To: Board of Commissioners
From: Planning Staff
Date: September 25, 2018
Subject: PB 16-12 Glenmoor Ridge, Preliminary Plat Extension

On September 19, 2016, the Board of Commissioners approved the preliminary plat/use permit for Glenmoor Ridge. This is a conservation subdivision consisting of 48 residential lots located off of Tulls Creek Road in Moyock. The preliminary plat approval was due to expire on September 19, 2018.

On September 18, 2018 the engineer, Mark Bissell – Bissell Professional Group, submitted a request for preliminary plat extension of the subdivision indicating the applicant has proceeded with the requirement to work out access issues to Campus Drive with the Currituck Reserve subdivision developers. Currituck Reserve is currently under consideration for construction drawing approval and once that plat is approved, Glenmoor Ridge will have a proper access along Campus Drive.

In accordance with the UDO Section 2.4.8.E., the Board of Commissioners may grant a two year extension of the preliminary plat one time for good cause. The applicant is requesting a one year extension.

September 18, 2018

Ms. Tammy Glave, CZO
 Senior Planner
 Department of Planning & Community Development

Re: Glenmoor Ridge – Request for Extension of Use Permit

Dear Tammy:

The subdivision known as Glenmoor Ridge was approved under Permit No. PB 16-12 for property located on Tax Map 22, Parcel 78A, Moyock Township. This permit was issued on September 19, 2018 for a 48 lot conservation subdivision. We are requesting approval of an extension of the use permit for two years for the following good cause:

The land that will become Glenmoor Ridge is currently accessed from Tulls Creek Road by a 100' easement, known as Campus Drive, which does not provide legal access for the purpose of recording a subdivision. A condition of the approval was for the right-of-way issue to be resolved prior to submitting construction drawings for Glenmoor Ridge. The 100' easement is located on land owned by AH Currituck Reserve, which is the entity that is developing the adjacent Currituck Reserve subdivision. Campus Drive has been scheduled to be platted and dedicated to public use in connection with the Currituck Reserve subdivision, which is presently undergoing a review of its construction drawings for issuance of a Construction Authorization, which will result in the improvement of Campus Drive to the UDO standards for subdivision roads, which will then provide the required legal access to Glenmoor Ridge for the platting of that subdivision, thus satisfying the original permit condition.

The Use Permit has not expired, and the subdivider is in the process of amending the Glenmoor Ridge plan based on an agreement with AH Currituck Reserve that provides for some residual open space to go to Glenmoor with the platting of Campus Drive, which is now in process, which will provide for the construction of a community mail center that will serve both subdivisions.

Thank you for your consideration of this request. Please let me know if we need to provide any additional information in support of the extension.

Sincerely yours,
 BISSELL PROFESSIONAL GROUP

Mark S. Bissell, P.E.

APPLICATION SUMMARY

Property Owner: Allied Properties LLC 417 Caratoke Hwy Unit D Moyock NC 27958	Applicant: Allied Properties, LLC 417 Caratoke Hwy Unit D Moyock, NC 27958
AH Currituck Reserve LLC 222 Central Park Ave Ste 2100 Virginia Beach VA 23462	
Case Number: PB 16-12	Application Type: Major Subdivision, Amended Preliminary Plat/Use Permit (Type II)
Parcel Identification Numbers: 0022-000078A-0000 0022-000-078E-0000	Existing Use: Undeveloped
Land Use Plan Classification: Rural Moyock Small Area Plan: Limited Service	Parcel Size (Acres): 50.67 acres (total)
Number of Units: 48 residential lots (original approval) + 2 lots = 50 total lots	Project Density: .99 unit/acre
Required Open Space: 20.27 acres (40%)	Provided Open Space: 20.4 acres

SURROUNDING PARCELS

	Land Use	Zoning
North	Moyock Library/Residential	AG and SFM
South	Farmland	SFM
East	Farmland/Residential	AG and SFM
West	Undeveloped	SFM

STAFF ANALYSIS

In 2008, the Board of Commissioners approved Currituck Reserve, a 688 lot planned unit development on 471 acres at a density of 1.47 units per acre. This parcel was included in that

development. The development approval for Currituck Reserve expired and the properties that were once part of the Currituck Reserve development are now proposed as three separate subdivisions (Glenmoor Ridge, Currituck Reserve, Waterleigh). On September 19, 2016 the Board of Commissioners approved a 48 lot conservation subdivision for this property by this same applicant with a density of one unit per acre.

Through a lot recombination plat with the new Currituck Reserve subdivision and a right-of-way dedication plat, this subdivision gained 2.99 acres. The developer is requesting to amend the approved preliminary plat/use permit to add 2 additional lots for a total of 50 lots.

INFRASTRUCTURE			
Water	Public		
Sewer	On-site septic		
Transportation	Pedestrian: 5' wide sidewalks and pedestrian trails		
	Streets: Curb and gutter streets will be designed and constructed to NCDOT standards.		
Stormwater/Drainage	An agreement between AH Currituck Reserve and Allied Properties with a combination of curb and gutter, swales, and stormwater ponds		
Recreation and Park Area Dedication	The county will be accepting a payment-in-lieu \$6,012.07 for the 50 lots.		
Riparian Buffers	There are no 404 jurisdictional wetlands on the property.		
Schools - Adequate Public Facilities			
Actual Capacity – January 2018		Students Generated by this Development	
Moyock Elementary	83%	Elementary: 12.5	
Shawboro Elementary		Middle: 4	
Central Elementary		High: 7	
Griggs Elementary			
Jarvisburg Elementary			
Knotts Island Elementary	30%		
Moyock Middle			
Currituck Middle			
Currituck High	78%		
JP Knapp Early College			

RECOMMENDATIONS

TECHNICAL REVIEW COMMITTEE

The Technical Review Committee recommends adoption of the amended use permit and approval of the amended preliminary plat subject to the following conditions of approval:

1. The application complies with all applicable review standards of the UDO provided the following items are addressed:

- a. The recombination plat with AH Currituck Reserve property and the right-of way dedication plat must be recorded prior to subdivision approval. (Planning)
- b. Remove "wetlands" from the Parkland/Recreation fee-in-lieu statement. (Planning)
- c. Plat corrections: correct corner lot setback to corner side setback; remove one of the review officer certificates. (Planning)
- d. That a meeting take place between the County Engineer and the engineers, stormwater designers, and applicants of Glenmoor Ridge, Currituck Reserve, and Waterleigh subdivisions to discuss the drainage system being shared between the three subdivisions prior to plat approval. (Engineering)
- e. Consider recreational improvements around the pond. (Parks and Recreation)

2. The applicant demonstrates the proposed use will meet the use permit review standards of the UDO.
3. The conditions of approval necessary to ensure compliance with the review standards of the UDO and to prevent or minimize adverse effects of the development application on surrounding lands include:
 - a. The recombination plat with AH Currituck Reserve property and the right-of way dedication plat must be recorded prior to subdivision approval. (Planning)
 - b. Remove "wetlands" from the Parkland/Recreation fee-in-lieu statement. (Planning)
 - c. Plat corrections: correct corner lot setback to corner side setback; remove one of the review officer certificates. (Planning)
 - d. That a meeting take place between the County Engineer and the engineers, stormwater designers, and applicants of Glenmoor Ridge, Currituck Reserve, and Waterleigh subdivisions to discuss the drainage system being shared between the three subdivisions prior to plat approval. (Engineering)

USE PERMIT REVIEW STANDARDS

The use will not endanger the public health or safety.

Preliminary Applicant Findings:

1. The use will adhere to county health and safety standards, including recommendations made by Albemarle Regional Health Services. The project should not adversely affect the public health or safety.

The use will not injure the value of adjoining or abutting lands and will be in harmony with the area in which it is located.

Preliminary Applicant Findings:

1. Land to the east has been developed into single family homes; the land to the west has already been proposed as a conservation subdivision; this tract will be developed similarly; over 40% of the land will be preserved as open space. The use will not injure the value of adjoining or abutting lands, and will be in harmony with the surrounding area.

The use will be in conformity with the Land Use Plan or other officially adopted plans.

Preliminary Staff Findings:

1. The Land Use Plan classifies this area as Rural with densities allowed at no more than one unit per three acres. However, the more specific Moyock Small Area Plan classifies this area as Limited Service with allowable densities of 1 to 1.5 units per acre. The .99 units per acre density proposed is consistent with the Moyock Small area plan. Some of the plan policies being met include:

POLICY FLU1: Promote compatibility between new development and existing development to avoid adverse impacts to the existing community.

POLICY CC1: Encourage and foster development that is compatible with rural atmosphere, transitional areas, and a small town, main street feel consistent with the vision, policies, and future land use map of this plan.

POLICY IS1: The costs of infrastructure, facilities, and services related to new growth and development should be borne primarily by those creating the demand.

