- B.** The county has prepared an Administrative Manual that includes information and requirements for persons submitting applications for development review under the UDO. The manual includes application submittal requirements, review schedules, and additional details on application review procedures.

### 2.3.2. Pre-Application Conference

#### **A. Purpose**

The purpose of a pre-application conference is to provide an opportunity for the applicant to determine the submittal requirements and the procedures and standards applicable to an anticipated development application. A pre-application conference is also intended to provide an opportunity for county staff to become familiar with, and offer the applicant preliminary comments about, the scope, features, and impacts of the proposed development, as it relates to the standards in this Ordinance.

#### **B. Applicability**

##### **(1) Pre-Application Conference Required**

A pre-application conference between the applicant and the Director shall be held before submittal of the following applications:

- (3) If a development application requiring an evidentiary hearing is denied, no application proposing the same or similar development on all, or part of the same land shall be reconsidered unless the applicant submits a new application that clearly demonstrates:
- (a) There is a substantial change in circumstances relevant to the issues or facts considered during review of the prior application that might reasonably affect the decision-making body’s application of the relevant review standards to the development proposed in the new application; or
  - (b) New or additional information is available that was not available at the time of review of the prior application and that might reasonably affect the decision-making body’s application of the relevant review standards to the development proposed in the new application; or

**D. Designation on Official Zoning Map**

The Director shall enter changes onto the Official Zoning Map promptly after approval of a map amendment application by the Board of Commissioners.

**E. Effect**

**G. Expiration**

Approval of an Official Zoning Map amendment shall not expire, but the amended Official Zoning Map is subject to further amendment in accordance with the map amendment procedures set forth in this section.

**2.4.4. Conditional Rezoning**

---

**A. Purpose**

The purpose of this section is to provide a uniform means for amending the Official Zoning Map to establish conditional zoning districts. In cases where the standards of a general use zoning district are inadequate to ensure that development allowed by the district will conform to the county’s adopted plans or to appropriately address the impacts expected to be generated by development, a landowner may apply for a conditional rezoning. The conditional rezoning establishes a parallel conditional zoning district that is equivalent to a corresponding general use zoning district, but is subject to additional conditions or restrictions that the applicant and county mutually agree are necessary to ensure conformance to adopted plans and adequately address expected development impacts.

**B. Uses Allowed Subject to a Conditional Zoning District Classification**

Specific uses may require a conditional zoning district classification to appropriately address the impacts on the community expected to be generated by the development. Uses requiring a conditional zoning district classification are not allowed in the corresponding base zoning district.

**C. Applied to Entire Site**

Applications for conditional rezoning submitted after January 1, 2013 shall include all the land area within a recorded lot or site that is the subject of the application. Conditional rezoning applications may not establish bi-furcated zoning classifications where only a portion of a lot or site is subject to a conditional zoning classification.

**D. Conditional Rezoning Procedure**

**(1) Pre-Application Conference**

Applicable (see Section 2.3.2).

**(2) Community Meeting**

Applicable (see Section 2.3.3).

**(3) Application Submittal and Acceptance**

Applicable (see Section 2.3.4). Conditional rezoning applications may not be initiated by anyone other than the landowner(s) of the subject land. All conditions of approval proposed by the applicant, including a mandatory conceptual development plan depicting the proposed development configuration, must be included in with the conditional rezoning application (see Section 3.6.5, Conceptual Development Plan).

**(4) Staff Review and Action**

Applicable (see Section 2.3.5). The Technical Review Committee shall review the application, prepare a staff report, and provide a recommendation in accordance with Section 2.3.5.B, Staff Report and Recommendation, and Section 2.4.4.D, Conditional Rezoning Review Standards.

**(5) Public Hearing Scheduling and Public Notification**

Applicable (see Section 2.3.6).

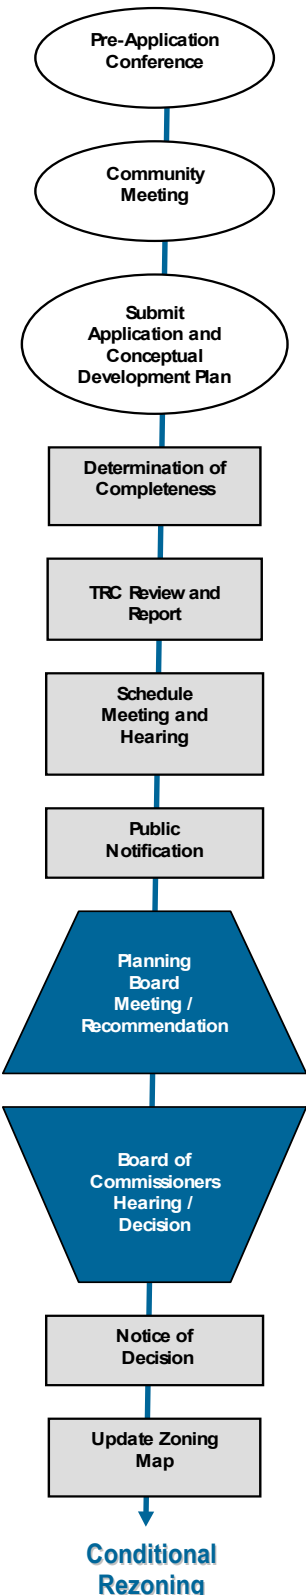

**(6) Public Hearing Procedures**

Applicable (see Section 2.3.8).

