VA Claims Submission System
- Submitted 116 NC State Veterans Benefits applications
- Established 86 new clients in Currituck and Camden.

FY 2027 Goals And Discussion

Veteran Services of Currituck and Camden Counties has established the following goals for Fiscal Year 2027 to further expand capacity, enhance service delivery, and improve outcomes for veterans and their families.

Increase access to services:

- Expand total client engagement by increasing in-person and virtual appointments by 10-15%.
- Improve outreach efforts to underserved and rural veteran populations within both counties.
- Increase the number of veterans represented with Power of Attorney (POA) by 10%.

Enhance claims processing and accuracy:

- Increase the number of VA claims and supporting documents submitted through the VetPro system by 15%.
- Reduce processing delays by improving document completeness and claim accuracy at the time of submission.
- Continue to advance training in VA claims development, including secondary and supplemental claims.

Strengthen community partnerships:

- Formalize and expand partnerships with existing organizations to improve referral coordination.
- Establish at least 2-3 new partnerships with agencies focused on housing, mental health, and employment services.
- Increase participation in regional veteran support networks and collaborative initiatives.

Continuing professional development:

- Complete additional certifications and training focused on mental health, suicide prevention, and veteran-specific case management.
- Stay current on changes in VA policies, benefits, and claims processes.
- Apply training knowledge to improve service delivery and client outcomes.

These clearly defined goals for Fiscal Year 2027 demonstrate Veteran Services' continued commitment to providing high-quality, accessible, and results-driven support to veterans and their families in Currituck and Camden counties. Through ongoing professional development, strengthened community partnerships, and a focus on measurable outcomes, the program is well-positioned to meet increasing demand and address the evolving needs of the veteran population.

Future Considerations

Sustained investment in staffing, training, and operational resources will be critical to maintaining this momentum and achieving future objectives.

With continued support, Veteran Services will further enhance its ability to deliver timely, effective assistance, ensuring that veterans receive the benefits, services, and care they have earned through their service.

Mission

To provide diverse, high-quality recreation and leisure opportunities to enhance the lives of Currituck County residents and visitors. To develop and maintain safe and attractive facilities to meet current and future needs of the community.

Accomplishments In FY 2026

The Parks and Recreation Department offered youth athletic programs that served almost 3,400 children in Currituck County. The department offered adult softball and adult basketball programs to approximately 345 participants.

The department:

- Provided essential assistance for several public and private special events held in Currituck County.
- Offered essential assistance to both the Currituck Tennis Association and the Defiant Wrestling Club. Both are Currituck County-based sports organizations that are open to all residents
- Maintained healthy working relationships with other agencies such as: Currituck County Schools, Currituck County Travel & Tourism, Special Olympics of North Carolina, YMCA of South Hampton Roads, and North Carolina Wildlife Resources.
- Hosted Forty-Three (43) travel sports tournaments at the Community Park Athletic Complex. These events brought an estimated 21,500 visitors to Currituck County.
- Successfully completed renovations to Carova Beach Park. Restrooms were remodeled, fencing was repaired, stone was added to the parking areas, and the waterfront boardwalk repairs were completed.
- Replaced the picnic pavilion roof at Knotts Island Ruritan Park.
- Refinished the gymnasium floor at Currituck Community Center.
- Resurfaced Shingle Landing Park pickleball courts and replaced all posts and nets.
- Renovated and restored dugouts and storage buildings at J.P. Knapp Early College.

- Repaired walk bridges at Currituck Community Park.
- Constructed two dugouts at Maple Park with assistance from an NC Amateur Youth Sports Grant.

Maintenance needs will require the replacement of large area mowers (Toro 4500 and 4000).

Design plans were finalized for Phase 3 of Currituck Community Park. The bidding process was completed as well.

Lighted athletic practice fields at Tulls Creek Elementary will be completed in the summer.

FY 2027 Goals And Discussion

Parks and Recreation will continue to offer athletic programs for our youth that builds character and teaches the basics of each sport while placing an emphasis on displaying good sportsmanship.

The department will also:

- Continue to offer quality adult athletic programs and potentially expand the adult programming where possible.
- Work closely with Currituck Schools and Special Olympics of North Carolina to expand our athletic programs to make them more inclusive in nature.
- Renovate the Walnut Island Park and replace the existing playground with a new one.
- Complete renovations to the Knotts Island Ruritan Park restroom facility.
- Resurface all 6 tennis courts at Currituck County High School.
- Construct Phase 3 of Currituck Community Park Athletic Complex upon approval the Board of Commissioners.
- Continue to assess existing facilities to identify needed repairs and improvements.