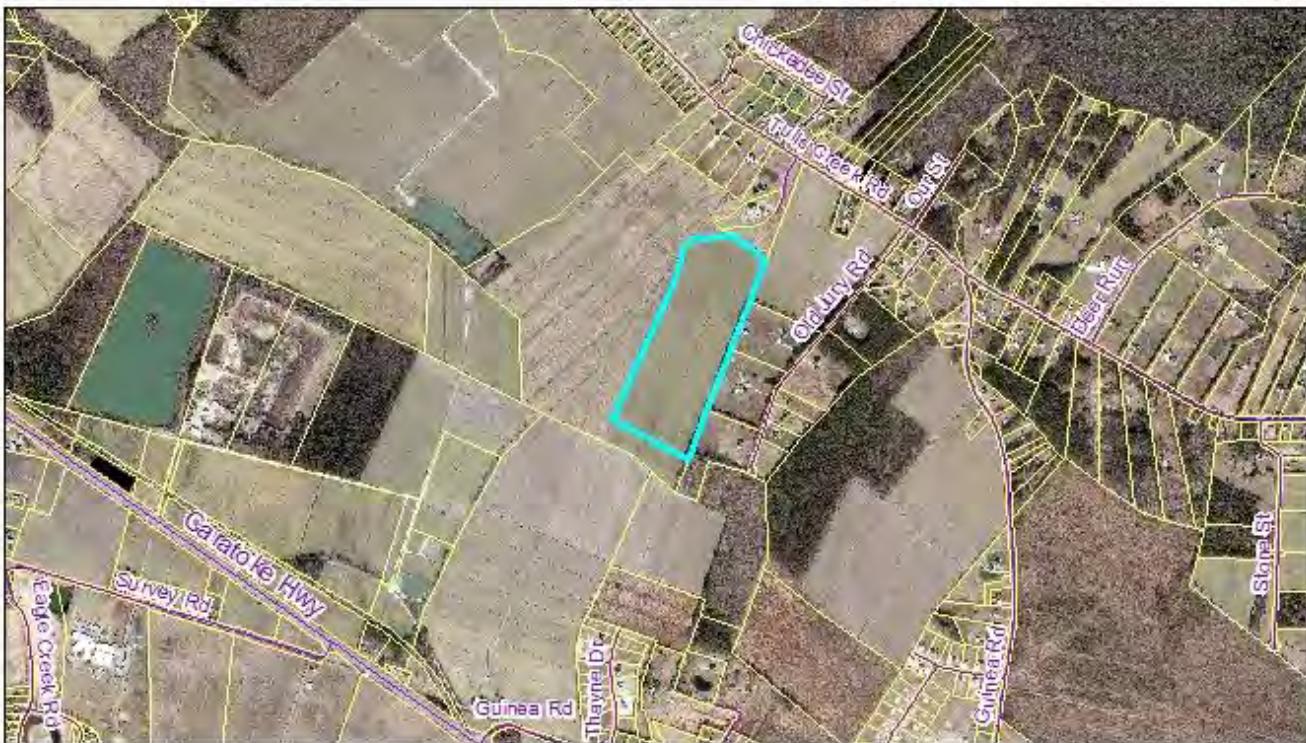

The use will not exceed the county's ability to provide adequate public facilities, including, but not limited to: schools, fire and rescue, law enforcement, and other county facilities. Applicable state standards and guidelines shall be followed for determining when public facilities are adequate.

Preliminary Staff Findings:

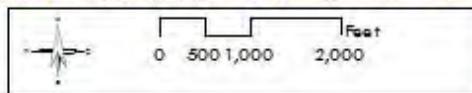

1. Currituck County has adequate public facilities to serve the proposed subdivision.

MEMORANDUM

To: Mark Bissell, Bissell Professional Group
 Justin Old, Allied Properties, LLC

From: Tammy D. Glave, CZO
 Senior Planner

Date: August 13, 2018

Re: Glenmoor Ridge, Amended Preliminary Plat/Use Permit, Request

Following are the comments received to date for Glenmoore Ridge, Amended Preliminary Plat/Use Permit for the September 19, 2018 Technical Review Committee (TRC) meeting.

Since the county is under a state of emergency due to the impending hurricane, not all staff is available to comment at this time. You will receive additional comments at the TRC meeting. In order to be placed on the October 9, 2018 Planning Board agenda, all outstanding TRC comments must be received by September 24, 2018. TRC comments are valid for six months. Please let me know if you have any questions. Thanks.

Planning (Tammy Glave, 252-232-6025)

Approved with corrections:

1. Please add PIN 0022-000-078E-0000 to Note 4 on cover sheet.
2. Please add Flood Zone X to Note 5 on cover sheet.
3. Please add a detailed note to the plat explaining that this is a recombination plat, a subdivision plat, and a right-of-way dedication plat. Revise Surveyor's Certificate accordingly.

Currituck County Building and Fire Inspections (Bill Newns, 252-232-6023)

Reviewed with comment:

Fire

1. Fire apparatus must not have to back up on an access road greater than 150' without a turnaround as indicated in appendix D of the NC Fire Code. The backing of 150' should be measured in a straight line.
2. Fire apparatus access must be at least 20' wide 13' 6" in height. Maximum slope shall not exceed 10%.
3. All portions of the fire apparatus access must be capable of 75,000lbs under all weather conditions.
4. By general statute parking is not allowed within 15' of a fire hydrant. (FDC) *Fire hydrants must be within 500' of all road frontages.
5. Cul de sacs must be 96' in width curb to curb at the center of the cul de sac.
6. Dwellings greater than 4800 sq. ft. and/or greater than 2 stories will be calculated using the ISO commercial method.

7. Dwellings 4800 sq. ft. and no greater than 2 stories may use set-backs as indicated in the ISO method to determine Needed Fire Flow.

Inspections

1. Curb cuts for sidewalk crossings must have detectable warnings

Purpose of the Use Permit and Project Narrative (please provide on additional paper if needed): _____

Please see attached sheet.

The applicant shall provide a response to the each one of the following issues. The Board of Commissioners must provide specific findings of fact based on the evidence submitted. All findings shall be made in the affirmative for the Board of Commissioners to issue the use permit.

A. The use will not endanger the public health or safety.

Please see attached sheet.

B. The use will not injure the value of adjoining or abutting lands and will be in harmony with the area in which it is located.

Please see attached sheet.

C. The use will be in conformity with the Land Use Plan or other officially adopted plan.

Please see attached sheet.

D. The use will not exceed the county's ability to provide adequate public facilities, including, but not limited to, schools, fire and rescue, law enforcement, and other county facilities. Applicable state standards and guidelines shall be followed for determining when public facilities are adequate.

Please see attached sheet.

I, the undersigned, do certify that all of the information presented in this application is accurate to the best of my knowledge, information, and belief. Further, I hereby authorize county officials to enter my property for purposes of determining zoning compliance. All information submitted and required as part of this application process shall become public record.

Use Permit Application
Page 6 of 8

Purpose:

The current application is to amend the Glenmoor Ridge permit to add 2 lots to the conservation subdivision for a total of 50 single-family lots, along with large expanses of open space. Open space set-asides exceed the UDO requirements; stormwater management and erosion control will exceed the requirements of the new Currituck stormwater manual and the new UDO. Large community lakes are being provided as site amenities.

Suggested Findings:

- A. The use will adhere to County health and safety standards, including recommendations made by Albemarle Regional Health Services. The project should not adversely affect the public health or safety.
- B. Land to the east has been developed into single family homes; the land to the west has already been approved as a conservation subdivision; this tract will be developed similarly; over 40% of the land will be preserved as open space. The use will not injure the value of adjoining or abutting lands, and will be in harmony with the surrounding area.
- C. The Land Use Plan classifies this area as Rural within the Moyock subarea, and The Moyock Small Area Plan classifies it as Limited Service, with densities proposed between 1 and 1.5 units per acre. The previously approved development density is 1.0 unit per acre, and the additional development will be at 0.75 lot/acre, well below the density previously proposed when the property was zoned as a PUD overlay district.

The following Land Use Plan policies are relevant to and support this request:

POLICY HN1: Currituck County shall encourage development to occur at densities appropriate for the location.

POLICY HN2: The County shall ... encourage alternatives to large lot developments through INNOVATIVE DEVELOPMENT CONCEPTS AND CORRESPONDING ZONING techniques.

POLICY HN3: Currituck County shall especially encourage two forms of residential development, each with the objective of avoiding traditional suburban sprawl:

1. OPEN SPACE DEVELOPMENTS that cluster homes on less land, preserving permanently dedicated open space and often employ on-site or community sewage treatment. These types of developments are likely to occur primarily in the Conservation, Rural, and to a certain extent the Limited Service areas identified on the Future Land Use Map.

POLICY TR12: New residential developments shall provide for the installation of PAVED PUBLIC ROADWAY AND DRAINAGE INFRASTRUCTURE at the time of development.

POLICY TR8: Local streets shall be designed and built to allow for convenient CIRCULATION WITHIN AND BETWEEN NEIGHBORHOODS and to encourage mobility by pedestrians and bicyclists. Care shall be taken to encourage local street "connectivity" without creating opportunities for cut-through traffic from outside the connected areas.

POLICY WS6: Currituck County endorses the proper use and maintenance of APPROVED SEPTIC SYSTEMS in suitable soils as an environmentally acceptable means of treating and dispersing waste from low-density development.

POLICY PR6: All new residential development shall provide for ADEQUATE OPEN SPACE AND RECREATION IMPROVEMENTS including, as may be appropriate, funding in proportion to the demand created by the development. The amount of open space and improvements may be determined according to the number of dwelling units in the development and/or by a percentage of the total acreage in the development. Fees in lieu of land dedication shall be based on the inflation adjusted assessed value of the development or subdivision for property tax purposes.

POLICY WQ3: Currituck County supports policies, plans and actions that help protect the water quality of the county's estuarine system by preventing SOIL EROSION AND SEDIMENTATION, and by controlling the quantity and quality of STORMWATER RUNOFF entering the estuary.

POLICY WQ4: RUNOFF AND DRAINAGE from development, forestry and agricultural activities shall be of a quality and quantity as near to natural conditions as possible. Post-development runoff shall not exceed pre-development volumes.

POLICY WQ5: Low Impact Development techniques or appropriate buffers shall be integrated into the development.

D. Currituck County has adequate public facilities to serve the proposed subdivision.

Glenmoor Ridge

August 17, 2018

Scheduled Time/Place: 5:00pm, Moyock Library, Moyock, NC

Attendees: (See attached sign-in sheet)

Mark Bayly – Tulls Creek Road
 Justin Old – Allied Properties
 Mark Bissell – Engineer

One interested nearby property owner came in for the last part of the Windswept meeting and then briefly reviewed the Glenmoor Ridge plat and asked questions informally. The Glenmoor amendment consisted of the addition of 2 lots and the addition of community mail center. The following questions/comments were made:

Comments from the Community	How Addressed
Quality of life is at risk in Moyock	This is a subjective comment and no answer can really be provided.
Concerned about traffic	Access has been approved previously by NCDOT in accordance with their standards including acceleration and turning lanes.
Stormwater is a concern	A brief overview was provided of the way stormwater has been modeled and designed for the 3 communities that will share a stormwater system including several outlets.

Summary:

Mr. Bayly had no further questions and left the meeting.