**(7) Advisory Body Review and Recommendation**

**(a)** Applicable (see Section 2.3.9). The Planning Board, following a public meeting, shall make a recommendation on the application in accordance with Section 2.3.9, Advisory Body Review and Recommendation, and Section 2.4.4.D, Conditional Rezoning Review Standards.

**(b)** During its review of the application, the Planning Board may suggest revisions to the proposed conditions (including the conceptual development plan), consistent with the provisions of Section 2.3.11, Conditions of Approval. Only those revisions agreed to in writing by the applicant shall be incorporated into the application.

**SECTION 2.4: SPECIFIC REVIEW PROCEDURES****Subsection 2.4.4: Conditional Rezoning**

- (c) The Planning Board shall advise on and comment on whether the proposed conditional rezoning is consistent with 2.4.4.B.8(b) and shall make a written recommendation to the Board of Commissioners that addresses plan consistency and other matters as deemed appropriate by the Planning Board. The Board of Commissioners is not bound by a Planning Board recommendation.

**(8) Decision-Making Body Review and Decision**

- (a) Applicable (see Section 2.3.10). The Board of Commissioners, following a legislative public hearing (Section 2.3.8.B), shall decide the application in accordance with Section 2.3.10, Decision-Making Body Review and Decision, and Section 2.4.4.D, Conditional Rezoning Review Standards. The decision shall be one of the following:
  - (i) Approval of the conditional rezoning subject to the conditions included in the application;
  - (ii) Approval of the conditional rezoning subject to any revised or additional conditions agreed to by the applicant, in writing;
  - (iii) Denial of the conditional rezoning; or
  - (iv) Remand of the conditional rezoning application back to the Planning Board for further consideration.
- (b) When making a decision, the Board of Commissioners shall approve a statement of consistency and reasonableness that:
  - (i) Describes whether the decision is consistent with all county-adopted plans that are applicable; and
  - (ii) Explains why the decision is reasonable and in the public interest. When making a statement of reasonableness, the Board of Commissioners may consider, among other factors:
    - (A) The size, physical conditions, and other attributes of any area proposed to be rezoned;
    - (B) The benefits and detriments to the landowners, the neighbors, and the surrounding community;
    - (C) The relationship between the current actual and permissible development and the development permissible under the proposed conditional rezoning;
    - (D) Why the action taken is in the public interest; and
    - (E) Any changed conditions warranting the amendment.
  - (iii) The meeting minutes must state that at the time of decision the Board of Commissioners was aware and considered the Planning Board's recommendations and relevant portions of applicable county-adopted plans.
- (c) A conditional rezoning is not effective until the owner and applicant provide written consent to mutually agreed conditions imposed by the Board of Commissioners as part of a conditional zoning district.
- (d) If the Land Use Plan is deemed amended by the conditional rezoning, the Land Use Plan amendment shall not be effective until reviewed and approved under GS 113A-110.

**E. Conditional Rezoning Review Standards**

The advisability of a conditional rezoning is a matter committed to the legislative discretion of the Board of Commissioners and is not controlled by any one factor. In determining whether to adopt or deny a conditional rezoning, the Board of Commissioners may consider the standards in Section 2.4.3.C, Zoning Map Amendment Review Standards.

**F. Conditions of Approval**

- (1) Only conditions mutually agreed to by the owner(s) of the property to be conditionally rezoned and the Board of Commissioners may be approved as part of a conditional zoning district.
- (2) Conditions shall be limited to those that address conformance of development and use of the site with county regulations and adopted plans and that address the impacts reasonably expected to be generated by the development or use of the site.
- (3) Conditions may be in the form of text or of plans and maps.
- (4) No condition shall be less restrictive than the standards of the parallel general use zoning district, any applicable overlay zoning district standard, or other applicable requirements in this Ordinance.

**G. Designation on Official Zoning Map**

Designation of a conditional zoning district on the Official Zoning Map shall bear the same designation as the parallel general use zoning district but shall also include the prefix “C” along with the ordinance number approving the conditional rezoning.

**H. Effect**

Lands rezoned to a conditional zoning district shall be subject to the standards applicable to the parallel general use zoning district, as modified by the more restrictive conditions proposed by the applicant and approved by the Board of Commissioners. These standards and modifying conditions are binding on the land as an amendment to this Ordinance and the Official Zoning Map.

**I. Minor Modifications****(1) Minor Modifications from Approved Conceptual Development Plan**

Subsequent plans and permits for development within a conditional zoning district may include minor modifications from the approved conceptual development plan, provided such modifications are limited to changes addressing technical considerations that could not reasonably be anticipated during the conditional zoning classification process, or any other change that has no material effect on the character of the approved development. Changes in the following design features that are not specifically addressed in mutually agreed conditions of approval shall constitute minor modifications that may be approved by the Director:

- (a) Driveway locations, internal vehicular circulation patterns and parking area configuration and pedestrian circulation;
- (b) Structure floor plan revisions;

**SECTION 2.4: SPECIFIC REVIEW PROCEDURES****Subsection 2.4.5: Planned Development**

- (c) Minor shifts in building size, changes to the arrangement or location of buildings;
  - (d) Minor changes to the proposed building elevations or façade, including materials, provided the change retains the same architectural character;
  - (e) Decrease in development intensity including density;
  - (f) Increase in nonresidential floor area of no more than 10 percent;
  - (g) Open space configuration or location of required or proposed amenities;
  - (h) Changes to configuration or species of plantings for landscape buffers; and
  - (i) Facility design modifications for amenities and the like.
- (2) Material Changes are Amendments**  
Changes that materially affect the basic configuration of the approved conceptual development plan are not considered minor modifications, and shall only be changed as amendments to the conditional rezoning in accordance with Section 2.3.14, Amendment of Development Approval.

