RESOLUTION ESTABLISHING AND CREATING THE CAROVA BEACH WATERSHED IMPROVEMENT SERVICE DISTRICT

WHEREAS, Chapter 153A, Article 16 of the General Statutes of North Carolina, authorizes counties within North Carolina, to define service districts to finance, provide, or maintain for such districts one or more services, facilities, or functions in addition to or to a greater extent than those financed, provided or maintained for the entire county; and,

WHEREAS, said statutes further provide that the county may define a service district for the purpose of watershed and drainage improvements; and

WHEREAS, acting in response to a need for action in order to correct negative impacts of flooding during storm events including, but not limited to, reduced ingress and ingress to property, property damage and impediment to the optimum function of water and septic systems, and difficulty to respond to emergency situations, the Board of Commissioners for the County of Currituck has determined that the creation of a service district for watershed and drainage improvement will be for the benefit of those properties located within the service district boundaries; and

WHEREAS, the Board of Commissioners for the County of Currituck finds that the proposed district is in need of watershed and drainage improvements to a demonstrably greater extent than the remainder of the county to meet the needs and goals set forth above and that it is impracticable to provide the planned services within the service district created herein on a countywide basis; and

WHEREAS, it is economically feasible to provide the proposed services within the district created herein without an unreasonable or burdensome annual tax levy as the assessed valuation of property in the district is approximately \$286,500,000, the current county wide tax rate is 48 cents (\$0.48) cents per one hundred dollars of valuation and improvements to drainage can be made with the district with a manageable and reasonable tax rate if necessary to provide revenue for district projects ; and

WHEREAS, there is a demonstrable demand and need for the services proposed within the district as set forth and incorporated into a report which has been available for public inspection in the office of the Clerk to the Board of Commissioners for four (4) weeks prior to the public hearing on the matter of the establishment of the service district which report is incorporated herein by reference, written and verbal communication received prior to the public hearing on the creation of the service district and comments received during the public hearing held on May 6, 2019; and

WHEREAS, the Board of Commissioners for the County of Currituck has caused a notice of such hearing to be duly published in The Coastland Times, a newspaper having general circulation in the County of Currituck, on April 24, 2019, and the Clerk to the Board of Commissioners has certified to the Board of Commissioners that the mailing of notice of hearing has been completed, all in conformity to N.C. Gen. Stat. §153A-302(c).

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners for the County of Currituck, North Carolina that:

Section 1. The County of Currituck has fully complied with each and every requirement of Chapter 153A, Article 16 of the North Carolina General Statutes and the Currituck County Board of Commissioners determines and finds the same as a fact.

Section 2. The Carova Beach Watershed Improvement Service District is hereby established and created consisting of that area as more particularly shown on the map attached hereto as Exhibit A and incorporated herein by reference.

Section 3. The County of Currituck may levy property taxes within the service district in addition to those levied throughout the county in order to finance, provide or maintain within the district services provided therein in addition to or to a greater extent than those financed or maintained for the entire county.

Section 4. This resolution shall take effect at the beginning of Fiscal Year 2019-2020.

ADOPTED the_____ day of May, 2019.

WATERSHED IMPROVEMENT
SERVICE DISTRICT**

 **PROPOSED BOUNDARY**
ACREAGE: 1,263
POPULATION ESTIMATE: 83

REPORT ON THE CREATION
OF THE
CAROVA BEACH WATERSHED IMPROVEMENT
SERVICE DISTRICT

APRIL 1, 2019

Pursuant to North Carolina General Statute 153A-301 the board of commissioners may form a service district for drainage projects and watershed improvements. In order to provide financing of design, construction, and maintenance of storm water management facilities, it is proposed that a service district be formed in the Carova Beach area.

Identified Need for Service District

Platted in the late 1960's, Carova Beach is an unincorporated community within the beach area of Fruitville Township in Currituck County.

Much of the area has flooding for extended periods of time. Flooding cause's damage to private property, has adverse health impacts, and results in reduced property.

Poorly drained roads have deep and impassible water holes. This causes access and safety concerns for fire trucks and EMS vehicles. This also causes issues with residents that live in the areas as well as the many tourists that visit the area. Vehicles become stranded. Many areas the vehicles drive around the large water holes damaging private property.

There are approximately 5.5 miles of existing ditches in the Carova Beach area. These ditches were constructed in the 1960's and 1970's with little to no maintenance since.

A drainage district is needed in the area improve the existing ditches and provide drainage for improved road accessibility and public safety.

Resident Population and Population Density

The resident population of the proposed service district area according to the 2010 United States Census is approximately 83 persons. Seasonal population within the proposed service district is estimated to be approximately 3,154 persons per week during the summer season. The service district is approximately 1,263 acres.

Appraisal Value of Property Subject to Taxation in the Proposed Service District

The assessed valuation of property subject to taxation in the proposed service district is approximately \$286,500,000. The current county wide tax rate, which includes the proposed service district area, is 48 cents per \$100.00 valuation. \$0.01 would generate \$27,686 in revenue.

Plan for Providing Services Within the Proposed Service District

Clearing of the existing ditches and removal of sediment will improve drainage in the area. Issues with ditch improvements include funding, regulatory requirements, accessibility and providing outlets.

Discussions have been held with regulatory agencies such as the US Army Corps of Engineers regarding direct wetland impacts as well as draining to offsite wetlands. Permitting of up to 0.1 acres has been received for filling in potholes in the roads that have classified as wetlands. In order to provide ditch reconstruction and maintenance, as well as filling wetland pockets in the roadways, additional studies, surveying and permitting will be conducted.

Road conditions and durability can be improved by providing road side swales. The function of the road side swales will be improved by providing a connected outlet to the ditches in the area. Most of the east-west roads have culverts at the ditch crossings. These culverts are collapsed or filled in with sand, requiring replacement and proper maintenance.

RESOLUTION EXTENDING THE CAROVA BEACH ROAD SERVICE DISTRICT

WHEREAS, Chapter 153A, Chapter 16 of the General Statutes of North Carolina authorizes counties to define service districts to finance, provide, or maintain for such districts one or more services, facilities, or functions in addition to or to a greater extent than those financed, provided or maintained for the entire county; and

WHEREAS, acting in response to a need for action in order to protect and maintain the public safety, address increasing traffic demands resulting from property development within Carova Beach Subdivision and to preserve and protect private property rights through the re-establishment of rights-of-way and ending travel across private property, the Currituck County Board of Commissioners established the Carova Beach Road Service District on September 8, 2009 that consisted of the road rights-of-way in Carova Beach Subdivision; and

WHEREAS, although improvement and maintenance to some roads has occurred, there is a need for additional work to remedy the road issues in Carova Beach and the Currituck County Board of Commissioners finds that the district and proposed extended area is in need of projects and programs to the standards of N.C. Gen. Stat. §153A-301(b) and (c) to a demonstrably greater extent than the remainder of the county to meet the needs and goals set forth above, further, that a county is statutorily limited to establishing road projects and programs only within an area of the county having the characteristics of the proposed extended service district and it is therefore not possible to provide the planned services on a countywide basis; and

WHEREAS, as required by N.C. Gen. Stat. §153A-303 the area to be annexed into the Carova Beach Road Service District is contiguous to the boundary of the service district, with at least one eighth of the area's aggregate external boundary coincident with the existing service district boundary and the area to be annexed requires the services of the district; and

WHEREAS, a report required by N.C. Gen. Stat. §153A-303(d) was prepared, which report is incorporated herein by reference, and made available for public inspection in the office of the Clerk to the Board of Commissioners for four (4) consecutive weeks prior to the public hearing on the extension of the Carova Beach Road Service District; and

WHEREAS, the Currituck County Board of Commissioners has caused a notice of the May 6, 2019 public hearing to be duly published on April 21, 2019 in The Coastland Times, a newspaper having general circulation within the county,

and the Clerk to the Board of Commissioners has certified that the mailing of notice of the public hearing has been completed, all in conformity with N.C. Gen. Stat. §153A-303(e).

NOW, THEREFORE, BE IT RESOLVED by the Currituck County Board of Commissioners that:

Section 1. Currituck County had complied with the requirements of Chapter 153A, Article 16 of the General Statutes of North Carolina for the extension of Carova Beach Road Service District.

Section 2. Carova Beach Road Service District is extended and established as more particularly shown on the map attached to this resolution as Exhibit A and incorporated herein by reference.

Section 3. This resolution shall take effect at the beginning of Fiscal Year 2019-2020.

ADOPTED the ____ day of May, 2019.

REPORT ON THE EXTENSION
OF THE
CAROVA BEACH ROAD SERVICE DISTRICT

APRIL 1, 2019

In accordance with Chapter 153A, Article 16 of the North Carolina General Statutes, the Carova Beach Road Service District was formed on September 8, 2009. The Carova Beach Road Service District provides street maintenance for the area consisting of the rights-of-way in Carova Beach.

Pursuant to North Carolina General Statute 153A-303(a) the board of commissioners may annex territory into the service district upon finding that:

- (1) The area to be annexed is contiguous to the district, with at least one eighth of the area's aggregate external boundary coincident with the existing boundary of the district; and
- (2) That the area to be annexed requires the services of the district.

In order to provide enhanced street maintenance it is proposed that the private properties in Carova Beach be annexed into the district.

Identified Need for Service District

Platted in the late 1960's, Carova Beach is an unincorporated community within the beach area of Fruitville Township in Currituck County. The area can only be accessed by boat or four wheel drive vehicles driven along the oceanfront beach. The interior streets used to access the developed and undeveloped lots are essentially sand paths that meander within and across platted rights-of-ways. In response to a need for action, in order to protect, maintain public safety, address increasing traffic demands and to preserve and protect private property rights through the reestablishment of the rights-of-way thus ending travel across private property, the Board of Commissioners for the County of Currituck created the Carova Beach Road Service District for street maintenance.

Resident Population and Population Density

The resident population of the proposed service district area according to the 2010 United States Census is approximately 83 persons. Seasonal population within the proposed service district is estimated to be approximately 3,154 persons per week during the summer season. The service district is approximately 1,263 acres.

Appraisal Value of Property Subject to Taxation in the Proposed Service District

The assessed valuation of property subject to taxation in the proposed service district is approximately \$286,500,000. The current county wide tax rate, which includes the proposed service district area, is 48 cents per \$100.00 valuation. \$0.01 would generate \$27,686 in revenue.

Plan for Providing Services Within the Proposed Service District

The county plans to provide enhanced street maintenance for road rights-of-ways within the service district. The county will assess the roads and develop a needed maintenance plan including the type of maintenance. Consideration will be given to State and Federal permitting

requirements for such improvements. It is anticipated that maintenance will include clearing of rights-of-way for emergency vehicle access and regularly scheduled grading of the sand roads.

RESOLUTION ESTABLISHING AND CREATING THE KNOTTS ISLAND FIRE PROTECTION SERVICE DISTRICT

WHEREAS, Chapter 153A, Article 16 of the North Carolina General Statutes, authorizes counties within North Carolina, to define service districts to finance, provide, or maintain for such districts one or more services, facilities, or functions in addition to or to a greater extent than those financed, provided or maintained for the entire county; and

WHEREAS, said statutes further provide that the county may define a service district for the purpose of fire protection; and

WHEREAS, the Knotts Island Fire Protection Service District area is within an unincorporated community in the Fruitville Township area of Currituck County bordered on the east by Knotts Island Bay, on the west by North Landing River and on the south by the Currituck Sound. Knotts Island is accessible by a two-lane state road accessed through the Commonwealth of Virginia or by boat. The proposed Knotts Island Fire Protection Service District area contains a population of approximately 1,545 residents; and

WHEREAS, beginning in 1960 the non-profit and volunteer Knotts Island Fire and Rescue Squad, Inc., provided fire protection, suppression and response services funded and provided pursuant to a contract with the county. In November 2017, Knotts Island Fire and Rescue Squad, Inc. did not renew its contract with the county and requested that the county provide fire suppression personnel to Knotts Island; and

WHEREAS, since November 2017 the county has provided personnel for fire suppression services augmented by some volunteer members and with mutual aid from Virginia Beach, Virginia area fire department; and

WHEREAS, the Board of Commissioners for the County of Currituck finds that for the foregoing reasons the proposed Knotts Island Fire Protection Service District area district is in need of fire protection services to a demonstrably greater extent than the remainder of the county and that it is impracticable to provide the planned fire protection services within the service district created herein on a countywide basis; and

WHEREAS, it is economically feasible to provide the proposed services within the district created herein without an unreasonable or burdensome annual tax levy because the estimated value of property subject to taxation in the proposed Knotts Island Fire Protection Service District is \$135,706,253, the countywide tax rate is 48 cents (\$0.48) per one hundred dollars of valuation and the desired level of fire

protection services can be provided for an additional 5 cents (\$0.05) per one hundred dollars of valuation; and

WHEREAS, there is a demonstrable demand and need for fire protection services proposed within the district as set forth and incorporated into a report which has been available for public inspection in the office of the Clerk to the Board of Commissioners for four (4) weeks prior to the public hearing on the matter of the establishment of the service district which report is incorporated herein by reference, written and verbal communication received prior to the public hearing on the creation of the service district and comments received during the public hearing held on May 6, 2019; and

WHEREAS, the Board of Commissioners for the County of Currituck has caused a notice of such hearing to be duly published in The Coastland Times, a newspaper having general circulation in the County of Currituck, on May 13, 2018, and the Clerk to the Board of Commissioners has certified to the Board of Commissioners that the mailing of notice of hearing has been completed, all in conformity to N.C. Gen. Stat. §153A-302(c).

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners for the County of Currituck, North Carolina that:

Section 1. The County of Currituck has fully complied with each and every requirement of Chapter 153A, Article 16 of the North Carolina General Statutes and the Currituck County Board of Commissioners determines and finds the same as a fact.

Section 2. The Knotts Island Fire Protection Service District is hereby established and created consisting of that area bordered on the east by Knotts Island Bay, on the west by North Landing River, on the south by the Currituck Sound and on the north by the Virginia and North Carolina state line as more particularly shown on the map attached hereto as Exhibit A and incorporated herein by reference.