August 7, 2018

RE: Community Meeting for Amended Preliminary Plat Application for Glenmoor Ridge & AH Currituck Reserve

Dear Property Owner:

We are in the process of amending the previously-approved subdivision known as Glenmoor Ridge to add two lots and to provide a central mail area adjacent to the future extension of Campus Drive.

We would like to invite you and other nearby property owners to a community meeting regarding the upcoming amended preliminary plat application for what will become a 50-lot subdivision. Allied Properties, LLC is proposing to develop a residential subdivision. The property is described as tax parcels 0022-000-078A-0000 and 0022-000-078E-0000, located on the south side of Tulls Creek Road off of Campus Drive in Moyock, NC, just south of the Moyock Library. A conceptual plan is attached for your review.

The purpose of the community meeting is to inform you and nearby property owners about this application that will be reviewed under Currituck County's Unified Development Ordinance, and to provide you an opportunity to give comments and express any concerns or suggestions about the development. The plan may change as a result of input from the County and the community.

The community meeting will be held on Friday, August 17, 2018 at 5:00 pm sharp, at the Moyock Library located on Campus Drive off Tulls Creek Road. We hope you will be able to come and participate in this important meeting.

Sincerely,
 Bissell Professional Group
 (Agent for the Applicant)

By: *Mark S. Bissell*

Glenmoor Ridge Community Meeting- Outline of Presentation

August 17, 2018

A. Housekeeping –

- Please sign-in
- A record of the Community meeting will be provided to Currituck County, (concerns raised/ attempts to address concerns)

B. What is the Request?

- Preliminary Plat Amendment
- Next step in the approval process –before construction plans

C. The Process:

- Pre-application meeting with County
- Community meeting (now)
- TRC review
- BOC hearing/action

Then:

- State permits
- Construction drawing application to County
- Construction
- Final plat application

D. The Plan:

- Adding 2 lots and open space along Campus Drive
- Including SW Pond on Campus Drive property in plan
- Providing community mail center along Campus Drive

Currituck County Agenda Item Summary Sheet

Agenda ID Number – (ID # 2276)

Agenda Item Title

PB 18-21 Grout Text Amendment:

Brief Description of Agenda Item:

Request to amend the Unified Development Ordinance, Sections 4.4.2 and 4.4.6, to allow temporary residences during construction of new dwellings.

Planning Board Recommendation:

Planning Board Recommendation 10/9/2018: Approval (Unanimous) with a condition of a required Use Permit and with modified staff recommendation conditions listed in the motion

Motion:

Mr. Ballance motioned to approve PB 18-21 Grout Text Amendment to allow temporary residences on lots with ongoing construction of a new dwelling with the condition of a required Use Permit (approved by the Board of Commissioners) and with the conditions listed below:

Temporary residences for new construction shall:

1. Be limited to a six month period during construction of a dwelling unit on the same lot.
2. Allow that one additional period not to exceed three months may be approved if it is determined by the Planning Director that such renewal is reasonably necessary to allow the proposed occupants of the permanent residential building to complete the new construction.
3. Obtain a building permit for the principal dwelling unit prior to issuance of a temporary use permit.
4. Obtain all building and health permits for the inspection of the water supply, waste discharge system and electrical installation for the temporary residence prior to issuance of a temporary use permit.
5. Not use a generator to provide power.

6. Be removed from the lot or disconnected from water supply, waste discharge system and electrical supply within 30 days of issuance of the certificate of occupancy or upon expiration of the temporary use permit, whichever occurs first.
7. Be allowed in all zoning districts that allow single family dwellings.
8. Not be permitted in LI or HI zoning districts.

Mr. Thomas seconded the motion and the motion carried unanimously.

To: Board of Commissioners
 From: Planning Staff
 Date: October 15, 2018
 Subject: PB 18-21 Stephen and Rachael Grout, Text Amendment, Temporary Residence for New Construction

The enclosed text amendment submitted by Stephen and Rachael Grout revises Chapter 4 of the Unified Development Ordinance as it pertains to temporary uses for New Construction. The UDO distinguishes temporary uses permitted for "New Construction" and "Expansion or Replacement of Existing Facilities". The use of a **temporary residence** is not an allowed temporary use for new construction. For instance, a property owner cannot live in camper while building a new house on the same lot; however, a property owner may live in a camper while rebuilding a damaged home on the same lot. This text amendment proposes to allow temporary residences for new construction subject to the conditions already in place for temporary residences for expansion or replacement of existing facilities.

Background

The provision that allowed temporary residences for new construction was removed when the County rewrote and adopted the UDO effective January 1, 2013.

Prior to the 2013 UDO update, temporary residences were allowed for new construction:

3.2.7 Temporary Emergency, Construction or Repair Residences

- A. Temporary residences used on construction sites of nonresidential premises shall be removed immediately upon the completion of the project.
- B. Permits for temporary residences to be occupied by persons intending to live in such permanent residence pending the construction, repair, or renovation of the permanent residential building on a site shall expire within six months after the date of issuance, except that the administrator may renew such permit for one additional period not to exceed three months if he determines that such renewal is reasonably necessary to allow the proposed occupants of the permanent residential building to complete the construction, repair, renovation or restoration work necessary to make such building habitable.
- C. Temporary emergency, construction, or repair residences shall consist of campers, travel trailers, recreational vehicles and Class "B" mobile homes.

PB 18-21 Stephen and Rachael Grout, Temporary Residence for New Construction
 Text Amendment
 Page 1 of 5

Staff reviewed permits issued for temporary residences from 2005 through the end of August 2018. Six permits were issued: one for use of a temporary residence for new construction (2010), four for use during repair of fire damaged structures and one for use while raising a flood prone structure.

Benchmarking

Staff reviewed other coastal North Carolina communities' ordinances to determine common practice related to the use of a temporary residence during construction of a new dwelling. Dare, Pasquotank, Perquimans, Brunswick, Pender and New Hanover Counties prohibit the use for new construction. Camden County allows the use for a six month period which may be extended up to three months. Carteret County allows the use for a nine month period with no extensions. Chowan County allows the use for one year and the permit may be renewed for another year.

Land Use Plan Consistency

The UDO requires that the Board of Commissioners adopt a statement of consistency and reasonableness that describes whether the decision on the amendment is consistent with county adopted plans that are applicable and why the decision is reasonable and in the public interest.

The request is inconsistent with the following Land Use and Development Goal of the 2006 Land Use Plan:

7. To exercise caution, foresight, and common sense in dealing with the risks of coastal development.

Temporary residences are not as safe as permanent dwellings and by continuing to limit the number of allowable temporary residences, the county will exercise caution by reducing the number of dwellings subject to a higher risk.

The use of a temporary residence for new construction is not a necessary use. It is reasonable and in the public interest to allow a temporary residence in the case of an established dwelling where occupants are temporarily displaced (ex: dwelling sustained damage or construction or additions that render an existing dwelling uninhabitable). It is not reasonable and in the public interest to allow use of a temporary residence when it is not necessary. The County should continue to allow temporary residences only when absolutely necessary. With the current and projected increase of building permits, there is greater potential to result in more temporary residence permits for new construction. Additionally, the request is not in the public interest as evidenced by the lack of permits issued over an 8 year period for this particular use.

Text Amendment Review Standards

The advisability of amending the text of the UDO is a matter committed to the legislative discretion of the Board of Commissioners and is not controlled by any one factor. In determining whether to adopt or deny the proposed text amendment, the Board of Commissioners may weigh the relevance of and consider whether and the extent to which the proposed text amendment:

- (1) Is consistent with the goals, objectives, and policies of the Land Use Plan and other applicable county-adopted plans;

- a. *The proposed text amendment is in conflict with Goal 7 of the Land Use Plan.*
- (2) Is not in conflict with any provision of this Ordinance or the County Code of Ordinances;
- (3) Is required by changed conditions;
- (4) Addresses a demonstrated community need;
 - a. *The proposed text amendment does not address a demonstrated community need as evidenced by the issuance of one permit over an 8 year period.*
- (5) Is consistent with the purpose and intent of the zoning districts in this Ordinance, or would improve compatibility among uses and ensure efficient development within the county;
 - a. *The proposed text amendment does not improve compatibility among uses.*
- (6) Would result in a logical and orderly development pattern; and
 - a. *The proposed text amendment does not result in a logical and orderly development pattern as the permanent use (dwelling) should be established prior to the temporary use (temporary residence).*
- (7) Would not result in significantly adverse impacts on the natural environment, including but not limited to water, air, noise, stormwater management, wildlife, vegetation, wetlands, and the natural functioning of the environment.

Staff recommendation:

Staff recommends denial of this text amendment due to its inconsistency with the Land Use Plan and because the use is not reasonable and in the public interest.

If the Planning Board recommends adoption of the text amendment, staff requests that consideration be given to the following:

Temporary residences for new construction shall:

1. Be limited to a six month period during construction of a dwelling unit on the same lot.
2. Allow that one additional period not to exceed three months may be approved if it is determined by the Planning Director that such renewal is reasonably necessary to allow the proposed occupants of the permanent residential building to complete the new construction.
3. Obtain a building permit for the principal dwelling unit prior to issuance of a temporary use permit.
4. Obtain all building and health permits for the inspection of the water supply, waste discharge system and electrical installation for the temporary residence prior to issuance of a temporary use permit.
5. Not use a generator to provide power.
6. Be removed from the lot or disconnected from water supply, waste discharge system and electrical supply within 30 days of issuance of the certificate of occupancy or upon expiration of the temporary use permit, whichever occurs first.
7. Be limited to AG, SFM, and SFI zoning districts.
8. Not be permitted in SFO (Single Family Residential – Outer Banks), Commercial or Industrial zoning districts.