**J. Amendment**

Applicable (see Section 2.3.14).

**K. Expiration**

Not applicable.

**2.4.5. Planned Development****A. Purpose**

A planned development is a development that is planned and developed under unified control in accordance with more flexible standards and procedures that are conducive to creating more mixed-use, pedestrian-oriented, and otherwise higher quality development than could be achieved through general use (base) zoning district regulations. The purpose of this section is to provide a uniform means for amending the Official Zoning Map to establish a Planned Development (PD) zoning district.

**B. Scope**

A planned development district is established by amendment of the Official Zoning Map to rezone land to a PD zoning district classification that is defined by a PD master plan and a PD terms and conditions document.

**C. Planned Development Procedure****(1) Pre-Application Conference**

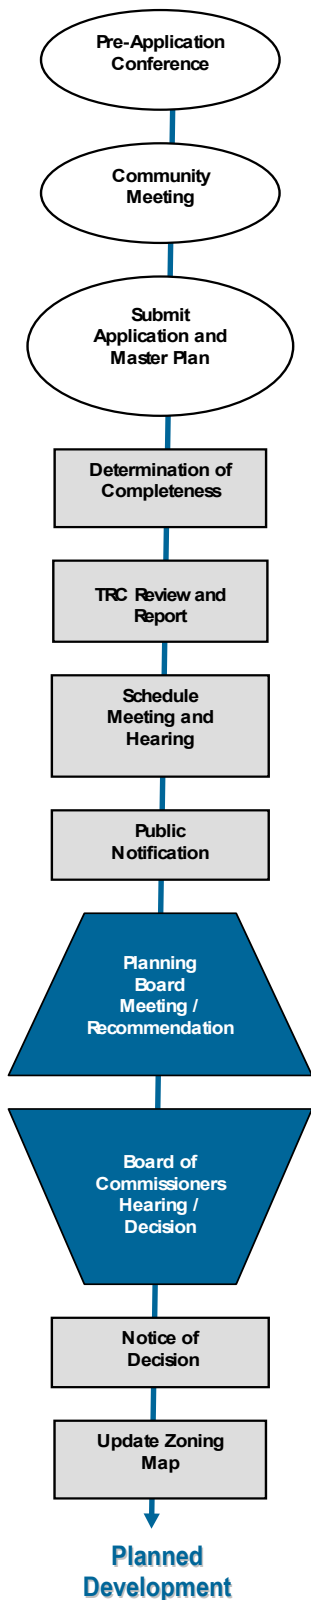

Applicable (see Section 2.3.2).

**(2) Community Meeting**

Applicable (see Section 2.3.3).

**(3) Application Submittal and Acceptance**

- (a) Applicable (see Section 2.3.4). Planned development applications may not be initiated by anyone other than the landowner(s) of the land subject to the application.

- (b) The application shall include a master plan depicting the general configuration and relationship of the principal elements of the proposed development, including uses, general building types, density/intensity, resource protection, pedestrian and vehicular circulation, open space, public facilities, and phasing (see Section 3.7.2.A, Planned Development Master Plan).
- (c) The application shall also include a terms and conditions document specifying terms and conditions defining development parameters, providing for environmental mitigation, and outlining how public facilities will be provided to serve the planned development.
- (d) To ensure unified control, the application shall also include a copy of the title to all land that is part of the proposed PD zoning district classification.

**(4) Staff Review and Action**

Applicable (see Section 2.3.5). The Technical Review Committee shall review the application, prepare a staff report, and provide a recommendation in accordance with Section 2.3.5.B, Staff Report and Recommendation, and Section 2.4.5.D, Planned Development Review Standards.

(b) The Planning Board shall advise on and comment on whether the planned development is consistent with 2.4.5.C.8(b) and shall make a written recommendation to the Board of Commissioners that addresses plan consistency and other matters deemed appropriate by the Planning Board. The Board of Commissioners is not bound by a Planning Board recommendation.