Section 3. The County of Currituck may levy property taxes within the Knotts Island Fire Protection Service District in addition to those levied throughout the county in order to finance, provide or maintain within the district fire protection, response and suppression services provided therein in addition to or to a greater extent than those financed or maintained for the entire county.

Section 4. This resolution shall take effect at the beginning of Fiscal Year 2019-2020.

Knotts Island Fire Protection District

REPORT ON THE CREATION OF THE KNOTTS ISLAND FIRE PROTECTION SERVICE DISTRICT

April 4, 2019

REPORT ON THE CREATION OF THE KNOTTS ISLAND FIRE PROTECTION SERVICE DISTRICT

Pursuant to N.C. Gen. Stat. §153A-301(a) the board of commissioners of a county may define a service district in order to finance, provide, or maintain fire protection in addition to or to a greater extent than financed, provided or maintained for the entire county. To enhance public safety and welfare through enhanced fire protection, it is proposed that a service district be formed for fire protection in the Knotts Island area of Fruitville Township.

Identified Need for Service District

Knotts Island is an unincorporated community within the Fruitville Township area of the county. Bordered on the east by the North Landing River, on the west by the Knotts Island Bay and to the south by Currituck Sound, Knotts Island is accessible by two-lane North Carolina Highway 12 or by boat. The area contains a population of approximately 1,545.

Since 1960 Knotts Island Fire and Rescue Squad, Inc., a non-profit volunteer organization funded under a contract with Currituck County, has provided fire protection and response services within the proposed service district. In November of 2017, representatives of the volunteer department requested fire suppression staffing from the county because the volunteer department was no longer under contract and they were ceasing operations. Although a county is not required by statute to provide fire protection, it is critical to maintain fire protection and suppression service in the proposed service district area for the protection of property and the comfort, life safety and peace of mind of residents and tourists whose visitation is vital for the county's economic wellbeing and prosperity.

Resident Population and Population Density

The resident population of the proposed service district area according to the 2010 United States Census is approximately 1,545 persons.

Appraisal Value of Property Subject to Taxation in the Proposed Service District

The estimated appraised value of property subject to taxation in the proposed service district is \$135,706,253. The current countywide tax rate, which includes the proposed service district area, is 48 cents (\$0.48) per one hundred dollars of valuation. It is anticipated that a tax in the amount of 5 cents (\$0.05) per one hundred dollars of assessed valuation will be assessed in the proposed service district area.

Plan for Providing Services Within the Proposed Service District

The county has hired 12 firefighters that will be assigned in shifts to the Knotts Island Fire Station. The county firefighters will respond with Knotts Island equipment to calls with cross-trained county ambulance crews to provide firefighters at emergency scenes.

Map of Proposed Service District Area

A map of the proposed service district area is attached to this report.

**RESOLUTION OF THE CURRITUCK COUNTY BOARD OF
COMMISSIONERS EXTENDING THE GUINEA MILL WATERSHED
IMPROVEMENT SERVICE DISTRICT**

WHEREAS, Chapter 153A, Article 16 of the North Carolina General Statutes, authorizes counties within North Carolina, to define service districts to finance, provide, or maintain for such districts one or more services, facilities, or functions in addition to or to a greater extent than those financed, provided or maintained for the entire county; and,

WHEREAS, said statutes further provide that the county may define and thereafter extend the service district upon finding the area to be annexed is (1) contiguous to the district with at least one eighth of the area's aggregate external boundary coincident with the existing boundary of the district and (2) the area to be annexed requires the services of the district; and

WHEREAS, acting in response to a need for action in order to maintain adequate storm water drainage and correct negative impacts of flooding during storm events, including, but not limited to, reduced ingress and ingress to property, the Currituck County Board of Commissioners on February 21, 2000 enacted a resolution creating the Guinea Mill Watershed Improvement District after determining that the creation of a service district for watershed and drainage improvement would benefit properties located within the service district boundaries; and

WHEREAS, since creation of the Guinea Mill Watershed Improvement District, major land use within the district has changed from forestland and cropland to residential development and other areas within the Guinea Mill watershed are posed for further conversion of cropland to residential development and increased storm water drainage; and

WHEREAS, the Board of Commissioners for the County of Currituck finds that the proposed district is in need of watershed and drainage improvements to a demonstrably greater extent than the remainder of the county to meet the needs and goals set forth above and that it is impracticable to provide the planned services within the service district created herein on a countywide basis, particularly as shown by a July, 2017 U.S. Army Corps of Engineers study establishing the need for (1) removal of vegetation and debris within existing primary drainage canals, (2) modification to existing culvert structures to increase hydraulic capacity and (3) modification to canal dimensions, side slopes channel bottom widths and grade to increase hydraulic efficiency; and

WHEREAS, it is economically feasible to provide the proposed services within the district created herein without an unreasonable or burdensome annual tax levy in that the assessed value of the extended district will be \$400,922,732, the current county-wide tax rate is 48 cents (\$.048) per one

hundred dollars of assessed value and proposed improvements within the district can be made with a district tax rate in the amount of one and one-half cents (\$0.015) per one hundred dollars of assessed value ; and

WHEREAS, there is a demonstrable demand and need for the services proposed within the district, in which approximately 3,240 persons reside, as set forth and incorporated into a report which has been available for public inspection in the office of the Clerk to the Board of Commissioners for four (4) weeks prior to the public hearing on the matter of the establishment of the service district which report is incorporated herein by reference, written and verbal communication received prior to the public hearing on the creation of the service district and comments received during the public hearing held on May 6, 2019; and

WHEREAS, the Board of Commissioners for the County of Currituck has caused a notice of such hearing to be duly published in The Daily Advance, a newspaper having general circulation in the County of Currituck, on April 24, 2019, and the Clerk to the Board of Commissioners has certified to the Board of Commissioners that the mailing of notice of hearing has been completed, all in conformity with N.C. Gen. Stat. §153A-302(c).

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners for the County of Currituck, North Carolina that:

Section 1. The County of Currituck has fully complied with each and every requirement of Chapter 153A, Article 16 of the North Carolina General Statutes and the Currituck County Board of Commissioners determines and finds the same as a fact.

Section 2. The Guinea Mill Watershed Improvement Service District is hereby extended, established and created consisting of that area as more particularly shown on the map attached hereto as Exhibit A and incorporated herein by reference.

Section 3. The County of Currituck may levy property taxes within the service district in addition to those levied throughout the county in order to finance, provide or maintain within the district services provided therein in addition to or to a greater extent than those financed or maintained for the entire county.

Section 4. This resolution shall take effect at the beginning of Fiscal Year 2019-2020.

EXTENSION OF THE GUINEA MILL WATERSHED IMPROVEMENT SERVICE DISTRICT

EXHIBIT A-GUINEA MILL DISTRICT EXPANSION

 PROPOSED BOUNDARY
 EXISTING BOUNDARY

ACREAGE: 10,374
POPULATION ESTIMATE: 3,240

REPORT ON THE EXTENSION
OF THE
GUINEA MILL WATERSHED IMPROVEMENT
SERVICE DISTRICT

April 1, 2019

In accordance with Chapter 153A, Article 16 of the North Carolina General Statutes, the Guinea Mill Watershed Improvement Service District was formed on February 21, 2000 in order to finance, provide and maintain for the district water management and watershed improvements.

Pursuant to North Carolina General Statute 153A-303(a) the board of commissioners may annex territory into the service district upon finding that:

- (1) The area to be annexed is contiguous to the district, with at least one eighth of the area's aggregate external boundary coincident with the existing boundary of the district; and
- (2) That the area to be annexed requires the services of the district.

In order to provide additional drainage and watershed improvements to areas outside the current district, it is proposed to annex additional areas into the district as shown on the enclosed map.

Identified Need for Service District

The Guinea Mill Run Canal has been in existence for approximately 100 years. It was initially dug to provide drainage for timbering of the Great Dismal Swamp. Over the years, major land use has changed from forestland to cropland and now is changing to residential, making adequate drainage far more important than before. Subdivisions being developed when the current service district was formed included: Ranchland, Eagle Creek, Wildwood Acres, Dove Roost, Duck Ridge, Quail Point, Crown Point and Orchard Park. The remaining 2,000 acres of cropland within the current service district also has a potential for becoming residential properties, making Guinea Mill Run Canal an important utility with a need for yearly maintenance. Traditionally, the farmers had been maintaining most drainage systems including Guinea Mill Run Canal. With the land use changing to residential, the current service district provides a mechanism for the landowners that drain into Guinea Mill Run Canal to share in the future maintenance cost. Thus, the current Guinea Mill Service District for Watershed Improvements was formed in the year 2000 to provide for the consistent and cohesive management of water, flood control, and protection to the integrity and quality of Tulls Creek and Currituck Sound.

In 2000, the Guinea Mill Service District for Watershed Improvements received a grant from the Clean Water Management Trust Fund for ditch widening, instream wetlands and water control structures on Guinea Mill Run Canal from South Mills Road to NC Highway 168. This project was completed in 2003. The projected life was 15 years before additional maintenance was expected.

Subdivisions continue to be developed adjacent to the current district including Cahoon Farms, Summit Farms, Backwoods Reserve, Saddlebrook and Backwoods Estates. Major storms in the past have created flooding issues in the old as well as the new subdivisions. This flooding not only occurs along Guinea Mill Run Canal, but also within its drainage basin to the south which includes Laterals A, B, and C, and Hayward Ditch. In response to a need to protect the

growth areas and farms from flooding issues, it is proposed that the current service district be expanded. The area to be annexed includes the southern part of the Guinea Mill Run Canal drainage basin including Laterals A, B and C and Hayward Ditch.

Resident Population and Population Density

The resident population of the proposed service district area according to the 2010 United States Census is approximately 3,240 persons and contains 10,374 acres.

Appraisal Value of Property Subject to Taxation in the Proposed Service District

The assessed valuation of property subject to taxation in the current service district is approximately \$183,422,732. The existing tax rate for the service district is \$0.015 per \$100 valuation.

The assessed valuation of the property subject to taxation in the area to be annexed is approximately \$217,500,000. Therefore, the total assessed valuation would be \$400,922,732. The current county wide tax rate, which includes the proposed service district area, is 48 cents per \$100 valuation.

The service district tax with the new annexed area will be initially set at \$0.015 per \$100 valuation. As an example, this equates to \$22.50 per year for a \$150,000 property or \$37.50 per year for a \$250,000 property. For a farm with a value of deferred value of \$1000 per acre, the tax would equate to \$0.15 per acre per year.

Plan for Providing Services within the Proposed Service District

A study was needed to determine the flooding issues of the areas along the current service district which primarily consists of Guinea Mill Run. The study would identify the drainage basin or the area that flows into Guinea Mill Run. Once this was determined, it was proposed that this drainage basin area be annexed into the current service district. This would provide the mechanism to allow the service district to provide additional ditch improvements and help alleviate flooding in the current district and the surrounding area.

On July 21, 2017, Currituck County received a Planning Assistance to States grant from the Department of the Army. The purpose of the grant was to fund a Hydrology and Hydraulics Study for the Guinea Mill Run drainage basin to be prepared by the US Army Corps of Engineers. The following is the recommendation from the study.

The Guinea Mill Run watershed is located approximately 2.5 miles south of the Moyock Community. The communities that live in the nearby floodplain have historically struggled with flood problems following local rainfall as well as from more significant tropical storm events.

The underlying flood problem in the Guinea Mill Run watershed is typical of that generally found in coastal regions where the streams have extensive swamp areas at their headwaters. What makes the Guinea Mill Run watershed unique is the presence of a complex network of man-made canals, laterals, and intercepting ditches. Due to its complex nature, understanding how flooding interacts with natural and man-made drainage paths required a technical approach.

The study served to assess and address the existing flood problems within the watershed by proposing drainage improvements that could be implemented. Improvements to drainage relied heavily on the efficiency of the canal network. A hydrologic model was developed to simulate the transformation of rainfall to runoff over a range of storm events. A hydraulic model was then developed to simulate how the runoff flowed through the canals, natural flow paths, and over the floodplain. A physical survey was conducted in the initial stages of the study to be incorporated into these technical models.

Improvements that were analyzed included (1) removal of vegetation and debris within existing primary drainage canals, (2) modification to existing culvert structures to increase their hydraulic capacity, and (3) modification to canal dimensions, side slopes, channel bottom width, and grade, so there is consistency throughout their entire length as well as serve to increase their hydraulic efficiency.

Improvements had to meet several criteria that include (1) provide a flood stage reduction when compared to existing conditions, (2) prevent backwater effects at culvert structures, (3) reduce flood durations, and (4) ensure flooding is not made worse downstream.

An incremental approach was taken to construct and present improvements. This approach helped to identify the most beneficial improvements that should be prioritized as well as determine when benefits start to diminish. A final recommendation consisted of (1) clearing and snagging of all primary drainage canals – Guinea Mill Run Canal, Lateral A, Lateral B, Lateral C, and Haywood Ditch, (2) replacement of 1 culvert structure in Guinea Mill Run Canal, 2 culvert structures in Lateral A, and 1 culvert structure in Lateral B and (3) channel modification of Guinea Mill Run Canal – widening to a 45-foot channel bottom width in the lower portion of the canal for a distance of approximately 0.75 miles, transitioning to a 15 foot channel bottom width upstream for a distance of approximately 6 miles, and improving the entire canal grade to an approximate bed slope of 0.03%.

The recommended plan provided a 0.5-foot to 1.8-foot flood stage reduction over the range of design storm events to a number of residential communities adjacent to the primary canals. It also reduced significant backwater effect at culvert structures within the primary canals. Finally, the plan reduced the duration of flooding and allowed for flood stages to return to pre-storm conditions more efficiently.

Map of the Proposed Service District

A map of the existing service district and the area to be annexed is attached to this report.