***Carefully consider whether the use should be permitted in the SFR (Single Family Residential – Outer Banks Remote) zoning district. Parking of major recreational equipment is not permitted in the SFR zoning district. ***

Planning Board Recommendation 10/9/2018: Approval (Unanimous) with a condition of a required Use Permit and with modified staff recommendation conditions listed in the motion

Motion:

Mr. Ballance motioned to approve PB 18-21 Grout Text Amendment to allow temporary residences on lots with ongoing construction of a new dwelling with the condition of a required Use Permit (approved by the Board of Commissioners) and with conditions below:

Temporary residences for new construction shall:

1. Be limited to a six month period during construction of a dwelling unit on the same lot.
2. Allow that one additional period not to exceed three months may be approved if it is determined by the Planning Director that such renewal is reasonably necessary to allow the proposed occupants of the permanent residential building to complete the new construction.
3. Obtain a building permit for the principal dwelling unit prior to issuance of a temporary use permit.
4. Obtain all building and health permits for the inspection of the water supply, waste discharge system and electrical installation for the temporary residence prior to issuance of a temporary use permit.
5. Not use a generator to provide power.
6. Be removed from the lot or disconnected from water supply, waste discharge system and electrical supply within 30 days of issuance of the certificate of occupancy or upon expiration of the temporary use permit, whichever occurs first.
7. Be allowed in all zoning districts that allow single family dwellings.
8. Not be permitted in LI or HI zoning districts.

Mr. Thomas seconded the motion and the motion carried unanimously.

Planning Board Discussion

Jennie Turner, Planner II, presented the staff report. The text amendment to the Unified Development Ordinance (UDO) is being requested by Stephen and Rachael Grout to allow temporary residences for new construction subject to the conditions already in place for temporary residences for expansion or replacement of existing facilities. Ms. Turner said provisions changed in 2013 which removed the use of a temporary residence on property that did not have an existing residence from the UDO, but continued to allow temporary residences in the cases of an existing residence being damaged and a temporary residence was needed for repairs to be made to the home. Staff recommended denial since this request is inconsistent with the Land Use and Development Goal of the 2006 Land Use Plan: 7. To exercise caution, foresight, and common sense in dealing with the risks of coastal development. Temporary residences are not as safe as permanent dwellings and they are not necessary for new construction. It is reasonable and in the public interest to allow a temporary residence in the case of an established dwelling where occupants are temporarily displaced

Applicant, Stephen Grout came before the board and stated his address as 2195 Ocean Pearl Road, Corolla. Mr. Grout said he and his wife are constructing another home in Corolla and they have had theft of construction materials due to them not being on the property. He said they are using their own money so it will take a while to construct the new

house and will need to sale their current residence. They are requesting the text amendment to be able to reside in a camper on the property while construction continues.

Laurie LoCicero, Planning Director, instructed the board members of the option to allow Use Permits for the temporary residences. These would go before the Board of Commissioners for approval and would cost the applicants \$300 for consideration.

Board members agreed this would be a good option for approvals of temporary residences on a case by case basis and would help the county control the use of campers as temporary residences.

Chairman Whiteman asked for a motion.

**PB 18-21 STEPHEN & RACHAEL GROUT
TEMPORARY RESIDENCE FOR NEW CONSTRUCTION**

Amendment to the Unified Development Ordinance, Chapter 4: Accessory Use Standards, to allow temporary residences for new construction.

BE IT ORDAINED by the Board of Commissioners of the County of Currituck, North Carolina that the Unified Development Ordinance of the County of Currituck be amended as follows:

Item 1: That Chapter 4 of the Unified Development Ordinance is amended by adding the following underlined language.

4.4.2 Table of Permitted Temporary Uses and Structures

Table 4.4.2, Permitted Temporary Uses and Structures, summarizes the temporary uses and structures that are allowed within the county and any general or specific standards that apply. Temporary uses or structures not listed in Table 4.4.2, Permitted Temporary Uses and Structures, are not allowed by this Ordinance.

TABLE 4.4.2: PERMITTED TEMPORARY USES AND STRUCTURES

TEMPORARY USE OR STRUCTURE	MAXIMUM ALLOWABLE TIME FRAME [I]	SPECIFIC REGULATIONS
Construction-Related Activities for New Construction (including temporary residences)	(A)	4.4.6.A
Expansion or Replacement of Existing Facilities (including temporary offices or temporary residences)	(B)	4.4.6.B
Garage and/or Yard Sales	(C)	
Outdoor Seasonal Sales	(D)	4.4.6.C
Real Estate Sales Office/Model Sales Home	(B)	4.4.6.D
Temporary Campground	(E)	4.4.6.E
Temporary Keeping of Livestock	(F)	4.4.6.F
Temporary Storage in a Portable Shipping Container	(G)	4.4.6.G
Temporary Tent	(G)	4.4.6.H
Special Events	(H)	4.4.6.I
TIME FRAMES:		
(A) Such structures may be in place for no more than 30 days following issuance of a certificate of occupancy		
(B) Such structures may remain in place for one year		
(C) Such sales are limited to a maximum of three occurrences per parcel per year		
(D) Such sales are limited to a maximum of 30 days per calendar year and no more than three occurrences per parcel, per year		
(E) Such events are permitted once a year for a maximum duration of two weeks		
(F) Such activities shall be limited to the period from December 1 until April 30 of the following year		
(G) Such structures may be in place for no more than 30 days per calendar year, and no more than three occurrences per parcel, per year		
(H) Such events are limited to a maximum of four occurrences per parcel, per year. Events held on county or State owned property are exempted from maximum allowable time frames.		
NOTES:		
[I] Regardless of the maximum allowable timeframe, temporary uses or structures located within a special flood hazard area shall not remain on site for more than three months.		

4.4.6. Specific Regulations for Certain Temporary Uses and Structures

A. Construction-Related Activities for New Construction

(1) General

Temporary construction-related activities for new construction, including construction offices, storage buildings, outdoor storage, and employee parking areas, may occur on the same site as the construction activity without obtaining a temporary use permit. Such uses shall be removed within 30 days after issuance of a Certificate of Occupancy.

(2) Adjacent Site

Because of site constraints, construction-related activities may need to occur on a site that is adjacent to or nearby the construction site. In such cases, a temporary use permit is required (see Section 2.4.11). Such uses shall be removed within 30 days after occupancy, and the site restored to its previous condition.

(3) Temporary Residence

Temporary residences are allowed (subject to Standards in Section 4.4.6.B.2) provided the county has issued a building permit for new construction and the temporary residence is connected to water and sanitation with a source for electrical power (either grid or generator) before use.

Item 2: The provisions of this Ordinance are severable and if any of its provisions or any sentence, clause, or paragraph or the application thereof to any person or circumstance shall be held unconstitutional or violative of the Laws of the State of North Carolina by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions which can be given effect without the invalid provision or application.

Item 3: This ordinance amendment shall be in effect from and after the _____ day of _____, 2018.

Proposed Text Amendment Currituck County UDO Section 4.4.6.A**7/18/2018****Property Owners:**

Stephen and Rachael Grout
2195 Ocean Pearl Road
Corolla, NC 27927
(252) 457-7433

We are proposing a text amendment to the Currituck County Unified Development Ordinance (UDO) Chapter 4, Section 4.4.6.A that covers the entire off road area north of Corolla known as Fruitville Beach.

In 2003 when we built our current residence in Carova, we were permitted to reside in an RV on site for 11 months during construction. Ms. Jennie Turner (Currituck County Planner II) indicated that it was most likely an oversight in the adoption of the new UDO in 2013 that omitted this temporary residence provision in the "New Construction" section (4.4.6.A).

In addition to the temporary uses and structures already allowed by the UDO we propose an additional section for a temporary residence as defined in Section 4.4.6.B. It is currently acceptable under UDO Section 4.4.6.B to have an RV on site for "Expansion or Replacement of Existing Facilities" and we feel that this provision for a temporary residence should be the same regardless of whether it is "New Construction" or "Expansion or Replacement of existing facilities."

Proposed Text:**4.4.6.A.3****(3)Temporary Residence**

Temporary residences will be allowed with an approved Temporary Use Permit during the new construction of a primary residence for which the county has already issued a building permit.
Temporary residences will be connected to water and sanitation with a source for electrical power (either grid or generator) before they can be utilized.

(a) Standards (quoted from 4.4.6.B.2)

In addition to meeting the general standards of Section 4.4.5, General Standards for Temporary Uses and Structures, all temporary structures approved in accordance with this section shall meet the following standards:

- (i) The structure may be located anywhere on the site except within the Following areas:

- (a) Existing required landscaping or perimeter buffer areas;
- (b) Areas designated as future required landscaping areas, whether or not vegetation currently exists; and
- (c) Other areas designated on the site for open space, vehicular use, or ingress/egress

(ii) The temporary structure shall be factory-fabricated and transportable. Allowable structures include campers, travel trailers, recreational vehicles, FEMA trailers, or similar structures, but shall not consist of a class "B" or class "C" manufactured home;

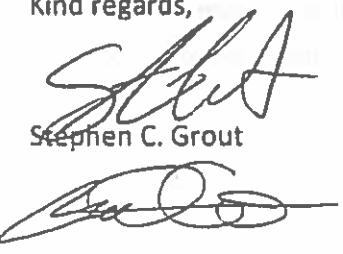

(iii) The temporary residence may only be occupied by persons intending to reside in the permanent dwelling as a primary residence.

(iv) In addition to any other off-street parking required on the site in accordance with Section 5.1, Off-Street Parking and Loading, adequate off-street parking shall be provided for the temporary use;

(v) All permits required by applicable building, electrical, plumbing, and mechanical codes shall be obtained prior to installation of the temporary structure; and

(vi) The temporary structure shall be compatible with the existing buildings on the site in terms of exterior color, design, and placement, to the maximum extent practicable.

Kind regards,

Stephen C. Grout

Rachael W. Grout

Currituck County Agenda Item Summary Sheet

Agenda ID Number – (ID # 2274)

Agenda Item Title

PB 18-20 Ponderosa Enterprises Inc:

Brief Description of Agenda Item:

Request for Conditional rezoning of 11.6 acres from General Business (GB) and Agriculture (AG) to Conditional General Business (C-GB) for property located in Maple, adjoining Ponderosa Mobile Home Park to the north, Parcel Identification Number 0052-000-022B-0000, Crawford Township.