**(8) Decision-Making Body Review and Decision**

(a) Applicable (see Section 2.3.10). The Board of Commissioners, following a legislative public hearing (Section 2.3.8.B), shall decide the application in accordance with Section 2.3.10, Decision-Making Body Review and Decision, and Section 2.4.5.D, Planned Development Review Standards. The decision shall be one of the following:

- (i) Approval of the planned development subject to the PD master plan and PD terms and conditions in the application;
- (ii) Approval of the planned development subject to additional or revised conditions related to the PD master plan or PD terms and conditions;

**SECTION 2.4: SPECIFIC REVIEW PROCEDURES****Subsection 2.4.5: Planned Development**

- (iv) Remand of the planned development application back to the Planning Board for further consideration.
- (b) When making a decision, the Board of Commissioners shall adopt a statement of consistency and reasonableness that:
  - (i) Describes whether the decision is consistent with all county-adopted plans that are applicable; and
  - (ii) Explains why the decision is reasonable and in the public interest. When making a statement of reasonableness, the Board of Commissioners may consider, among other factors:
    - (A) The size, physical conditions, and other attributes of any area proposed to be rezoned;
    - (B) The benefits and detriments to the landowners, the neighbors, and the surrounding community;
    - (C) The relationship between the current actual and permissible development and the development permissible under the proposed planned development;
    - (D) Why the action is reasonable and in the public interest; and
    - (E) Any changed conditions warranting the amendment.
  - (iii) The meeting minutes must state that at the time of the decision Board of Commissioners was aware and considered the Planning Board's recommendations and relevant portions of applicable county-adopted plans.
- (c) If the Land Use Plan is deemed amended by the planned development, the Land Use Plan amendment shall not be effective until reviewed and approved under G.S. 113A-110.

**D. Planned Development Review Standards**

The advisability of establishing a planned development is a matter committed to the legislative discretion of the Board of Commissioners and is not controlled by any one factor. In determining whether to adopt or deny a planned development, the Board of Commissioners shall consider the standards in Section 2.4.3.C, Zoning Map Amendment Standards, and the standards for the proposed type of PD district in Section 3.7, Planned Development Base Zoning Districts.

**E. Designation on the Official Zoning Map**

Designation of a PD zoning district on the Official Zoning Map shall note the ordinance number approving the PD zoning classification.

**F. Effect**

Lands rezoned to a PD district shall be subject to the approved PD master plan and the approved PD terms and conditions. The master plan and terms and conditions are binding on the land as an amendment to the Official Zoning Map. The applicant may apply for and obtain subsequent development permits and approvals necessary to implement the PD master plan in accordance with the appropriate procedures and standards set forth in this Ordinance. Any permits or approvals shall comply with the PD master plan and the PD terms and conditions.

**G. Expiration**

- (1) If no application for approval of a preliminary plat or site plan for any part of the approved PD master plan is submitted within three years after approval of the planned development, the Director shall initiate a map amendment application to rezone the land back to its prior zoning classification or any other base zoning classification determined to be appropriate. Such time period shall not be extended with transfer of ownership.

**H. Minor Modification****(1) General**

Subsequent plans and permits for development within an approved planned development may include minor modifications from the PD master plan or PD terms and conditions, provided the Director determines such modifications are limited to changes addressing technical considerations that could not reasonably be anticipated during the PD zoning classification process or any other change that has no material effect on the character of the approved planned development or any of its approved terms or conditions. Changes in the following shall constitute minor modifications and may be approved by the Director:

- (a) Driveway locations;
  - (b) Structure floor plan revisions;
  - (c) Minor shifts in building size or location that do not result in any substantive changes or impacts to the site elements or surrounding lands; and
  - (d) Facility design modifications for amenities and the like.
- (2) Material Changes are Amendments**
- Changes that materially affect the basic concept of the PD master plan or basic parameters set by the PD terms and conditions are not considered minor modifications, and shall only be changed as amendments to the PD master plan or PD terms and conditions.

**I. Amendments****(1) General**

If an applicant determines it is necessary to alter the concept or intent of the PD master plan or the PD terms and conditions, the PD master plan or PD terms and conditions shall be amended, extended, or modified only in accordance with the procedures and standards for its original approval.

**(2) Amendments Defined**

The following items are considered an alteration of the concept or intent of the PD master plan or PD terms and conditions and are treated as an amendment:

- (a) Changes in use designations;
- (b) Density/intensity increases;
- (c) Decreases in open space;
- (d) Substantial changes in the location of streets (particularly if streets are to be deleted or access points to the development moved so traffic flows both inside and outside the development are affected);

- (e) Change in the location of any public easement; or
- (f) Change in the proportion of housing types by more than 15 percent.

### 2.4.6. Special Use Permit

#### A. Purpose

A use requiring a special use permit in a particular zoning district is a use that may be appropriate in the district, but because of its nature, extent, and external effects, requires special consideration of its location, design, and methods of operation before it can be deemed appropriate in the district and compatible with its surroundings. The purpose of this section is to establish a mechanism to review these kinds of uses to ensure they are appropriate for a particular zoning district.

#### B. Applicability

The following forms of development shall obtain special use permit approval in accordance with the standards in this section:

- (1) Uses identified as requiring special use permits in Table 4.1.1.A and Table 4.1.1.B, Summary Use Table, or Table 4.3.2.E, Table of Common Accessory Uses;
- (2) Type II preliminary plats;
- (3) Type I preliminary plats when one or more public facilities are at 85 percent or more of maximum capacity; and
- (4) Commercial structures exceeding 5,000 square feet in area proposed outside of G-2, G-3, or G-4 transects of the Land Use Plan.
- (5) Commercial, industrial, mixed-use, or multi-family development consisting of 30,000 square feet of floor area located in Corolla.

#### C. Special Use Permit Procedure

##### (1) Pre-Application Conference

Applicable (see Section 2.3.2).