Currituck County Agenda Item Summary Sheet

Agenda ID Number – (ID # 2390)

Agenda Item Title

Consideration and Action: Review and Adoption of Ordinance for Conditional Zoning, PB 18-23-Fost Tract

Brief Description of Agenda Item:

Board Action Requested

Presenter of Agenda Item

**AN ORDINANCE OF THE CURRITUCK COUNTY BOARD OF COMMISSIONERS
AMENDING THE OFFICIAL ZONING MAP FOR CURRITUCK COUNTY IN THE MATTER OF
PB 18-23 FOST TRACT CONDITIONAL REZONING OF 228.83 ACRES FROM
AGRICULTURAL (AG) TO PLANNED DEVELOPMENT-RESIDENTIAL (PD-R) ON
PROPERTY LOCATED IN MOYOCK TOWNSHIP ON THE WEST SIDE OF CARATOKE
HIGHWAY AND NORTH OF RANCLAND SUBDIVISION, PIN 0015-000-0086-0000**

BE IT ORDAINED by the Board of Commissioners of the County of Currituck, North Carolina that:

Section 1: The Official Zoning Map for Currituck County is hereby amended by conditionally rezoning 228.83 acres located in Moyock Township located on the west side of Caratoke Highway and north of Ranchland Subdivision with Parcel Identification Number 0015-000-0086-0000, (the "Property") from Agriculture (AG) to Planned Development – Residential (PD-R).

Section 2: The zoning map amendment for the Property is appropriate for the reasons that:

- a. the conditional rezoning is consistent with the 2006 Land Use Plan and the Moyock Small Area Plan;
- b. the conditional rezoning is consistent with all review standards provided under Unified Development Ordinance (UDO) Section 2.4.3.C;
- c. the proposed conditions for the conditional rezoning of the Property will improve drainage problems within nearby Ranchland and Eagle Creek Subdivisions; and
- d. the conditional rezoning is compatible with existing Moyock Township subdivisions

Section 3: The zoning map amendment for the Property is reasonable and in the public interest because of the need for higher density growth in areas of Moyock Township outside of Currituck Station regardless of the availability of public and centralized sewer treatment and disposal.

Section 4: The zoning map amendment for the Property is approved with the following conditions:

- a. The Developer shall obtain to the satisfaction of the County's Attorney easements, permits, licenses or other right to access, install and improve storm water drainage systems provided in Section 4.b. of this ordinance before approval of a preliminary plat for the Property.
- b. The following Improvements to storm water drainage systems on the Property and outside the Property shall be completed by the Developer prior to beginning any phase of development on the Property:
 - 1. Improve Rowland Creek from the Eagle Creek subdivision to U.S. Highway 168, as shown on maps entitled in part "Rowland Creek Drainage Analysis, Drainage Overview, Rowland Creek Drainage Analysis" dated October 16, 2018 prepared by Bissel Professional Group,

including construction of the ditch on a positive grade with 3:1 side slopes and sized for a 500 year storm event from the drainage basin in which the Property is located.

2. Clear and snag Rowland Creek from U.S. Highway 168 to the east end of Rowland Creek Estates Subdivision as shown on maps entitled in part "Rowland Creek Drainage Analysis, Drainage Overview, Rowland Creek Drainage Analysis" dated October 16, 2018 prepared by Bissel Professional Group .
3. Improve Ranchland Outlets ditch, and included from the northwest point with Ranchland Subdivision to U.S. Highway 168, as shown on maps entitled in part "Rowland Creek Drainage Analysis, Ranchland Potential Impact" dated October 16, 2018 prepared by Bissel Professional Group, including construction of the ditch on a positive grade with 3:1 side slopes and sized for a 500 year storm event from drainage basin in which the Property and Ranchland Subdivisions are located.
4. Clear and snag Ranchland Outlets ditch from Hwy 168 to its intersection with Rowland Creek as shown on maps entitled in part "Rowland Creek Drainage Analysis, Ranchland Potential Impact" dated October 16, 2018 prepared by Bissel Professional Group.
5. Install a new ditch along the entire length of the Property's western common boundary line with Ranchland Subdivision including construction of the ditch on a positive grade with 3:1 side slopes and sized for a 500 year storm event from the drainage basin in which the Property and Ranchland Subdivision are located.
6. Improve the ditch along U.S. Highway 168 from Survey Road to the south side of Guinea Road by constructing the ditch on a positive grade with 3:1 side slopes and sized for a 500 year storm event from the drainage basin in which the Property and Ranchland Subdivision are located.
7. BMP's shall be sized and constructed to store runoff from a 100 year storm event.
8. The Developer shall construct berms along ditch outlets against Ranchland to keep proposed development's runoff from flooding Ranchland during a 100 year storm.
9. A minimum of 2' of fill shall be used for the areas designated on "The Fost Tract, Planned Development-Residential Preliminary Master Plan" dated August 23, 2018, prepared by Bissell Professional ("Master Plan") as Neighborhood Commercial and Townhomes.
10. All lots in areas to be built upon as shown on the Master Plan shall be elevated with fill to provide freeboard for storm events greater than the 10 year storm event.

11. On-site stormwater will be managed by constructing a series of stormwater management ponds that will be interconnected and will retain and slow-release stormwater primarily to Rowland Creek both directly and indirectly. A portion of the stormwater will also overflow to an existing culvert that runs under NC168 from near the northwest corner of the property. The ditch that drains that outlet will also be improved as necessary.

In addition to modeling and retaining stormwater to the UDO and Stormwater Manual standard of the difference between runoff from the 10-year developed condition and runoff from a 2-year wooded condition site, stormwater shall be modeled for the 100-year storm event and property line berms constructed as necessary to manage the 100-year storm without adversely impacting neighboring properties. Implementation of this plan shall improve drainage for neighboring properties compared to existing conditions.

Stormwater shall be conveyed to on-site retention ponds through a combination of curbs with inlets, stormwater pipes, and open vegetated swales.

12. Flashboard risers shall be installed on the series of stormwater management ponds. These risers will allow the stormwater management ponds to increase capacity prior to a storm event by lowering the pond level to pre-storm conditions. Management and operation procedures shall be agreed upon by the county prior to preliminary plat approval.
 13. The storm water drainage system improvements set forth in this section, including ditches located on property not owned by the Developer, shall be maintained by the Developer, or a management association created by the Developer with a funding mechanism to provide revenue for ongoing storm water drainage system maintenance, in perpetuity.
- c. The Phasing Plan attached to this ordinance and incorporated herein by reference as Schedule B (attached) shall be adhered to except that the Developer may determine the sequence in which phases are developed. The Developer shall provide an annual report updating the Phasing Plan for the development. Notwithstanding the foregoing, the first phase of development shall not exceed 70 residential dwelling units.
 - d. Development on the Property shall be connected to a North Carolina Department of Environmental Quality ("NCDEQ") permitted and approved central wastewater treatment and disposal system, and to the Currituck County water system. Fire protection shall be provided in accordance with the UDO Standards and the N.C. Fire Code.
 - e. The density/intensity standards, dimensional standards and development

standards for development of the Property shall be in accordance with the Master Plan.

- f. Community form and design for development of the Property shall conform to the streetscape perspectives, example model home drawings, mixed use, and clubhouse perspective drawings illustrated on the Master Plan and as provided and illustrated in Appendix to the Master Plan Supplemental document. Variations may be provided and permitted in colors, materials, and architectural detailing that are compatible with the design concept.
- g. Development standards and setbacks shall be as outlined in Schedule A (attached) and in the Supplemental Report for the Master Plan.
- h. Rear loaded cottage lots, if market conditions warrant, may be converted to conventional frontloaded single family dwelling lots at the rate of up to 50% in each phase that includes cottage lots. No more than 22,000 square feet of neighborhood commercial development shall be constructed on the ground floor of the townhouse section along the entrance boulevard where indicated on the Master Plan drawings, if market conditions support this style of development. If not, these areas may be converted to residential use (without increasing the approved density).
- i. Perimeter compatibility shall be addresses as follows:
 - To the west: A 50 foot farm buffer shall be provided, followed by a 60 foot roadway corridor, so the nearest dwelling unit will be at least 565 feet from the existing residence on that farm. A vegetative buffer shall be provided along that property line.
 - To the north (Caratoke Highway): A berm shall be provided along the highway along with lakes flanking the main entrance road. The nearest dwelling unit will be set back at least 200 feet from the highway right-of-way at the closest point. The visual impact of the development shall be minimized by setbacks, berms and landscaping.
 - To the east: A 50 foot vegetative farm buffer shall be provided along the existing farmland; traditional single family dwelling lots are being proposed in the areas that back up to existing dwelling units in the adjacent Ranchland subdivision. A minimum 50 foot buffer shall be provided between the developments.
 - To the south: Compatible residential development is being proposed and a minimum 90 foot open space buffer is shown to the property line.
 - Limited commercial development is located interior to the

development and shall front along the landscaped entrance boulevard.

- j. Transportation, potable water, and wastewater shall be provided for development on the Property as follows:

1. Transportation: The main subdivision entrance will be connected directly to U.S. Highway 168. Deceleration and acceleration lanes shall be provided along the Property frontage in accordance with North Carolina Department of Transportation, ("NCDOT"), standards and shall be approved by NCDOT prior to construction. Connectivity will be provided to the existing farmland to the southeast, identified with Parcel Identification Number ("PIN") 002300000070000.

The standards promulgated in the NC Complete Streets Planning and Design Guidelines shall be used as a guide for the streets in the development on the property. Specifically, excerpts from Chapter 4 of NC Complete Streets Planning and Design Guidelines shall be used to design:

- Sidewalk Zone (or Multi-Use Path Zone)
- Motor Vehicle Zone (or Shared Vehicle Zone)
- Parking/Transit Stop Zone
- Bicycle Zone (Bicycle Lane)
- Median Zone
- Urban/Suburban Main Street Cross-Sections and Design Elements
- Rural Village Main Street Cross-Section and Design Elements
- Urban/Suburban Avenue Cross-Section and Design Elements

Roadways shall be laid out generally as shown on the Master Plan and shall follow the information outlined in Schedule C.

2. Potable Water: Water shall be supplied by Currituck County via an existing 12" main located on U.S. Highway 168, which will be tapped and looped through the site. Fire protection shall be provided in accordance with UDO standards and the applicable Insurance Service Office (ISO) standards. Individual lots and dwellings shall be metered. The Developer shall model the county's water system to demonstrate adequate water flow and pressure for fighting fires while meeting the

maximum day domestic demand.

3. Wastewater: The Developer shall construct a wastewater collection and disposal system on the Property, permitted and approved by NCDEQ. It will be regulated by the North Carolina Utilities Commission and will apply for a Certificate of Public Necessity and Convenience. If an off-site wastewater service becomes available development on the Property may connect to the off-site wastewater service.

- k. Provisions Related to Environmental Protection and Monitoring: Wetlands subject to the jurisdiction of the US Army Corps of Engineers have been delineated and confirmed by the Corps of Engineers. Wetland buffers have been shown on the Master Plan and the Development plan honors those buffers. The Association documents (Declaration) will include provisions that prohibit the filling of wetlands and prohibit the clearing of the buffer areas other than incidental tree cutting and vegetation removal.

The Association, either itself or via a management entity, will assume responsibility for ongoing operation and maintenance of all stormwater management facilities in accordance with the Currituck County UDO requirements and all NCDEQ permit requirements. The Association dues will be structured in a way that funds are provided for the upkeep of these facilities, as well as periodic improvements to Rowland Creek both through the development, as well as a contribution to off-site maintenance.

Wind tides will be considered in the design of site grading, with structures located above the elevation of the historic wind tidal influence from Rowland Creek.

Section 5: This property shall be subject to the standards applicable for the Agriculture base zoning district of the Unified Development Ordinance and the Official Zoning Map.

Section 6: The provisions of this Ordinance are severable and if any of its provisions or any sentence, clause, or paragraph or the application thereof to any person or circumstance shall be held unconstitutional or violative of the Laws of the State of North Carolina by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions which can be given effect without the invalid provision or application.

Section 7: This zoning map amendment shall be in effect from and after the 18th day of February, 2019.

IN WITNESS WHEREOF, the County has caused this zoning map amendment to be approved in its name.

Amended Item-Consideration and Approval of Purchasing Policy

Brief Description of Agenda Item:

Board Action Requested

Action

Person Submitting Agenda Item

Leeann Walton, Clerk to the Board

Presenter of Agenda Item

COUNTY OF CURRITUCK
NORTH CAROLINA
PURCHASING POLICY

I. Purpose

The purpose of this policy is to establish guidelines that meet or exceed the procurement requirements for purchases of goods (apparatus, supplies, materials, and equipment), services, and construction or repair projects when County, State or federal funds are being used in whole or in part to pay for the cost of the contract. To the extent that other sections of procurement policies and procedures adopted by the COUNTY OF CURRITUCK are more restrictive than those contained in this policy, local policies and procedures shall be followed.

II. Policy

- A. **Application of Policy.** This policy applies to contracts for purchases, services, and construction or repair work funded with County, State and/or federal financial assistance (direct or reimbursed). The requirements of this Policy also apply to any subrecipient of the funds.

All federally funded projects, loans, grants, and sub-grants, whether funded in part or wholly, are subject to the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for federal awards (Uniform Guidance) codified at 2 C.F.R. Part 200 unless otherwise directed in writing by the federal agency or state pass-through agency that awarded the funds.

- B. **Compliance with Federal Law.** All procurement activities involving the expenditure of federal funds must be conducted in compliance with the Procurement Standards codified in 2 C.F.R. § 200.317 through § 200-326 unless otherwise directed in writing by the federal agency or state pass-through agency that awarded the funds. The County of Currituck will follow all applicable local, state, and federal procurement requirements when expending federal funds. Should the County of Currituck have more stringent requirements, the most restrictive requirement shall apply so long as it is consistent with state and federal law.

- C. **Contract Award.** All contracts shall be awarded only to the lowest responsive responsible bidder possessing the ability to perform successfully under the terms and conditions of the contract.
- D. **No Evasion.** No contract may be divided to bring the cost under bid thresholds or to evade any requirements under this Policy or state and federal law.
- E. **Contract Requirements.** All contracts paid for in whole or in part with federal funds shall be in writing. The written contract must include or incorporate by reference the provisions required under 2 C.F.R § 200.326 and as provided for under 2 C.F.R. Part 200, Appendix II.
- F. **Contractors' Conflict of Interest.** Designers, suppliers, and contractors that assist in the development or drafting of specifications, requirements, statements of work, invitation for bids or requests for proposals shall be excluded from competing for such requirements.
- G. **Approval and Modification.** The administrative procedures contained in this Policy are administrative and may be changed as necessary at the staff level to comply with state and federal law.