Planning Board Recommendation:

Planning Board Recommendation 10/9/2018: Approval (Unanimous) with the nine conditions listed in the motion

Motion:

Mr. Craddock motioned to approve PB 18-20 Ponderosa Enterprises Inc. requested Conditional Rezoning since it is consistent with the adopted plans of the Land Use Plan policies CD1, CD2, CD4, CD9, ED1 and the Maple-Barco Small Area Plan policies LU4, LU9 and TR4. This conditional zoning request is consistent with the goals, objectives, and policies of the Land Use Plan and Maple-Barco Small Area Plan and is compatible with existing and proposed uses surrounding the land subject to the application, and it is an appropriate zoning district and use for the land. The conditions of approval shall be:

1. The property will not be used for ministorage.
2. A Type A landscape buffer will be provided between the two GB uses.

And also conditions:

1. Building architecture and design features shall be consistent with the photographs submitted with the application to provide consistency and compatibility with the nearby county complex. (See Attached)
2. Residential uses shall only be allowed through a mixed use building to limit the density allowed in the airport approach zone to an appropriate level.
3. Place the fueling station/canopy to the side and/or rear of the fuel and convenience center building and move the building closer to Shortcut Road. This building front will be

the most visible in the complex and should set the architectural tone and campus like setting of the proposed development along Shortcut Road, a major arterial street.

4. Provide a central courtyard with pedestrian features (i.e. benches, water feature) with buildings oriented inward towards the central courtyard to mimic the campus like feel and pedestrian activity between employment areas and the other uses as required by the Maple Barco Small Area Plan.
5. Provide a handicap accessible pedestrian connection to the mobile home park to encourage pedestrian activity between the uses.
6. Provide a minimum and maximum building square footage to ensure compatibility with the area.
7. Impose the suggested two story limit on all buildings because of the project's location in the airport approach zone.

Mr. Thomas seconded the motion and the motion carried unanimously.

South	Woodland/Cultivated Farmland	HI
East	Mobile Home Park/Self-Storage	GB
West	Cultivated Farmland/Woodland	HI

STAFF ANALYSIS

REQUEST

The property owner is requesting a conditional rezoning from AG (Agricultural) to C-GB (Conditional-General Business). At this time, there is not a specific user for the property. According to the applicant, the proposed uses include "only uses compatible with GB zoning, office, commercial, personal services, institutional, etc. Uses that provide Employment opportunities for county residential and goods and services to county residents and visitors." The owner proposes the following zoning conditions:

- The property will not be used for ministorage.
- A Type A landscape buffer will be provided between the two GB uses.

A community meeting was held at Ponderosa Enterprises, Inc. on July 23, 2017 with no one in attendance.

The conceptual plan for the property includes a fuel and convenience store and four multipurpose buildings (office, mixed use residential/commercial, and commercial). The buildings range in size

from approximately 7,000 sf to 10,000 sf. The plan indicates green spaces and a sidewalk connecting the buildings. There is one entrance to the development off of Shortcut Road.

The applicant previously submitted a straight rezoning from AG to GB for the property, but withdrew that application and submitted this conditional rezoning from AG to C-GB request.

UDO

The applicant owns a neighboring 30 acre tract zoned GB and contains Ponderosa Mobile Home Park. On the north side of Shortcut Road is the county airport and community center in Maple. The airport is zoned HI and the community center is zoned GB.

The area of the request is also located within the Airport Overlay District (AO) and Compatibility Use Zones 1, 2, and 3.

- Compatible Use Zone 1 limits uses to single-family detached dwellings, aviation related uses, nonresidential uses that do not exceed an occupancy of ten people per acre, or conservation.
- Compatible Use Zone 2 limits uses to single-family detached dwellings, agricultural, agriculture support and services uses, nonresidential uses that do not exceed an occupancy of 40 people per acre, or conservation.
- Compatible Use Zone 3 limits uses to those permitted in the base zoning district.

The ability to increase residential density within the GB zoning district is limited by Airport Overlay District (AO) that will remain on the property.

2006 Land Use Plan

The proposed rezoning to C-GB appears to be consistent with the Full Service designation identified in the 2006 LUP. The listed uses include retail (fuel and convenience), mixed use retail/commercial, and multipurpose business spaces. With agreed upon assurances applied through the conditional zoning district demonstrating general land uses, architectural design, and site features, it is possible to determine consistency with the policies identified in the plans approved by the county such as the Land Use Plan. The proposed architectural renderings are compatible with the county complex across Shortcut Road.

The Maple-Barco Small Area Plan

The Future Land Use Map identifies the property as Employment, which anticipates land uses that will generate economic activity or job growth. The proposed rezoning to C-GB appears to be consistent with the Employment land use designation. The MBSAP suggests areas should be encouraged to develop in mixed use or campus like settings with generous, linked open space to maximize value, promote visual quality, and encourage pedestrian activity between employment areas and areas of supporting uses such as retail, restaurants, and residential. The proposed development plan and site design are consistent with the desired density, character of growth, and level of services appropriate for the study area.

RECOMMENDATION

TECHNICAL REVIEW COMMITTEE

The Technical Review Committee recommends approval of the conditional rezoning.

ADOPTED PLANS

The 2006 Land Use Plan classifies this site as Full service within the Barco-Coinjock-Airport subarea. The policy emphasis for the Barco-Coinjock-Airport subarea is for the area to emerge as the principle community center serving the central areas of the mainland. The proposed plan is in keeping with the policies of the plan, some of which are:

Policy CD1	Neighborhood serving commercial districts shall be encouraged. Appropriately designed, small-scale business should locate near neighborhood serving facilities such as schools and parks.
Policy CD2	Commercial or mixed use centers should be clustered to prevent strip development and minimize traffic generation.
Policy CD4	Highway oriented commercial uses should be clustered along the highway to minimize signage, access points, and prevent strip development.
Policy CD9	Businesses must coordinate their site design with other nearby uses.
Policy ED1	New and expanding business are encouraged that diversify the local economy, train and use a more highly skilled labor force, and are compatible with the environmental quality and natural amenity-based economy of Currituck County.

The Maple-Barco Small Area Plan classifies this site as Employment. The plan states that the area should be developed in mixed use or campus like setting with generous, linked open space to maximize value, promote visual quality, and encourage pedestrian activity between employment areas and areas of supporting uses such as retail, restaurants, and residential. The proposed plan is in keeping with the policies of the plan, some of which are:

Policy LU4	Encourage and allow small, locally owned businesses to locate in the area.
Policy LU9	The density, character of grown, and level of service must be appropriate for the study area.
Policy TR4	Infrastructure must be integrated into new developments that promote multimodal transportation, interconnecting employment centers, business, and neighborhoods.

The Connect Currituck Pedestrian Master Plan calls for a multi-modal side-path/trail along Shortcut Road. NCDOT's road widening project places the multi-modal side-path/trail on northern side of Shortcut Road, opposite this project.

CONSISTENCY STATEMENT

This conditional zoning request is consistent with the goals, objectives, and policies of the Land Use Plan and Maple-Barco Small Area Plan and is compatible with existing and proposed uses surrounding the land subject to the application, and it is an appropriate zoning district and use for the land.

CONDITIONS OF APPROVAL

Only conditions mutually agreed to by the owner may be approved as part of a conditional zoning district. Conditions shall be limited to those that address conformance of development and use of the site with county regulations and adopted plans and that address the impacts reasonably expected to be generated by the development or use. No condition shall be less restrictive than the standards of the parallel general use zoning district.

Agreed upon conditions of approval:

1. The property will not be used for ministorage.
2. A Type A landscape buffer will be provided between the two GB uses.

Suggested conditions of approval that must be agreed to by the owner:

1. Building architecture and design features shall be consistent with the photographs submitted with the application to provide consistency and compatibility with the nearby county complex. (See Attached)
2. Residential uses shall only be allowed through a mixed use building to limit the density allowed in the airport approach zone to an appropriate level.
3. Place the fueling station/canopy to the side and/or rear of the fuel and convenience center building and move the building closer to Shortcut Road. This building front will be the most visible in the complex and should set the architectural tone and campus like setting of the proposed development along Shortcut Road, a major arterial street.
4. Provide a central courtyard with pedestrian features (i.e. benches, water feature) with buildings oriented inward towards the central courtyard to mimic the campus like feel and pedestrian activity between employment areas and the other uses as required by the Maple Barco Small Area Plan.
5. Provide a handicap accessible pedestrian connection to the mobile home park to encourage pedestrian activity between the uses.
6. Provide a minimum and maximum building square footage to ensure compatibility with the area.
7. Impose the suggested two story limit on all buildings because of the project's location in the airport approach zone.

PLANNING BOARD RECOMMENDATION

The Planning Board recommended approval of this request subject to the consistency statement and the following conditions:

Agreed upon conditions of approval:

1. The property will not be used for ministorage.
2. A Type A landscape buffer will be provided between the two GB uses.

Suggested conditions of approval that must be agreed to by the owner:

3. Building architecture and design features shall be consistent with the photographs submitted with the application to provide consistency and compatibility with the nearby county complex. (See Attached)
4. Residential uses shall only be allowed through a mixed use building to limit the density allowed in the airport approach zone to an appropriate level.

5. Place the fueling station/canopy to the side and/or rear of the fuel and convenience center building and move the building closer to Shortcut Road. This building front will be the most visible in the complex and should set the architectural tone and campus like setting of the proposed development along Shortcut Road, a major arterial street.
6. Provide a central courtyard with pedestrian features (i.e. benches, water feature) with buildings oriented inward towards the central courtyard to mimic the campus like feel and pedestrian activity between employment areas and the other uses as required by the Maple Barco Small Area Plan.
7. Provide a handicap accessible pedestrian connection to the mobile home park to encourage pedestrian activity between the uses.
8. Provide a minimum and maximum building square footage to ensure compatibility with the area.
9. Impose the suggested two story limit on all buildings because of the project's location in the airport approach zone.

Planning Board Discussion 10/9/2018

Tammy Glave, Senior Planner, presented the staff report and showed the proposed plans , current zoning map, explaining the proposed changes. Ms. Glave also showed examples of design features for the building's architectural design elements. The canopy for the gas station will be to the side and facing to the back of the building. Also a sidewalk will be made from the mobile home park to the building. The owner will not use the property for ministorage and a Type A landscape buffer will be provided between the two General Business uses (the proposed building and the existing mobile home park). Staff recommends approval of the conditional rezoning since it is consistent with the Full Service Plan of the 2006 Land Use Plan and the Maple/Barco Small Area Plan. The Technical Review Committee recommends approval with the suggested conditions listed in the staff report.