##### (2) Community Meeting

##### (2) Exemptions

The following development is exempted from the requirements of this section:

- (a) Internal construction that does not increase building height, increase the density or intensity of use, or affect parking or landscaping requirements;
- (b) Change in use that does not result in the need for additional parking or landscaping;
- (c) Detached accessory structures associated with a single-family detached residential use that involve construction of less than 144 gross square feet of floor area; and

**G. As-Built Survey Required**

Prior to scheduling final inspection for principal structures on lots 40,000 square feet or less in area, an as-built survey prepared by a NC licensed surveyor shall be submitted for review and approval.

**H. Effect of Development Approval**

Approval of a site plan authorizes the submittal of an application for a zoning compliance permit and any other development application that may be required before construction or other development authorized by this Ordinance. Applicants may submit applications for a site plan, zoning compliance permit, and building permit concurrently.

**I. Amendment of Development Approval**

Applicable (see Section 2.3.14).

**J. Expiration of Development Approval**

**2.4.8. Subdivision**

**A. Purpose**

The purpose of this section is to provide a uniform means for the review and approval of divisions of land and to ensure, in conjunction with Chapter 6: Subdivision and Infrastructure Standards, that subdivisions promote the health, safety, convenience, order, prosperity, and welfare of the present and future residents of the county by:

- (1)** Providing for the orderly growth and development of the county;

- (2) Coordinating streets within proposed subdivisions with the existing street system, transportation plans, and other public facilities;
- (3) Providing rights-of-way for streets and utility easements;
- (4) Avoiding congestion and overcrowding, and encouraging the proper arrangement of streets in relation to existing or planned streets;
- (5) Ensuring there is adequate open space and recreation facilities to serve development; and
- (6) Ensuring there is proper recordation of land ownership or property owner association records, where applicable.

#### **B. Applicability**

##### **(1) General**

Unless exempted in accordance with subsection B.2 below, before the division of land (whether improved or unimproved) into two or more lots is recorded or otherwise made effective, the landowner shall comply with the requirements of this section.

##### **(2) Exemptions**

- (a) The division of a tract or parcel transferred to the county, State, or Federal government is exempt from subdivision review and the standards in Chapter 6: Subdivision and Infrastructure Standards, provided the transferred tract or parcel is for the conservation of natural resources, utilities, or other public purposes. The subsequent transfer of government property to a non-governmental entity, further division of the property for non-public uses, and any resultant lot shall be subject to the requirements of this section.
- (b) No-review subdivisions are exempt from subdivision review, but shall be required to comply with the relevant standards in Chapter 6: Subdivision and Infrastructure Standards, all other applicable standards in this Ordinance, and the County Code of Ordinances.

#### **C. Subdivisions Distinguished**

There are three different types of subdivisions under this section: a no-review subdivision, a minor subdivision, and a major subdivision.

##### **(1) No-Review Subdivision**

- (a) A no-review subdivision is the division of land in a way that is not subject to review under this section, but is subject to compliance with all other applicable standards in this Ordinance and the County Code of Ordinances. No-review subdivisions consist of the division of land in one of the following ways:
  - (i) The combination or recombination of portions of previously platted lots where the total number of lots is not increased and the resultant lots are equal to or exceed the standards of this Ordinance;

- (ii) The division of land into parcels greater than ten acres where no street right-of-way dedication is involved. Each parcel that is part of the subdivision shall be greater than ten acres;
- (iii) The public acquisition by purchase of strips of land for the widening or opening of streets or provision of public utilities;
- (iv) The division of a tract of land in single ownership that is no greater than two acres in area into not more than three lots, when:
  - (A) No street right-of-way dedication is involved: and
  - (B) The resultant lots are equal to or exceed the standards of this Ordinance.
- (v) The division of a tract into parcels in accordance with the terms of a probated will or in accordance with intestate succession under Chapter 29 of the General Statutes. (The division of land for the purpose of settling an estate is not a division of land for the purpose of sale or building development.)
- (b) Any map or plat related to a no-review subdivision intended for recordation shall bear the words “no approval required” and the signature of the Director.

**(2) Minor Subdivision**

A minor subdivision consists of the division of land into three or fewer lots that does not constitute a no review subdivision and does not require significant infrastructure improvements. For the purpose of this section, significant infrastructure includes but is not limited to: a road installed to NCDOT standards, fire hydrant, and/or a fire pond.

**(3) Major Subdivision**

All other subdivisions of land shall constitute a major subdivision.

- (ii)** It complies with the dimensional standards of Chapter 3;
- (iii)** It will result in no more than three lots created from the parent parcel or tract (including the residual parcel or tract of less than ten acres in area), as it existed on April 2, 1989 (except as allowed in Section 2.4.8.D.2.B, Additional Standards for Family Subdivisions or as allowed in Section 2.4.8.D.2.C, Additional Standards for Non-residential Minor Subdivisions);

The existing driveway to the parent parcel shall be removed if that driveway is not converted into the private access street to service the resultant parcels.
- (vi)** There is no public right-of-way dedication;
- (vii)** It does not create a private access street serving more than two lots unless it is a family subdivision;
- (viii)** Any private access street created shall connect to an existing NCDOT-maintained public street and shall comply with Section 6.2.1.B.1 Private Access Street Standards; and,
- (ix)** It does not require significant infrastructure improvements. For the purpose of this section significant infrastructure includes, but is not limited to: a road installed to NCDOT standards, fire hydrant, and/or a fire pond.