III. General Procurement Standards and Procedures:

Either the Legal Department or the Requesting Department shall procure all contracts in accordance with the requirements of this Section of the Policy.

- A. **Necessity.** Purchases must be necessary to perform the scope of work and must avoid acquisition of unnecessary or duplicative items. The Legal Department and/or the Requesting Department should check with the federal surplus property agency prior to buying new items when feasible and less expensive. Strategic sourcing should be considered with other departments and/or agencies who have similar needs to consolidate procurements and services to obtain better pricing.
- B. **Clear Specifications.** All solicitations must incorporate a clear and accurate description of the technical requirements for the materials, products, or services to be procured, and shall include all other requirements which bidders must fulfill and all other factors to be used in evaluating bids or proposals. Technical requirements must not contain features that restrict competition.

- C. Notice of Federal Funding.** All bid solicitations must acknowledge the use of federal funding (if any) for the contract. In addition, all prospective bidders or offerors must acknowledge that funding is contingent upon compliance with all terms and conditions of the funding award.
- D. Compliance by Contractors.** All solicitations shall inform prospective contractors that they must comply with all applicable County, State and federal laws, regulations, executive orders, and terms and conditions of the funding award.
- E. Fixed Price.** Solicitations must state that bidders shall submit bids on a fixed price basis and that the contract shall be awarded on this basis unless otherwise provided for in this Policy. Cost plus percentage of cost contracts are prohibited. Time and materials contracts are prohibited in most circumstances that utilize federal funds. Time and materials contracts will not be used unless no other form of contract is suitable and the contract includes a "Not to Exceed" amount. When the contract utilizes federal funding, direct or pass-through, time and materials contract shall not be awarded without express written permission of the federal agency or state pass-through agency that awarded the funds.
- F. Use of Brand Names.** When possible, performance or functional specifications are preferred to allow for more competition leaving the determination of how to reach the required result to the contractor. Brand names may be used only when it is impractical or uneconomical to write a clear and accurate description of the requirement(s). When a brand name is listed, it is used as reference only and "or equal" must be included in the description.
- G. Lease versus Purchase.** Under certain circumstances, it may be necessary to perform an analysis of lease versus purchase alternatives to determine the most economical approach.
- H. Dividing Contract for M/WBE Participation.** If economically feasible, procurements may be divided into smaller components to allow maximum participation of small and minority businesses and women business enterprises. The procurement cannot be divided to bring the cost under bid thresholds or to evade any requirements under this Policy.
- I. Documentation.** Documentation must be maintained by the Legal Department and/or the Requesting Department detailing the history of all procurements. The documentation should include the procurement method used, contract type, basis for contractor selection, price, sources solicited, public notices, cost analysis, bid documents, addenda, amendments, contractor's responsiveness, notice of award, copies of notices to unsuccessful bidders or offerors, record of protests or disputes,

bond documents, notice to proceed, purchase order, and contract. All documentation relating to the award of any contract must be made available to the granting agency upon request.

- J. Cost Estimate.** For all procurements costing \$250,000 or more, the Legal Department and/or Requesting Department shall develop an estimate of the cost of the procurement prior to soliciting bids. Cost estimates may be developed by reviewing prior contract costs, online review of similar products or services, or other means by which a good faith cost estimate may be obtained. Cost estimates for construction and repair contracts may be developed by the project designer.
- K. Contract Requirements.** The Requesting Department must prepare a written contract incorporating the provisions referenced in Section II.C of this Policy.
- L. Debarment.** No contract shall be awarded to a contractor included on the federally debarred bidder's list.
- M. Contractor Oversight.** The Requesting Department receiving the federal funding must maintain oversight of the contract to ensure that contractor is performing in accordance with the contract terms, conditions, and specifications.
- N. Open Competition.** Solicitations shall be prepared in a way to be fair and provide open competition. The procurement process shall not restrict competition by imposing unreasonable requirements on bidders, including but not limited to unnecessary supplier experience, excessive or unnecessary bonding, specifying a brand name without allowing for "or equal" products, or other unnecessary requirements that have the effect of restricting competition.
- O. Geographic Preference.** No contract shall be awarded on the basis of a geographic preference.

IV. Specific Procurement Procedures

Either the Legal Department or the Requesting Department shall solicit bids in accordance with the requirements under this Section of the Policy based on the type and cost of the contract.

- A. Service Contracts** (except for A/E professional services) and **Purchase Contracts costing less than \$10,000** shall be procured using the Uniform Guidance “micro-purchase” procedure (2 C.F.R. § 200.320(a)) as follows:
1. The contract may be awarded without soliciting pricing or bids if the price of the goods or services is considered to be fair and reasonable.
 2. To the extent practicable, purchases must be distributed among qualified suppliers.
- B. Service Contracts** (except for A/E professional services) and **Purchase Contracts costing \$10,000 up to \$90,000** shall be procured using the Uniform Guidance “small purchase” procedure (2 C.F.R. § 200.320(b)) as follows:
1. Obtain price or rate quotes from an “adequate number” of qualified sources (a federal grantor agency might issue guidance interpreting “adequate number,” so the Requesting Department should review the terms and conditions of the grant award documents to confirm whether specific guidance has been issued).
 2. Take affirmative steps to solicit price quotes from M/WBE vendors and suppliers as required under 2 C.F.R. § 200.321.
 3. Cost or price analysis is not required prior to soliciting bids.
 4. Award the contract on a fixed-price basis (a not-to-exceed basis is permissible for service contracts where obtaining a fixed price is not feasible).
 5. Award the contract to the lowest responsive, responsible bidder.
- C. Service Contracts** (except for A/E professional services) and **Purchase Contracts costing \$90,000 and above** shall be procured using a combination of the most restrictive requirements of the Uniform Guidance “sealed bid” procedure (2 C.F.R. § 200.320(c)) and state formal bidding procedures (G.S. 143-129) as follows:
1. Service Contracts that do not utilize any federal funding whatsoever are exempt from this section. All following procedures are required for all purchase contracts. The following procedures are also required for all service contracts that utilize any federal funds.
 2. Cost or price analysis is required prior to soliciting bids.
 3. Complete specifications or purchase description must be made available to all bidders.
 4. The bid must be formally advertised in a newspaper of general circulation for at least seven full days between the date of the advertisement and the date of the public bid opening. Electronic-only advertising must be authorized by the governing board. The advertisement must state the date, time, and location of the public bid opening, indicate where specifications may be obtained, and reserve to the governing board the right to reject any or all bids only for “sound documented reasons.”
 5. Take affirmative steps to solicit price quotes from M/WBE vendors and suppliers as required under 2 C.F.R. § 200.321.

6. Open bids at the public bid opening on the date, time, and at the location noticed in the public advertisement. All bids must be submitted sealed. A minimum of 2 bids must be received in order to open all bids.
7. Award the contract to the lowest responsive, responsible bidder on a fixed-price basis. Governing board approval is required for purchase contracts unless the governing board has delegated award authority to an individual official or employee. Any and all bids may be rejected only for "sound documented reasons."

D. Service Contracts (except for A/E professional services) costing \$250,000 and above may be procured using the Uniform Guidance "competitive proposal" procedure (2 C.F.R. § 200.320(d)) when the "sealed bid" procedure is not appropriate for the particular type of service being sought. The procedures are as follows:

1. A Request for Proposals (RFP) must be publicly advertised. Formal advertisement in a newspaper is not required so long as the method of advertisement will solicit proposals from an "adequate number" of qualified firms.
2. Take affirmative steps to solicit price quotes from M/WBE vendors and suppliers as provided under 2 C.F.R. § 200.321.
3. Identify evaluation criteria and relative importance of each criteria (criteria weight) in the RFP.
4. Consider all responses to the publicized RFP to the maximum extent practical.
5. Must have a written method for conducting technical evaluations of proposals and selecting the winning firm.
6. Award the contract to the responsible firm with most advantageous proposal taking into account price and other factors identified in the RFP. Governing board approval is not required.
7. Award the contract on a fixed-price or cost-reimbursement basis.

E. Construction and repair contracts costing less than \$10,000 shall be procured using the Uniform Guidance "micro-purchase" procedure (2 C.F.R. § 200.320(a)) as follows:

1. The contract may be awarded without soliciting pricing or bids if the price of the goods or services is considered to be fair and reasonable.
2. To the extent practicable, contracts must be distributed among qualified suppliers.

F. Construction and repair contracts costing \$10,000 up to \$250,000 shall be procured using the Uniform Guidance "small purchase" procedure (2 C.F.R. § 200.320(b)) as follows:

1. Obtain price or rate quotes from an "adequate number" of qualified sources (a federal grantor agency might issue guidance interpreting "adequate number," so

the requesting department should review the terms and conditions of the grant award documents to confirm whether specific guidance has been issued).

2. Take affirmative steps to solicit price quotes from M/WBE vendors and suppliers as required under 2 C.F.R. § 200.321.
3. Cost or price analysis is not required prior to soliciting bids, although price estimates may be provided by the project designer.
4. Award the contract on a fixed-price or not-to-exceed basis.
5. Award the contract to the lowest responsive, responsible bidder. Governing board approval is not required.

G. Construction and repair contracts costing \$250,000 up to \$500,000 shall be procured using the Uniform Guidance “sealed bid” procedure (2 C.F.R. § 200.320(c)) as follows:

1. Cost or price analysis is required prior to soliciting bids (this cost estimate may be provided by the project designer).
2. Complete specifications must be made available to all bidders.
3. Publically advertise the bid solicitation for a period of time sufficient to give bidders notice of opportunity to submit bids (formal advertisement in a newspaper is not required so long as other means of advertising will provide sufficient notice of the opportunity to bid). The advertisement must state the date, time, and location of the public bid opening, and indicate where specifications may be obtained.
4. Take affirmative steps to solicit price quotes from M/WBE vendors and suppliers as provided under 2 C.F.R. § 200.321.
5. Open the bids at the public bid opening on the date, time, and at the location noticed in the public advertisement. All bids must be submitted sealed. A minimum of 2 bids must be received in order to open all bids.
6. A 5% bid bond is required of all bidders. Performance and payment bonds of 100% of the contract price is required of the winning bidder.
7. Award the contract on a firm fixed-price basis.
8. Award the contract to the lowest responsive, responsible bidder. Governing board approval is not required. Any and all bids may be rejected only for “sound documented reasons.”

H. Construction and repair contracts costing \$500,000 and above shall be procured using a combination of the most restrictive requirements of the Uniform Guidance “sealed bid” procedure (2 C.F.R. § 200.320(c)) and state formal bidding procedures (G.S. 143-129) as follows:

1. Cost or price analysis is required prior to soliciting bids (this cost estimate should be provided by the project designer).
2. Complete specifications must be made available to all bidders.
3. Formally advertise the bid in a newspaper of general circulation for at least seven full days between the date of the advertisement and the date of the public

bid opening. Electronic-only advertising must be authorized by the governing board. The advertisement must state the date, time, and location of the public bid opening, indicate where specifications may be obtained, and reserve to the governing board the right to reject any or all bids only for “sound documented reasons.”

4. Take affirmative steps to solicit price quotes from M/WBE vendors and suppliers as provided under 2 C.F.R. § 200.321.
 5. Open the bids at the public bid opening on the date, time, and at the location noticed in the public advertisement. All bids must be submitted sealed and in paper form. A minimum of 3 bids must be received in order to open all bids.
 6. A 5% bid bond is required of all bidders (a bid that does not include a bid bond cannot be counted toward the 3-bid minimum requirement). Performance and payment bonds of 100% of the contract price is required of the winning bidder.
 7. Award the contract on a firm fixed-price basis.
 8. Award the contract to the lowest responsive, responsible bidder. Governing board approval is required and cannot be delegated. The governing board may reject and all bids only for “sound documented reasons.”
- I. Construction or repair contracts involving a building costing \$300,000 and above must comply with the following additional requirements under state law:**
1. Formal HUB (historically underutilized business) participation required under G.S. 143-128.2, including local government outreach efforts and bidder good faith efforts, shall apply.
 2. Separate specifications shall be drawn for the HVAC, electrical, plumbing, and general construction work as required under G.S. 143-128(a).
 3. The project shall be bid using a statutorily authorized bidding method (separate-prime, single-prime, or dual bidding) as required under G.S. 143-129(a1).
- J. Contracts for Architectural and Engineering Services costing under \$250,000 shall be procured using the state “Mini-Brooks Act” requirements (G.S. 143-64.31) as follows:**
1. Issue a Request for Qualifications (RFQ) to solicit qualifications from qualified firms (formal advertisement in a newspaper is not required). Price (other than unit cost) shall not be solicited in the RFQ.
 2. Take affirmative steps to solicit price quotes from M/WBE vendors and suppliers as provided for under 2 C.F.R. § 200.321.
 3. Evaluate the qualifications of respondents based on the evaluation criteria developed by the Legal and/or Requesting Department.
 4. Rank respondents based on qualifications and select the best qualified firm. Price cannot be a factor in the evaluation. Preference may be given to in-state (but not local) firms.

5. Negotiate fair and reasonable compensation with the best qualified firm. If negotiations are not successfully, repeat negotiations with the second-best qualified firm.
6. Award the contract to best qualified firm with whom fair and reasonable compensation has been successfully negotiated. Governing board approval is not required.

K. Contracts for Architectural and Engineering Services costing \$250,000 or more shall be procured using the Uniform Guidance “competitive proposal” procedure (2 C.F.R. § 200.320(d)(5)) as follows:

1. Publically advertise a Request for Qualifications (RFQ) to solicit qualifications from qualified firms (formal advertisement in a newspaper is not required). Price (other than unit cost) shall not be solicited in the RFQ.
2. Take affirmative steps to solicit price quotes from M/WBE vendors and suppliers as provided under 2 C.F.R. § 200.321.
3. Identify the evaluation criteria and relative importance of each criteria (the criteria weight) in the RFQ.
4. Proposals must be solicited from an “adequate number of qualified sources” (an individual federal grantor agency may issue guidance interpreting “adequate number”).
5. Must have a written method for conducting technical evaluations of proposals and selecting the best qualified firm.
6. Consider all responses to the publicized RFQ to the maximum extent practical.
7. Evaluate qualifications of respondents to rank respondents and select the most qualified firm. Preference may be given to in-state (but not local) firms provided that granting the preference leaves an appropriate number of qualified firms to compete for the contract given the nature and size of the project.
8. Price cannot be a factor in the initial selection of the most qualified firm.
9. Once the most qualified firm is selected, negotiate fair and reasonable compensation. If negotiations are not successfully, repeat negotiations with the second-best qualified firm.
10. Award the contract to best qualified firm with whom fair and reasonable compensation has been successfully negotiated. Governing board approval is not required.