Currently, there are forty-eight (48) travel sports tournaments scheduled for the upcoming season. Our goal is to host as many of those scheduled events as possible and to provide the visitors that come for the tournaments an experience that can't be matched in our area. Currituck Community Park is one of the most popular Travel and Tourism destinations on the Currituck Mainland and we like to think that is a testament to the quality of our facility.

Future Considerations

The county should consider construction of Phase 2 of Shingle Landing Park in Moyock.

The county must continue to make repairs and improvements to existing facilities as needs are identified.

Additional staffing needs should be considered as the county continues to grow and additional programs are offered.

Total	\$ 280,355	\$ 311,699	\$ 285,620	\$ 297,843	\$ 297,843

Mission

The Currituck County Rural Center exists for the educational, cultural, and recreational enrichment of the citizens and visitors of Currituck County.

Accomplishments In FY 2026

The Rural Center averaged 905 visitors per month. This represents a 21% increase from the previous year.

On average, 177 rounds of disc golf were played per month, a 15% increase from the previous year. An average of 40 equestrians per month utilized the Rural Center and the facility hosted 10 animal events.

The most popular months for visitation were April, May, October, and November. The months with the lowest visitation were January, June, July, and August.

Roof repairs were completed on both barns.

FY 2027 Goals And Discussion

The Rural Center will provide a venue for environmental education, agricultural education and demonstration, and 4H and Youth Development programs.

The facility will provide recreational and tourism space to support equine activities and events.

The Rural Center will establish additional recreational opportunities for Currituck County residents and visitors.

It will educate the public about how the county's natural resources, geography, and human activity shaped the cultural history of Currituck County.

Future Considerations

Considerations include:

- Repairs and maintenance of the boardwalk and shoreline amid escalating construction costs, as well as replacement and upkeep of machinery used for facility maintenance.
- Seasonal increase in workload for the two staff members to cover the center's needs as well as other county property landscape needs in southern Currituck.
- Marketing and advertising for the facility and programs.
- Difficulty in recruiting larger equine events due to limited stalls and area lodging options.
- Lack of a sewer dump out for RV sites.

Mission

To foster an inclusive environment for all which supports the pursuit of information, education, entertainment, and personal enrichment through the development of collections, provision of services, and the facilitation of community engagement.

Accomplishments In FY 2026

With the dissolution of the East Albemarle Regional Library system, the Currituck Public Library becomes a county department effective July 1, 2026.

The library is joining NC Cardinal which will provide access to additional resources across the state, as NC Cardinal is a library consortium with an integrated library system (ILS).

There are three branch locations that serve the citizens of Currituck County. In 2025, these branches welcomed a total of 50,430 visitors, including 928 new library patrons.

The library's collection consists of approximately 59,000 materials. This includes:

- 27,590 items for adults
- 23,432 items for children and teens
- 7,882 audio, video, and periodical materials.
- 4,554 e-resources, including 3,074 e-books and 1,480 e-audiobooks.

The library's public computers were used 3,752 times, and the Wi-Fi network was accessed by guests 7,935 times.

The three branches collectively conducted 3,736 readers advisory transactions. Additionally, staff provided assistance for 132 job searches and addressed 2,889 technical assistance inquiries.

The Currituck Library hosted 461 public programs, attended by 8,422 participants. Library meeting rooms were used on 540 occasions, with a total attendance of 7,089 people.

In collaboration with other regional libraries, the Currituck Library received 38 inter-library loans for local patrons and loaned out 63 items through the inter-library loan system.

FY 2027 Goals And Discussion

The Currituck Library will maintain its collection for the residents of Currituck County at all three branches and move to NC Cardinal. The library plans to offer a variety of programs, resources, and services for children, teens, and adults.

Currituck County Public Libraries will expand their outreach by focusing on large community events in Currituck. Staff from the mainland branches will assist Corolla in creating programming that meets the needs of their patrons and addresses the need for programming at that branch.

Branch Managers will assist the new Co-Chairs for the Foundation Fundraising Committee and will work towards creating a team of volunteers to fundraise for additional programming at the library.

Moyock Public Library will create an all-new Technology and Cultural Center and will create a new Children's room with expanded materials, and manipulatives.

Staff will participate in virtual conferences with training focused on expanding services offered to the community.

The library will expand technology services offered by adding additional Launchpads into our collection.

The library will increase accessibility by purchasing adult books in Spanish for patrons. In addition, we will also add more VOX books, which are a great resource for struggling or neurodivergent young readers.