- (v)** Principal uses shall be limited to single-family detached dwellings and customary accessory uses.

**(c) Additional Standards for Non-Residential Minor Subdivisions**

Non-residential minor subdivisions shall follow the review procedure for minor subdivisions and shall comply with the general standards in (a) above. In order to assure orderly development, non-residential minor subdivisions shall also comply with the following:

- (i)** Lots shall be created exclusively for commercial use and on properties that are located in the GB zoning district.

- (v)** Utilities and shared drive aisles providing cross access to abutting properties shall extend to the property line of each subdivision lot as provided on the general plan of development. All required construction, utility, drainage, and access easements shall be provided to abutting property lines prior to issuance of the building permit authorizing construction to begin on each subdivision lot.
- (vi)** The final plat shall bear a notation advising the public that each lot is responsible for providing access, water, sewer, and fire protection as necessary to comply with the provisions of this ordinance.
- (3) Effect of Development Approval**

Applicable (see Section 2.3.14).
- (5) Expiration of Development Approval**  
A minor subdivision plat shall be recorded with the Currituck County Register of Deeds within 90 days of its approval, or it shall be null and void.

**E. Major Subdivision**

- (1) Overview**

  - (a) In General**

- (i) Development of a major subdivision requires approval of a preliminary plat (type I or type II), a special use permit (if applicable), construction drawings, and then a final plat.
  - (ii) The Director may allow concurrent submittal of a preliminary and final plat in cases where no public improvements are required, or concurrent submittal of a preliminary plat and construction drawings where public improvements are required.
  - (iii) Minor subdivision lots shall be included when calculating the acreage and total number of lots for a major subdivision when:
    - (A) The minor subdivision lots are created from the same parent parcel or parcels of land proposed for a major subdivision; and
    - (B) The preliminary plat is submitted within five years from the date in which the minor subdivision was approved.
- (b) Preliminary Plat**
- (i) The preliminary plat is a detailed plan that shows the general organization, layout, and phasing (if appropriate) of the subdivision. It does not have to include all design details. It is expected to be modified as more detailed planning and engineering are completed on the site.
  - (ii) There are two types of preliminary plats, a type I and a type II. A type I preliminary plat is required for a subdivision creating 20 or fewer lots, and is reviewed and decided upon by the TRC. Approval of a type II preliminary plat (see Section 2.4.8.E.3) by the Board of Commissions is required for subdivisions of 21 or more lots.
  - (iii) Type I preliminary plats do not require concurrent approval of a special use permit unless one or more of the applicable public facilities is within 85 percent or more of capacity. Type II preliminary plats require concurrent approval of a special use permit.
  - (iv) If phasing is proposed, it should generally be included in the preliminary plat, even though review may be waived until the final plat stage. Proposed land uses and land use mixes shall be identified in the phasing.
- (c) Construction Drawings**
- Construction drawings are the detailed, engineered drawings showing individual lots and all the information necessary to install required public improvements. The construction drawings are combined with the preliminary plat to prepare the final plat.
- (d) Final Plat**
- (i) The final plat shall be in substantial conformance with the preliminary plat and construction drawings, and include only minor modifications created by final engineering, surveying, or other minor design enhancements. Major changes (e.g.,

increase in the number of lots, reduction in the amount of open space, significant change in the location of streets, etc.) at final plat stage may, at the discretion of the Director, require re-review of the preliminary plat.

- (ii) All construction of on-site improvements on the land subject to the final plat shall be in accordance with the final plat and engineering. Final engineering may be modified in the field, provided as-built drawings are submitted. As-built drawings must be reviewed by the Technical Review Committee. If unacceptable, the work must be corrected at the developer's expense, prior to accepting improvements and return of any surety.
- (iii) Lots not meeting the standards of this Ordinance shall be considered in violation of this Ordinance and all development stopped until revised plats meeting the standards of this Ordinance are submitted and approved in accordance with this section. All final plats must be in accordance with applicable state law.

Applicable (see Section 2.3.14).

**G. Expiration of Development Approval**

A clear-cutting permit expires one year after its approval.

**2.4.14. Variance**

---

**A. Purpose**

The purpose of a variance is to allow certain deviations from the dimensional standards of this Ordinance (such as height, yard setback, lot coverage, or similar numerical

standards) when the landowner demonstrates that, owing to special circumstances or conditions beyond the landowner’s control (such as topographical conditions, narrowness, shallowness, or shape of a specific parcel of land), a literal application of the standards would result in undue and unique hardship to the landowner and the deviation would not be contrary to the public interest. This section also includes standards for variance from the county’s flood damage prevention standards in Section 7.4.

**B. Applicability**

The variance procedure may be used to seek hardship relief from the dimensional, numerical, and flood damage prevention standards in this Ordinance. No variance may be sought that increases development density (e.g., units per acre) beyond that allowed in a base zoning district, or increases the number of a particular type of sign beyond that allowed by signage standards. In addition, no variance may be sought that would permit a use not allowed in a zoning district, or would have the effect of allowing a prohibited use or a prohibited sign.

**C. Variance Procedure**

**(1) Pre-Application Conference**

Optional (see Section 2.3.2).