V. Exceptions

Non-competitive contracts are allowed **only** under the following conditions and with the written approval of the federal agency or state pass-through agency that awarded the federal funds:

- A. Sole Source.** A contract may be awarded without competitive bidding when the item is available from only one source. The Legal Department and/or Requesting Department shall document the justification for and lack of available competition for the item. A sole source contract must be approved by the governing board.
- B. Public Exigency.** A contract may be awarded without competitive bidding when there is a public exigency. A public exigency exists when there is an imminent or actual threat to public health, safety, and welfare, and the need for the item will not permit the delay resulting from a competitive bidding.
- C. Inadequate Competition.** A contract may be awarded without competitive bidding when competition is determined to be inadequate after attempts to solicit bids from a number of sources as required under this Policy does not result in a qualified winning bidder.
- D. Federal Contract.** A contract may be awarded without competitive bidding when the purchase is made from a federal contract available on the U.S. General Services Administration schedules of contracts.
- E. Awarding Agency Approval.** A contract may be awarded without competitive bidding with the express written authorization of the federal agency or state pass-through agency that awarded the federal funds so long as awarding the contract without competition is consistent with state law.

W. Purchasing Procedures

In order to properly encumber all purchases, the County of Currituck requires the following procedures:

- A.** Adequate budgeted funds must be available.
- B.** Purchase orders must be approved by the Finance Director prior to making any purchase or receiving any services that exceed One Hundred Dollars (\$100). Exceptions: items purchased on County issued purchasing card or other County held credit card, monthly utilities, travel advance or reimbursement requests, payments made on behalf of Social Services clients from the client trust funds.

- C. Certificates of Insurance, naming the County of Currituck as an additional insured are required for all service contracts exceeding Three Thousand Dollars (\$3,000).
- D. Contracts are required for all services exceeding Three Thousand Dollars (\$3,000).
- E. Contracts are required for all purchases of goods exceeding Ten Thousand Dollars (\$10,000) if any part of the purchase utilizes federal funds.
- F. Contracts are required for all purchases of goods exceeding Ninety Thousand Dollars (\$90,000) that has no federal funds.

ABSENT:	Paul M. Beaumont, Commissioner, Selina S. Jarvis, Commissioner

PUBLIC COMMENT

Please limit comments to matters other than those appearing on this agenda as a Public Hearing. Public comments are limited to 3 minutes.

Abby Rose, Brooke Matusko & Claudia Morgan, Currituck County High School students who participate in the Agricultural Education program, discussed the dilapidated condition of the school's greenhouse and the need for a new one. Ms. Rose talked of her attempts to seek alternative sources for funds and Ms. Matusko and Ms. Morgan talked about the poor condition of the current greenhouse, including broken heating and cooling systems, and the

negative effects these conditions have on the agriculture program. Commissioners were asked to consider funding a new greenhouse.

COMMISSIONER'S REPORT

Chairman White acknowledged absences of Commissioner Beaumont and Commissioner Jarvis and announced the Board's attendance at Cooperative Extension's Report to the People prior to the meeting. He reported an information page is available on the county website, www.CurrituckInfo.com, which contains information for residents and property owners who may be affected by service districts Commissioners are considering in some areas.

Commissioner Payment attended the high school musical over the weekend and congratulated all involved on a great performance. He asked everyone to remember volunteer firefighters and first responders and thanked Telecommunicators for their contributions as a first responders in honor of Telecommunicators Week. Commissioner Payment encouraged people to attend the upcoming Lower Currituck Volunteer Fire Department Fish Fry.

Commissioner Mary Etheridge reported her attendance the North Carolina Association of County Commissioners conference where Medicaid transformation was discussed. She announced the upcoming National Association of Counties Annual Conference this July in Clark County, Las Vegas, Nevada, which she would like to attend. Commissioner Mary Etheridge thanked Chairman White for a press release with information on Moyock Park.

Commissioner McCord also honored Telecommunicators and noted the phenomenal dispatchers who work in Currituck County.

Commissioner J. Owen Etheridge, echoing earlier comments, noted his wife is a Telecommunicator and commended them for the job they do. He attended the Currituck Chamber Social and said what a nice event it was. He referred to the earlier public comments and discussed leadership roles and student successes of those who participate in Future Farmers of America and Agricultural programs.

ADMINISTRATIVE REPORTS

A. YMCA of South Hampton Roads-Annual Update

Billy George, President and CEO of YMCA of South Hampton Roads, and Dean Mattix, Regional Director, presented the YMCA's annual report to the Board of Commissioners. During review, it was noted the facility is strong, and statistics for attendance, membership and financial assistance figures were presented. The All Kids Swim program was discussed, which offers no-cost swim lessons for kindergarten students. Mr. George announced his retirement at the end of the year and Mr. Mattix talked of the YMCA's partnership with the county. He thanked County Manager, Dan Scanlon, for his years of service on the YMCA Board.

Commissioner Mary Etheridge asked about Silver Sneakers, a collaborative membership program for senior citizens. Mr. George said there is not enough volume in Currituck for it to be financially viable.

PUBLIC HEARINGS**PB 13-04: Motion for Recusal of Chairman White**

County Attorney, Ike McRee, described how a Use Permit differs from a legislative matter, and reviewed the quasi-judicial process, determinations pertaining to the required findings of fact, and the type of evidence and testimony Commissioners may consider during the hearing. He presented procedural process that would be followed for consideration of the use permit. As Chairman White is the applicant in the matter, a motion for his recusal was made by Commissioner Payment. Commissioner McCord seconded the motion. The motion passed unanimously and Chairman White moved to the podium for swearing in.

RESULT:	APPROVED [UNANIMOUS]
MOVER:	Mike H. Payment, Vice Chairman
SECONDER:	Kevin E. McCord, Commissioner
AYES:	Bob White, Chairman, Mike H. Payment, Vice Chairman, J. Owen Etheridge, Commissioner, Mary "Kitty" Etheridge, Commissioner, Kevin E. McCord, Commissioner
ABSENT:	Paul M. Beaumont, Commissioner, Selina S. Jarvis, Commissioner

A. PB 13-04 Bob's Wild Horse Tours, LLC

APPLICATION SUMMARY	
Property Owner: Robert White 818 Corolla Drive Corolla, NC 27927	Applicant: JF Brown Distributing Co., Inc. 818 Corolla Drive Corolla, NC 27927
Case Number: PB13-04	Application Type: Amended Use Permit
Parcel Identification Number: 116H-000-817B-0000	Existing Use: Shopping Center
Land Use Plan Classification: Full Service in Corolla Subarea	Parcel Size (Acres): Total Shopping Center Area: 12.78 Lot Area: 7.34 Condo Unit B: .08
Request: Amended Use Permit for Outdoor Tour Operator (Horse Tours)	Zoning: SFO with PUD Overlay and GB Allocation

SURROUNDING PARCELS		
	Land Use	Zoning
North	Commercial	SFO with PUD Overlay and GB Allocation
South	Residential	SFO with PUD Overlay
East	Residential	SFO
West	Commercial	SFO with PUD Overlay and GB Allocation

The applicant has requested an amendment to the existing use permit to allow for the operation of two additional outdoor tour vehicles with a maximum capacity of 15 patrons each. The current use permit for this property allows for three vehicles and Bob's Wild Horse Tours operates three outdoor tour vehicles from the property. Approval of this use permit amendment will result in operation of five outdoor tour vehicles. Adequate parking is available on-site.

Outdoor tour operators are regulated by the Currituck County Code of Ordinances, Chapter 8. The

Code of Ordinances requires an outdoor tour operator to obtain a use permit in order to qualify for an outdoor tour operator license or to operate an outdoor tour vehicle in the off-road area. The Code of Ordinances limits the number of tour vehicles to five or the amount approved in the associated use permit.

RECOMMENDATIONS
TECHNICAL REVIEW COMMITTEE

The Technical Review Committee recommends **adoption** of the use permit subject to the following:

1. The conditions of approval necessary to ensure compliance with the review standards of the UDO and to prevent or minimize adverse effects of the development application on surrounding lands include:
 - a. An outdoor tour operator license is required per Chapter 8, Article IV of the Currituck County Code of Ordinances.
 - b. Outdoor tour operations shall comply with all standards of Chapter 8, Article IV of the Currituck County Code of Ordinances.
 - c. A maximum of five 15-passenger vehicles may be operated for outdoor tours at any given time.
 - d. Tour vehicles shall be labeled with decals or paint markings that clearly display the company name in accordance with the license requirements of Chapter 8, Article IV of the Currituck County Code of Ordinances.

USE PERMIT REVIEW STANDARDS
A use permit shall be approved on a finding that the applicant demonstrates the proposed use will meet the below requirements. It is staff's opinion that the evidence in the record, prepared in absence of testimony presented at a public hearing, supports the preliminary findings.

The use will not endanger the public health or safety.

Preliminary Applicant Findings:

1. The use will not endanger the public health or safety.
2. The business has been in operation serving the public for 21 years.
3. The business does not use chemicals or any other products that could be considered a health or safety issue.
4. All vehicles have a roll over protective structure to ensure safe passage for patrons.

The use will not injure the value of adjoining or abutting lands and will be in harmony with the area in which it is located.

Preliminary Applicant Findings:

1. The use will not injure the value of adjoining or abutting lands or businesses.
2. Bob's Wild Horse Tours, LLC has been in business since 1997.
3. No problems have been reported.
4. Bob's Wild Horse Tours, LLC is an anchor business for the shopping center.
5. 25,000 patrons will visit other businesses thereby increasing sales and sales tax.
6. The business will expand the county's tax base.

The use will be in conformity with the Land Use Plan or other officially adopted plans.

Preliminary Staff Findings:

1. The 2006 Land Use Plan classifies this site as Full Service within the Corolla subarea. The proposed use is in keeping with the policies of the plan, some of which are:
 - a. Policy ED1: New and expanding industries and businesses should be especially encouraged that: 1) diversify the local economy, 2) train and utilize a more highly skilled labor force, and 3) are compatible with the environmental quality and natural amenity-based economy of Currituck County.
 - b. Policy OB2: So as to minimize COMMERCIAL STRIP DEVELOPMENT and

maximize the traffic moving capability of NC 12, Currituck County shall encourage commercial development to cluster at appropriate locations rather than dispersing along NC 12.

- c. Policy HP3: Development of the Tourism and Educational Potential of the area's architectural, historic and cultural resources shall be encouraged.

The use will not exceed the county's ability to provide adequate public facilities, including, but not limited to: schools, fire and rescue, law enforcement, and other county facilities. Applicable state standards and guidelines shall be followed for determining when public facilities are adequate.

Preliminary Staff Findings:

1. The proposed use will have no impact on schools.
2. Currituck County has adequate public facilities to serve this use in the existing Monterey Plaza Shopping Center.

Use Permit - LUP

Vice-Chairman Payment assumed duties of Chairman and parties were sworn in. Commissioners noted ex-parte communications and Mr. McRee explained the reasons why ex-parte communications are not to be considered during deliberation.

Planning and Community Development Director, Laurie LoCicero, reviewed the application for an amended use permit with the Board and presented conditions for

approval as recommended by staff and Technical Review Committee. Ms. LoCicero responded to questions from the Board.

Applicant, Bob White, provided additional detail in response to earlier questions posed by Commissioners. Mr. White provided a brief overview of the application and presented county policies, economic benefits, and other data to support approval relative to the required findings of fact. Mr. White said it is his intent to close one of his other tour businesses, which would result in a net reduction in the total number of vehicles he uses from eight to seven. He responded to questions from Commissioners.

Vice-Chairman Payment opened the Public Hearing.

Don Hufnagle of Carova said Mr. White addressed many of his concerns during his presentation. He said people are worried that tour vehicles would be added. He asked if a contingency to close the other business could be included as part of the use permit. Mr. Hufnagle agreed with other speakers that public notification was insufficient.

Martha Chedister, a resident of Swan Beach, said she wants to ensure horse tours are not increasing and believes they have a negative impact to roads, the environment and property values.

Julia Hashagen, a Corolla off-road property owner, said resident notifications by the county are not sufficient. She said she does not experience peaceful enjoyment of her property and described how tours consistently pull into her private driveway. She discussed impacts of tours on the area. She asked the Board to delay to allow time for resident notification.

Ms. LoCicero reviewed public notification and advertising requirements that were followed per state statute, which included a community meeting held by Mr. White. Mr. White also responded to some of the comments and questions raised during public hearing. He talked of outdoor tour operator licensing and regulations and communication and public notification processes. He said his business has a low rate of complaints, and Commissioner McCord confirmed the statement noting Mr. White's business had the least amount of complaints when he researched the numbers.

When asked, Mr. White discussed licensing requirements for tour operators and the original intent of the licensing ordinance, which capped the number of tour businesses. He said there is an issue he is trying to address within the ordinance that pertains to the number of allowable tour vehicles. Cooperation within the industry, requirements for vehicle licensing, and driver training were reviewed.

Mary DiDario, a business owner in Monterey Plaza Shopping Center where Mr. White's business is located, said she did not receive notification. She voiced concerns with parking at location and questioned how vehicles would be policed. Mr. White said more vehicles are parked there presently due to the closing of the other business, and he explained the required licensing and color coded plates on each tour vehicle for identification purposes. He reviewed the parking at the location and the system he has in place for loading and unloading tour vehicles. He said he has had no complaints about parking at the location.

Mr. McRee, in response to the question, said tour licenses cannot be sold to another party. There were no further speakers and Vice-Chairman Payment closed the Public Hearing.