The library will increase its social media presence with innovative marketing ideas and in addition encourage patrons to leave us a review on Facebook or Google to increase awareness of services we provide to the public.

Total	\$ 515,383	\$ 492,816	\$ 623,090	\$ 664,954	\$ 664,954

Mission

The Aging and Senior Services Department operates three senior centers that are community focal points on aging. Each center is a unit where senior citizens can meet, receive services, and participate in activities that will affirm their dignity and self-worth. The staff creates opportunities for senior adults to apply their wisdom and insight and exercise their skills. Each senior center plays an integral role as a resource for the community and assists other agencies in serving individual and group services.

Accomplishments In FY 2026

The Aging and Senior Services Department has facilities in Barco, Knotts Island, and Powell's Point. In total, these facilities received more than 16,680 visits by senior citizens.

In the senior nutrition program, 3,062 congregate meals were served. The home-delivered meal program served 9,641 meals to approximately 50 senior citizens.

Staff offered 24 daily programs at the senior centers. In addition, 312 special programs and events were offered. These included day trips, crafting classes, and educational

programs on health and nutrition.

Educational classes included Instructional CPR, Scams, Bonsai, Patel Art, Bathroom Safety, Decluttering, Understanding the Digital Age, Financial Planning, Terrariums, Adult Services, Holiday Crafts, History for Lunch, Latin Cooking, Health Eating, Beekeeping, Herb Garden, and quarterly cooking classes.

Special events included the Sock Hop, Senior Health and Wellness Day, Volunteer Banquet, Chili Cookoff, Christmas Party, Mother's Day Luncheon, Octoberfest, Senior Picnic, Fish Fry, Wilber Wright Reenactment, the Drive Ins, Diners and Drive Series, and the Hops, Harvest and Raising Cane Series.

All nutrition sites maintained a 100% A health code rating.

Senior Services has representation on the following: Senior Citizens Advisory Board, Adult Protection Multidisciplinary Team, Regional Advisory Council, Albemarle Senior Games, LIHEAP Outreach Committee, and the Community Risk Reduction committee.

FY 2027 Goals And Discussion

Senior Services will increase intergenerational programming opportunities by partnering with local schools, libraries, and churches.

Senior Services will increase "open to the public" events and presentations. The department will offer more hands-on skill classes.

Senior Services will work with fellow departments and local agencies to identify and serve people in our community who are in need. This will include ways to combat abuse, neglect, nutritional, and transportation needs.

The department will work to increase programming opportunities in Corolla.

Future Considerations

Additional staff will be needed to address the continued growth in the Home Delivered Meals Program and other services as the community ages.

Programs are necessary to address transportation needs of non-driving senior citizens to and from doctor appointments, pharmacies, and grocery stores.

Additional staff and facilities would allow for growth in areas that are logistically distant from the areas of service.

Education

Funding public schools is a state and county government responsibility. Counties are responsible for financing construction and maintenance of school facilities and providing funds for a school system's current expenses.

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes. The county currently maintains fifteen Special Revenue Funds which are further described in this section. The charts within this section provide revenue sources (e.g., tax revenue and other revenue) and estimated expenditures (e.g., wages and benefits, operating expenditures, capital outlay, and transfers). The number within the highlighted row represents the net activity within the fund.

Tourism Development Authority

The Tourism Development Authority is a public authority created under Session Law 2005-95 for the purpose of expending the net proceeds of occupancy tax and to promote travel, tourism and conventions in the county, sponsor tourist-related events and activities in the county, and finance tourist-related capital projects in the county. It is governed by seven members who by statute are those serving as members of the board of commissioners and the county's designated travel and tourism representative serving as an ex officio nonvoting member. On July 7, 2008, the Tourism Development Authority entered an Interlocal Government Agreement with the county for the county's management of the authority's responsibilities.

See pages 151-156 for Tourism Development Authority budget information.

Carova Beach Road Service District

Carova Beach Road Service District is a service district created on September 8, 2009, under Article 16 of Chapter 153A of the General Statutes of North Carolina for the purpose of maintaining streets and, if necessary, the removal of derelict motor vehicles from street rights-of-way in Carova Beach Subdivision. Initially encompassing only street rights-of-way, the district was expanded on May 6, 2019, to include all property within Carova Beach Subdivision. As provided by statute, the county's board of commissioners serves as the district's governing board and is advised by its appointed advisory board.

Revaluation

North Carolina law requires each county to reappraise all real property in the county for tax assessment purposes at least every eight years. Under Section 153A-150 of the North Carolina General Statutes, counties are required to estimate the cost of real property reappraisal and raise the necessary funds in equal annual installments. The funds are held in a special reappraisal fund and used only for reappraisal of real property.