Board discussion was held over item #6 in the suggested conditions and what the minimum and maximum building square footage would be.

Chairman Whiteman asked for a motion.

Mr. Craddock motioned to approve PB 18-20 Ponderosa Enterprises Inc. requested Conditional Rezoning since it is consistent with the adopted plans of the Land Use Plan policies CD1, CD2, CD4, CD9, ED1 and the Maple-Barco Small Area Plan policies LU4, LU9 and TR4. This conditional zoning request is consistent with the goals, objectives, and policies of the Land Use Plan and Maple-Barco Small Area Plan and is compatible with existing and proposed uses surrounding the land subject to the application, and it is an appropriate zoning district and use for the land. The conditions of approval shall be:

1. The property will not be used for ministorage.
2. A Type A landscape buffer will be provided between the two GB uses.

And also conditions:

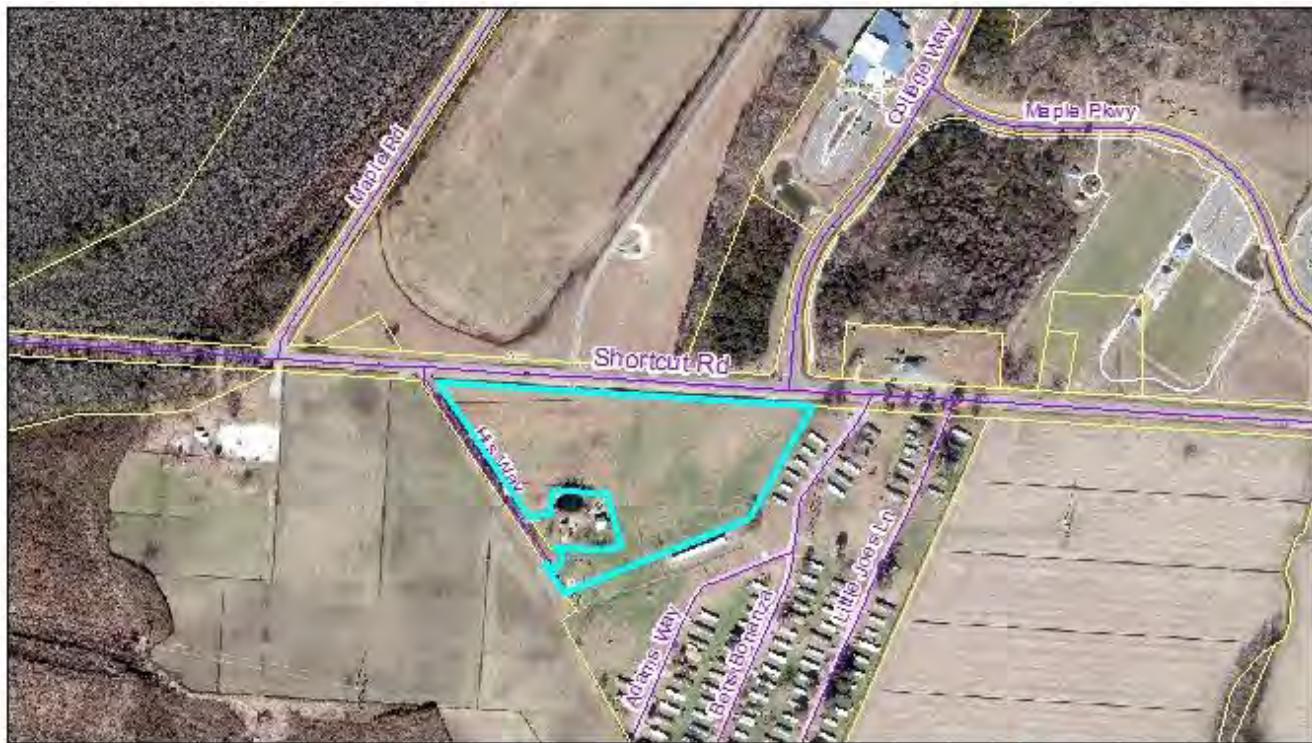

1. Building architecture and design features shall be consistent with the photographs submitted with the application to provide consistency and compatibility with the nearby county complex. (See Attached)
2. Residential uses shall only be allowed through a mixed use building to limit the density allowed in the airport approach zone to an appropriate level.
3. Place the fueling station/canopy to the side and/or rear of the fuel and convenience center building and move the building closer to Shortcut Road. This building front will be the most

visible in the complex and should set the architectural tone and campus like setting of the proposed development along Shortcut Road, a major arterial street.

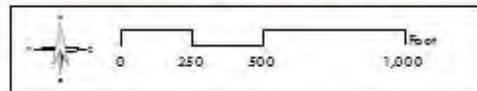

4. Provide a central courtyard with pedestrian features (i.e. benches, water feature) with buildings oriented inward towards the central courtyard to mimic the campus like feel and pedestrian activity between employment areas and the other uses as required by the Maple Barco Small Area Plan.
5. Provide a handicap accessible pedestrian connection to the mobile home park to encourage pedestrian activity between the uses.
6. Provide a minimum and maximum building square footage to ensure compatibility with the area.
7. Impose the suggested two story limit on all buildings because of the project's location in the airport approach zone.

Mr. Thomas seconded the motion and the motion carried unanimously.

MEMORANDUM

To: Eddie Hyman
 Ponderosa Enterprises Inc.

From: Tammy D. Glave, CZO
 Senior Planner

Date: August 9, 2018, 2018

Re: Ponderosa Enterprises Inc., Conditional Rezoning Request

Following are the comments received to date for Ponderosa Enterprises Inc. for the August 15, 2018 Technical Review Committee (TRC) meeting. In order to be placed on the September 11, 2018 Planning Board agenda, all outstanding TRC comments must be received by August 20, 2018. TRC comments are valid for six months. Please let me know if you have any questions. Thanks.

Planning (Tammy Glave, 252-232-6025)

Reviewed with comment:

1. The Maple Barco Small Area Plan (MBSAP) suggests areas should be encouraged to develop in mixed use or campus like settings with generous, linked open space to maximize value, promote visual quality, and encourage pedestrian activity between employment areas and areas of supporting uses such as retail, restaurants, and residential.
 - a. The site plan presented does not appear to be a campus like setting, but rather a convenience store and a mini-mall/strip-type building.
 - b. A campus is traditionally:
 - A collection of buildings and grounds that belong to one individual/entity with common architecture, landscaping, and site features;
 - The collection of buildings is connected through open space, sidewalks and other pedestrian features (i.e. park-like setting with benches, water feature, etc.); and,
 - The collection of buildings is oriented inward towards a central courtyard, etc.
2. Please show the entrance to the airport on the opposite side of Shortcut Road. Is it possible to align proposed entrance with that entrance? If not, is driveway spacing adequate according to the UDO?
3. The site appears to have wetland characteristics as delineated on the GIS map. Please provide USACE documentation that jurisdictional wetlands are not present on the site or provide a delineated map approved by the USACE and method of preserving delineated wetlands.
4. Additional potential conditions to consider:
 - No dwelling units.

- Architectural features will be consistent with those proposed in the application submittal.
- Minimum/maximum building square footages
- Infrastructure
- Building story limits
- Non-access easement along the length of His Way to better control access to the site.
- Provide pedestrian connection to the mobile home park.

5. It is important to note in the planning stage that Community Form and Nonresidential Design Standards apply to the development at site plan submittal.

Currituck County Building and Fire Inspections (Bill Newns, 252-232-6023)

Reviewed with comment:

Fire

1. Fire apparatus must not have to back up on an access road greater than 150' without a turnaround as indicated in appendix D of the NC Fire Code. The back of 150' should be measured in a straight line.
2. Fire apparatus access must be at least 20' wide 13' 6" in height.
3. Maximum slope shall not exceed 10%.
4. All portions of the fire apparatus access must be capable of 75,000lbs under all weather conditions.
5. Fire hydrants must be within 500' of all road frontages.
6. Cul de sacs must be 96' in width curb to curb at the center of the cul de sac.
7. Dwellings greater than 4800 sq. ft. and/or greater than 2 stories will be calculated using the ISO commercial method.
8. Dwellings 4800 sq. ft. and no greater than 2 stories may use set-backs as indicated in the ISO method to determine Needed Fire Flow.

Inspections

1. Provide detailed drawing for clustered mailbox unit on plan, if required by the US Post Office.

Conditional Rezoning Request

To Chairman, Currituck County Board of Commissioners:

The undersigned respectfully requests that, pursuant to the Unified Development Ordinance, a conditional zoning district be approved for the following use(s) and subject to the following condition(s):

Proposed Use(s):

ONLY USES COMPATIBLE WITH GB ZONING, OFFICE COMMERCIAL, PERSONAL SERVICE, INSTITUTIONAL, ETC.
USES THAT PROVIDE EMPLOYMENT OPPORTUNITIES FOR COUNTY RESIDENTS AND GOODS AND SERVICES TO COUNTY RESIDENTS AND VISITORS,

Proposed Zoning Condition(s):

THIS PROPERTY WILL NOT BE USED FOR MINI STORAGE.
A TYPE A LANDSCAPE BUFFER WILL BE PROVIDED BETWEEN THE TWO GB USES.

An application has been duly filed requesting that the property involved with this application be rezoned from: AG to: GB

It is understood and acknowledged that if the property is rezoned as requested, the property involved in this request will be perpetually bound to the conceptual development plan, use(s) authorized, and subject to such condition(s) as imposed, unless subsequently changed or amended as provided for in the Currituck County Unified Development Ordinance. It is further understood and acknowledged that final plans for any development be made pursuant to any such conditional zoning district so authorized and shall be submitted to the Technical Review Committee.

Property Owner (s)

NOTE: Form must be signed by the owner(s) of record. If there are multiple property owners a signature is required for each owner of record.