**(2) Community Meeting**

Not Applicable.

**(3) Application Submittal and Acceptance**

Applicable (see Section 2.3.4). The Director shall review the application, prepare a staff report, and provide a recommendation in accordance with Section 2.3.5.B, Staff Report and Recommendation, and Section 2.4.16.D, Variance Review Standards.

**(4) Staff Review and Action**

Applicable (see Section 2.3.5).

**(5) Public Hearing Scheduling and Public Notification**

Applicable (see Section 2.3.6).

**(6) Public Hearing Procedures**

Applicable (see Section 2.3.8).

**(7) Advisory Body Review and Recommendation**

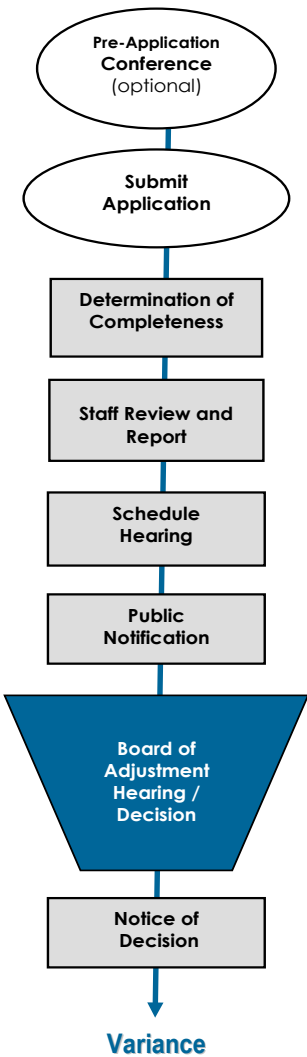

Not applicable.

**(8) Decision-Making Body Review and Decision**

Applicable (see Section 2.3.10). The Board of Adjustment, following an evidentiary hearing (see Section 2.3.8.C), shall decide the application in accordance with Section 2.3.10, Decision-Making Body Review and Decision, Section 2.4.16.D, Variance Review Standards, or Section 2.4.16.2.F, Standards for Flood Damage Prevention Ordinances, as appropriate.

**D. Variance Review Standards**

A variance shall be approved on a finding the applicant demonstrates all of the following standards are met:

**SECTION 2.4: SPECIFIC REVIEW PROCEDURES**

**Subsection 2.4.14: Variance**

- (1) The alleged hardship is suffered by the applicant as a result of the application of this Ordinance;
- (2) The hardship relates to the applicant's land, such as location, size, or topography, rather than personal circumstances;
- (3) The hardship is unique, or nearly so, rather than one shared by many surrounding properties;
- (4) The hardship is not the result of the applicant's own actions;
- (5) The variance will not authorize the initiation of a nonconforming use of land; and,
- (6) The requested variance is consistent with the spirit, purpose, and intent of this Ordinance, such that public safety is secured, and substantial justice is achieved.

**E. Not Grounds for a Variance**

The following factors do not constitute sufficient grounds for approval of a variance:

- (1) A request for a particular use that is expressly, or by inference, prohibited in the zoning district;
- (2) Hardships resulting from factors other than application of standards of this Ordinance;
- (3) The fact that land or a structure may be utilized more profitably or be more marketable with a variance;
- (4) The citing of other nonconforming or conforming uses of land or structures in the same or other zoning districts; or
- (5) Financial hardship.

**F. Variances from Flood Damage Prevention Standards**

**(1) Eligibility for Variance**

The following forms of development are eligible to request a variance from the flood damage prevention standards in Section 7.4, Flood Damage Prevention:

- (a) Repair or rehabilitation of historic structures, upon determination that the proposed repair or rehabilitation will not preclude the structure's continued designation as a historic structure and that the variance is the minimum necessary to preserve the historic character and design of the structure;
- (b) Functionally dependent facilities, provided they are protected by methods that minimize flood damage during the base flood and create no additional threats to public safety; or
- (c) Any other type of development, provided it meets the standards of this section.

**(2) Standards for Flood Damage Prevention Variances**

- (a) A flood damage prevention variance shall be approved on a finding the applicant demonstrates all of the following standards are met:
  - (i) There is a good and sufficient cause to grant the variance.

- (ii) Failure to grant the variance would result in exceptional hardship.
  - (iii) The variance is the minimum necessary, considering the flood hazard, to afford relief.
  - (iv) Approval of the variance will not render the building in violation of applicable Federal, State, or local requirements.
  - (v) Granting the variance will not result in increased flood heights, additional threats to public safety, extraordinary public expense, create nuisance, cause fraud on or victimization of the public, or conflict with this Ordinance.
  - (vi) Approval of the variance will not result in any increase in flood levels within any designated floodway or non-encroachment area during the base flood discharge.
  - (vii) The variance is issued prior to development permit approval.
- (b) A flood damage prevention variance for solid waste disposal facilities or sites, hazardous waste management facilities, salvage yards, and chemical storage facilities located in special flood hazard areas shall be approved on a finding the applicant demonstrates the following standards are met:
- (i) The use serves a critical need in the community.
  - (ii) No feasible location exists for the use outside the special flood hazard area.
  - (iii) The reference level of any structure is elevated or floodproofed to at least the RFPE.
  - (iv) The use complies with all other applicable Federal, State, and local laws.
  - (v) At least 30 days prior to granting a variance, the Director has notified the Secretary of the North Carolina Department of Public Safety of the intention to grant a variance.
- (3) Grounds for Denial of a Flood Damage Prevention Variance Request**  
All of the following factors shall be taken into account when denying a request for a flood damage prevention variance:
- (a) The danger that materials may be swept onto other lands to the injury of others;
  - (b) The danger to life and property due to flooding or erosion damage;
  - (c) The susceptibility of the proposed facility and its contents to flood damage and the effect of such damage on the individual owner;
  - (d) The importance of the services provided by the proposed facility to the community;
  - (e) The necessity to the facility of a waterfront location as a functionally-dependent facility;