Capital Improvement Plan

Capital facilities and adequate infrastructure are critical for the county's continuing growth. The FY 2027 - 2031 Capital Improvement Plan (CIP) is a long-term plan that anticipates future needs and supports responsible stewardship of existing facilities and assets.

Capital expense typically involves substantial cost, the acquisition of a tangible asset, and/or takes more than one year to complete. Anything financed by debt is considered capital.

Within operating budgets, purchases greater than \$5,000 are considered capital. Operating budgets may also include funding for projects that can be completed within a designated fiscal year. Long-term capital planning requires county departments to submit capital expenses greater than \$10,000. The acquisition of land is also considered a capital expenditure. If a capital project is to be debt funded, the county adheres to a risk-averse guideline whereby it appropriates the debt funding source for the capital project only after the designated debt funding source is officially secured.

The FY 2027 capital budget represents funded projects. The remaining projects shown in FY 2028 - 2031 represent planned projects. Planned projects are continually vetted and subject to change or ultimately may not be funded.

Capital Projects Funds

The Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities. The county maintains four funds that qualify as Capital Projects Funds:

- Capital Improvements Fund
- Emergency Equipment Replacement Fund
- School Capital Reserve
- Transfer Tax Capital Reserve.

The Capital Improvements Fund's primary revenue source is the restricted portion of the additional supplemental one-half of one percent local government sales and use tax and the unrestricted portion of the supplemental one-half of one percent local government sales and use tax. This fund is utilized to meet county capital project needs.

The Emergency Equipment Replacement Fund's primary source of revenue is a transfer from the General Fund. This fund is used to accumulate funding for the volunteer fire departments' major equipment needs.

The School Capital Reserve Fund's primary revenue sources are the restricted portion of the additional supplemental

one-half of one percent local government sales and use tax and the restricted portion of the supplemental one-half of one percent local government sales and use tax. This fund is utilized to meet school system capital project needs.

The Transfer Tax Capital Fund's primary revenue source is the tax imposed, currently 1%, on all instruments conveying an interest in real property and is to be used for any lawful capital purpose.

Multi-Year Funds

Currituck County maintains ten multi-year funds that are not annually budgeted, which are authorized by project ordinance that run through the life of the project. Project and grant ordinances are utilized to budget for capital projects or federal and state grants that are reasonably expected to exist for more than a single year.

These multi-year projects are accounted for in ten major funds. The County Governmental Facilities Fund accumulates funds for major capital construction for governmental facilities. The School Capital Facilities Fund accumulates funds for school facilities. The remaining funds accumulate funds for construction in the various enterprise funds.

The projects discussed within this section are ongoing or programmed to begin in FY 2027 but are not a comprehensive summary of all multi-year funds.

Capital Budget Process

Departments submit capital budget and plan requests in November. Capital requests describe needs and identify amounts needed to fund each project. The long-term capital improvement program is developed and managed through needs assessment, project prioritization, and cost estimation. Funding requests are discussed among county staff who understand program elements and identify funding and financing alternatives. Final requests are presented to the Board of Commissioners for final approval and inclusion in the Capital Improvement Plan.

Needs Assessment

Current and future capital needs are assessed through comprehensive master planning and critical needs assessments.

Comprehensive needs assessments for non-routine capital projects are often undertaken through a facility master planning and review process. The county land use plan, small area plans, pedestrian and wayfinding plans, and strategic plan also guide capital improvements. Where appropriate, reference plans are detailed in project descriptions.

The county also engages in long-term planning for routine capital expenditures. For example, hiring consultants to evaluate the condition of historic structures helps anticipate routine capital expenditures for many years into the future. These types of assessments ensure funding is allocated to make needed repairs and replacements within appropriate timeframes.

County departments assess the needs for other capital investments as part of the two-year budget process. For projects not driven by master plans or other long-term plans, departments prepare investment justifications to explain the impact on service delivery.

Project Prioritization

Within the limited funding available for capital projects, the county must annually prioritize potential capital projects. For many capital expenditures, prioritization is an outgrowth of the master planning process. Adjustments are made, as necessary, through technical assessments of long-term needs and timing requirements. In some cases, staff and technical teams revisit master plans to compare the plans' assumptions against current needs for renovations and new facilities. Project timing is also reviewed. The Board of Commissioners provides policy guidance in planning retreats and the budget process.