Commissioner McCord moved to approve PB 13-04: Bob's Wild Horse Tours amended use permit with staff recommendations because the applicant has demonstrated the proposed use meets the use permit review standards of the Unified Development Ordinance (UDO), to include the following conditions and staff recommendations: An outdoor tour operator license is required per Chapter 8, Article IV of the Currituck County Code of Ordinances; outdoor tour operations shall comply with all standards of Chapter 8, Article IV of the Currituck County Code of Ordinances; A maximum of five, 15-passenger vehicles may be operated for outdoor tours at any given time; tour vehicles shall be labeled with decals or paint markings that clearly display the company name in accordance with the license requirements of Chapter 8, Article IV of the Currituck County Code of Ordinances.

The motion was seconded by Commissioner J. Owen Etheridge. The motion passed unanimously.

Commissioners discussed community notification. Chairman White re-joined the Board of Commissioners.

RESULT:	APPROVED [UNANIMOUS]
MOVER:	Kevin E. McCord, Commissioner
SECONDER:	J. Owen Etheridge, Commissioner
AYES:	Bob White, Chairman, Mike H. Payment, Vice Chairman, J. Owen Etheridge, Commissioner, Mary "Kitty" Etheridge, Commissioner, Kevin E. McCord, Commissioner
ABSENT:	Paul M. Beaumont, Commissioner, Selina S. Jarvis, Commissioner

RECESS

Chairman White called a brief recess at 7:29 PM. The meeting reconvened at 7:38 PM.

NEW BUSINESS

A. Consideration of Resolution Amending County Master Fee Schedule for Mainland Water, Mainland Wastewater and Southern Outer Banks Systems in Accordance With the Currituck County Water and Wastewater System Development Fee Study

Ike McRee, County Attorney, reviewed the new legislation requiring counties to perform a developmental system fee analysis to determine appropriate fees. He discussed the earlier work session and comment and hearing requirements, and reviewed the resolution to revise the Master Fee Schedule and put the new fees into effect.

Commissioner Mary Etheridge moved to approve the Resolution Amending the County Master Fee Schedule for the Mainland Water, the Mainland Wastewater, the Southern Outer Banks System in accordance with the Currituck County water and wastewater

system development fee study. The motion was seconded by Commissioner Payment. The motion passed unanimously.

RESOLUTION OF THE BOARD OF COMMISSIONERS FOR CURRITUCK COUNTY, NORTH CAROLINA AMENDING THE MASTER FEE SCHEDULE IN ACCORDANCE WITH THE PUBLIC WATER AND SEWER SYSTEM DEVELOPMENT FEE ACT

WHEREAS, pursuant to N.C. Gen. Stat. §153A-102 a county's board of commissioners may fix the fees charged by the county; and

WHEREAS, pursuant to Article 8 of Chapter 162A of the General Statutes of North Carolina, the "Public Water and Sewer System Development Fee Act, (the "Act"), a county shall conform its water and sewer system development fees; and

WHEREAS, pursuant to the Act the county has calculated water and sewer system development fees based on a written analysis; and

WHEREAS, on April 1, 2019 the Board of Commissioners held a public hearing after proper notice on water and sewer system development fees that will conform to the requirements of the Act.

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners for Currituck County, North Carolina that:

Section 1. The Currituck County Master Fee Schedule is amended as set forth in the Exhibit A attached to this resolution and incorporated herein by reference.

Section 2. This resolution is effective upon its adoption.

ADOPTED the 15th day of April, 2019.

Bob White, Chair
Board of Commissioners

ATTEST:

Leeann Walton,

RESULT:	APPROVED [UNANIMOUS]
MOVER:	Mary "Kitty" Etheridge, Commissioner
SECONDER:	Mike H. Payment, Vice Chairman

ABSENT:	Paul M. Beaumont, Commissioner, Selina S. Jarvis, Commissioner

B. Resolution Supporting North Carolina House Bill 541 to Change the Property Tax Exclusion for Solar Energy Electric Systems from 80% to 60% and Allocate Certain Proceeds for Public Education Purposes

Communication: Minutes for April 15, 2019 (Approval Of Minutes for April 15, 2019)

Commissioner Payment made a motion to approve the Resolution. Commissioner McCord seconded the motion. The motion passed unanimously.

**RESOLUTION OF THE CURRITUCK COUNTY BOARD OF COMMISSIONERS
SUPPORTING HOUSE BILL 541 TO REDUCE THE PROPERTY TAX
EXCLUSION FOR SOLAR ENERGY ELECTRIC SYSTEMS AND ALLOCATE
CERTAIN TAX PROCEEDS FOR PUBLIC EDUCATION PURPOSES**

WHEREAS, on January 1, 2016 the North Carolina law allowing a thirty-five percent tax credit on renewable energy production systems ended; and

WHEREAS, the State of North Carolina allowing this law to expire demonstrates incentives are no longer necessary for an already vibrant solar industry to be successful in North Carolina; and

WHEREAS, N.C. Gen. Stat. §105-275(45) still allows the exclusion of eighty percent of the appraised value of solar energy electric systems from local ad valorem tax valuation; and

WHEREAS, in September, 2017, Currituck County Commissioners adopted a Resolution requesting the repeal of N.C. Gen. Stat. §105-275(45) to remove the eighty percent exclusion on valuations for solar energy electric systems; and

WHEREAS, any community hosting solar energy electric systems should receive the full financial benefit of such development, Currituck County would favor any legislation that will eliminate or reduce the property tax exclusion for solar energy electric systems; and

WHEREAS, upon passage of House Bill 541, Currituck County would expect to receive an additional \$183,052.00 in revenues; and

WHEREAS, the Currituck County Board of Commissioners supports HB 541 because it reduces the tax exemption requirement for local governments, provides additional revenues for local governments, enhances public education, and is an acknowledgement that the solar energy industry can be financially independent.

NOW, THEREFORE BE IT RESOLVED,

Section 1. Currituck County requests that its legislative delegation support House Bill 541 to reduce the local government property tax exclusion for solar energy electric systems.

Section 2. The Clerk to the Board of Commissioners is directed to forward a copy of this resolution to the county's legislative delegation.

Section 3. This resolution is effective upon its adoption.

ADOPTED the 15th day of April, 2019.

Bob White, Chairman

Communication: Minutes for April 15, 2019 (Approval Of Minutes for April 15, 2019)

D) County Manager's Report

Commissioner Payment announced that North Carolina Department of Transportation has scheduled a resurfacing for North Carolina Highway 158 at the southern end of the county. Commissioner McCord reported on the current resurfacing in the northern part of the county, and County Manager, Dan Scanlon, provided an update on the next phases to project completion.

ADJOURN

Motion to Adjourn Meeting

There was no further business and Commissioner J. Owen Etheridge moved for adjournment. The motion was seconded by Commissioner Mary Etheridge. The motion passed unanimously and the meeting of the Board of Commissioners adjourned at 7:45 PM.

RESULT:	APPROVED [UNANIMOUS]
MOVER:	J. Owen Etheridge, Commissioner
SECONDER:	Mary "Kitty" Etheridge, Commissioner
AYES:	Bob White, Chairman, Mike H. Payment, Vice Chairman, J. Owen Etheridge, Commissioner, Mary "Kitty" Etheridge, Commissioner, Kevin E. McCord, Commissioner
ABSENT:	Paul M. Beaumont, Commissioner, Selina S. Jarvis, Commissioner

SPECIAL MEETING OF THE OCEAN SANDS WATER & SEWER DISTRICT BOARD

The Currituck County Board of Commissioners held a Special Meeting sitting as the Ocean Sands Water & Sewer District Board on May 6, 2019, immediately after adjournment of the 6:00 PM regular meeting. The Special Meeting was held in the Board Meeting Room of the Historic Courthouse, 153 Courthouse Road, Currituck, North Carolina. The purpose of the meeting was to hold a public hearing to receive comments on the developmental fees analysis performed for the Ocean Sands Water & Sewer District and to consider budget amendments.

Public Hearing: Development Fee Analysis and Rate Structure for the Ocean Sands Water and Sewer District

Eric Weatherly, County Engineer, used a power point to define and review the processes and calculation methods used by Raftelis Financial Consultants, Inc., to perform a developmental fee analysis for determination of rates for Ocean Sands district water and wastewater.

The Board noted the significant increase in the maximum fees established through the analysis. Development, growth and future challenges with the existing utility were discussed. County Manager, Dan Scanlon, explained the purpose of the analysis and said the fees are set so the cost of the service is covered. He said no feedback was received during the forty-five day public comment period.

Board discussion concluded and Chairman White opened the Public Hearing. No one was signed up nor wished to speak and the Public Hearing was closed. Mr. Scanlon said a Resolution would be included on the next meeting agenda for adoption of Developmental Fees for Ocean Sands.

OSWSD-Budget Amendments

County Manager, Dan Scanlon, reviewed the budget amendment for the Board. There was no discussion and Commissioner McCord moved for approval. The motion was seconded by Commissioner J. Owen Etheridge. The motion passed unanimously.

			Debit		Credit

**RESOLUTION
APPROVING THE EXHIBITION, USE AND DISCHARGE OF
PYROTECHNICS AT WHALEHEAD IN HISTORIC COROLLA
COROLLA, NORTH CAROLINA**

WHEREAS, pursuant to N.C. Gen. Stat. §14-410 and §14-413, a display operator that will exhibit, use or discharge pyrotechnics at a public exhibition must receive written authority for such public exhibition from the Board of Commissioners for a county; and

WHEREAS, a display operator must provide proof of insurance in the amount of at least \$500,000.00; and

WHEREAS, Dominion Fireworks, Inc. is under contract with Currituck County to provide an exhibition of fireworks at the county's property known as Whalehead in Historic Corolla, Corolla, North Carolina, on Thursday, July 4, 2019, which will be a public exhibition, and Dominion Fireworks, Inc. has provided a certificate of insurance evidencing insurance coverage in an amount in excess of \$500,000.00.

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners for Currituck County, North Carolina, that:

Section 1. Dominion Fireworks, Inc., is authorized to exhibit, use or discharge pyrotechnics for public exhibition at that property known as Whalehead in Historic Corolla, 1100 Club Road, Corolla, North Carolina on Thursday, July 4, 2019.

Section 2. This resolution shall be effective upon adoption.

ADOPTED this 6th day of May, 2019.

APPLICANT ASSURANCES

The applicant hereby assures and certifies that it will comply with the FEMA regulations, policies, guidelines and requirements including OMB's Circulars No. A-95 and A-102, and FMC 74-4, as they relate to the application, acceptance and use of Federal funds for this Federally assisted project. Also, the Applicant gives assurance and certifies with respect to and as a condition for the grant that:

1. It possesses legal authority to apply for the grant, and to finance and construct the proposed facilities; that a resolution, motion or similar action has been duly adopted or passed as an official act of the applicant's governing body, authorizing the filing of the application, including all understandings and assurances contained therein, and directing and authorizing the person identified as the official representative of the applicant to act in connection with the application and to provide such additional information as may be required.
2. It will comply with the provisions of: Executive Order 11988, relating to Floodplain Management and Executive Order 11990, relating to Protection of Wetlands.
3. It will have sufficient funds available to meet the non-Federal share of the cost for construction projects. Sufficient funds will be available when construction is completed to assure effective operation and maintenance of the facility for the purpose constructed.
4. It will not enter into a construction contract(s) for the project or undertake other activities until the conditions of the grant program(s) have been met.
5. It will provide and maintain competent and adequate architectural engineering supervision and inspection at the construction site to insure that the completed work conforms with the approved plans and specifications; that it will furnish progress reports and such other information as the Federal grantor agency may need.
6. It will operate and maintain the facility in accordance with the minimum standards as may be required or prescribed by the applicable Federal, State and local agencies for the maintenance and operation of such facilities.
7. It will give the grantor agency and the Comptroller General, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the grant.
8. It will require the facility to be designed to comply with the "American Standard Specifications for Making Buildings and Facilities Accessible to, and Usable by the Physically Handicapped," Number A117.1-1961, as modified (41 CFR 101-17-7031). The applicant will be responsible for conducting inspections to insure compliance with these specifications by the contractor.
9. It will cause work on the project to be commenced within a reasonable time after receipt of notification from the approving Federal agency that funds have been approved and will see that work on the project will be prosecuted to completion with reasonable diligence.
10. It will not dispose of or encumber its title or other interests in the site and facilities during the period of Federal interest or while the Government holds bonds, whichever is the longer.
11. It agrees to comply with Section 311, P.L. 93-288 and with Title VI of the Civil Rights Act of 1964 (P.L. 83-352) and in accordance with Title VI of the Act, no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the applicant receives Federal financial assistance and will immediately take any measures necessary to effectuate this agreement. If any real property or structure is provided or improved with the aid of Federal financial assistance extended to the Applicant, this assurance shall obligate the Applicant, or in the case of any transfer of such property, any transferee, for the period during which the real property or structure is used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.
12. It will establish safeguards to prohibit employees from using their positions for a purpose that is or gives the appearance of being motivated by a desire for private gain for themselves or others, particularly those with whom they have family, business, or other ties.
13. It will comply with the requirements of Title II and Title III of the Uniform Relocation Assistance and Real Property Acquisitions Act of 1970 (P.L. 91-646) which provides for fair and equitable treatment of persons displaced as a result of Federal and Federally assisted programs.
14. It will comply with all requirements imposed by the Federal grantor agency concerning special requirements of law, program requirements, and other administrative requirements approved in accordance with OMB Circular A-102, P.L. 93-288 as amended, and applicable Federal Regulations.
15. It will comply with the provisions of the Hatch Act which limit the political activity of employees.
16. It will comply with the minimum wage and maximum hours provisions of the Federal Fair Labor Standards Act, as they apply to hospital and educational institution employees of State and local governments.
17. (To the best of his/her knowledge and belief) the disaster relief work described on each Federal Emergency Management Agency (FEMA) Project Application for which Federal Financial assistance is requested is eligible in accordance with the criteria contained in 44 Code of Federal Regulations, Part 206, and applicable FEMA Handbooks.
18. The emergency or disaster relief work therein described for which Federal Assistance is requested hereunder does not or will not duplicate benefits received for the same loss from another source.
19. It will (1) provide without cost to the United States all lands, easements and rights-of-way necessary for accomplishments of the approved work; (2) hold and save the United States free from damages due to the approved work or Federal funding.
20. This assurance is given in consideration of and for the purpose of obtaining any and all Federal grants, loans, reimbursements, advances, contracts, property, discounts of other Federal financial assistance extended after the date hereof to the Applicant by FEMA, that such Federal Financial assistance will be extended in reliance on the representations and agreements made in this assurance and that the United States shall have the right to seek judicial enforcement of this assurance. This assurance is binding on the applicant, its successors, transferees, and assignees, and the person or persons whose signatures appear on the reverse as authorized to sign this assurance on behalf of the applicant.
21. It will comply with the flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973, Public Law 93-234, 87 Stat. 975, approved December 31, 1973. Section 102(a) requires, on and after March 2, 1975, the purchase of flood insurance in communities where such insurance is available as a condition for the receipt of any Federal financial assistance for construction or acquisition purposes for use in any area that has been identified by the Director, Federal Emergency Management Agency as an area having special flood hazards. The phrase "Federal financial assistance" includes any form of loan, grant, guaranty, insurance payment, rebate, subsidy, disaster assistance loan or grant, or any other form of direct or indirect Federal assistance.
22. It will comply with the insurance requirements of Section 314, PL 93-288, to obtain and maintain any other insurance as may be reasonable, adequate, and necessary to protect against further loss to any property which was replaced, restored, repaired, or constructed with this assistance.
23. It will defer funding of any projects involving flexible funding until FEMA makes a favorable environmental clearance, if this is required.
24. It will assist the Federal grantor agency in its compliance with Section 106 of the National Historic Preservation Act of 1966, as amended, (16 U.S.C. 470), Executive Order 11593, and the Archeological and Historic Preservation Act of 1966 (16 U.S.C. 469a-1 et seq.) by (a) consulting with the State Historic Preservation Officer on the conduct of investigations, as necessary, to identify properties listed in or eligible for inclusion in the National Register of Historic places that are subject to adverse effects (see 36 CFR Part 800.8) by the activity, and notifying the Federal grantor agency of the existence of any such properties, and by (b) complying with all requirements established by the Federal grantor agency to avoid or mitigate adverse effects upon such properties.
25. It will, for any repairs or construction financed herewith, comply with applicable standards of safety, decency and sanitation and in conformity with applicable codes, specifications and standards; and, will evaluate the natural hazards in areas in which the proceeds of the grant or loan are to be used and take appropriate action to mitigate such hazards, including safe land use and construction practices.