Conditional Rezoning Design Standards Checklist

The table below depicts the design standards of the conceptual development plan for a conditional rezoning application. Please make sure to include all applicable listed items to ensure all appropriate standards are reviewed.

Conditional Rezoning

Conceptual Development Plan Design Standards Checklist

Date Received: _____

TRC Date: _____

Project Name: Ponderosa Enterprises, Inc.Applicant/Property Owner: David Sawyer

Conditional Rezoning Design Standards Checklist	
1	Property owner name, address, phone number, and e-mail address.
2	Site address and parcel identification number.
3	A scaled drawing showing existing boundary lines, total acreage, adjacent use types, location of streets, rights-of-way, and easements.
4	North arrow and scale to be 1" = 100' or larger.
5	Vicinity map showing property's general location in relation to streets, railroads, and waterways.
6	Existing zoning classification of the property and surrounding properties.
7	Approximate location of the following existing items within the property to be rezoned and within 50' of the existing property lines: Pathways, structures, septic systems, wells, utility lines, water lines, culverts, storm drainage pipes, ditches, canals, streams, wooded areas, ponds, and cemeteries.
8	Approximate Flood Zone line and Base Flood Elevation as delineated on the "Flood Insurance Rate Maps/Study Currituck County."
9	Approximate location of all designated Areas of Environmental Concern or other such areas which are environmentally sensitive on the property, such as Maritime Forest, CAMA, 404, or 401 wetlands as defined by the appropriate agency.
10	Proposed zoning classification and intended use of all land and structures, including the number of residential units and the total square footage of any non-residential development.
11	Proposed building footprints and usages.
12	Proposed traffic, parking, and circulation plans including streets, drives, loading and service areas, parking layout, and pedestrian circulation features.
13	Approximate location of storm drainage patterns and facilities intended to serve the development.
14	Proposed common areas, open space set-asides, anticipated landscape buffering, and fences or walls (if proposed).
15	Architectural drawings and/or sketches illustrating the design and character of the proposed uses.
16	Proposed development schedule.

Conditional Rezoning Submittal Checklist

Staff will use the following checklist to determine the completeness of your application within ten business days of submittal. Please make sure all of the listed items are included. Staff shall not process an application for further review until it is determined to be complete.

AN ORDINANCE OF THE CURRITUCK COUNTY BOARD OF
COMMISSIONERS AMENDING CHAPTER 9, ARTICLE I OF THE
CURRITUCK COUNTY CODE OF ORDINANCES BY ADDING SECTION 9-
10 REGULATING CAMPAIGNING ON COUNTY PROPERTY

WHEREAS, pursuant to N.C. Gen. Stat. §153A-121 a county may by ordinance define, regulate, prohibit, or abate acts, omissions, or conditions detrimental to the health, safety, or welfare of its citizens and the peace and dignity of the county; and

WHEREAS, pursuant to N.C. Gen. Stat. §153A-169 a county may by ordinance regulate the use of county property; and

WHEREAS, the county, by and through its Board of Elections, has a duty to protect the rights of voters and those campaigning to allow peaceful and reasonable ingress and egress to the Board of Elections office and voting enclosure contained within.

NOW, THEREFORE, BE IT ORDAINED by the Board of Commissioners for the County of Currituck, North Carolina as follows:

PART I. The Code of Ordinances, Currituck County, North Carolina is amended by adding Section 9-10 to Chapter 9, Article I to read as follows:

Sec. 9-10. Campaigning on county property.

No person shall campaign, solicit votes, or erect or maintain temporary signs on county property where One Stop or Early Voting is occurring except in accordance with rules and regulations adopted by the county Board of Elections. Further, no person shall cook, or cause to be cooked, food on county property where One Stop or Early Voting is occurring.

PART II. The sections, paragraphs, sentences, clauses and phrases of this ordinance are severable, and if any phrase, clause, sentence, paragraph or section of this ordinance shall be declared unconstitutional or invalid by the valid judgment or decree of a court of competent jurisdiction, such unconstitutionality or invalidity shall not affect any of the remaining phrases, clauses, sentences, paragraphs or sections of this ordinance.

PART III. All ordinances or parts of ordinances in conflict with this ordinance are hereby repealed.

PART IV. This ordinance is effective upon adoption.

1 ADOPTED this 15th day of October, 2018.

CURRITUCK COUNTY BOARD OF ELECTIONS
STATE OF NORTH CAROLINA
COUNTY OF CURRITUCK

**RESOLUTION REGARDING ONE STOP ABSENTEE VOTING AT THE
BOARD OF ELECTIONS OFFICE**

WHEREAS, North Carolina General Statute (NCGS) Chapter 163A-1300 mandates early voting at the county Board of Elections office; and

WHEREAS, the Currituck County Board of Elections has resolved to have one stop absentee voting according to their “One Stop Implementation Plan” which plan is approved prior to each election by the State Board of Elections and Ethics Enforcement; and

WHEREAS, the Currituck County Board of Elections has the authority under NCGS Chapter 163A-1134 (a) to determine the dimensions of the buffer zone for the voting place; and

WHEREAS, the Currituck County Board of Elections is directed by NCGS Chapter 163A-1134 (b) to provide an area adjacent to the buffer zone for election-related activity; and

WHEREAS, each candidate will be limited to two political yard signs, plus one hand-held sign, with each sign not to exceed 18x24” in size, to be placed in a designated area adjacent to the buffer zone; and

WHEREAS, political yard signs may be placed at the One Stop site no earlier than one hour before the start of voting each day and must be removed upon the close of voting each day; and

WHEREAS, the Currituck County Board of Elections has a duty to protect the rights of voters and campaigners and to allow voters, customers and tenants reasonable ingress and egress during the early voting period.

NOW THEREFORE, BE IT RESOLVED, we the members of the Currituck County Board of Elections, by unanimous vote, agree to conduct one-stop

absentee voting according to the standards and guidelines set forth by the North Carolina State Board of Elections and Ethics Enforcement specified in the above North Carolina General Statutes; and

That the Currituck County Board of Elections office shall mark the buffer zone for the Board of Elections office 50 feet from the entrance of the building ; and

That the area provided for political yard signs and campaigners will be on the south side of the entrance outside of the buffer zone in the grassy area; and

That this resolution shall continue in effect during all elections where early voting is allowed at the Currituck County Board of Elections office.

Adopted this the 11th day of September, 2018.

**CURRITUCK COUNTY
NORTH CAROLINA**

October 1, 2018
Minutes – Regular Meeting of the Board of Commissioners

WORK SESSION

1. 4:00 PM Reception for New Assistant County Manager, Ben Stikeleather

A welcome reception for Assistant County Manager, Ben Stikeleather, was held at 4:00 PM in the Historic Courthouse kitchen and was attended by the Board of Commissioners and Department Heads. A light meal and refreshments were served.

2. 5:00 PM ChandlerThinks

The Board of Commissioners attended a work session at 5:00 PM in the Conference Room of the Historic Courthouse to hear a presentation from marketing and branding firm, ChandlerThinks. Currituck County Travel & Tourism Director, Tameron Kugler, introduced Steve Chandler and Greg Fuson who highlighted some of the key takeaways based on results of visitor surveys and their observations and county assessment during their visit. Mr. Chandler said the data can assist with development of a strategic marketing plan with focused spending. Mr. Fuson led a brief exercise for Commissioners to identify the county's tourism challenges and opportunities. The work session concluded at 5:50 PM.

6:00 PM CALL TO ORDER

The Currituck County Board of Commissioners held a regular meeting at 6:00 PM in the Board Meeting Room of the Historic Currituck Courthouse, 153 Courthouse Road, Currituck, North Carolina.

Attendee Name	Title	Status	Arrived
Bobby Hanig	Chairman	Present	
Mike H. Payment	Vice Chairman	Present	
Paul M. Beaumont	Commissioner	Present	
Mary "Kitty" Etheridge	Commissioner	Present	
Marion Gilbert	Commissioner	Present	
Mike D. Hall	Commissioner	Present	
Bob White	Commissioner	Present	

Chairman Hanig called the meeting to order.

A) Invocation & Pledge of Allegiance-Reverend Dan Bergey, New Life Church

Reverend Bergey was not in attendance. Pastor Glenn McCranie, Retired US Navy Chaplain, attended to offer the Invocation and lead the Pledge of Allegiance.

B) Approval of Agenda

Commissioner Gilbert moved to approve the agenda. The motion was seconded by Commissioner Payment and passed unanimously.

Approved agenda:

Work Session

4:00 PM Reception for New Assistant County Manager, Ben Stikeleather

5:00 PM ChandlerThinks

6:00 PM Call to Order

A) Invocation & Pledge of Allegiance-Reverend Dan Bergey, New Life Church

Budget Amendments-OS Water & Sewer District

Adjourn Meeting of the OSWSD

RESULT:	APPROVED [UNANIMOUS]
MOVER:	Marion Gilbert, Commissioner
SECONDER:	Mike H. Payment, Vice Chairman
AYES:	Bobby Hanig, Chairman, Mike H. Payment, Vice Chairman, Paul M. Beaumont, Commissioner, Mary "Kitty" Etheridge, Commissioner, Marion Gilbert, Commissioner, Mike D. Hall, Commissioner, Bob White, Commissioner

PUBLIC COMMENT

Please limit comments to matters other than those appearing on this agenda as a Public Hearing. Public comments are limited to 3 minutes.

Josh Bass, member of the County's 350th Anniversary Committee, discussed historic house tours on October 12 & 13, 2018, part of the 350th Anniversary Celebration. He provided ticket availability and contact information and distributed tour brochures to Commissioners. He said tours will include homes and buildings in Corolla, Carova, Knotts Island and the Mainland, and he thanked Commissioner White and Twiddy & Co., for offering transportation for the off-road tours.

COMMISSIONER'S REPORT

Chairman Hanig asked that we keep those who are still affected by Hurricane Florence in our thoughts and prayers and encouraged citizens to volunteer, donate or assist however possible.

Commissioner Hall, College of the Albemarle (COA) Board of Trustees, said COA enrollment is up 6.5% this year and encouraged people to take advantage of the classes, vocational opportunities and money savings through COA. He announced upcoming 350th Anniversary and Heritage Day events taking place Saturday, November 3, at the Currituck County Rural Center, Spot Road.