To determine what expenditures will be funded and when those expenditures should occur, the county evaluates potential capital projects against the following goals:

- Continue obligation to meet life, safety, and basic environmental concerns;
- Pursue operating expense savings;
- Maintain the integrity of existing capital assets;
- Improve county facilities, systems and infrastructure to meet future needs and promote higher service levels;
- Add new facilities based on approved plans; and
- Expand service delivery based on state and federal requirements and board directives.

Cost Estimation

Staff from Public Works, Engineering, Finance, Information Technology Services, Public Utilities and Administration conduct reviews of cost estimates and expenditure forecasts for construction and operating costs.

Funding Capacity Analysis

The Finance Department assesses funding capacity available in the five-year capital horizon. Funding capacity results from two fundamental strategies used to finance the capital plan: dedicated funding streams and debt. The county incorporates its capital program, as well as the five-year capital program from Currituck County Schools into the analysis for an overall funding strategy within debt and capital policies.

Highlights of the FY 2027 - 2031

Capital Improvement Program

The FY 2027 - 2031 Capital Improvement Program addresses routine and non-routine capital projects including facilities improvements and maintenance, technology improvements, parks and recreation improvements, public safety communication upgrades and new construction of county facilities.

Vehicle Procurement

The Sheriff's Office programmed the replacement of ten (10) patrol units annually. The FY 2027 request totals \$693,000 for the purchase and outfitting of ten patrol vehicles and \$346,500 for five trucks.

Emergency Equipment Replacement

Fire-Emergency Medical Services programmed the replacement of two (2) ambulances at a cost of \$750,000 annually through FY 2030.

Public Safety Communications

One hundred (100) radios will be purchased annually through FY 2030 at a cost of \$600,000 each year.

Facilities Improvement

The facilities improvement plan includes funding for maintenance of existing county facilities and investments in new facilities or renovations as needed to meet service demand. This plan includes funds for lifecycle upgrades at county facilities including re-roofing and building systems projects, repaving projects at county facilities, minor renovations, and improvements identified in facility condition assessments.

Currituck County Public School System

The Currituck County Public School System's Capital Improvement Program is a five-year plan that includes funding for repairs and renovation at existing facilities, life cycle replacement, design and construction of new facilities, education equipment replacement, and technology.

County Governmental Facilities Construction (Multi-Year)

Corolla Greenway – Albacore Street to Dolphin Street

Project Funding: \$320,000

The Board of Commissioners is prioritizing an extension of the Corolla Greenway multi-use path from Albacore Street to Dolphin Street, which includes the commercial areas of Timbuck II and Monterey Plaza. The section will connect to the existing Monterey Shores bike path terminus located behind the Towne Bank building. The project is scheduled for bid in the fall of 2026.

Phase IV Whalehead Public Access Dune Walkover Replacement

Phase IV of the project includes replacement of the Herring, Tuna, and Shad dune walkovers. Construction of the Herring walkover is scheduled for completion in the spring of 2026. The consultant is in the design phase for the Tuna and Shad walkovers. The project is scheduled for bid in the summer of 2026 with construction in the fall/winter of 2026/2027.

Herring Walkover Replacement

Project Funding: \$420,000

Tuna Walkover Replacement

Project Funding: \$420,000

Shad Walkover Replacement

Project Funding: \$420,000

Currituck Community Park – Phase III

Project Funding: \$500,000

The county engaged a consultant in FY 2023 to complete design for the permitting of clearing and filling a wooded portion of Currituck Community Park in Barco. The project scope of work was revised in January 2024. The scope includes all design services for the construction of two (2) baseball/softball fields and associated facilities. The project was bid in March 2026.

Historic Courthouse Restoration

Project Funding: \$1,500,000

An architectural consulting firm was engaged in September 2022 to evaluate moisture intrusion and potential structural issues in the 1840s and 1898 sections of the historic courthouse. The consultant provided a conditions assessment and remedial plan of action. The assessment recommended several types of remedial work to address water intrusion into the building including replacement of all existing windows, flashing, and interior trim. The consultant is finalizing design for the remedial work. The project scope has also been expanded to address plumbing and drainage issues on the courthouse grounds.

Judicial Center Generator

Project Funding: \$500,000

The project includes the purchase installation of a generator and automatic transfer switch at the Currituck County Judicial Center located at 2801 Caratoke Highway in Currituck. Construction is underway with anticipated completion in FY 2027.

Jail Plumbing

Project Funding: \$65,000

The project includes repairs to the existing plumbing systems at the Currituck County Detention Center located at 407 Maple Road in Maple. Design is complete with construction anticipated in FY 2027.