STATE ASSURANCES

The State agrees to take any necessary action within State capabilities to require compliance with these assurances and agreements by the applicant or to assume responsibility to the Federal government for any deficiencies not resolved to the satisfaction of the Regional Director.

COUNTY OF CURRITUCK CAPITAL PROJECT ORDINANCE

BE IT ORDAINED by the Currituck County Board of Commissioners, North Carolina that pursuant to Section 13.2 of Chapter 159 of the General Statutes of North Carolina, the following capital project ordinance is hereby adopted:

SECTION 1. The projects authorized are HVAC upgrades to the Jarvisburg and Shawboro elementary schools.

SECTION 2. The following amounts are appropriated for the project:

Shawboro Elementary School HVAC Upgrade May 2019	\$	18,225
Jarvisburg Elementary School HVAC Upgrade May 2019	\$	32,250
	\$	<u>50,475</u>

SECTION 3. The following revenues are available to complete this project:

State Lottery Proceeds	\$	50,475
	\$	<u>50,475</u>

SECTION 4. The Finance Director is hereby directed to report, on a quarterly basis, on the financial status of each project element delineated in Section 2 above.

SECTION 5. SPECIAL APPROPRIATIONS AND RESTRICTIONS

The Budget Officer is hereby authorized to transfer appropriations within the fund as contained herein under the following conditions:

- a. He may transfer amounts between object line items within the fund up to One Thousand dollars (\$1,000).

SECTION 6. CONTRACTUAL OBLIGATIONS

The County Manager is hereby authorized to execute contractual documents under the following conditions:

- a. He may execute contracts for construction or repair projects which do not require formal competitive bid procedures.
- b. He may execute contracts for (1) purchases of apparatus, supplies, and

- materials, or equipment which are within the budgeted departmental appropriations; (2) leases of personal property for a duration of one year or less and within budgeted departmental appropriations; and (3) services which are within budgeted departmental appropriations.
- c. He may execute contracts, as the lessor or lessee of real property, which are of a duration of one year or less which are within the budgeted departmental appropriations.

SECTION 7. USE OF BUDGET ORDINANCE

The Budget Officer and the Finance Director shall use this capital project ordinance for administration of the budget and for the accounting system.

ADOPTED this 6th day of May 2018.

Bob White, Chairman
Board of Commissioners

CONTRACT TO AUDIT ACCOUNTS

Rev. 10/2018

The of and	Governing Board
	Board of Commissioners
	Primary Government Unit
	Currituck County
	Discretely Presented Component Unit (DPCU) (if applicable)
	N/A

Primary Government Unit, together with DPCU (if applicable), hereinafter referred to as Governmental Unit(s)

and	Auditor Name
	Carr, Riggs & Ingram LLC
	Auditor Address
	P.O. Box 1547 New Bern, NC 28563

Hereinafter referred to as Auditor

for	Fiscal Year Ending	Audit Report Due Date
	06/30/19	10/31/19

Must be within four months of FYE

hereby agree as follows:

1. The Auditor shall audit all statements and disclosures required by U.S. generally accepted auditing standards (GAAS) and additional required legal statements and disclosures of all funds and/or divisions of the Governmental Unit(s). The non-major combining, and individual fund statements and schedules shall be subjected to the auditing procedures applied in the audit of the basic financial statements and an opinion shall be rendered in relation to (as applicable) the governmental activities, the business- type activities, the aggregate DPCUs, each major governmental and enterprise fund, and the aggregate remaining fund information (non-major government and enterprise funds, the internal service fund type, and the fiduciary fund types).

2. At a minimum, the Auditor shall conduct his/her audit and render his/her report in accordance with GAAS. The Auditor shall perform the audit in accordance with *Government Auditing Standards* if required by the State Single Audit Implementation Act, as codified in G.S. 159-34. If required by OMB *Uniform Administration Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the State Single Audit Implementation Act, the Auditor shall perform a Single Audit. This audit and all associated audit documentation may be subject to review by Federal and State agencies in accordance with Federal and State laws, including the staffs of the Office of State Auditor (OSA) and the Local Government Commission (LGC). If the audit requires a federal single audit performed under the requirements found in Subpart F of the Uniform Guidance (§200.501), it is recommended that the Auditor and Governmental Unit(s) jointly agree, in advance of the execution of this contract, which party is responsible for submission of the audit and the accompanying data collection form to the Federal Audit Clearinghouse as required under the Uniform Guidance (§200.512).

If the audit and Auditor communication are found in this review to be substandard, the results of the review may be forwarded to the North Carolina State Board of CPA Examiners (NC State Board).

County and Multi-County Health Departments: The Office of State Auditor will require Auditors of these Governmental Units to perform agreed upon procedures (AUPs) on eligibility determination on certain programs. Both Auditor and Governmental Unit agree that Auditor shall complete and report on these AUPs on

eligibility determination as required by OSA and in accordance with the instructions and timeline provided by OSA.

3. If an entity is determined to be a component of another government as defined by the group audit standards, the entity's auditor shall make a good faith effort to comply in a timely manner with the requests of the group auditor in accordance with AU-6 §600.41 - §600.42.

4. This contract contemplates an unmodified opinion being rendered. If during the process of conducting the audit, the Auditor determines that it will not be possible to render an unmodified opinion on the financial statements of the unit, the Auditor shall contact the LGC staff to discuss the circumstances leading to that conclusion as soon as is practical and before the final report is issued. The audit shall include such tests of the accounting records and such other auditing procedures as are considered by the Auditor to be necessary in the circumstances. Any limitations or restrictions in scope which would lead to a qualification should be fully explained in an attachment to this contract.

5. If this audit engagement is subject to the standards for audit as defined in *Government Auditing Standards*, 2011 revisions, issued by the Comptroller General of the United States, then by accepting this engagement, the Auditor warrants that he/she has met the requirements for a peer review and continuing education as specified in *Government Auditing Standards*. The Auditor agrees to provide a copy of the most recent peer review report to the Governmental Unit(s) and the Secretary of the LGC prior to the execution of an audit contract. Subsequent submissions of the report are required only upon report expiration or upon auditor's receipt of an updated peer review report. If the audit firm received a peer review rating other than pass, the Auditor shall not contract with the Governmental Unit(s) without first contacting the Secretary of the LGC for a peer review analysis that may result in additional contractual requirements.

If the audit engagement is not subject to *Government Accounting Standards* or if financial statements are not prepared in accordance with U.S. generally accepted accounting principles (GAAP) and fail to include all disclosures required by GAAP, the Auditor shall provide an explanation as to why in an attachment to this contract or in an amendment.

6. It is agreed that time is of the essence in this contract. All audits are to be performed and the report of audit submitted to LGC staff within four months of fiscal year end. If it becomes necessary to amend this due date or the audit fee, an amended contract along with a written explanation of the delay shall be submitted to the Secretary of the LGC for approval.

7. It is agreed that GAAS include a review of the Governmental Unit's (Units') systems of internal control and accounting as same relate to accountability of funds and adherence to budget and law requirements applicable thereto; that the Auditor shall make a written report, which may or may not be a part of the written report of audit, to the Governing Board setting forth his/her findings, together with his recommendations for improvement. That written report shall include all matters defined as "significant deficiencies and material weaknesses" in AU-C 265 of the *AICPA Professional Standards (Clarified)*. The Auditor shall file a copy of that report with the Secretary of the LGC.

8. All local government and public authority contracts for audit or audit-related work require the approval of the Secretary of the LGC. This includes annual or special audits, agreed upon procedures related to internal controls, bookkeeping or other assistance necessary to prepare the Governmental Unit's (Units') records for audit, financial statement preparation, any finance-related investigations, or any other audit-related work in the State of North Carolina. Invoices for services rendered under these contracts shall not be paid by the Governmental Unit(s) until the invoice has been approved by the Secretary of the LGC. (This also includes any progress billings.) [G.S. 159-34 and 115C-447] All invoices for Audit work shall be submitted in PDF format to the Secretary of the LGC for approval. The invoice marked 'approved' with approval date shall be returned to

the Auditor to present to the Governmental Unit(s) for payment. Approval is not required on contracts and invoices for system improvements and similar services of a non-auditing nature.

9. In consideration of the satisfactory performance of the provisions of this contract, the Governmental Unit(s) shall pay to the Auditor, upon approval by the Secretary of the LGC, the fee, which includes any costs the Auditor may incur from work paper or peer reviews or any other quality assurance program required by third parties (federal and state grantor and oversight agencies or other organizations) as required under the Federal and State Single Audit Acts. This does not include fees for any pre-issuance reviews that may be required by the NC Association of CPAs (NCACPA) Peer Review Committee or NC State Board of CPA Examiners (see Item 12).

10. If the Governmental Unit(s) has/have outstanding revenue bonds, the Auditor shall submit to LGC staff, either in the notes to the audited financial statements or as a separate report, a calculation demonstrating compliance with the revenue bond rate covenant. Additionally, the Auditor shall submit to LGC staff simultaneously with the Governmental Unit's (Units') audited financial statements any other bond compliance statements or additional reports required by the authorizing bond documents, unless otherwise specified in the bond documents.

11. After completing the audit, the Auditor shall submit to the Governing Board a written report of audit. This report shall include, but not be limited to, the following information: (a) Management's Discussion and Analysis, (b) the financial statements and notes of the Governmental Unit(s) and all of its component units prepared in accordance with GAAP, (c) supplementary information requested by the Governmental Unit(s) or required for full disclosure under the law, and (d) the Auditor's opinion on the material presented. The Auditor shall furnish the required number of copies of the report of audit to the Governing Board upon completion.

12. If the audit firm is required by the NC State Board, the NCACPA Peer Review Committee, or the Secretary of the LGC to have a pre-issuance review of its audit work, there shall be a statement in the engagement letter indicating the pre-issuance review requirement. There also shall be a statement that the Governmental Unit(s) shall not be billed for the pre-issuance review. The pre-issuance review shall be performed prior to the completed audit being submitted to LGC Staff. The pre-issuance review report shall accompany the audit report upon submission to LGC Staff.

13. The Auditor shall submit the report of audit in PDF format to LGC Staff when (or prior to) submitting the final invoice for services rendered. The report of audit, as filed with the Secretary of the LGC, becomes a matter of public record for inspection, review and copy in the offices of the LGC by any interested parties. Any subsequent revisions to these reports shall be sent to the Secretary of the LGC along with an Audit Report Reissued Form (available on the Department of State Treasurer website). These audited financial statements, excluding the Auditors' opinion, may be used in the preparation of official statements for debt offerings by municipal bond rating services to fulfill secondary market disclosure requirements of the Securities and Exchange Commission and for other lawful purposes of the Governmental Unit(s) without requiring consent of the Auditor. If the LGC Staff determines that corrections need to be made to the Governmental Unit's (Units') financial statements, those corrections shall be provided within three business days of notification unless another deadline is agreed to by LGC staff.

If the OSA designates certain programs to be audited as major programs, as discussed in Item 2, a turnaround document and a representation letter addressed to the OSA shall be submitted to LGC Staff.

14. Should circumstances disclosed by the audit call for a more detailed investigation by the Auditor than necessary under ordinary circumstances, the Auditor shall inform the Governing Board in writing of the need for such additional investigation and the additional compensation required therefore. Upon approval by the

Attachment: Audit Contract-5-6-2019 BOC (Approval of Audit Contract for FY 2019)

Secretary of the LGC, this contract may be modified or amended to include the increased time, compensation, or both as may be agreed upon by the Governing Board and the Auditor.

15. If an approved contract needs to be modified or amended for any reason, the change shall be made in writing, on the Amended LGC-205 contract form and pre-audited if the change includes a change in audit fee (pre-audit requirement does not apply to charter schools). This amended contract shall be completed in full, including a written explanation of the change, signed and dated by all original parties to the contract. It shall then be submitted to the Secretary of the LGC for approval. No change to the audit contract shall be effective unless approved by the Secretary of the LGC, the Governing Board, and the Auditor.