Commissioner Etheridge reminded citizens to register or update their voter information before the voter registration deadline of October 12, 2018. She said One-Stop voting begins Wednesday, October 17, and Election Day is November 6 from 6:30 AM till 7:30 PM. She encouraged citizens to vote and make their voices heard.

Commissioner Gilbert announced upcoming events sponsored by Moyock Woman's Club, including the Moyoctoberfest and 5K run on Saturday, October 13, at Weeping Radish and the Farm to Table event on Sunday, October 21, on Courthouse Road outside the Historic Courthouse. She said the Animal Services Advisory Board will meet at the Animal Shelter on Thursday, October 4, at 7 PM, and reported the Maple Dog Park project they have been working on will be completed within the next couple of weeks.

Commissioner Payment introduced Assistant County Manager Ben Stikeleather and welcomed him on his first day at Currituck County, on behalf of the Board of Commissioners.

ADMINISTRATIVE REPORTS

A. Presentation of Old North State Award to Susan Johnson, Currituck County Sheriff, Retired

Retired Currituck County Sheriff Susan Johnson was formally recognized for her years of service and dedication to the county and its citizens and honored with the Old North State Award. Ms. Johnson's family, friends and members of the Sheriff's Department attended and stood with Ms. Johnson and the Board of Commissioners for the presentation. The Honorable J. Carlton Cole, Superior Court Judge, presented the award on behalf of the State of North Carolina and Governor Roy Cooper, paying homage to Ms. Johnson's leadership, friendship and community service.

Ms. Johnson thanked her family and staff for their support over the years, all of whom contributed to her success as a Sheriff.

B. Chesapeake Health Community Needs Assessment

Beth Rice, Director of Community Health Services, provided information on the Community Health Needs Assessment project currently in progress through Chesapeake Health. She explained Currituck and Northeastern North Carolina citizens are being included as part of the Chesapeake/South Virginia Beach service area and asked for the county's help to inform and encourage citizen participation. Ms. Rice said survey responses will provide a good understanding of the healthcare needs and concerns of Northeastern North Carolina residents and asked the County to assist by allowing citizen access to survey links and information through social media and the county website. The survey will be available through October.

NEW BUSINESS

A) Board Appointments

1. Ocean Sands North-Crown Point Watershed District Advisory Board

Commissioner White moved to reappoint Gerrilea Adams, Terry Anderson, Bryan Daggett and Barbara Marzetti to the Ocean Sands North/Crown Point Watershed District Advisory Board. Commissioner Hall seconded and the members were unanimously approved for reappointment.

RESULT:	APPROVED [UNANIMOUS]
MOVER:	Bob White, Commissioner
SECONDER:	Mike D. Hall, Commissioner
AYES:	Bobby Hanig, Chairman, Mike H. Payment, Vice Chairman, Paul M. Beaumont, Commissioner, Mary "Kitty" Etheridge, Commissioner, Marion Gilbert, Commissioner, Mike D. Hall, Commissioner, Bob White, Commissioner

B) Consent Agenda

Commissioner Gilbert motioned for approval of the Consent Agenda and was seconded by Commissioner Payment. County Manager, Dan Scanlon, provided clarification for two budget amendments when asked by Commissioner Etheridge and, after review, the Consent Agenda was unanimously approved.

RESULT:	APPROVED [UNANIMOUS]

COUNTY OF CURRITUCK CAPITAL PROJECT ORDINANCE

BE IT ORDAINED by the Currituck County Board of Commissioners, North Carolina that pursuant to Section 13.2 of Chapter 159 of the General Statutes of North Carolina, the following capital project ordinance is hereby adopted:

SECTION 1. The project authorized is design and conceptual drawings of layout of the Currituck County 10 Acre tract in Corolla at the terminus of the mid-County bridge.

SECTION 2. The following amounts are appropriated for the project:

County 10 Acre Tract in Corolla	\$ 100,000
<hr/>	

SECTION 3. The following revenues are available to complete this project:

Transfer from Occupancy Tax	\$ 100,000
<hr/>	

SECTION 4. The Finance Director is hereby directed to report, on a quarterly basis, on the financial status of each project element delineated in Section 2 above.

SECTION 5. SPECIAL APPROPRIATIONS AND RESTRICTIONS

The Budget Officer is hereby authorized to transfer appropriations within the fund as contained herein under the following conditions:

- He may transfer amounts between object line items within the fund up to One Thousand dollars (\$1,000).

SECTION 6. CONTRACTUAL OBLIGATIONS

The County Manager is hereby authorized to execute contractual documents under the following conditions:

- He may execute contracts for construction or repair projects which do not require formal competitive bid procedures.
- He may execute contracts for (1) purchases of apparatus, supplies, and

materials, or equipment which are within the budgeted departmental appropriations; (2) leases of personal property for a duration of one year or less and within budgeted departmental appropriations; and (3) services which are within budgeted departmental appropriations.

- c. He may execute contracts, as the lessor or lessee of real property, which are of a duration of one year or less which are within the budgeted departmental appropriations.

SECTION 7. USE OF BUDGET ORDINANCE

The Budget Officer and the Finance Director shall use this capital project ordinance for administration of the budget and for the accounting system.

ADOPTED this 15th day of October 2018.

ARTICLE 5

CONDITIONS OF EMPLOYMENT

Section 508 Travel Expense and Reimbursement

A. Purpose

It is the intent of this section to provide the necessary rules and regulations for a comprehensive reference and uniform interpretation of payment or reimbursement of travel and subsistence expenses pertaining to official County business.

All board members, employees and non-County employees on official County business are subject to this policy.

B. Board Member and Employee Responsibility

A board member or employee traveling on official business is expected to exercise the same care in incurring expenses that a prudent person would exercise if traveling on personal business and expending personal funds. Excess costs, circuitous routes, luxury accommodations, and services unnecessary or unjustified in the performance of official business are not acceptable under this standard. Board members and employees will be responsible for unauthorized costs and any additional expenses incurred for personal preference or convenience. Willful violations of this policy may result in dismissal from County employment or other disciplinary action.

C. Authorization and Accommodations

1. A written request for travel must describe the travel requested, the purpose of the proposed travel and the period of time away from the County. Authorization of travel requests will be based upon need and cost/benefit of travel as determined by the authorizing party. For all in-state travel, other than travel by the County Manager and elected officials, the Department Head is hereby considered the authorizing party. The County Manager shall authorize all out-of-state travel. The County

Manager shall approve all travel for Department Heads. The Finance Director will review all travel expenses of the County Manager and elected officials and any expenses not in keeping with this Article will be submitted to the Chairman of the Board of Commissioners for disposition.

2. All arrangements for travel must be approved by the authorizing party. All travel costs except airline tickets, fuel, lodging and registrations will be paid directly by the requesting party and will not be billed to the County, except by those persons authorized to use a County credit or purchasing cards. In many cases, it is customary for airline tickets, lodging and registrations to be paid directly by the County either in advance or to be invoiced later. The requesting party is encouraged to use travel agents and reserve transportation and lodging in advance when possible. The requesting party also is encouraged to travel with other employees and officials of the County and representatives of other government units when possible. The requesting party will be reimbursed for cost incurred only, subject to limitations established in this Article.
- C. The County will follow specific guidelines relating to transportation, subsistence, and other costs as provided by the current IRS guidelines.

E. Authorization for Reimbursement Procedures

1. Travel advances will be issued at the discretion of the Finance Director. The amount of the travel advance may not exceed the estimated travel cost. Unused travel advances shall be repaid no later than seven working days after completion of the approved travel. The Finance Director will not issue a travel advance unless the authorizing party has approved the travel.
2. Submitting expense reports -
 - a. A requesting party will complete a reimbursement form, attach receipts and submit it to the authorizing party no later than five working days after returning from travel. The authorizing party must submit the reimbursement form to the Finance Director by the fifth of the month following travel. Travel expense forms submitted after July 31st for prior budget year may be denied. Advances will be deducted from reimbursable costs.
 - b. A requesting party submitting a falsified reimbursement form will be subject to disciplinary action and criminal prosecution. An authorizing party or Finance Director who approves a falsified reimbursement form that they know to be false will be subject to disciplinary action or criminal prosecution. Violations of the County's travel policy may result in dismissal from County employment.

3. Approval and processing of reimbursement requests
 - a. Reimbursement requests will be submitted to the authorizing party for approval. After approval by the authorizing party, the form should be forwarded to the County Finance Director.
 - b. The Finance Director will determine that the reimbursement form has been properly approved, that it is mathematically correct, and that requested reimbursements agree to submitted receipts and are within the limits set by this policy. If an error in the reimbursement request is found, the requesting party will be informed and the error will be corrected before payment is made.
 - c. Before the reimbursement is made, the Finance Director will determine that an amount sufficient to pay the request has been encumbered for payment, or that there is a sufficient unexpended appropriation in the expenditure item. The Finance Director will immediately inform the authorizing party and requesting party if payment cannot be made.

Section 509 Status of Non-Exempt Employee While Traveling (FLSA)

Participation in official out-of-town business meetings, authorized training courses and authorized professional conferences is time worked for the purpose of computing wages for employees subject to overtime. Travel time for overnight trips is always compensable whenever work is actually performed during that time. Driving is considered "work".

Travel time to an overnight trip in which the employee is a passenger is compensable when it cuts across the employee's normal hours of work, even if the travel occurs on a day that the employee does not normally work. (For example, an employee's regular schedule is 8a.m. to 5p.m., Monday through Friday. The employee has to fly to New York on Sunday for a work-related conference that begins on Monday, and the flight departs at 10a.m. and arrives in New York at 2p.m. The employee's travel time would be compensable.)

On the other hand, if the passenger travel occurs outside the employee's normal hours of work, the time is not compensable even if it occurs on a work day. Using the same schedule as an example, if the employee flew to New York at 8p.m. Friday and arrived at 11p.m. Friday, the time would not be compensable unless the employee performed work while on the trip. In that case, the compensable time would be the time that the employee was actually working and would not include time spent watching movies, reading novels or in-flight magazines, or napping.