Whalehead Dredging and Historic Corolla Park Improvements

The county has sought approval from regulatory agencies to dredge the historic channel into the boat basin at Whalehead in Historic Corolla Park unsuccessfully for many years. Recent efforts led to the engagement of a consultant to assist in obtaining regulatory approvals. The scope of works includes development of a preferred submerged aquatic vegetation (SAV) enhancement and restoration scenario, evaluation of existing living shoreline/wetland enhancement work, evaluation of an existing culvert crossing at the southern canal and Club Road, and identification of other in-kind (SAV) and out-of-kind mitigation alternatives. vegetation (SAV) resource impacts associated with the future dredging of the Whalehead Club side channel leading to the existing

boat basin and boat ramp. The overall project scope will consider the following: channel dredging and associated SAV mitigation, pond remediation, basin dock replacement and construction of kayak launch, rip rap repair, and culvert improvements.

Enterprise Construction Fund (Multi-Year)

Mainland Water System Construction Fund

16-inch Water Main Upgrades and Booster Pump Stations

Project Funding: \$750,000

The project includes hydraulic water modeling and design and construction of six and one-half miles of 16-inch water main along NC Hwy 168 from Sligo to the High Cotton elevated water tank in Moyock. A preliminary engineering report completed in August 2023 identified construction needs for an initial phase of the total project due to escalating costs. The initial phase includes new pump stations at Sligo and Barco and modifications to the Coinjock and Tulls Creek pump stations. The project is anticipated to bid in the summer of 2026.

Reverse Osmosis Well #5

The project includes design and construction of a new deep well and a pump station for the treatment plant brine line discharge. Design is anticipated in FY 2027 and construction in FY 2028.

Plant Expansion

The project includes 750,000 gallon per day expansion. Design is anticipated in FY 2027 with construction in FY 2028.

Southern Outer Banks Water System Construction Fund

Pine Island Distribution Building

Construction of a prefabricated metal building for with area for equipment storage and two offices. Design is underway and the project is anticipated to bid in the spring of 2027.

Mainland Central Sewer Construction Fund

Moyock Regional Plant Expansion

Project Funding: \$15,760,000

Expansion of the disposal system to 299,000 gallons per day is underway. Completion is anticipated in November 2026. The design team is developing plans for the next phase of the project which will include the construction of a new influent flow metering vault, headworks and grit removal system, and flow equalization basin. These improvements will utilize the current earmarked funds while enabling the expansion of treatment capacity in the future.

FY 2027 Programmed Projects

- Design/expansion of third treatment train at Waterside Villages/Walnut Island WWTP

Projects completed in FY 2026

- Mainland Water: Reverse Osmosis (RO) Well #4 and connection to Maple Water Treatment Plant
- SOBWS: New Reverse Osmosis (RO) Well and Connection to Southern Outer Banks Water System

Tourism Development Authority

May 18, 2026

Honorable Board of Commissioners,

I am pleased to submit the Currituck County Tourism Development Authority's Fiscal Year 2027 Proposed Budget. The budget is prepared in accordance with the North Carolina Local Government Budget and Fiscal Control Act. This budget is a financially sound proposal addressing the important needs in this community and within the county's governing organization. As this budget is transmitted from the authority's budget officer to you, it now becomes your budget as the Tourism Development Authority's governing body to review, debate, modify and adopt.

Overview

The Tourism Development Authority is a public authority created under Session Law 2005-95 for the purpose of expending the net proceeds of occupancy tax and to promote travel, tourism and conventions in the county, sponsor tourist-related events and activities in the county, and finance tourist-related capital projects in the county. It is governed by seven members who by statute are those serving as members of the board of commissioners and the county's designated travel and tourism representative serving as an ex officio nonvoting member. On July 7, 2008, the Tourism Development Authority entered an Interlocal Government Agreement with the county for the county's management of the authority's responsibilities. The Tourism Development Authority receives funds from the assessment of occupancy tax on the rental of lodging units within the county. Of the net amount of occupancy tax collected, two-thirds must be used for tourism-related expenses and the remaining one-third for promotion of travel and tourism in the county.

Fiscal Year 2027 Financial Picture and Beyond

Occupancy tax collections are down slightly from within the same period in FY 2025 but remain stable. It will be important to carefully watch and evaluate estimated occupancy tax revenue, and services reliant on occupancy tax, over FY 2027 and thereafter.

As you are aware, the Tourism Development Authority's use of occupancy tax revenue has been challenged, and the state Court of Appeals ruled in March 2024 that the county cannot use occupancy tax revenue to fund public safety services. The county appealed the decision to the North Carolina Supreme Court, and the appeal was granted. Oral arguments were held in February 2026, and the court has not yet issued a decision.