16. A copy of the engagement letter, issued by the Auditor and signed by both the Auditor and the Governmental Unit(s), shall be attached to this contract, and shall be incorporated by reference as if fully set forth herein as part of this contract. In case of conflict between the terms of the engagement letter and the terms of this contract, the terms of this contract shall take precedence. Engagement letter terms that conflict with the contract are deemed to be void unless the conflicting terms of this contract are specifically deleted in Item 26 of this contract. Engagement letters containing indemnification clauses shall not be accepted by LGC Staff.

17. Special provisions should be limited. Please list any special provisions in an attachment.

18. A separate contract should not be made for each division to be audited or report to be submitted. If a DPCU is subject to the audit requirements detailed in the Local Government Budget and Fiscal Control Act and a separate audit report is issued, a separate audit contract is required. If a separate report is not to be issued and the DPCU is included in the primary government audit, the DPCU shall be named along with the parent government on this audit contract. DPCU Board approval date, signatures from the DPCU Board chairman and finance officer also shall be included on this contract.

19. The contract shall be executed, pre-audited (pre-audit requirement does not apply to charter schools), and physically signed by all parties including Governmental Unit(s) and the Auditor, then submitted in PDF format to the Secretary of the LGC.

20. The contract is not valid until it is approved by the Secretary of the LGC. The staff of the LGC shall notify the Governmental Unit and Auditor of contract approval by email. The audit should not be started before the contract is approved.

21. Retention of Client Records: Auditors are subject to the NC State Board of CPA Examiners' Retention of Client Records Rule 21 NCAC 08N .0305 as it relates to the provision of audit and other attest services, as well as non-attest services. Clients and former clients should be familiar with the requirements of this rule prior to requesting the return of records.

22. This contract may be terminated at any time by mutual consent and agreement of the Governmental Unit(s) and the Auditor, provided that (a) the consent to terminate is in writing and signed by both parties, (b) the parties have agreed on the fee amount which shall be paid to the Auditor (if applicable), and (c) no termination shall be effective until approved in writing by the Secretary of the LGC.

23. The Governmental Unit's (Units') failure or forbearance to enforce, or waiver of, any right or an event of breach or default on one occasion or instance shall not constitute the waiver of such right, breach or default on any subsequent occasion or instance.

24. There are no other agreements between the parties hereto and no other agreements relative hereto that shall be enforceable unless entered into in accordance with the procedure set out herein and approved by the Secretary of the LGC.

25. E-Verify. Auditor shall comply with the requirements of NCGS Chapter 64 Article 2. Further, if Auditor utilizes any subcontractor(s), Auditor shall require such subcontractor(s) to comply with the requirements of NCGS Chapter 64, Article 2.

26. All of the above paragraphs are understood and shall apply to this contract, except the following numbered paragraphs shall be deleted (See Item 16 for clarification).

27. The process for submitting contracts, audit reports and invoices is subject to change. Auditors and units should use the submission process and instructions in effect at the time of submission. Refer to the N.C. Department of State Treasurer website at <https://www.nctreasurer.com/slg/Pages/Audit-Forms-and-Resources.aspx>.

28. All communications regarding audit contract requests for modification or official approvals will be sent to the email addresses provided on the signature pages that follow.

FEES FOR AUDIT SERVICES

For all non-attest services, the Auditor shall adhere to the independence rules of the AICPA Professional Code of Conduct and *Governmental Auditing Standards* (as applicable). Bookkeeping and other non-attest services necessary to perform the audit shall be included under this contract. However, bookkeeping assistance shall be limited to the extent that the Auditor is not auditing his or her own work or making management decisions. The Governmental Unit shall designate an individual with the suitable skills, knowledge, and/or experience necessary to oversee the services and accept responsibility for the results of the services. Financial statement preparation assistance shall be deemed a "significant threat" requiring the Auditor to apply safeguards sufficient to reduce the threat to an acceptable level. The Auditor shall maintain written documentation of his or her compliance with these standards in the audit work papers.

Fees may not be included in this contract for work performed on Annual Financial Information Reports (AFIRs), Form 990s, or other services not associated with audit fees and costs. Such fees may be included in the engagement letter, but may not be included in this contract or in any invoices requiring approval of the LGC. See Items 8, 9, and 12 for details on other allowable and excluded fees.

Prior to submission of the completed audited financial report, applicable compliance reports and amended contract (if required) the Auditor may submit invoices for approval for services rendered, not to exceed 75% of the total of the stated fees below. If the current contracted fee is not fixed in total, invoices for services rendered may be approved for up to 75% of the prior year audit fee. Should the 75% cap provided below conflict with the cap calculated by LGC staff based on the prior year audit fee on file with the LGC, the LGC calculation prevails.

20 NCAC 03 .0505: All invoices for services rendered in an audit engagement as defined in 20 NCAC 3 .0503 shall be submitted to the Commission for approval before any payment is made. Payment before approval is a violation of law.

Currituck County
Governmental Unit

The current Peer Review Report dated March 7, 2017 for the firm of Carr, Riggs & Ingram, LLC was provided **to our Local Government** and was an attachment to the 2019 Audit Contract/Engagement Letter submitted to the Local Government Commission. The report contained a **“pass with deficiency” rating** concerning the firm’s quality control policies and procedures with respect to engagement performance in Single Audit engagements.

We do not believe this will affect the quality of audit we receive from Carr, Riggs & Ingram LLC.

INSTRUCTIONS FOR COMPLETING PETITION:

1. Complete Information Section
2. Identify Contact Person (This person serves as spokesperson for petitioner(s)).
3. Attach two (2) copies of recorded subdivision plat or property deeds, which refer to candidate road.
4. Adjoining property owners and/or the developer may submit a petition. Subdivision roads with prior NCDOT review and approval only require the developer's signature.
5. If submitted by the developer, encroachment agreements from all utilities located within the right of way shall be submitted with the petition for Road addition. However, construction plans may not be required at this time.
6. Submit to District Engineer's Office.

FOR NCDOT USE ONLY: Please check the appropriate block

☐ Rural Road ☐ Subdivision platted prior to October 1, 1975 ☐ Subdivision platted after September 30, 1975

REQUIREMENTS FOR ADDITION

If this road meets the requirements necessary for addition, we agree to grant the Department of Transportation a right-of-way of the necessary width to construct the road to the minimum construction standards of the NCDOT. The right-of-way will extend the entire length of the road that is requested to be added to the state maintained system and will include the necessary areas outside of the right-of-way for cut and fill slopes and drainage. Also, we agree to dedicate additional right-of-way at intersections for sight distance and design purposes and execute said right-of-way agreement forms that will be submitted to us by representatives of the NCDOT. The right-of-way shall be cleared at no expense to the NCDOT, which includes the removal of utilities, fences, other obstructions, etc.

General Statute 136-102.6 states that any subdivision recorded on or after October 1, 1975, must be built in accordance with NCDOT standards in order to be eligible for addition to the State Road System.

RECORDING INFORMATION ABOVE

EASEMENT AGREEMENT

The undersigned ***County of Currituck, a North Carolina Corporate and Body Politic*** (“Grantor”), whose address is P.O. Box 9, Currituck, NC 27929 for good and valuable consideration, the receipt and sufficiency of which are acknowledged, hereby grants and conveys to ***Carolina Telephone and Telegraph Company LLC***, d/b/a CenturyLink its successors, assigns, lessees, licensees, agents and affiliates (“Grantee”), having an address of 100 CenturyLink Drive, Monroe, Louisiana 71203, Attn: Construction Service, a perpetual, non-exclusive easement (“Easement”) to construct, operate, maintain, repair, expand, replace and remove a communication system that Grantee from time to time may require, consisting of but not limited to, cables, wires, conduits, manholes, drains, splicing boxes, vaults, surface location markers and cables, and other facilities and structures, including utility service if required to operate such system, facilities and structures (collectively, the “Facilities”) over, under and across the following property located in the County of Currituck, State of North Carolina, which Grantor owns (“Easement Tract”):

SEE THE DESCRIPTION SET FORTH ON **EXHIBIT A** ATTACHED TO, AND BY THIS REFERENCE MADE A PART OF, THIS AGREEMENT

Grantor further grants and conveys to Grantee the following incidental rights:

- (1) The right of ingress and egress over and across Grantor’s lands to and from the Easement Tract; and

(2) The right to clear all trees, roots, brush and other obstructions that interfere with Grantee's use and enjoyment of the Easement Tract.

Grantor reserves the right to use and enjoy the Easement Tract so long as Grantor's use does not materially interfere with the rights granted in this Easement Agreement. Grantor will not erect any structure or plant trees or other vegetation within the Easement Tract and will not alter the surface or subsurface of the Easement Tract or the ground immediately adjacent to the Easement Tract by grading or otherwise excavating, without Grantee's written consent.

Grantor warrants that Grantor is the owner of the Easement Tract and will defend title to the Easement Tract against all claims. Grantee will have no responsibility for environmental contamination unless caused by Grantee

The rights, conditions and provisions of this Easement Agreement will run with the land and will inure to the benefit of and be binding upon Grantor and Grantee and their respective successors and assigns.

(Official County Seal)

Signed by Grantor this ____ day of _____, 2019

Attachment: Currituck County - Easement Agreement (CenturyLink Easement Agreement)

EXHIBIT A TO EASEMENT AGREEMENT**Legal Description of Easement Tract**

The Easement Tract is located in the Township of Crawford, Currituck County, North Carolina within and across a tract of land known as Parcel - PIN Number 8977-94-6325 and described in the Currituck County, North Carolina Office of the Register of Deeds in Deed Book 826, Page 476, known as 120 & 130 Community Way.

The Easement Tract is a strip of land ten feet wide being five feet on each side of the centerline of the cable facilities as installed ("Centerline"). Notwithstanding the approximate description of the easement Tract herein, the actual location of the cable facilities as installed will control to determine the length and Centerline of the Easement Tract. Should the Centerline of the Easement Tract intersect the perimeter boundary of the Property, the sidelines of the Easement Tract shall extend to the said perimeter boundary. Easement Tract will be located but not limited to as shown on Exhibit A.

FIRST AMENDMENT TO SITE LICENSE AGREEMENT

This First Amendment to Site License Agreement (this “**Amendment**”), effective as of the date last signed below (“**Effective Date**”), amends a certain Site License Agreement dated January 17, 2007 between County of Currituck, a body corporate and politic existing under the laws of the State of North Carolina (“**Licensor**”), and Sprint Spectrum Realty Company, LLC (formerly a limited partnership), successor in interest to Sprint Spectrum L.P., successor in interest to Nextel Communications of the Mid-Atlantic, Inc., a Delaware corporation (“**Licensee**”) (the “**Agreement**”).

BACKGROUND

WHEREAS, Licensee desires to modify its installation on the Premises by adding or swapping out antennas and other equipment to the Facilities, as more particularly described in Exhibit A-1 annexed hereto.

WHEREAS, Licensee and Licensor desire to modify certain provisions of the Agreement as provided below.

AGREEMENT

For good and valuable consideration, the receipt and sufficiency of which are acknowledged, Licensor and Licensee agree as follows:

1. Modification to the Premises. Exhibit A to the Agreement is hereby amended to include the modifications identified on Exhibit A-1, a copy of which is attached and made a part hereof. Exhibit A-1 supplements Exhibit A to the Agreement and is not deemed to supersede or otherwise modify Exhibit A or any part thereof except to the extent specifically set forth in Exhibit A-1. Upon full execution of this Amendment, Licensee is permitted to do all work necessary to prepare, maintain and alter the Premises to install or otherwise modify the Facilities, all as more fully described and contemplated in Exhibit A-1.

2. Notice Address. The notice addresses in Section 23 of the Agreement or referenced therein for the party or parties listed below are hereby deleted in their entirety and replaced with the following:

“To Licensor:	County of Currituck County Manager’s Office 153 Courthouse Road, Suite 204 Currituck, NC 27929
To Licensee:	Sprint Property Services Sprint Site ID: NO80XC013 Mailstop KSOPHT0101-Z2650 6391 Sprint Parkway Overland Park, Kansas 66251-2650
With a mandatory copy to:	Sprint Law Department Sprint Site ID: NO80XC013 Attn.: Real Estate Attorney Mailstop KSOPHT0101-Z2020 6391 Sprint Parkway Overland Park, Kansas 66251-2020”

Attachment: VA DO Macro 2018_NO80XC013_First Amendment_4.9.2019 (Sprint 1st Amendment to License Agmt)

3. General Terms and Conditions.

- a. All capitalized terms used in this Amendment, unless otherwise defined herein, will have the same meaning as the terms contained in the Agreement.
- b. In case of any inconsistencies between the terms and conditions contained in the Agreement and the terms and conditions contained in this Amendment, the terms and conditions herein will control. Except as set forth herein, all provisions of the Agreement are ratified and remain unchanged and in full force and effect.
- c. This Amendment may be executed in duplicate counterparts, each of which will be deemed an original.
- d. Each of the parties represents and warrants that it has the right, power, legal capacity and authority to enter into and perform its respective obligations under this Amendment.

SIGNATURES ON FOLLOWING PAGE

The parties have executed this Amendment as of the Effective Date.

BUDGET AMENDMENT

The Currituck County Board of Commissioners, at a meeting on the 6th day of May 2019, passed the following amendment to the budget resolution for the fiscal year ending June 30, 2019.

<u>Account Number</u>	<u>Account Description</u>	Debit	Credit
		<u>Decrease Revenue or Increase Expense</u>	<u>Increase Revenue or Decrease Expense</u>
59808-594500	Contract Services	\$ 322,319	
59808-588000	Contingency		\$ 322,319
		<u>\$ 322,319</u>	<u>\$ 322,319</u>

Explanation: Ocean Sands Water and Sewer Construction (59808) - The Ocean Sands 400,000 gpd wastewater treatment plant replacement project is nearing completion. Funds were reserved in a contingency fund that will be used at this time to complete the project. The funds will be used for odor control equipment, roadway improvements in the facility and perimeter landscaping. Attached is an itemized breakdown of the items in this budget amendment

Net Budget Effect: Ocean Sands Water and Sewer Construction Fund (59) - No change.