- (f) The availability of alternative locations, not subject to flooding or erosion damage, for the proposed use;
- (g) The compatibility of the proposed use with existing and anticipated development;
- (h) The relationship of the proposed use to the Land Use Plan and the county's floodplain management program;
- (i) The safety of access to the use in times of flood for ordinary and emergency vehicles;
- (j) The expected heights, velocity, duration, rate of rise, and sediment transport of the floodwaters and the effects of wave action, if applicable, expected at the site; and
- (k) The costs of providing governmental services during and after flood conditions including maintenance and repair of public utilities and facilities such as sewer, gas, electrical and water systems, and streets and bridges.

**(4) Conditions of Approval**

Upon consideration of the standards in Section (2) above and the purposes of this Ordinance, the BOA may attach such conditions to the variance as it deems necessary to further the purposes and objectives of this Ordinance.

**(5) Notification Regarding Flood Insurance Costs**

- (a) Any applicant to whom a flood damage prevention variance is granted shall be given written notice specifying the difference between the regulatory flood protection elevation (RFPE) and the elevation to which the structure is to be built and that such construction below the BFE increases risks to life and property, and that the issuance of a variance to construct a structure below the BFE will result in increased premium rates for flood insurance up to \$25 per \$100 of insurance coverage.
- (b) Such notification shall be maintained with the record of the variance action.

**(6) Records**

Upon request, the Director shall report any flood damage prevention variance approvals to the Federal Emergency Management Agency and the State of North Carolina.

**G. Effect of Development Approval**

Approval of a variance authorizes only the particular regulatory relief approved. It does not exempt the applicant from the responsibility to obtain all other approvals required by this Ordinance and any other applicable laws, and does not indicate that the development for which the variance is granted should receive other development permits or approvals under this Ordinance unless the relevant and applicable portions of this Ordinance or any other applicable laws are met.

**H. Amendment of Development Approval**

Applicable (see Section 2.3.14).

**I. Expiration of Development Approval**

Unless it expires in accordance with Section 2.3.15, Expiration of a Development Approval, a variance, including any conditions of approval, shall run with the land, shall be binding on the landowners and their successors and assigns, and shall not be affected by a change in ownership.

**2.4.15. Administrative Adjustment**

**A. Purpose**

The purpose of this section is to provide an administrative mechanism for allowing minor variations, or adjustments, to certain numerical standards (i.e., setbacks) of the zoning provisions based on specific standards, with the intent of providing relief where application of a standard creates practical difficulties in allowing development that otherwise advances the purposes served by the standards and is compatible with the area.

**B. Timing**

- (1) An administrative adjustment may be requested either as a stand-alone application or in conjunction with other application(s).
- (2) If an administrative adjustment application is submitted in conjunction with another application, it shall be reviewed and decided prior to the other application. (For example, if an administrative adjustment application is submitted in conjunction with a site plan application (because the administrative adjustment is needed to achieve the plan for development in the site plan), the administrative adjustment application shall be reviewed and decided upon prior to review of the site plan application.)

**C. Applicability**

Administrative adjustments may be requested and granted for the following standards in this Ordinance:

- (1) Modifications in building height by up to 15 percent;
- (2) Modifications in a building setback by up to 20 percent in G-2, G-3, or G-4 transects of the Land Use Plan;

  - (b)** Modifications in a building setback by up to 20 percent G-2, G-3, or G-4 transects of the Land Use Plan of the Land Use Plan;
  - (c)** Modifications in building setbacks by up to 15 percent in G-1, O-2, or O-1 transects of the Land Use Plan;
  - (d)** Modifications in major arterial street setbacks by up to 40 percent, provided the structure maintain a minimum distance of at least 20 feet from the major arterial street;
- (2)** The administrative adjustment is consistent with the character of development on surrounding land, and is compatible with surrounding land uses;
- (3)** The administrative adjustment is either:
  - (a)** Required to compensate for some unusual aspect of the site or the proposed development that is not shared by landowners in general;
  - (b)** Supports an objective or goal from the purpose and intent statements of the zoning district where it is located; or
  - (c)** Saves healthy existing trees;
- (4)** The administrative adjustment will not pose a danger to the public health or safety;
- (5)** Any adverse impacts will be mitigated, to the maximum extent practicable; and
- (6)** The site is not subject to a series of multiple, incremental administrative adjustments that result in a reduction in development standards by the maximum allowed.

**F. Effect of Development Approval**

Applicable (see Section 2.13.13)

**G. Amendment of Development Approval**

Applicable (see Section 2.3.14).

**H. Expiration of Development Approval**