This recommended budget conservatively estimates occupancy tax revenue in the amount of \$14,329,277. It is recommended that occupancy tax expenditures are allocated as follows:

Tourism Promotion

For the authority's management, operation of the county's Travel and Tourism Department, media, print publications and other promotional activities this proposed budget allocates \$4,758,879. This allocation represents an increase of \$87,201 over the FY 2026 adopted budget.

The proposed budget allocates \$2,150,000 in capital outlay for:

- \$150,000 for Corolla Village Sidewalk project design
- \$2,000,000 for Connecting Corolla: Greenway Extension from Albacore Street to Dolphin Street

Tourism-Related Expenditures

For tourism-related expenditures, this proposed budget allocates \$5,275,555 for staff, operation and maintenance for beach access ramps, economic development, beach cleaning services, Carova Beach Park, preservation of the county's historic buildings and properties, Corolla Wild Horse Fund's protection and management of the wild horse herd, and the Whalehead and Maritime Museums and Outer Banks Center for Wildlife Education in Historic Corolla Park.

The proposed budget allocates \$1,427,000 in capital outlay. Purchases and improvements include:

- \$65,000 for repairs to the Horse Fence
- \$32,000 for new projection system for Center for Wildlife Education

- \$40,000 for replacement of HVAC units at Whalehead
- \$50,000 for replacement of HVAC unit at Center for Wildlife Education
- \$35,000 for replacement of Historic Corolla Park pavilion roof
- \$30,000 for structural beam repair at Center for Wildlife Education
- \$100,000 for roof repairs at Center for Wildlife Education
- \$100,000 for Whalehead dredging project
- \$500,000 for repairs to the Whalehead Club
- \$475,000 for Historic Bridge repairs

The proposed budget includes transfers in the amount of \$717,843 for the following:

- \$205,000 for administration of the occupancy tax collections.
- \$297,843 for Currituck County Rural Center operations.
- \$5,000 for Carova Beach Park parking lot stone
- \$70,000 for Carova Beach Road Service District maintenance of roads.
- \$60,000 for promotional efforts for Currituck County Regional Airport.
- \$80,000 for professional design fees for the Southern Beach Access and Albacore Street walkover improvements.

I believe this \$14,329,277 proposed budget is responsible to expend occupancy tax revenue.

Now that the budget is yours, we want citizens to have the opportunity to ask questions and provide feedback. Comments can be made to commissioners@currituckcountync.gov. The proposed budget will also be posted on the county's website at www.currituckcountync.gov and a hard copy will be located at the office of the Clerk to the Board in the Historic Courthouse.

A public hearing on the budget will be held at your regular meeting on June 1, 2026 at 6:00 p.m. at the Historic Currituck Courthouse. You may choose to hold a budget work session prior to the public hearing and you may adopt the budget anytime following the public hearing but before July 1, 2026.

In closing, I thank county staff for their dedicated work. I also thank the budget team: Finance Director Caron Crouse, Accountant Oliva Luks, Assistant County Manager Melissa Futrell, Human Resources Director Emily Beasley, and Public Information Officer Randall Edwards.

Thank you for your attention, deliberation, and consideration of this proposed budget.

Mission

To promote Currituck County to attract guests for the purpose of visitation spending, which strengthens the local economy through local and state sales tax. This enhances the quality of life for county residents and encourages growth of tourism related businesses.

The department serves as the marketing and promotions arm of the Tourism Development Authority. Staff operates the Moyock Welcome Center and Corolla Visitors Center. Staff manage several county attractions, including Historic Corolla Park, Whalehead, Outer Banks Center for Wildlife Education, Maritime Museum, and the Historic Jarvisburg Colored School.

Accomplishments In FY 2026

- A tourism promotional video, The Northern Outer Banks: Make It Your Nature, produced with Eye Candy Digital Video, won a prestigious Telly Award in May 2025.
- Southern Living named the Outer Banks its “Vacation of the Year 2025,” prominently featuring Corolla as a key northern destination.
- The 2025 Lonely Planet guide named Corolla Beach one of the top beaches in North Carolina.
- Historic Corolla Park and Whalehead celebrated their 100th anniversary with special exhibits and events.
- A theatrical performance about Augustin Fresnel was held at the Outer Banks Center for Wildlife Education to celebrate the 150th anniversary of the Currituck Beach Lighthouse.
- A restoration architect has begun planning improvements to Whalehead and a historical researcher is documenting the history of the county’s historic jail to support future restoration efforts.
- During the 2025 Juneteenth Celebration, new interpretive signs were dedicated recognizing the Dunston Family and the historic Currituck Union School.

FY 2027 Goals And Discussion

Planning is underway for a new Corolla Visitor Center on county property.

The Moyock Welcome Center sign will receive a “refresh” reflecting the new brand and the center itself now reflects the new brand and new colors.

Marketing goals include:

- Continue growing occupancy tax and sales tax revenue by positioning Currituck as an upscale, family-friendly destination.
- Adapt to changing technology and advertising trends, including artificial intelligence tools used in search platforms.
- Strengthen email marketing, social media engagement, website content, and video assets.
- Improve communication with local tourism businesses

and provide added value through our marketing platforms.

- Promote environmental sustainability through the “Make It Your Nature” program.
- Continue educating visitors about safety and best practices related to the Corolla wild horses.
- Work with the Currituck NC 250th Task Force to support programs celebrating America’s 250th anniversary.

Future Considerations

Currituck County should continue to support the local tourism industry due to the many financial benefits it produces for the county government, residents, and county property owners.

Ocean Sands Water and Sewer District

May 18, 2026

Honorable Board of Commissioners,

I am pleased to submit Ocean Sands Water and Sewer District's Fiscal Year 2027 Proposed Budget. The budget is prepared in accordance with the North Carolina Local Government Budget and Fiscal Control Act. This budget is a financially sound proposal addressing the important needs in the district and within the district and county governing organizations. As this budget is transmitted from the district's budget officer to you, it now becomes your budget as the Ocean Sands Water and Sewer District governing body to review, debate, modify and adopt.

Overview

Ocean Sands Water and Sewer District is a water and sewer district created under Article 6 of Chapter 162A of the General Statutes of North Carolina to facilitate the financing, construction and management of water and sewer facilities in most of Ocean Sands planned unit development on the county's Outer Banks. The impetus for the district's creation was a settlement agreement between the Ocean Sands' developer, Coastland Corporation, and the county which reduced developmental density and obligated the county to establish a district which would provide water and sewer to the development to the extent possible. The district was created by the Board of Commissioners on July 6, 1987.

The Ocean Sands Water and Sewer District operates a wastewater collection system and treatment plant and provides water within the district's boundary after district and county water is treated and blended at the county's Southern Outer Banks water treatment plant.

The district's revenue for operations and capital expenditures are derived from ad valorem tax assessed on real and personal property within the district and utility rates.

Fiscal Year 2027 Financial Picture and Beyond

A water and sewer district is an entity that serves a small geographical area of the county and provides a greater level of service than other areas of the county receive. Ocean Sands Water and Sewer District is expected to pay for its operational and capital needs through financial resources from ad valorem taxes within the district and rates charged for utility services.

This proposed budget conservatively estimates, with allocation of \$1,156,986 in appropriated retained earnings, revenues in the amount of \$3,778,517. It is recommended that expenditures are allocated as follows:

- For administration in the amount of \$227,111.
- For water treatment operations the amount of \$915,436.
- For sewer treatment operations in the amount of \$990,816.
- For debt service payment in the amount of \$576,563

This proposed budget also includes the allocation of funds for capital outlay totaling \$1,068,591 for the following purposes:

- \$8,000 for replacement valves.
- \$390,591 for water meter replacement project.
- \$150,000 for SCADA upgrade.
- \$5,000 for infiltration and inflow repairs.
- \$25,000 for spare PLC parts.
- \$50,000 for spare pumps.
- \$80,000 for lift station rehabilitation.
- \$240,000 for generator replacements.
- \$100,000 for groundwater lowering pump station improvements.

I believe this \$3,778,517 proposed budget is responsible and prudently raises additional revenue to properly meet the district's financial needs.

Now that the budget is yours, we want citizens to have the opportunity to ask questions and provide feedback. Comments can be made to commissioners@currituckcountync.gov. The proposed budget will also be posted on the county's website at www.currituckcountync.gov and a hard copy will be located at the office of the Clerk to the Board in the Historic Courthouse.

A public hearing on the budget will be held at your regular meeting on June 1, 2026 at 6:00 p.m. at the Historic Currituck Courthouse. You may choose to hold a budget work session prior to the public hearing and you may adopt the budget anytime following the public hearing but before July 1, 2026.

In closing, I thank county staff for their dedicated work. I also thank the budget team: Finance Director Caron Crouse, Accountant Olivia Luks, Assistant County Manager Melissa Futrell, Human Resources Director Emily Beasley, and Public Information Officer Randall Edwards.

Thank you for your attention, deliberation, and consideration of this proposed budget.
